

Layer Name: Fire Response Zones

Shapefile Name: FireResponse

Layer Type: Polygon

Status: Complete

Geog. Extent: Main Hawaiian Islands

Projection: Universal Trans Mercator, Zone 4 (Meters)

Datum: NAD 83

Description: Fire Response Zones for the Main Hawaiian Islands

Source: Department of Land and Natural Resources, Division of Forestry and Wildlife, Fire Management Program, 2007-2016.

History: Received by OP from DLNR, DOFAW, FMP, December, 2000.  
Received update from DLNR, DOFAW, March, 2016

Attributes: Polygons:

OBJECTID	Polygon ID
ZONE	Fire Response Zone
DESCRIPTION	Description of Response Jurisdiction
SHAPE_LENGTH	perimeter of polygon (meters)
SHAPE_AREA	area of polygon (sq. meters)
ISLAND	Island
GISAcres	Acres as calculated by the software

Note: Zone field values have different meanings for each different island - see next page:

For the Island of Hawaii:

- Zone 1 DOFAW Primary Response Area
- Zone 2 HFD Primary Response/DOFAW Co-op Response Area
- Zone 3 DOI Primary Response/DOFAW Co-op Response Area
- Zone 4 US Army Primary Response/DOFAW Co-op Response Area
- Zone 5 HFD Primary Response/DOFAW Res w/DLNR Chair approval through State Civil Defense
- Zone 6 Military Impact Area: No Fire-Fighting

For the Island of Kauai:

- Zone 1 DOFAW Primary Response Area
- Zone 2 KFD Primary Response/DOFAW Co-op Response Area
- Zone 3 KFD or Federal Primary Response Area

For the Islands of Lanai, Maui and Molokai:

- Zone 1 DOFAW Primary Response Area
- Zone 2 MFD Primary Response/DOFAW Co-op Response Area
- Zone 3 MFD Primary Response Area

For the Island of Oahu:

- Zone 1 DOFAW Primary Response Area
- Zone 2 HFD Primary Response/DOFAW Co-op Response Area
- Zone 3 HFD or Federal Primary Response Area
