

Layer Name: Preschools

Layer Type: Point

Status: Complete

Geog. Extent: Main Hawaiian Islands

Projection: Universal Transverse Mercater (UTM) Zone 4, Meters

Datum: NAD 83 HARN

*Please note - if you are using data in the [State's web services](#) or downloading from the [State's geoportal](#), the data is served and exported in WGS84 coordinates, although it is stored internally in UTM coordinates.*

Description: Locations of preschools in the state of Hawaii as of September, 2012.

Source: Hawaii Executive Office on Early Learning (EOEL). Office of Planning received listing of all preschools in Hawaii, including list of licensed preschools provided to EOEL by PATCH (People Attentive to Children), 2012.

History: EOEL compiled the data, in spreadsheet format, from the following sources:

DOE Preschools: State Department of Education website (<http://165.248.6.166/data/schoollist.asp>)— address locations of DOE schools offering Pre-Kindergarten classes were included.

Head Start, Kamehameha Schools and private preschools: Listing obtained from Parents Attentive to Children (PATCH). PATCH is a nonprofit organization under contract to Hawaii Department of Human Services, which licenses all preschools.

Preschools on military installations: Compiled by EOEL.

Office of Planning geocoded the addresses in the file provided by EOEL using ArcGIS 10 and an ArcGIS Online address locator. Addresses that were not automatically geocoded were researched further and manually digitized.

**NOTE:** Per EOEL: This data needs to be updated annually to reflect changes such as programs closing and new ones opening and changed locations of Head Start programs.

Attributes:    Points:

NAME:	Name of preschool
ADDRESS:	Address of preschool
CITY:	City
ZIP:	Zipcode
Type:	Type of preschool
Type	Definition
DOE	Public preschools (State Department of Education)
HS	Head Start preschools
KS	Kamehameha Schools preschools
Military	Military preschools
Private	Private Preschools
