Docket No. 05-0305

Decision and Order No. 22334

DECISION AND ORDER

By this Decision and Order, the commission authorizes CONCRETE CORING CO. OF HAWAII, INC. ("Applicant") to extend its authority under certificate of public convenience and necessity number 2115-C ("Certificate No. 2115-C") to include the general commodities classification on the island of Oahu, subject to certain conditions, as described herein.

I.

Application to Extend Common Carrier Authority

Applicant is a common carrier of property by motor vehicle over irregular routes on the islands of Oahu and Hawaii in the dump truck classification. On December 5, 2005, Applicant filed an application seeking commission approval to extend its authority under Certificate No. 2115-C to include the general commodities classification on the island of Oahu.

Applicant served copies of the application on the Hawaii Transportation Association, which consists of carriers that may be affected by Applicant's proposed service, and on the

Division of Consumer Advocacy, Department of Commerce and Consumer Affairs ("Consumer Advocate"). The Consumer Advocate did not participate in this proceeding, and no persons moved to intervene in this docket.

II.

Findings and Conclusions

Based upon our review of the record, we find that Applicant is fit, willing, and able to properly perform the proposed service, and to conform to Hawaii Revised Statutes chapter 271 and the requirements and rules of the commission. We also find that the proposed service is required by the present and future public convenience and necessity. Accordingly, we conclude that Applicant's request for an extension of its authority should be granted.

III.

Orders

THE COMMISSION ORDERS:

1. Applicant is authorized to operate as a common carrier of property by motor vehicle over irregular routes on the island of (1) Oahu in the general commodities and dump truck classifications, and (2) Hawaii in the dump truck classification.

2. Applicant shall surrender Certificate No. 2115-C, and an amended certificate reflecting the operating authority granted by this Decision and Order shall be issued.

3. Applicant shall comply with all of the commission's requirements for common carriers by motor vehicle including, but not limited to, filing a lawful tariff and filing the appropriate insurance documents.

4. Applicant shall comply with the foregoing requirements within one hundred and twenty (120) days after service of this Decision and Order. Failure to comply within the time specified constitutes cause for this commission to vacate this Decision and Order.

5. Applicant shall not commence operations in the general commodities classification until it has received written confirmation from the commission that all requirements have been met.
