

Layer Name: Maui County Roads (2012)
File Name: MauiRoads_2012
Layer Type: Line
Status: Complete
Geog. Extent: Islands of Maui, Molokai and Lanai
Projection: State Plane, Hawaii Zone 2 (Meters)
Datum: NAD 83
Description: Roads and road names for the islands of Maui, Molokai and Lanai.
Source: Maui County Geographic Information Systems Division, Department of Management.

History: Released in July, 2012.

Attributes:	Pre-dir	Prefix compass direction; abbreviated (E,W,N,S)
	Str_name	Street name
	Str_type	Street type; abbreviated ("ST" for STREET, etc.)
	Alias	Other common/known names by which the road is known
	Town_name	Town or island name
	Road_name	Street name with abbreviated prefix and street type
	Full_name	Full street name without abbreviations
	SymbCode	Codes for symbolizing roads

NOTE: This data set was developed by the Maui County GIS Division for use as a general purpose GIS road layer. The layer was originally created and is maintained with information from various sources, including the Maui County Police Department 911 emergency dispatch system, the Maui County Department of Public Works, the Maui County Real Property Tax Division (Dept. of Finance), subdivision maps, development site plans, satellite and aerial imagery, and field checks by Maui County GIS Division staff with vehicle-mounted GPS.

Agricultural roads, roads in former agricultural areas, private industrial roads, and other roads not open to the general public are not included in this layer. Where four wheel drive vehicles are advisable, the acronym (4WD) is added to the road name and full name. Caution, nonetheless, is advised on all roads in the County whenever and wherever conditions warrant.

Symbol codes are provided to help in creating mapping products. In this context, major roads are those roads which are appropriate at islandwide and regional map scales. Unpaved roads represent roads where portions of the road surface are unpaved.

Maui County GIS Division provides this data set free of charge and without warranties or guarantees. Maui County accepts no liability resulting from the use of this data set.

While every effort was made to produce an accurate roads layer for use in geographic information systems, THIS IS NOT OFFICIAL COUNTY ROADS DATA. Inquiries regarding official County-assigned road names or the actual location of road rights-of-way should be directed to the Maui County Dept. of Public Works at 200 South High Street, Wailuku, HI 96793.

Any questions related to the data or error reports should be submitted to Maui County GIS, 2145 Kaohu Street, Suite 104, Wailuku, HI 96793.
