Intended Purpose:

Bid security protects the State against the failure or refusal of the low bidder to execute the contract and to supply the necessary performance bonds, as required, and to proceed with the performance of the contract. A payment bond guarantees the payment and protection for those furnishing labor and materials to the contractor or its subcontractors for the work bonded. The fund holds any monies deposited to the State until such time that a contract has been executed and/or all work is completed by the contractor.

Source of Revenues:

Monies are received from contractors for bid security.

Current Program Activities/Allowable Expenses:

The current procurement law allows the purchasing agency to determine when contract security is necessary. For most contracts, the option to require contract security has not been used.
