

Section 2

VITAL STATISTICS AND HEALTH

This section presents data on births, deaths, marriages, diseases, accidents, health risk behaviors such as drinking and smoking, hospitals, and health care personnel.

The major source for data on vital statistics and health is the Hawaii State Department of Health. DOH data are available through 2023. Information is also available on health care businesses from the U.S. Census Bureau's Economic Censuses, including the 2022 Economic Census. Long-term trends are traced in *Historical Statistics of Hawaii*, Section 2.
