Focus on Workforce

Analyze the workforce in a selected region by age and sex

- Distribution for workers by industry
- Wage earnings comparisons
- Employee distribution
- Employee turnover
- Employee retention rates
- Employee average monthly earnings
- New employee average monthly earnings
- Trends in average monthly earnings

Scenario

- Devise a sector based strategy to target resources
- Recommend 5 key industries from which policies, programs, and resources will be directed.
- Consider industries that have a solid base of employment and that are hiring new workers, creating jobs, and paying good wages.
- Develop a preliminary outreach approach to potential job seekers for the selected target industries.

Scenario

Create list of 10 top industries in a geographic area

State: Alabama

WIA: 01 Regional WIA Mobile area = 97 Mobile

From the top 10 industries, select an industry:

Industry 541 Professional, Scientific & Technical Services

View data for Industry 541

View top industries to see where Industry 541 ranks

Solid base of employment = employment

Hiring new workers = number of new workers

Industries creating jobs = firm job change

Paying good wages = average monthly earnings for
all workers
