**DECISION AND ORDER NO. 353**  
**(CONSOLIDATED BASIC SERVICE TIER RATE ORDER)**

I. INTRODUCTION

WHEREAS, on May 12, 1994, the Cable Television Division of the State of Hawaii ("**State**") Department of Commerce and Consumer Affairs became certified by the Federal Communications Commission ("**FCC**") to regulate basic service tier and associated equipment rates of cable operators<sup>1</sup>;

WHEREAS, the State has followed the requirements prescribed by federal law<sup>2</sup> ("**FCC Rules**") and the State's administrative rules<sup>3</sup> in regulating the basic service tier rates of cable operators in the State;

WHEREAS, under FCC Rules and the September 22, 1995 Thirteenth Order on Reconsideration (FCC 95-397) issued by the FCC, a cable operator may update its basic service tier rates on an annual basis by filing a FCC Form 1240 with the State to adjust its rates to reflect reasonably certain and quantifiable changes in external costs,

---

<sup>1</sup> This "Consolidated Basic Service Tier Rate Order" pertains only to the basic service tier rates. The associated equipment rates shall be addressed separately in another consolidated order.

<sup>2</sup> See, 47 C.F.R. part 76, subpart N (i.e., 47 C.F.R. §§ 76.901 through 76.990 (2002)).

<sup>3</sup> See, Hawaii Administrative Rules ("**HAR**") §§ 16-133-40 to 16-133-53.

inflation, and the number of regulated channels that are projected for the twelve (12) months following the rate adjustment<sup>4</sup>;

WHEREAS, in general, the annual rate adjustment has two components: the first component is based on the operator's projected costs, and the second component is based on the costs that an operator has actually incurred. The annual adjustment methodology also provides a "true-up" mechanism to correct differences between the operator's projected costs and the actual costs that occurred during the twelve (12) month period. The "true-up" mechanism provides that if the operator has not recovered actual costs it incurred, the operator may add such costs to its rates at a later date, with interest, and it requires that the operator return to subscribers any overcharges that occurred, with interest;

WHEREAS, the cable operator has the burden of proving that its proposed annual adjustment complies with applicable FCC Rules and the State's administrative rules<sup>5</sup>;

WHEREAS, the State retained a financial consultant to assist it in reviewing the cable operator's FCC Form 1240 filing and request to adjust its annual rates;

WHEREAS, Time Warner Entertainment Company, L.P. ("**TWE**") is a cable operator that has seven (7) cable television systems in the State, and files separate Form 1240s for each cable television system to adjust its rates on an annual basis;

WHEREAS, these seven (7) cable television systems and the names TWE does business under for each cable television system is as follows:

- |     |                |                               |

<sup>5</sup> See, 47 C.F.R. § 76.937(a), and HAR § 16-133-46.

WHEREAS, FCC rules allow a cable operator to amend its Form 1240 within 90 days if there has been a material change in the operator's circumstances that would affect the rate filing.<sup>6</sup> TWE submitted amended rate filings on or about November 16, 2011 making changes to its original Form 1240s. The Department's financial consultant reviewed the submitted information and obtained further information from TWE. After further review and analysis, the Department's financial consultant found all of the filings to be acceptable. A summary was submitted to the Department in the consultant's report dated February 3, 2012.

WHEREAS, after reviewing TWE's Rate Filing, the State finds that TWE's calculations are accurate, and that accordingly, there are no adjustments necessary to TWE's proposed monthly Maximum Permitted Rate ("**MPR**") for the Projected Period.
