DECISION AND ORDER

By this Decision and Order, the commission grants OIWI TRUCKING LLC ("Applicant") a certificate of public convenience and necessity ("Certificate") to operate as a common carrier of property by motor vehicle over irregular routes on the island of Oahu in the dump truck classification, subject to certain conditions, as described herein.

I. Application for Common Carrier Authority

By Application filed on November 6, 2007, and amended on March 13, 2008, Applicant requests a Certificate to operate as a common carrier of property by motor vehicle over irregular routes on the island of Oahu in the dump truck classification. The application was filed pursuant to Hawaii Revised Statutes ("HRS") § 271-12.

Applicant served copies of the application on the Hawaii Transportation Association, which consists of carriers that may be affected by Applicant's proposed service, and on the
Division of Consumer Advocacy, Department of Commerce and Consumer Affairs ("Consumer Advocate"). The Consumer Advocate did not participate in this proceeding, and no persons moved to intervene in this docket.

II.

Findings and Conclusions

Based upon our review of the record, the commission finds that Applicant is fit, willing, and able to properly perform the proposed service, and to conform to HRS Chapter 271 and the requirements and rules of the commission. The commission also finds that the proposed service is required by the present and future public convenience and necessity. Accordingly, the commission concludes that Applicant’s request for operating authority, as set forth in the application, should be granted.

III.
