1/ 2007 has been revised from previous *Data Book* reflecting a change in DOD data availability. The 2 procurement web sites below are no longer the home for the collection, correction, and reporting of DoD procurement information. The data on those sites are static data and reflect how the data were originally collected through FY2006. All the data contained on those sites were migrated to the Federal Procurement Data System Next Generation (FPDS-NG) which is now the official web site <https://www.fpds.gov> for all federal procurement data and reports. USASpending.gov at http://www.usaspending.gov also contains current DoD procurement data. Future *Data Book* updates are expected to be based on those data/sites.
