## INSURANCE FRAUD INVESTIGATION

The Insurance Fraud Investigation Branch conducts a statewide program for the prevention, investigation, and prosecution of motor vehicle insurance fraud cases and complaints relating to motor vehicle insurance fraud. The branch reviews referrals submitted by the insurance industry, other agencies, members of the public and initiates an investigation in all cases where there is reason to believe that a crime may have been or is currently being committed. State law requires any insurer or insurer's employee or agent who believes that a fraudulent claim is being made to refer the case to the branch within sixty days. The branch also employs a prosecutor to initiate criminal prosecutions when there is sufficient evidence to establish that a crime has been committed. By employing a special prosecutor who is trained in insurance fraud, all cases receive prompt attention and representation in the criminal justice system. The Insurance Fraud Investigation Branch has created a toll free insurance fraud hotline.

The dollar amount involved in actual and attempted fraud and theft cases indicted by the fraud branch equaled two hundred fifty five thousand nine hundred forty-one dollars and twenty two cents (\$255,941.22). Value of the actual fraud and theft cases totaled fifty five thousand one hundred seventy seven dollars and seventy cents (\$55,177.70). Value of the attempt cases totaled two hundred thousand seven hundred sixty three dollars and fifty two cents (\$200,763.52). Of those actual fraud and theft cases which reached final disposition during the fiscal year the branch obtained restitution orders totaling thirty five thousand nine hundred seventy two dollars and ninety cents (\$35,972.90). As a result of all cases which reached final disposition the branch obtained fines payable to the State of Hawaii totaling seventeen thousand three hundred dollars, (\$17,300), payments of one thousand three hundred fifty dollars (\$1,350) to the Criminal Compensation Fund, probation services fees in the amount of one hundred fifty dollars (\$150), and processed a request for the forfeiture of one motor vehicle of undetermined value and cash proceeds in the amount of two hundred dollars (\$200).

During the period of July 1, 2001 and June 30, 2002 the Insurance Fraud Investigation Branch received two hundred seventeen (217) referrals which reflects an increase in referrals of 63% over the previous fiscal year. Of the total referrals, one hundred eighty six (186) investigations were opened. Six (6) referrals were made to other agencies. Seventeen (17) criminal indictments against twenty (20) individuals were obtained. Fourteen (14) criminal cases were resolved in favor of the State of Hawaii, and six (6) grand jury bench warrants were obtained but remain outstanding.

The Fraud Branch endeavored to meet its statutory mandate to prevent insurance fraud by developing an informational brochure on the topic of auto insurance fraud for the general public. Copies of the brochure were distributed by the Hawaii Public Library System to all of their branches statewide. During the fiscal year 908 brochures were distributed to private citizens, insurance companies, military and state agencies. Since publication 4898 copies of the brochure have been distributed.

One of the primary goals of the Insurance Fraud Investigation Branch is to educate the public, insurance industry and law enforcement about motor vehicle insurance fraud. To meet this objective the branch conducted fourteen (14) informational presentations. Presentations took place at insurance companies, a fraud seminar sponsored by the Hawaii Insurance Claim Managers Association, District Watch at the Honolulu Police Department and at a meeting of Western States Auto Theft Investigators.

Additionally, the branch sponsored a training on CPT Codes and Diagnostic & Financial Kickback Schemes. Training was conducted by respected lecturers from the National Insurance Crime Bureau. Attending the training were 76 representatives from various agencies and insurance companies including representatives from the Department of Commerce and Consumer Affairs, Department of the Attorney General and the National Insurance Crime Bureau. In total, during the fiscal year 2001, through fraud informational presentations, the branch educated 490 individuals about the crime of motor vehicle insurance fraud.

In the area of training three branch investigators attended and completed training at the National Insurance Crime Bureau's Special Investigations Academy and a branch auditor earned certification as a Professional Coder by the American Academy of Professional Coders.

**HEALTH INSURANCE**

The Health Insurance Branch is responsible for regulating health insurers, including health maintenance organizations and mutual benefit societies.

The Health Insurance Branch receives inquires and complaints pertaining to federal and state laws governing health insurance, including long-term care insurance. From July 1, 2001 to June 30, 2002, one hundred and forty-four (144) complaints were received. Of the one hundred and forty-four (144) complaints, one hundred thirty-three (133) were resolved. Of the total cases, seventy-three (73) involved claims. Four cases are still pending. As a result of the assistance conducted by the Health Insurance Branch during this period, consumers saved or recovered more than \$123,000 from insurers, health maintenance organizations, and mutual benefit societies.

The Health Insurance Branch also reviews long-term care advertising issued by long-term care insurers licensed in the state. The filings are reviewed for compliance with Hawaii Revised Statutes § 431:10H (Long-Term Care Insurance).

The Health Insurance Branch also provides administrative and technical support to the following task forces:

- Patients' Rights and Responsibilities Task Force and subcommittees, pursuant to Act 178, Session Laws of Hawaii (1998) and

## RATE AND POLICY ANALYSIS

This branch analyzes and approves or disapproves rate filings for casualty, property, motor vehicle, inland marine, surety, credit life and disability and medicare supplement insurance. The unit also reviews policy form filings for workers' compensation, motor vehicle, credit life and disability, medicare supplement, temporary disability and title insurance.

Act 255, 1990 Session Laws of Hawaii (SLH), amended Article 14 of Chapter 431, Hawaii Revised Statutes, to establish a loss cost filing system for casualty, surety, property, marine and transportation insurance in order to promote competition in the Hawaii insurance market. Under the loss cost filing system, rating organizations do not file final rates but instead develop and file, for approval, advisory prospective loss costs and supporting actuarial and statistical data. Each insurer must determine the appropriateness of the loss costs to their insured policyholders and file the final rates it will use as a result of its own independent company decision-making process.

During the fiscal year, 3,455 rate filings and 3,658 policy filings were reviewed; in the preceding year, 3,167 rate filings and 3,412 policy filings were reviewed. The Rate and Policy Analysis Branch also reviewed and analyzed approximately 7,300 motor vehicle reports and statements.

On November 21, 2001, Hawaii became the 40<sup>th</sup> state to begin accepting electronic form filings for life insurance products through the National Association of Insurance Commissioners' filing process known as SERFF. Fifty-seven electronic form filings were processed.

The significant filings approved during the fiscal year were as follows:

**WAR AND TERRORISM EXCLUSIONS:** As a result of events that transpired on September 11, 2001, many reinsurers are no longer providing coverage for catastrophic losses that may result from acts of war and terrorism. Insurers unable to obtain adequate reinsurance for acts of war and terrorism impacting commercial policyholders have been allowed to exclude such coverage in order to ensure future financial solvency. Nationwide, commercial general liability, commercial property, commercial farm and commercial inland marine policyholders renewals have been issued on an insured's acceptance of the war and terrorism exclusions.

**LIMITED FUNGI, WET OR DRY ROT OR BACTERIA COVERAGE:** In response to court rulings in which extraordinary losses were incurred for the remediation of toxic mold and similar substances, most commercial and personal insurance policies limit the liability for such losses. Most policyholders are afforded the opportunity to purchase increased limits.

**MEDICARE SUPPLEMENT INSURANCE:** Hawaii Administrative Rules were amended effective October 15, 2001, in accordance with Federal requirements. Companies providing medicare supplement insurance must adhere to a schedule of ten standard benefit plans, including two modified for high deductibles. There are twenty-three licensed issuers of medicare supplement insurance with one or more approved standardized plans.

**BOILER & MACHINERY:** On November 9, 2001, revisions to boiler and machinery loss costs were approved with no overall experience level change.

**CLASSIFICATION TABLE:** On May 3, 2002, revisions to the Commercial Lines Manual Classification Tables on business risk classifications were approved.

**COMMERCIAL FIRE AND ALLIED LINES:** On October 16, 2001, revisions to multistate loss costs for miscellaneous coverages in the commercial fire and allied lines program were approved with minimal overall impact.

**COMMERCIAL GENERAL LIABILITY:** On September 25, 2001, revisions to the general liability basic limits loss costs were approved with an overall impact of +15.0%. On May 3, 2002, concurrent revisions to general liability loss costs for business risk impacted by the revision of the Commercial Lines Manual Classification Tables were approved.

**MEDICAL MALPRACTICE:** Nationwide, few insurers specialize in writing medical malpractice insurance. During the fiscal year, two of the five major insurers doing business in Hawaii received approval for rate increases averaging 6%.

**WORKERS' COMPENSATION:** On July 31, 2001, revisions to the workers' compensation loss costs to reflect the Department of Labor and Industrial Relations' approval of the American Medical Association, 5<sup>th</sup> Edition, "Guides to the Evaluation of Permanent Impairment" were approved with an overall impact of +3.5%. And on February 4, 2002, revisions to the workers' compensation loss costs to reflect benefits level increases and rising loss experience were approved with an overall impact of +4.6%. These two loss cost increases totaling +8.3% were preceded by three mandated loss cost adjustments pursuant to Act 261, 1996 SLH, which resulted in workers' compensation loss costs being reduced by as much as 40.7%. As a result, workers' compensation loss costs in 2002 are 35.7% lower than the workers' compensation loss costs prior to Act 261.

Act 261, 1996 SLH, further authorizes the establishment of a domestic mutual insurer to be the residual market plan for workers' compensation. The domestic mutual, Hawaii Employers Mutual Insurance Company (HEMIC), issued its first policy effective July 20, 1997. Act 300, 1997 SLH, permits HEMIC to make multiple rate filings. HEMIC introduced Tiers I, II, and III on November 1, 1997, and Tier IV on May 1, 2001.

**MOTOR VEHICLE:** Pursuant to Act 251, 1997 SLH, all authorized insurers were required to implement at least a twenty to thirty-five per cent reduction on the premiums approved for policies effective on July 1, 1996, for those insureds with only the mandatory minimum coverages required under the Act. All licensed motor vehicle insurers issuing **private passenger** policies complied with the statutory mandate of no less than a twenty per cent reduction on the mandatory minimum PIP and liability coverages. And, during the fiscal period 98-99, eleven major insurers filed additional overall reductions with an overall impact of -4.7%.

On September 14, 1999, revisions to the private passenger automobile loss costs were approved with an overall impact of -21.2%. Pursuant to commissioner's authority under Act 251, insurers were mandated to file rate reductions no later than December 15, 1999. During the fiscal period 99-00, private passenger rates were reduced with an overall impact of -5.0%. During fiscal period 00-01, private passenger rates were reduced with an overall impact of -1.4%.

Eighteen insurance companies write more than 95% of the private passenger insurance market. During this fiscal period, six major insurers' approved rate changes averaged +6.9% resulting in an overall +2.7% impact on motor vehicle private passenger premiums.

While several licensed motor vehicle insurers issuing **commercial** policies petitioned for exemption from the mandatory minimum coverage requirements by demonstrating that such rates would prevent the insurer from obtaining a fair rate of return, five new or previously inactive insurers entered the commercial voluntary market place as a result of Act 251.

On July 8, 2002, revisions to the commercial automobile loss costs to include unallocated loss adjustment expenses were approved with an overall impact of +0.8%.
