Note: The estimates are based on the 2010 Census and reflect changes to the April 1, 2010 population due to the Count Question Resolution program and geographic program revisions. See Geographic Terms and Definitions at <http://www.census.gov/popest/about/geo/terms.html> for a list of the states that are included in each region and division. All geographic boundaries for the 2014 population estimates series except statistical area delineations are as of January 1, 2014. The Office of Management and Budget's statistical area delineations for metropolitan, micropolitan, and combined statistical areas, as well as metropolitan divisions, are those issued by that agency in February 2013 <http://www.whitehouse.gov/sites/default/files/omb/bulletins/2013/b13-01.pdf>. An "(X)" in the 2010 Census field indicates a locality that was formed or incorporated after the 2010 Census. Additional information on these localities can be found in the Geographic Boundary Change Notes (see <http://www.census.gov/geo/reference/boundary-changes.html>). For population estimates methodology statements, see <http://www.census.gov/popest/methodology/index.html>.
