

Layer Name: Golf Courses

File Name: golfcourses.shp

Layer Type: Polygon

Status: Complete

Geog. Extent: Main Hawaiian Islands

Projection: Universal Trans Mercator, Zone 4

Datum: NAD 83

Description: Locations of golf courses in the state of Hawaii.

Source: Created by Hawaii Statewide GIS Program, Office of Planning, State of Hawaii, October, 2014.

History: Used County TMK Parcel layers overlaid with aerial photos to extract polygons representing golf course boundaries. Some boundaries follow TMK parcel boundaries and other boundaries were screen digitized.

Attributes: Polygons:

Golf_Cours:	Golf Course Name
Shape_leng:	Length in meters
Shape_Area:	Area in sq. meters
Island:	Island
Acres:	Acres
