

Appendix B: 2012 Status of Strategic Actions from 2006 *ORMP* and 2008 *ORMP Consolidated Work Plan*

The 2006 *ORMP* (Tables 1, 2, and 3) contained 10 Management Goals and 28 Strategic Actions. In order to accomplish each of these goals, a list of over 100 sub-actions was developed.

In 2008, an *ORMP Consolidated Work Plan* was written, giving a status update for each of the Strategic Actions and sub-actions.

In 2012, the status updates were given by each agency in preparation for this *ORMP* update.

Appendix B is a list of outstanding Strategic Actions and sub-actions adapted from the 2008 *ORMP Consolidated Work Plan*. The completed actions are listed in Chapter V.

Lead agencies may not always be state agencies, based on the action and the collaboration needed to complete it.

PERSPECTIVE ONE: CONNECTING LAND AND SEA: *Careful and appropriate use of the land is required to maintain the diverse array of ecological, social, cultural, and economic benefits we derive from the sea.*

Strategies, Actions, and Sub-Actions	Lead	Status
Strategy 1.1: Improve coastal water quality by reducing land-based sources of pollution and restoring natural habitats, and protecting beaches, shorelines, and coasts.		
Action 1: Reduce soil erosion from upland forest ecosystems and conservation lands		
<ul style="list-style-type: none"> Implement and monitor best management practices to reduce upland soil erosion caused by feral animals, loss of native forest species, and other anthropogenic factors 	DLNR	Ongoing
<ul style="list-style-type: none"> Expand watershed partnerships and similar public-private partnerships to improve management of upland forest ecosystems and conservation lands 	DLNR, Landowners	Ongoing
<ul style="list-style-type: none"> Leverage State, federal, and private sector funding to implement best management practices 	DLNR	Ongoing
Action 2: Reduce pollutant loads from residential, agricultural, and commercial land uses in priority watersheds		
<ul style="list-style-type: none"> Identify priority watersheds, major land covers, land uses, and polluting activities 	DOH	Ongoing
<ul style="list-style-type: none"> Characterize pollutant loads from surface runoff, point sources, and groundwater discharge 	DOH	Ongoing
<ul style="list-style-type: none"> Implement watershed implementation plans, total maximum daily load implementation plans, and local action strategies to address land-based pollution threats 	DOH	Ongoing
<ul style="list-style-type: none"> Implement best practices to reduce pollutant loads 	Landowners	Ongoing
<ul style="list-style-type: none"> Increase water quality monitoring in identified areas of concern 	DOH	Ongoing
Action 3: Restore and protect wetlands, streams and estuaries		
<ul style="list-style-type: none"> Develop an education program for land owners, land managers, farmers, and others on the importance of incorporating best management practices to preserve riparian and wetland habitats 	OP, DOH	New in 2006
<ul style="list-style-type: none"> Improve interagency coordination, effectiveness and efficiency in wetlands management through the creation of a watershed coordinating committee to ensure ecological function is maintained to the greatest extent practicable 	OP, DOH, Counties	New in 2006
<ul style="list-style-type: none"> Identify channelized streams in priority watersheds for restoration and revitalization of wetland and estuarine habitats, prioritize streams for restoration and initiate restoration planning and implementation 	DLNR-CWRM, Counties	New in 2006
Strategy 1.2: Improve conservation and management of beaches, dunes, and wetlands to protect communities from shoreline erosion and other coastal hazards		
Action 4: Develop and implement a comprehensive and integrated shoreline management plan to address coastal development and the reduction of coastal erosion and other chronic and episodic coastal hazards		
<ul style="list-style-type: none"> Establish a consensus on policies, management strategies and remedial actions to address shoreline erosion, beach loss, and mitigation of other coastal hazards 	DLNR, OP, SOEST	Ongoing

PERSPECTIVE ONE: CONNECTING LAND AND SEA: *Careful and appropriate use of the land is required to maintain the diverse array of ecological, social, cultural, and economic benefits we derive from the sea.*

Strategies, Actions, and Sub-Actions	Lead	Status
<ul style="list-style-type: none"> Develop comprehensive policies adopted through interagency agreements that treat shoreline management as a single integrated administrative unit and provide agencies with practical tools and skills necessary to improve management, minimize shoreline erosion and protect communities from coastal hazards 	DLNR, OP, Counties	Ongoing
<ul style="list-style-type: none"> Develop and implement policy and management strategies that account for projected sea level rise of 1 meter by 2050 	Counties	NEW
<ul style="list-style-type: none"> Establish adaptation strategies such as retreat zones, prohibiting shoreline armoring, and develop incentives to relocate structures inland 	Counties	NEW
<ul style="list-style-type: none"> Encourage permitting authorities to analyze coastal hazards, risks, and threats to beach protection prior to any zoning changes, Special Management Area/Shoreline setback variance permits or building permits 	OP	Ongoing
<ul style="list-style-type: none"> Conduct training programs utilizing practical tools to build capacity of government agencies and private sector to plan for and implement integrated shoreline management 	DLNR, OP, Counties, SOEST	Ongoing
<ul style="list-style-type: none"> Conduct statewide beach and shoreline assessment to identify high risk/erosion prone areas based on risk of coastal erosion, hazards, vulnerability of coastal communities, threats to beach protection, and presence of coastal resources and recreational areas 	SOEST, DLNR, Counties	Ongoing
<ul style="list-style-type: none"> Develop and implement coastal erosion and hazard mitigation management measures in priority areas 	DLNR, OP Counties	Ongoing
<ul style="list-style-type: none"> Identify and implement innovative mechanisms for coastal land acquisition and funding as an effective measure to preserve beaches and other coastal assets 	DLNR, Counties	Ongoing
<ul style="list-style-type: none"> Prepare an integrated management plan to prioritize areas for active management 	DLNR	New
<ul style="list-style-type: none"> Conduct coastal hazard and resource assessment and risk analysis for any proposed coastal development 	SOEST, Counties	Ongoing
<ul style="list-style-type: none"> Require all new coastal development projects and plans as part of permit process to identify specific measures to mitigate risks associated with coastal hazards, protect sensitive coastal and cultural resources, and ensure public access 	OP, DLNR, Counties	Ongoing
<ul style="list-style-type: none"> Develop an on-line statewide shoreline information management system on coastal hazards and risks, and beach protection in coastal areas 	DLNR, SOEST	Ongoing
<ul style="list-style-type: none"> Research, develop and institutionalize a methodology for assessing what proportion of a region's surface water runoff and erosion impacts are generated by any given development project 	OP	New in 2006
<p>Strategy 1.3: Improve and ensure maintenance and appropriate use of environmental infrastructure</p>		
<p>Action 5: Reduce the number of individual wastewater systems and illegal stormwater discharges to the wastewater system while inspecting and maintaining sewer collections systems, especially in the coastal environment.</p>		

PERSPECTIVE ONE: CONNECTING LAND AND SEA: *Careful and appropriate use of the land is required to maintain the diverse array of ecological, social, cultural, and economic benefits we derive from the sea.*

Strategies, Actions, and Sub-Actions	Lead	Status
<ul style="list-style-type: none"> Repair leaking sewers in priority watersheds 	Counties	Ongoing
<ul style="list-style-type: none"> Develop appropriate incentive system to ensure funding for sewer upgrades are prioritized in County budgets 	Counties	Ongoing
<ul style="list-style-type: none"> Develop long-term infrastructure plan to ensure complete hookup to and adequate capacity and maintenance of wastewater systems 	Counties	Ongoing
<ul style="list-style-type: none"> Conduct an inventory of individual wastewater disposal systems in coastal areas 	DOH, Counties	Ongoing
<ul style="list-style-type: none"> Encourage the elimination of cesspools by providing incentives for private upgrades 	DOH	Ongoing
<ul style="list-style-type: none"> Develop appropriately scaled wastewater treatment systems in coastal areas with planned growth 	Counties	Ongoing
<ul style="list-style-type: none"> Conduct public education campaign explaining the impacts of illegal storm-water discharges to public sewers on coastal water quality 	DOH	Ongoing
<ul style="list-style-type: none"> Conduct neighborhood reconnaissance to remind and warn residents about impacts of illegal storm-water hookups 	DOH	Ongoing
<ul style="list-style-type: none"> Develop new rules establishing penalties for noncompliance 	DOH	Ongoing
<p>Action 6: Through integrated policies and plans, ensure fresh water quantity is maintained in aquifers and streams to assist with restoration of flows to wetlands, streams, estuaries, and near shore waters.</p>		
<ul style="list-style-type: none"> Establish inflow stream standards 	DLNR-DWRM, County Water Agencies	New and Ongoing
<p>Strategy 1.4: Resiliency and Adaptation to Climate Change and Ocean Acidification</p>		

PERSPECTIVE TWO: PRESERVING OUR OCEAN HERITAGE: *A vibrant and healthy ocean environment is the foundation for the quality of life in Hawai'i and the well-being of its people, now and for generations to come.*

Strategies, Actions, and Sub-Actions	Lead	Status
Strategy 2.1: Improve coastal water quality by reducing marine sources of pollution		
Action 7: To preserve the economic drivers of agriculture and tourism, minimize the introduction and spread of marine alien and invasive species into and throughout archipelagic waters, promote sustainable ocean-based tourism, and improve enforcement capacity of all rules and laws relating to ocean resource protection.		
<ul style="list-style-type: none"> Develop a risk-based approach to identify species and areas with the highest potential for introduction and spread of marine AIS and ecological and economic damage 	DLNR, SOEST	Ongoing
<ul style="list-style-type: none"> Organize technical, financial, and management resources for effective prevention; monitoring and early detection; and response, eradication, and control for high-risk species and areas 	DLNR, DOA, PaclOOS	Ongoing
<ul style="list-style-type: none"> Organize and train local action teams for the monitoring and control of marine AIS 	DLNR, USCG	Ongoing
<ul style="list-style-type: none"> Review existing State laws and regulations to increase effectiveness of marine AIS prevention and control 	DLNR	New in 2006
<ul style="list-style-type: none"> Establish a technical committee to redefine wastewater-discharge restricted zones for commercial vessels in archipelagic waters based on currents, depths, and weather conditions 	USGS	New in 2006
<ul style="list-style-type: none"> Enforce existing federal and State regulations on wastewater-discharge restricted zones in archipelagic waters with a monitoring and enforcement plan 	USCG	Ongoing
Action 8: Provide appropriate waste management infrastructure to support commercial and recreational marine facilities		
<ul style="list-style-type: none"> Improve filtration systems for stormwater runoff 	Counties	New
<ul style="list-style-type: none"> Provide incentives to reduce nutrient inputs and to convert cesspools to septic tanks 	Counties	New
<ul style="list-style-type: none"> Provide temporary pump-out facilities, such as pump trucks and encourage boaters to use them while permanent pump-out facilities are constructed for recreational boat and commercial harbors 	DLNR, DOT, HCDA	Ongoing
<ul style="list-style-type: none"> Provide adequate solid waste management facilities for recreational boat harbors 	DLNR	Ongoing
<ul style="list-style-type: none"> Increase the frequency of inspection of marine sanitation devices for commercial and recreational vessels 	USCG	Ongoing
<ul style="list-style-type: none"> Increase user fees for recreational marine facilities to pay for environmental management systems 	DLNR	New in 2006
<ul style="list-style-type: none"> Increase user fees for infrastructure improvements and maintenance 	DOT/DLNR	New in 2006
<ul style="list-style-type: none"> Ensure the State's commercial harbor system meets existing and future needs for maritime commerce in an environmentally and economically sustainable manner 	DOT	Ongoing

PERSPECTIVE TWO: PRESERVING OUR OCEAN HERITAGE: *A vibrant and healthy ocean environment is the foundation for the quality of life in Hawai'i and the well-being of its people, now and for generations to come.*

Strategies, Actions, and Sub-Actions	Lead	Status
Strategy 2.2: Improve the health of coastal and ocean resources for sustainable traditional, subsistence, recreational, and commercial uses		
Action 9: Strengthen and expand marine protected area management and conservation, develop ecosystem-based approaches for nearshore fisheries management, and establish and institutionalize approaches for restoration of ancient Hawaiian coastal fishponds and salt ponds.		
<ul style="list-style-type: none"> Develop and implement a marine protected area policy framework that allows for management by agencies, communities, and appropriate nonprofit organizations 	DLNR	Ongoing
<ul style="list-style-type: none"> Conduct a public process, including public meetings, to seek additional input into the marine protected area management framework, with significant stakeholder participation 	DLNR	Ongoing
<ul style="list-style-type: none"> Conduct carrying-capacity analyses for priority marine protected areas and identify limits of acceptable change with local stakeholder involvement 	DLNR	New in 2006
<ul style="list-style-type: none"> Develop place-based marine protected area plans for priority areas 	DLNR	New in 2006
<ul style="list-style-type: none"> Identify and implement priority management measures to minimize recreational and commercial overfishing and habitat destruction, including restriction on harmful fishing gear and practices 	DLNR	Ongoing
<ul style="list-style-type: none"> Identify, protect, and restore essential fish habitat for nearshore fish stocks, including marine and estuarine habitats 	DLNR	New in 2006
<ul style="list-style-type: none"> Develop and promote public- and private-sector hatchery culture and release programs to increase standing stock biomass of economically important reef and ocean species 	DOA, DLNR	Ongoing
<ul style="list-style-type: none"> Develop and implement a strategic research and monitoring agenda to improve management decision-making 	DLNR	Ongoing
<ul style="list-style-type: none"> Develop a streamlined permitting process that allows individuals and coastal communities the opportunity to restore and operate ancient Hawaiian coastal fishponds 	DLNR, DOA, OHA, DOH, SOEST, NGOs	Ongoing
<ul style="list-style-type: none"> Develop and implement a cultural education curriculum constructed around the ancient Hawaiian fishponds and respect for traditional practices 	SOEST, DOE, OHA, NGOs	Ongoing
<ul style="list-style-type: none"> Establish and institutionalize approaches for restoring, operating, and preserving ancient Hawaiian coastal fishponds and salt ponds for the benefit of coastal communities 	OHA, DLNR	Ongoing
<ul style="list-style-type: none"> Conduct education and outreach campaigns on underlying rationale for existing rules and regulations related to ocean resource use 	DLNR	Ongoing
<ul style="list-style-type: none"> Increase the presence of conservation and resources enforcement officers and natural resource rangers to increase educational opportunities, deter infractions, and improve compliance 	DLNR	Ongoing
<ul style="list-style-type: none"> Employ community-based partnership programs, including the Mauka-Makai Watch Program 	DLNR, Community Volunteers	Ongoing
<ul style="list-style-type: none"> Improve enforcement capabilities through the use of administrative and civil penalties 	DLNR	New in 2006
<ul style="list-style-type: none"> Develop public outreach, education materials and interpreter training for appropriate interaction with protected species 	DLNR	Ongoing

PERSPECTIVE TWO: PRESERVING OUR OCEAN HERITAGE: *A vibrant and healthy ocean environment is the foundation for the quality of life in Hawai'i and the well-being of its people, now and for generations to come.*

Strategies, Actions, and Sub-Actions	Lead	Status
<ul style="list-style-type: none"> Develop recreational management areas for waters with high tour vessel activity to limit overall impacts to protected species 	DLNR	Ongoing
<ul style="list-style-type: none"> Develop a framework to manage and protect anchialine ponds; Incorporate information on location of anchialine ponds into parcel information and integrate protection measures into SMA permits 	DLNR	New
<ul style="list-style-type: none"> Amend interim stream flow standards to ensure protection and enhancement of stream environments as they effect coastal communities. 	DLNR	New
Strategy 2.3: Establish sustainable commercial aquaculture in coastal areas and ocean waters to diversify and expand Hawai'i's economy and to provide locally produced sources of seafood.		
<ul style="list-style-type: none"> Promote ecosystem-based fisheries management 	DLNR,	Ongoing
Strategy 2.4: Enhance public access and appropriate coastal dependent uses of the shoreline		
Action 10: Establish, enhance, and restore public access to the shoreline and scenic vistas		
<ul style="list-style-type: none"> Develop enhancement and restoration plans to increase public access and restore priority beaches and scenic vistas 	DLNR, Counties	Ongoing
<ul style="list-style-type: none"> Establish funding priorities for priority beach restoration projects. 	DLNR, Counties	Ongoing
<ul style="list-style-type: none"> Develop interagency agreements and public-private partnerships to implement enhancement plans 	DLNR, Counties	New in 2006
<ul style="list-style-type: none"> Implement shoreline enhancement and restoration plans in priority areas 	DLNR, Counties, Landowners	New in 2006
<ul style="list-style-type: none"> Develop public education programs to build stewardship ethic toward the coastline and ocean 	DLNR, OP, MACZAC	Ongoing
<ul style="list-style-type: none"> Identify and implement innovative mechanisms for coastal land acquisition and funding as an effective measure to preserve beaches and other coastal assets 	DLNR, Counties	New in 2006
<ul style="list-style-type: none"> Conduct an inventory of beaches, shoreline areas and scenic vistas requiring protection as open space 	DLNR, Counties, SOEST	Ongoing
<ul style="list-style-type: none"> Develop interagency agreements and public-private partnerships to acquire, preserve, and restore priority watershed areas 	DLNR, Counties	New in 2006
<ul style="list-style-type: none"> Establish criteria for identifying priority coastal areas for public acquisition and appropriate coastal dependent uses 	DLNR, Counties, SOEST	New in 2006
<ul style="list-style-type: none"> Establish new beach and shoreline areas, and scenic vistas as open space for public access 	DLNR, Counties	Expansion
Strategy 2.5: Promote appropriate and responsible ocean recreation and tourism that provide culturally informed and environmentally sustainable uses for visitors and residents		
Action 11: Develop community-based frameworks and practices for identifying and mitigating ocean recreational use conflicts		
<ul style="list-style-type: none"> Conduct a baseline study of ocean recreation and tourism, building on existing information and data, that focuses on user conflict and potential impacts from threats to the ocean environment 	DLNR, OP, Industry, Community	New in 2006

PERSPECTIVE TWO: PRESERVING OUR OCEAN HERITAGE: *A vibrant and healthy ocean environment is the foundation for the quality of life in Hawai'i and the well-being of its people, now and for generations to come.*

Strategies, Actions, and Sub-Actions	Lead	Status
<ul style="list-style-type: none"> Work with existing groups or form new advisory groups to develop tools for resource protection and conflict management 	DLNR, Community	Ongoing
<ul style="list-style-type: none"> Work with active stakeholder involvement in targeted areas to mitigate cultural, environmental, and resource use conflict 	DLNR, Community	New in 2006
<ul style="list-style-type: none"> Encourage community-based, culturally informed environmental education and outreach programs promoting responsible ocean recreation 	DLNR, Community	New in 2006
<ul style="list-style-type: none"> Develop and amend Ocean Recreation Management Area rules as tools to avoid and/or mitigate ocean recreation user conflicts and to address capacity issues 	DLNR	Ongoing
<ul style="list-style-type: none"> Establish performance standards to ensure responsible commercial ocean-based tourism 	DLNR, DBEDT, Industry	New in 2006
<ul style="list-style-type: none"> Establish and enforce ecotourism-related permit systems to protect the resources and visitor experience 	DLNR, DBEDT	New in 2006
<ul style="list-style-type: none"> Encourage the integration of best management practices and cultural values and experiences into commercial ocean-based tourism business plans 	DLNR, Industry	New in 2006
<ul style="list-style-type: none"> Establish an appropriate growth policy on ocean tourism considering the carrying capacity and levels of acceptable change of the resource, quality of the experience, and visitor satisfaction, and ensuring access to the marine environment by residents is not compromised 	DLNR, DBEDT, Industry	New in 2006
<ul style="list-style-type: none"> Use concession agreements as a management tool to mitigate ocean recreation user conflicts on priority issues such as surf instruction, kayaking, snorkel and diving, and related operations in areas where conflicts are occurring or could occur 	DLNR	Ongoing
Strategy 2.6: Encourage cutting edge and appropriate ocean science and technology with safeguards for ocean resource protection		
Action 12: Promote alternative ocean energy sources and expand ocean science and technology		
<ul style="list-style-type: none"> Conduct a feasibility study for demonstration and scale-up of appropriate ocean energy technologies for Hawai'i 	DBEDT, Universities, Industry	Ongoing
<ul style="list-style-type: none"> Conduct analyses of the impacts of ocean and non-ocean-related energy alternatives on ocean health 	DBEDT, UH, Industry	Ongoing
<ul style="list-style-type: none"> Develop a streamlined, one-stop approach to permitting coastal and ocean aquaculture projects that includes guidelines for sustainable operations that ensures the conservation of ocean and coastal ecosystems 	DBEDT, DOA, DLNR	New
<ul style="list-style-type: none"> Establish a Geographic Information System (GIS)-based site identification database to locate coastal and ocean aquaculture projects in environmentally suitable sites 	DBEDT, DOA, DLNR	New
<ul style="list-style-type: none"> Provide State financial incentives to landowners and investors to encourage their participation in commercial aquaculture development 	DBEDT, DOA	New
<ul style="list-style-type: none"> Provide a supportive business and cost environment for sustainable commercial aquaculture through the establishment of public and private-public land-based and ocean aquaculture parks 	DLNR, DOA, DBEDT	New

PERSPECTIVE TWO: PRESERVING OUR OCEAN HERITAGE: *A vibrant and healthy ocean environment is the foundation for the quality of life in Hawai'i and the well-being of its people, now and for generations to come.*

Strategies, Actions, and Sub-Actions	Lead	Status
<ul style="list-style-type: none"> Facilitate appropriate research and innovation in energy, ocean leasing, and other marine technologies and ocean uses 	DBEDT, SOEST	Ongoing
<ul style="list-style-type: none"> Develop and promote Hawai'i as a learning destination for ocean science, technology, and management applications in the Pacific and globally 	DBEDT, SOEST	Ongoing

PERSPECTIVE THREE: PROMOTING COLLABORATIVE GOVERNANCE AND STEWARDSHIP: *Working together and sharing knowledge, experience, and resources will improve and sustain our efforts to care for the land and sea.*

Strategies, Actions, and Sub-Actions	Lead	Status
Strategy 3.1: Apply integrated and place-based approaches to the management of natural and cultural resources		
Action 13: Support community-based natural resource restoration, including, where appropriate, ahupua'a management		
Action 14: Develop integrated natural and cultural resource planning processes and tools while building capacity for community participation in natural and cultural resources management		
<ul style="list-style-type: none"> Facilitate integrated natural resource management in demonstration <i>ahupua'a</i> and <i>moku</i> through 'Aha Moku Council 	DLNR	Revised wording
<ul style="list-style-type: none"> Where appropriate, establish a <i>moku</i> support network to increase community dialogue, develop a framework for education, and build partnerships among various stakeholders 	DLNR,	Revised wording
<ul style="list-style-type: none"> Develop an integrated geographic information system for priority watersheds and coastal areas 	OP	Ongoing
<ul style="list-style-type: none"> Develop education and outreach programs through interagency agreements and in partnership with community groups and relevant nonprofit organizations to educate residents and visitors on natural and cultural resource values, regulations, and best practices 	OP, DLNR, MACZAC	New in 2006
<ul style="list-style-type: none"> Identify existing networks, community groups and organizations to work with to establish responsible management entities to implement the ORMP 	OP, Counties, Community Groups	Revised wording
<ul style="list-style-type: none"> Develop mechanisms and streamlined permitting processes to support community-based natural resource restoration and other activities designed to benefit ecosystem management 	TBD	Revised wording
<ul style="list-style-type: none"> Undertake and coordinate outreach and educational efforts, with community input, to raise awareness of program efforts to develop integrated planning approach 	OP, MACZAC	Revised wording
<ul style="list-style-type: none"> Expand the Mauka-Makai Watch program and provide standardized training programs and guidelines for participating community volunteers and organizations 	DLNR	Ongoing
Strategy 3.2: Implementation, evaluation, and reporting		
Action 15: Integrate with National Ocean Policy		
<ul style="list-style-type: none"> Assist in the formation of the Pacific Regional Ocean Partnership 	OP	New
<ul style="list-style-type: none"> Develop capacity for coastal and marine spatial planning 	OP	New
Action 16: Develop legislative and administrative proposals to improve management of natural resources		
<ul style="list-style-type: none"> Work with the 'Aha Moku Advisory Committee on a framework for wider implementation of ahupua'a principles 	DLNR	New in 2006
<ul style="list-style-type: none"> Where needed, propose legislation for statutory changes to the Hawai'i CZM program network, including SMA permits and possibly other regulatory programs 	OP-CZM	Revised wording
<ul style="list-style-type: none"> Advocate for changes to State statutes, State and county rules, or administrative policies to support within the CZM program to support ecosystem management within 	OP-CZM, MACZAC	Revised wording
Action 17: Monitor and evaluate Ocean Resource Management Plan implementation		

PERSPECTIVE THREE: PROMOTING COLLABORATIVE GOVERNANCE AND STEWARDSHIP: *Working together and sharing knowledge, experience, and resources will improve and sustain our efforts to care for the land and sea.*

Strategies, Actions, and Sub-Actions	Lead	Status
• Identify benchmarks and milestones	OP	New
• Prepare an annual report	OP	Ongoing
• Establish multisectoral ORMP implementation and monitoring group	OP	New
• Develop environmental health curriculum for State Agency staff	OP	New
• Conduct ORMP monitoring and evaluation Policy Group and Working Group	OP	Revised wording
• Adjust strategic actions as needed based on monitoring and evaluation	OP	New in 2006
• Conduct biennial ORMP strategic planning session	OP	Revised wording
• Conduct 5-year review and update of the ORMP	OP	Ongoing
• Incorporate experiences and lessons learned into legal and administrative reforms	OP	Ongoing
