

Introducing
The ACS Compass Products

Understanding and Using the U.S. Census Bureau's
American Community Survey (ACS) Data

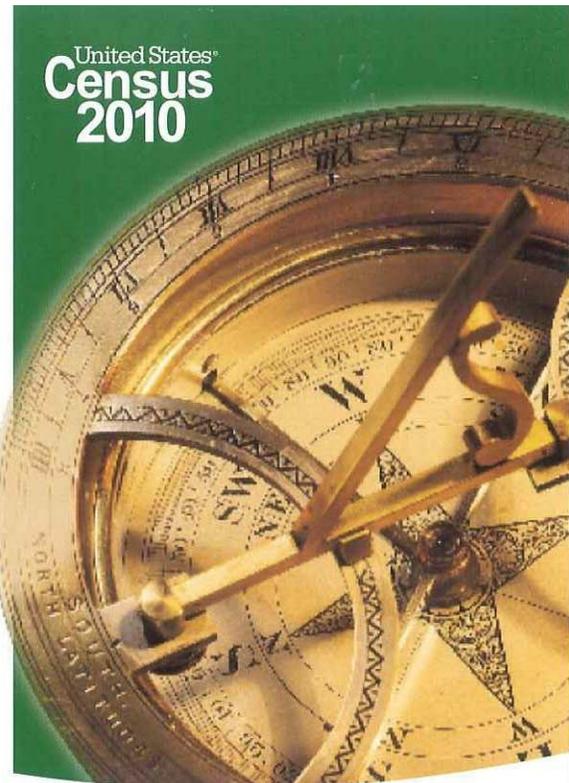

The *ACS Compass Products* are a series of educational materials designed to increase your understanding and use of ACS data. The series includes three dynamic components that are easy to use and accessible on the Internet:

- User-specific handbooks with guidance on the new multiyear estimates.
- Fully-scripted PowerPoint presentations that allow you to conduct your own training.
- E-learning tutorial with illustrated concepts for basic topics.
