Docket No. 05-0052

Decision and Order No. 21829

DECISION AND ORDER

By this Decision and Order, the commission grants MANABA ENTERPRISES, INC. ("Applicant") a certificate of public convenience and necessity ("Certificate") to operate as a common carrier of property by motor vehicle over irregular routes on the island of Molokai in the general commodities, household goods, and dump truck classifications, subject to certain conditions, as described herein.

I.

Application for Common Carrier Authority

On March 2, 2005, Applicant filed an application requesting a Certificate to operate as a common carrier of property by motor vehicle over irregular routes on the island of Molokai in the general commodities, household goods, dump truck, and specific commodities classifications. The application is made pursuant to Hawaii Revised Statutes ("HRS") § 271-12.

Applicant served copies of the application on the Hawaii Transportation Association, which consists of carriers

that may be affected by Applicant's proposed service, and on the Division of Consumer Advocacy, Department of Commerce and Consumer Affairs ("Consumer Advocate"). The Consumer Advocate did not participate in this proceeding, and no persons moved to intervene in this docket.

II.

Findings and Conclusions

Based upon our review of the record, we find that Applicant is fit, willing, and able to properly perform the proposed services, and to conform to HRS chapter 271 and the requirements and rules of the commission. We also find that the proposed services are required by the present and future public convenience and necessity. Accordingly, we conclude that Applicant's request for operating authority in the general commodities, household goods, and dump truck classifications should be granted.

With respect to Applicant's request to operate as a common carrier of property in the specific commodities classification, the commission notes that the transportation of specific commodities is allowed under the Applicant's general commodities authority when granted. We, thus, find that Applicant's request to operate in the specific commodities classification is unnecessary and should be dismissed.

III.

Orders

THE COMMISSION ORDERS:

1. Applicant's request to operate as a common carrier of property by motor vehicle over irregular routes on the island of Molokai in the specific commodities classification is dismissed.

2. Applicant is granted a Certificate to operate as a common carrier of property by motor vehicle over irregular routes on the island of Molokai in the general commodities, household goods, and dump truck classifications.

3. Applicant shall comply with all of the commission's requirements for common carriers by motor vehicle including, but not limited to, filing a lawful tariff, paying a fee of \$20 for motor carrier gross revenues, and filing the appropriate insurance documents.

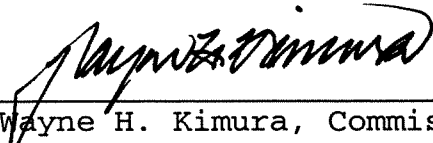

4. Applicant shall comply with the foregoing requirements within one hundred and twenty (120) days after service of this Decision and Order. Failure to comply within the time specified constitutes cause for this commission to void this Decision and Order.

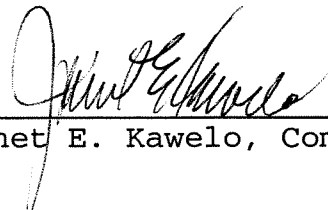

5. Applicant shall not commence operations under this Decision and Order until it has received written confirmation from the commission that all requirements have been met.
