DECISION AND ORDER

By this Decision and Order, the commission authorizes EDWARD VEGAS TRUCKING LLC ("Applicant") to extend its authority under certificate of public convenience and necessity number 4137-C ("Certificate No. 4137-C") to include the general commodities classification on the island of Maui, subject to certain conditions, as described herein.

I.

Application to Extend Common Carrier Authority

Applicant is a common carrier of property by motor vehicle over irregular routes on the island of Maui in the dump truck classification. On July 11, 2008, Applicant filed an application seeking commission approval to extend its authority under Certificate No. 4137-C to include the general commodities classification on the island of Maui.

Applicant served copies of the application on the Hawaii Transportation Association, which consists of carriers that may be affected by Applicant's proposed service, and on the

Division of Consumer Advocacy, Department of Commerce and Consumer Affairs ("Consumer Advocate"). The Consumer Advocate did not participate in this proceeding, and no persons moved to intervene in this docket.

II.

Findings and Conclusions

Based upon our review of the record, the commission finds that Applicant is fit, willing, and able to properly perform the proposed service, and to conform to Hawaii Revised Statutes Chapter 271 and the requirements and rules of the commission. The commission also finds that the proposed service is required by the present and future public convenience and necessity. Accordingly, the commission concludes that Applicant's request for an extension of its authority should be granted.

III.
