II.

Based upon our review of the record, we find that Applicant is fit, willing, and able to properly perform the proposed service, and to conform to HRS chapter 271 and the requirements and rules of the commission. We also find that the proposed service is required by the present and future public convenience and necessity. Accordingly, we conclude that Applicant's request for operating authority in the general commodities classification should be granted.

With respect to Applicant's request to operate as a common carrier of property in the specific commodities classification, the commission notes that the transportation of specific commodities is allowed under Applicant's general commodities authority when granted. We, thus, find that Applicant's request to operate in the specific commodities classification is unnecessary and should be dismissed as moot.

III.

THE COMMISSION ORDERS:

1. Applicant's request to operate as a common carrier of property by motor vehicle over irregular routes on the island of Oahu in the specific commodities classification is dismissed.

2. Applicant is granted a certificate to operate as a common carrier of property by motor vehicle over irregular routes on the island of Oahu in the general commodities classification.

3. Applicant shall comply with all of the commission's requirements for common carriers by motor vehicle including, but

not limited to, filing a lawful tariff, paying a fee of \$20 for motor carrier gross revenues, and filing the appropriate insurance documents.

4. Applicant shall comply with the foregoing requirements within 120 days after service of this decision and order. Failure to comply within the time specified constitutes cause for this commission to void this decision and order.

5. Applicant shall not commence operations under this decision and order until it has received written confirmation from the commission that all requirements have been met.

DONE at Honolulu, Hawaii this 17th day of September, 2003.
