

Layer Name: State Libraries

File Name: state_libraries

Layer Type: Point

Status: Complete

Geog. Extent: Islands of Kaua'i, O'ahu, Maui, Moloka'i, Lāna'i, and Hawai'i

Projection: Universal Transverse Mercator, Zone 4 (Meters)

Datum: NAD 83 HARN

Please note - if you are using data in the [State's web services](#) or downloading from the [State's geoportals](#), the data is served and exported in WGS84 coordinates, although it is stored internally in UTM coordinates.

Date of Data: 06/01/2018; Date of download or receipt: 05/30/2018

Description: *[Taken from the Hawai'i State Public Library System website: <http://librarieshawaii.org>]*

"After statehood in 1959, the Hawaii State Legislature created the Hawaii State Public Library System (HSPLS), the only statewide system in the United States, with the Hawaii State Library building as its flagship branch. The Hawaii State Public Library System [HSPLS] is an independent State agency that reports directly to the Board of Education. The duties of the board of education are described in Hawaii Revised Statute §312-1...The Hawaii State Public Library System is the only statewide public library system in the United States. We have 51 branches throughout 6 islands."

HSPLS' Public Libraries Branch provided a spreadsheet with data about each of the 51 library branches. The original column names were shortened to accommodate limitations of the geocoder. In the "Attributes" section below, original column names appear in the Alias column; the shortened column names appear in the Attribute column. The file was saved as Unicode Text to preserve the diacritical marks used in the Hawaiian alphabet.

The file was geocoded in ArcGIS Online and individual points were moved from the street address locations to building/structure locations using a combination of imagery, street map basemaps, and the Google map link provided by the Library.

Abstract: The Hawai'i State Public Library System manages 51 branch locations on six of the main Hawaiian Islands – Hawai'i, Kaua'i, Lana'i, Maui, Moloka'i, and O'ahu. Each of the 51 branches have been mapped and information provided, including hours of operation, parking, and services available at that branch.
