HAWAIIAN ELECTRIC COMPANY, INC.

Docket No. 2007-0425

For Approval of a Solar Energy
Purchase Agreement with Hoku
Solar, Inc., and to Include the
Purchased Energy Costs in
Hawaiian Electric Company, Inc.'s
Energy Cost Adjustment Clause.

ORDER

By this Order, the commission adopts, with
modification, the Stipulated Procedural Order jointly submitted
by HAWAIIAN ELECTRIC COMPANY, INC. ("HECO") and the DEPARTMENT OF
COMMERCE AND CONSUMER AFFAIRS, DIVISION OF CONSUMER ADVOCACY
("Consumer Advocate"), on February 6, 2008.¹

I.

Background

By its Application filed on December 27, 2007,
HECO requests the commission's approval of: (1) its Solar Energy
Purchase Agreement, dated November 16, 2007 ("Agreement"),
with Hoku Solar, Inc. ("Hoku Solar"); and (2) five other matters

¹HECO and the Consumer Advocate are collectively referred to
as the "Parties." The Consumer Advocate is an ex officio party
to this proceeding, pursuant to Hawaii Revised Statutes § 269-51
and Hawaii Administrative Rules § 6-61-62(a).
related to the Agreement. As described by HECO, the Agreement governs the electric utility's purchase of energy from a Hoku Solar-owned photovoltaic system with generating capability of up to 300 kilowatts dc, located on HECO's Archer Substation (the "PV Facility").

By Order No. 23973, filed on January 17, 2008, the commission instructed the Parties to submit a stipulated procedural order for the commission's review and consideration within thirty days. On February 6, 2008, the Parties timely submitted their Stipulated Procedural Order, in compliance with Order No. 23973.

II.

Stipulated Procedural Order, as Modified

As noted by the commission in Order No. 23973, HECO requests the commission's approval of the Agreement by May 13, 2008, reasoning that the Hoku Solar-owned PV Facility, if approved by the commission, must be installed and placed into service by the end of 2008, in order for Hoku Solar to avail itself of the "30% Federal renewable energy investment tax credit[,]" which is scheduled to expire on December 31, 2008, unless extended beyond this date.

The Parties, by their Stipulated Procedural Order, propose the issuance of two rounds of information requests by the

3Order No. 23973, at 2-3 n.3 (quoting HECO's Application, at 12).
Consumer Advocate, and HECO's responses thereto, followed by the filing of the Consumer Advocate's Statement of Position by April 25, 2008, and HECO's Reply Statement of Position, if any, by May 9, 2008. In addition, HECO does not identify a new requested date for commission action; thus, the requested date of May 13, 2008 remains unchanged.

The proposal for HECO to file its Reply Statement of Position by May 9, 2008 will leave the commission with two business days to review HECO's filing and issue its written decision. The commission rejects this portion of the proposal. Instead, the commission will set a deadline date of May 2, 2008, for HECO to file its Reply Statement of Position (if any), which provides HECO with one week to submit this filing, following its review of the Consumer Advocate's Statement of Position, due by April 25, 2008. Under the circumstances, the commission will adopt the Parties' Procedural Order, as modified herein.

III.

Orders

THE COMMISSION ORDERS:

1. The Stipulated Procedural Order submitted by the Parties on February 6, 2008, attached as Exhibit 1 herein, is adopted as modified herein to govern the issues, schedule of proceedings, and procedures in this docket.

2. Section II, Schedule of Proceedings, is amended by advancing the deadline date of HECO's Reply Statement of Position (if any), from May 9, 2008 to May 2, 2008.

ACCORDINGLY, IT IS ORDERED that the following Statement of the Issues, Schedule of Proceedings and procedures shall be utilized in this docket.

   c. Whether HECO’s purchase of energy, under the terms and conditions of the Agreement, are prudent and in the public interest?

Agreement should be included in HECO’s revenue requirements for ratemaking purposes and for the purposes of determining the reasonableness of HECO’s rates.

III.

MISCELLANEOUS MATTERS TO FACILITATE AND EXPEDITE THE ORDERLY CONDUCT OF THESE PROCEEDINGS

A. Requests for Information

To the extent practical, HECO and the Consumer Advocate will cooperate (1) by exchanging information requests and responses as they become available, and (2) by resolving questions regarding information requests and responses informally to attempt to work out problems with respect to understanding the scope or meaning of information requests, or with respect to the availability of information. If a party is unable to provide the information requested within the prescribed time period, it should so indicate to the inquiring party as soon as possible. The parties shall then endeavor to agree upon a later date for submission of the requested information.

In lieu of responses to information requests that would require the reproduction of voluminous documents or materials, the documents or materials may be made available
for reasonable inspection and copying at a mutually agreeable designated location and
time. In the event such information is available on computer diskette or other readily
usable electronic medium, the party responding to the information request may make the
diskette or such electronic medium available to the other party and the Commission.

A party shall not be required, in a response to an information request, to provide
data that is/are already on file with the Commission or otherwise part of the public record,
or that may be stipulated to pursuant to Part B, infra. The responding party shall, in lieu
of production of a document in the public record, include in its response to the
information request an identification of the document with reasonable specificity
sufficient to enable the requesting party to locate and copy the document. In addition, a
party shall not be required, in a response to an information request, to make computations,
compute ratios, reclassify, trend, calculate, or otherwise rework data contained in its files
or records.

A party may object to responding to an information request that it deems to be
irrelevant, immaterial, unduly burdensome, onerous or repetitious, or where the response
contains information claimed to be privileged or subject to protection (confidential
information). If a party claims that information requested is confidential, and withholds
production of all or a portion of such confidential information, the party shall: (1) provide
information reasonably sufficient to identify the confidential information withheld from
the response, without disclosing privileged or protected information; (2) state the basis for
withholding the confidential information (including, but not limited to, the specific
privilege applicable or protection claimed for the confidential information and the specific harm that would befall the party if the information were disclosed); and (3) state whether the party is willing to provide the confidential information pursuant to a protective order governing this docket.

A party seeking production of documents notwithstanding a party's claim of confidentiality, may file a motion to compel production with the Commission.

B. Matters of Public Record

In order to provide a means to reduce unnecessary reproduction of documents and to facilitate these proceedings, identified matters of public record, such as reports that HECO has filed with the Commission, published decisions of this or other Commissions, published scientific or economic statistical data, material and textbooks, technical or industry journals relating to electric utility matters, and specified parts of the record in previous Commission dockets shall be admissible in this proceeding without the necessity of reproducing each document; provided that the document to be admitted is clearly identified by reference to the place of publication, file or docket number, and the identified document is available for inspection by the Commission and the parties; and further provided that any party has the right to explain, qualify or conduct examination with respect to the identified document. The Commission can rule on whether the identified document can be admitted into evidence when a party proffers such document for admission as evidence in this case.
From time to time, the parties may enter into stipulations that such documents, or any portion of such documents, may be introduced into evidence in this case.

C. Copies of Filings, Information Requests, Responses to Information Requests, Statement of Position:

In addition, if available, all parties shall provide copies of their filings, information requests and information request responses to the other parties via CD or e-mail in a standard electronic format that is readily available by the parties. The parties agree to use Word 97, Word 2000, or Word 2003 as the standard programming format for filings in this case. In the event a copy of a filing, information request or information request response is delivered to a party via CD or e-mail, unless otherwise agreed to by such party, the same number of copies of such filing, information request or information request response must still be delivered to such party by hand delivery or United States mail (first class, postage prepaid) as provided above.

D. Communications

Chapter 61, subchapter 3, section 6-61-29 of the Commission's Rules of Practice and Procedure concerning ex parte communications is applicable to any communications between a party and the Commission. However, the parties may communicate with Commission counsel on matters of practice and procedure through their own counsel or designated official.

Communications between the parties should either be through counsel or through designated representatives. All pleadings, papers, and other documents filed in this proceeding shall be served on the opposing party. All motions, supporting memoranda, and the like shall also be served on opposing counsel, if any.

E. General

These procedures are consistent with the orderly conduct of this docket. This Stipulated Procedural Order shall control the subsequent course of these proceedings, unless modified by the Parties in writing and approved by the Commission, or upon the
Commission's own motion.

This Stipulated Procedural Order may be executed by the Parties in counterparts, each of which shall be deemed an original, and all of which taken together shall constitute one and the same instrument. The parties may execute this Stipulated Procedural Order by facsimile for initial submission to the Commission to be followed by the filing of originals of said facsimile pages.
