DECISION AND ORDER

By this Decision and Order, the commission authorizes ROY SHIELDS, dba MAC Q ("Applicant"), to extend his authority under certificate of public convenience and necessity number 2063-C ("Certificate No. 2063-C") to include the general commodities classification on the island of Oahu, subject to certain conditions, as described herein.

I.

Application to Extend Common Carrier Authority

Applicant is a common carrier of property by motor vehicle over irregular routes on the island of Oahu in the dump truck classification. On June 24, 2005, Applicant filed an application seeking commission approval to extend his authority under Certificate No. 2063-C to include the general commodities classification. By Decision and Order No. 21879, filed on June 17, 2005, in Docket No. 05-0147, Applicant was granted temporary authority to operate as a common carrier in the general commodities classification on the island of Oahu. The

temporary authority is effective for one hundred and twenty (120) days, until October 17, 2005.

Applicant served copies of the application on the Hawaii Transportation Association, which consists of carriers that may be affected by Applicant's proposed service, and on the Division of Consumer Advocacy, Department of Commerce and Consumer Affairs ("Consumer Advocate"). The Consumer Advocate did not participate in this proceeding, and no persons moved to intervene in this docket.

II.

Findings and Conclusions

Based upon our review of the record, we find that Applicant is fit, willing, and able to properly perform the proposed service, and to conform to Hawaii Revised Statutes chapter 271 and the requirements and rules of the commission. We also find that the proposed service is required by the present and future public convenience and necessity. Accordingly, we conclude that Applicant's request for an extension of his authority should be granted.

III.

Orders

THE COMMISSION ORDERS:

1. Applicant is authorized to operate as a common carrier of property by motor vehicle over irregular routes on the

island of Oahu in the general commodities and dump truck classifications.

2. Applicant shall surrender Certificate No. 2063-C, and an amended certificate reflecting the operating authority granted by this Decision and Order shall be issued.

3. Applicant shall comply with all of the commission's requirements for common carriers by motor vehicle including, but not limited to, filing a motor vehicle inventory list and copies of motor vehicle certificates of registration.

4. Applicant shall comply with the foregoing requirements within one hundred and twenty (120) days after service of this Decision and Order. Failure to comply within the time specified constitutes cause for this commission to void this Decision and Order.

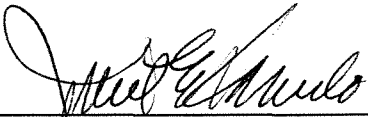

5. Applicant shall not commence operations in the general commodities classification on a permanent basis until he has received written confirmation from the commission that all requirements have been met.
