CAPTIVE INSURANCE

The Captive Insurance Branch (CIB) was established in 1998 to provide dedicated resources to assist the Insurance Commissioner with the monitoring, regulation, and development of captive insurance companies licensed under Article 19, Chapter 431 of the Hawaii Revised Statutes.

Since Hawaii’s enabling captive legislation in 1986, Hawaii has established an outstanding worldwide reputation in this complex and cutting edge area of insurance and risk financing. The State is ranked in the top 10 in the world, and second in the United States based on the number of licenses issued. Hawaii is, by far, the premier domicile in the Pacific, and based on combined total assets, is in the top 5 domiciles in the world.

New captive licenses issued over the last few years have declined because of competition from lower prices in the commercial insurance marketplace and the increasing number of states getting into the captive insurance market. Lower prices in some sectors of the commercial insurance market have made captives relatively more expensive in the short term. With approximately thirty (30) states with enabling captive legislation and some of them aggressively promoting and licensing new captives, new captive formations are being distributed among more states.

Hawaii has undertaken several initiatives to compete more effectively with other states, as well as provide more timely and relevant information to prospective and current captive organizers. These initiatives include more efficient and effective use of the internet and other digital technology, and updating of appropriate statutes and administrative rules. Hawaii will continue to maintain its prudent regulatory approach toward captives, and will also continue to proactively participate in the development of national and international insurance standards and initiatives that provide potential opportunities or create threats for Hawaii’s captive insurance industry.

Hawaii continues to attract captives from Fortune 500 companies from the United States and a growing number of Japan-based corporations that normally have few business contacts in Hawaii. These captives bring billions of dollars in capital to Hawaii through their captive insurance companies, much of it managed by local Hawaii banks and financial institutions. Hawaii’s captive industry requires specialized local professional services from the public accounting, legal, claims administration and other insurance-related services sectors. The CIB will continue to work with the public and private sectors in providing educational expertise and resources to support the long term development and refinement of this special kind of business in Hawaii.

FINANCIAL SURVEILLANCE AND EXAMINATION

The Financial Surveillance and Examination Branch (FS&E) conducts a continuous program of financial analyses and examinations of Hawaii-domiciled insurance companies, agencies and mutual benefit societies, to determine financial condition, solvency and compliance with applicable laws and regulations in an effort to safeguard consumer interests and maintain integrity in the industry. The FS&E functions also include the processing and collection of Surplus Lines and Premium taxes and Workers' Compensation levies; processing and administration of Qualified High Technology Business Investment Tax Credits; authorization and monitoring of accredited and trusted reinsurers; licensing of domestic, foreign and alien insurers, registration of purchasing groups and foreign risk retention groups; self-insurance regulation; maintenance of security deposits; and monitoring of market share and competitive standards of foreign mergers and acquisitions.

The FS&E is subject to review by the National Association of Insurance Commissioners' (NAIC) Financial Regulation Standards and Accreditation Program which requires state insurance departments to regulate domestic insurers' corporate and financial affairs and have adequate statutory and administrative authority and the resources necessary to carry out that authority. Accredited insurance departments undergo a comprehensive review every five years by an independent review team, as well as interim annual reviews, to ensure they continue to meet NAIC standards. The Hawaii Insurance Division was first accredited by the NAIC in 1996 and re-accredited in 2001 and 2006.

The following is a summary of activities administered by the FS&E during the last two calendar years (dollar amounts are rounded to the nearest thousand):

INSURANCE FRAUD INVESTIGATION

The Insurance Fraud Investigations Unit conducts a statewide program for the prevention, investigation, and prosecution of motor vehicle insurance fraud cases and complaints relating to motor vehicle insurance fraud. The Fraud Unit reviews referrals submitted by the insurance industry, other agencies, and members of the public and initiates an investigation in all cases where there is reason to believe that a crime may have been or is currently being committed. State law requires any insurer or insurer's employee or agent who believes that a fraudulent claim is being made to refer the case to the Fraud Unit within 60 days.

The Fraud Unit employs special deputy attorneys general to initiate criminal prosecutions. By employing deputies who are trained in criminal prosecution, all cases receive prompt attention and representation in the criminal justice system. During the 2009 Legislative Session, the "Fraud Bill" was passed allowing the Insurance Fraud Investigation Unit to accept cases involving fraud in all lines of insurance, except workers' compensation.

During the fiscal year 2008-2009, the Fraud Unit received 297 referrals, reflecting an increase of 39% from the previous year. Of the referrals accepted for prosecution, criminal indictments were obtained against 30 individuals with an increase in fraud amount totaling \$252,879 for the fiscal year. The Fraud Unit obtained restitution orders totaling \$85,634 for the cases that reached final disposition. In addition, the Fraud Unit obtained fines payable to the State of Hawaii totaling \$2,750, payments in the amount of \$6,025 to the Crime Victim Compensation Fund, probation services fees in the amount of \$1,500, and community service totaling 2,950 hours.

The Fraud Unit endeavored to meet its statutory mandate to prevent insurance fraud by making available copies of its informational brochure on the topic of auto insurance fraud to the public. Several Fraud Unit investigators also interacted with the public by participating at Chaminade University's annual Criminal Justice Expo. In the area of training, the investigators attended seminars hosted by the National Insurance Crime Bureau, the National Health Care Anti-Fraud Association, the Public Agency Training Counsel, the Reid Technique of Interviewing and Interrogation, the Western States Auto Theft Investigators Association, and the International Association of Special Investigator Units.

HEALTH INSURANCE

The Health Insurance Branch is responsible for regulating health insurers, including health maintenance organizations and mutual benefit societies.

The Health Insurance Branch receives inquires and complaints pertaining to federal and state laws governing health insurance and long-term care insurance. From July 1, 2008 to June 30, 2009, 195 complaints were received. Of the 195 complaints, 125 were resolved and 50 are still pending. Of the remaining 20 complaints, the Health Insurance Branch had no jurisdiction for 13 complaints, 4 were referred for a formal resolution, 2 were referred to the appropriate agency for resolution, and 1 was withdrawn. Of the total complaints, 39 involved claims appeals; 38 involved reimbursement timeliness; 15 involved denial of coverage; 14 involved rate increases; 12 involved policy coverage; 12 involved termination of coverage; and the remaining 65 involved miscellaneous issues.

To protect the policyholders, domestic insurers, including mutual benefit societies and health maintenance organizations, are regularly examined for solvency and compliance with the Hawaii Revised Statutes ("HRS"). For the period July 1, 2008 through June 30, 2009, a report has been filed for the examination of AlohaCare.

In addition, the Health Insurance Branch reviews premium rate filings of managed care plans pursuant to HRS Chapter 431, Article 14G. The Health Insurance Branch received 25 rate filings during the period July 1, 2008 through June 30, 2009. This resulted in consumer savings of over \$11,425,000.

The Health Insurance Branch also reviews long-term care advertising issued by long-term care insurers licensed in the state. The filings are reviewed for compliance with HRS § 431:10H (Long-Term Care Insurance). The Health Insurance Branch received and reviewed 99 long-term care advertising filings during the period July 1, 2008 through June 30, 2009.

The Health Insurance Branch also conducts independent external reviews of managed care plan coverage decisions that are appealed by the plan member pursuant to Chapter 432E, HRS. From July 1, 2008 to June 30, 2009, 11 requests for external reviewx were received.

RATE AND POLICY ANALYSIS

The Rate and Policy Analysis Branch analyzes and approves or disapproves rate filings for casualty, property, motor vehicle, inland marine, surety, credit life and disability, and medicare supplement insurance. The Branch also reviews policy form filings for workers' compensation, motor vehicle, credit life and disability, long-term care, Medicare supplement, temporary disability, and title insurance.

During fiscal year 2008-2009, 3860 rate filings and 4093 policy filings were reviewed; in the preceding year (fiscal year 2007-2008), 3,720 rate filings and 4,553 policy filings were reviewed. The Rate and Policy Analysis Branch also reviewed and analyzed approximately 7,900 motor vehicle insurer reports and other insurer certifications or statements.

Hawaii participates in the National Association of Insurance Commissioners' (NAIC) filing process known as SERFF or the System for Electronic Rate and Form Filing. Hawaii began accepting life insurance products via SERFF in 2001; limited property and casualty lines in 2007 and all lines in 2008. A total of 1,892 electronic filings were processed through SERFF during the fiscal year.

During the fiscal year, the rating organizations and insurers participating in the Insurance Division E-Transmittal filing system submitted 99 filings for approval or acceptance.

Act 104, SLH 2004, established Article 30, HRS chapter 431, which permits Hawaii to join with other states to regulate designated insurance products through an interstate insurance product regulation compact ("IIPRC"). The Commission for the IIPRC became effective May 2006 when 26 states representing a total exceeding forty percent of the premium volume for life, annuities, disability income and long-term care insurance products established similar statutes; 36 jurisdictions are currently members of IIPRC. Bylaws, operating procedures and 54 product standards on life and annuity products have since been adopted and the IIPRC approved 122 filings this fiscal year.

Article 14, HRS chapter 431, as amended in 1990, permits rating organizations to develop advisory prospective loss. Member insurers of a rating organization must determine the appropriateness of the loss costs to their insured policyholders and file the final rates it will use as a result of its own independent company decision-making process.

The significant filings approved or impacting the rates or the policies issued during the fiscal year were as follows:

TERRORISM COVERAGE: As a result of the events that transpired on September 11, 2001, many reinsurers did not provide coverage for catastrophic losses resulting from acts of war and terrorism. On November 26, 2002, the President signed into law the Terrorism Risk Insurance Act of 2002 ("TRIA"), a federal reinsurance program for acts of war and terrorism by foreign persons impacting commercial policyholders. On December 22, 2005, TRIA was extended by the Terrorism Risk Insurance Extension Act of 2005 ("TRIEA") with several changes to the program. On December 26, 2007, TRIA was extended to 2014 by the Terrorism Risk Insurance Program Reauthorization Act of 2007 ("TRIPRA") and amended by eliminating the requirement that the act of war and terrorism be committed by foreign persons. Nationwide, commercial policyholders have the option to purchase coverage for a federally declared act of terrorism as reinsured by the federal government.

HURRICANE COVERAGE: As a result of the discontinuation of policies through the Hawaii Hurricane Relief Fund, catastrophe modelers have developed hurricane models to be reflective of Hawaii projected hurricane losses for the purposes of insurance ratemaking. Specific Hawaii models of two nationwide catastrophe modeling firms have been reviewed and accepted for use. Following the southeastern states devastating hurricane losses of 2005, hurricane models utilized by reinsurance intermediaries for the purchase of reinsurance have been significantly altered resulting in substantial increase in the cost of reinsurance for all property insurers with hurricane exposures throughout the United States and globally. While most major insurers of homeowners with the peril of hurricane and those insurers writing property policies limited to the peril of hurricane adjusted their rates and underwriting of new business, three new insurers have entered the Hawaii marketplace.
