How to use the Locator Maps (EZ, LSB, SLUD, and SMA):
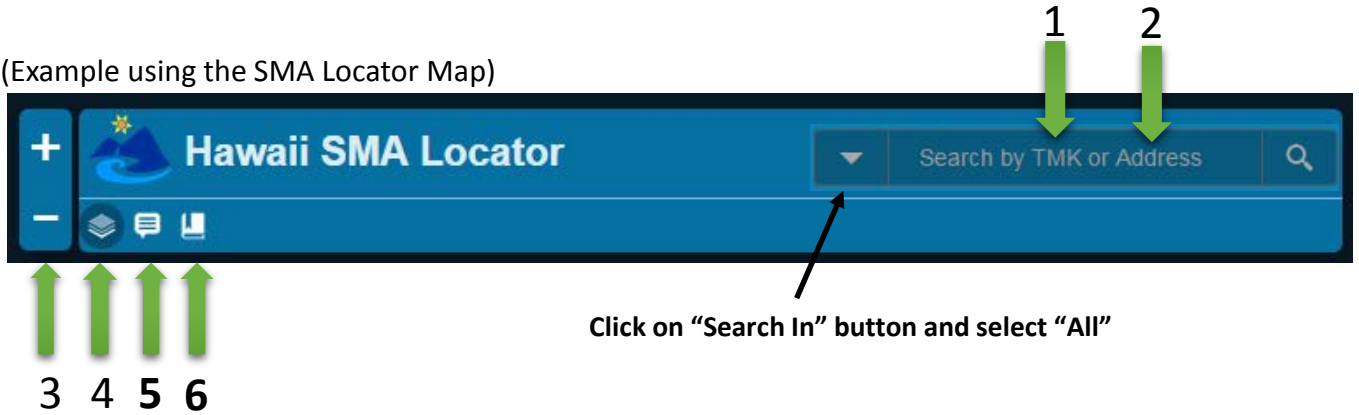

(Example using the SMA Locator Map)

1 **2**

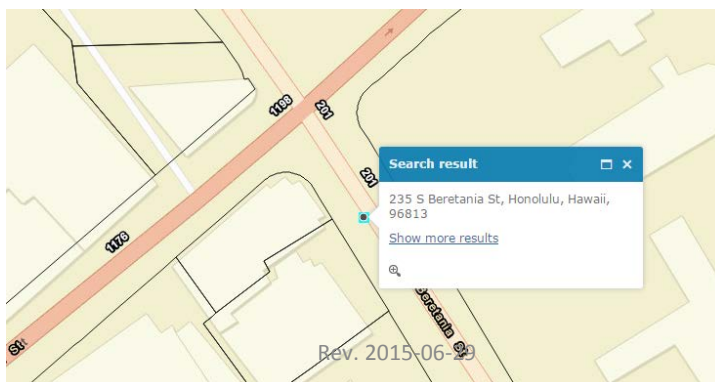

Click on "Search In" button and select "All"

3 4 5 6

1. **Search by TMK:** Click on the "Search In" ▼ down arrow button and select "All." Enter 8 (Oahu) or
   9 (Neighbor Island) digit TMK Number. Hit <Enter> or the Search Button.
   - The map will zoom into the selected TMK parcel, highlighted in orange with blue outline.
   - First digit of TMK is the County Number: 1=Honolulu, 2=Maui, 3=Hawaii, 4=Kauai
   - Examples on entering TMK parcel numbers:
        Honolulu County TMK 1-1-001:001 is entered as 11001001 (County Number is not used)
        Maui County TMK 2-2-001:010 is entered as 222001010
        Hawaii County TMK 2-1-001:012 is entered as 321001012
        Kauai County TMK 1-2-006:009 is entered as 412006009

2. **Search by Address:** Click on the "Search In" ▼ down arrow button and select
   "All." Enter the Street Address with Street Number, Street Name, City, HI, Zip Code
   (e.g. 235 S. Beretania St, Honolulu, HI 96813).
