

ArcGIS Explorer Online Instructions

The screenshot shows the ArcGIS Explorer Online interface. At the top, a green banner reads "ArcGIS Explorer Online Instructions". Below it, the browser address bar shows "2010 Census Race Population for Hawaii". The interface includes a toolbar with icons for home, details, save, print, and other functions. A map of the Hawaiian Islands is displayed, with a census tract highlighted in yellow. A pop-up window shows detailed race data for Census Tract 404. On the right, a dashboard provides a summary of the total population and a race distribution chart. Callouts 1-17 point to various interface elements, and text boxes provide instructions for using these tools.

1 Home button
2 Details button
3 Save Map button
4 Print Map button
5 Change Basemap button
6 Add Content to Map button
7 Query Tool button
8 Measure Tool button
9 Show Dashboard button
10 Edit Features button
11 Select Features button
12 Zoom-In Rectangle Tool button
13 Change Symbol button
14 Bookmarks button
15 Find Places button
