Call to Order: There being a quorum present, Chairperson Arita called the meeting to order at 8:35 a.m.

Agenda: The agenda for this meeting was filed with the Office of the Lieutenant Governor, as required by Hawaii Revised Statutes ("HRS") section 92-7(b).

Minutes: It was moved by Mr. Martin, seconded by Mr. Lee, and unanimously carried to approve the meeting minutes and executive session minutes of July 22, 2011, as circulated.

Amendments to Agenda: None.

Chapter 91, HRS, Adjudicatory Matters: Chairperson Arita called for a recess from the Board's meeting at 8:35 a.m. to discuss and deliberate on the following adjudicatory matters pursuant to HRS chapter 91.

1. Settlement Agreements

- a. In the Matter of the Contractor's License of Constante O. Medina, individually and doing business as Voltage Electric; CLB 2010-414-L

A complaint was filed with RICO alleging that Constante O. Medina failed to secure workers' compensation insurance for a period of three months for four employees and performed work under an expired trade name.

The Board discussed the settlement agreement for Respondent Medina, who does not admit to violating any law or rule, but agrees to pay a fine of \$3,000.00.

After discussion, it was moved by Mr. Martin, seconded by Mr. Kamai, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

- b. In the Matter of the Contractor's License of Matthew R. Houar dba Tropical Wholesale; CLB 2007-104-L and CLB 2010-165-L

RICO received complaints alleging that Respondent Houar performed poor workmanship and failed to complete a project, failed to honor his warranty on a window installation project on another residence, failed to comply with the Board's chapter or rules, failed to provide the required contract disclosures, failed to include the homeowner contract provisions, and misrepresented a material fact on his 2008 renewal application by answering "no" to the question if there are any liens or judgments against him, as he had a federal tax lien filed against him.

Respondent Houar denies the above allegations but enters into the settlement agreement as a compromise, and agrees to pay an administrative fine of \$3,500.00.

After discussion, it was moved by Mr. Martin, seconded by Mr. Mochida, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

- c. In the Matter of the Contractors Licenses of Construction One Inc., doing business as Construction One of Ohio, and Robert C. Moberger; CLB 2011-21-L

RICO received a complaint alleging that Respondents Construction One Inc. and Robert C. Moberger failed to follow licensing laws relating to workers' compensation, and Respondent Moberger, as RME, was not in residence in the State while the project to renovate condominiums was ongoing.

Respondents do not admit to violating any law or rule, but agree to pay an administrative fine, jointly and severally, in the amount of \$11,700.00.

After discussion, it was moved by Mr. Martin, seconded by Mr. Lee, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

## 2. Board's Final Orders

- a. In the Matter of the Contractor's Licenses of Glenview Construction, LLC fka Glenview Construction, Inc., and Daral T. Fujio, RME; CLB 2009-322-L

The Board discussed the Hearings Officer's Findings of Fact, Conclusions of Law and Recommended Order for Glenview Construction, LLC fka Glenview Construction, Inc. (Glenview Construction, Inc. was converted to Glenview Construction, LLC effective September 24, 2009), and Daral T. Fujio, RME as follows:

- (1) In May 2008, Pualani by the Sea Community Association ("Pualani") recorded a lien against Respondent Fujio in the amount of \$1,228.72 for unpaid assessments. In April 2011, Pualani and Respondent Fujio agreed to a payment plan proposal, at which time the amount owed by Respondent

Fujio was in excess of \$3,000.00. As of the date of the hearing on May 11, 2011, Respondent Fujio had paid off most of the amount owed to Pualani.

- (2) In September 2008, an assumpsit action against Glenview Construction, Inc. and Respondent Fujio was filed by the Kiyonaga's alleging that Respondents had breached a construction contract. In May 2009, a judgment was entered in favor of the Kiyonaga's in the amount of \$14,211.35; however, as of the date of the hearing, the judgment remained unsatisfied.
- (3) In September 2008, Island Cedar, Inc. and Dan Hawkins ("Plaintiffs") filed a breach of contract against Glenview Construction, Inc. and Respondent Fujio alleging that they failed to pay Plaintiffs for services rendered and products sold and delivered to Glenview Construction and Respondent Fujio, which were used in various construction projects. In May 2009, a judgment was entered in favor of Plaintiffs and against Glenview Construction, Inc. and Respondent Fujio in the amount of \$55,694.44; however, as of the date of the hearing, the judgment remained unsatisfied.
- (4) In contractor license renewal periods September 2008 and September 2010, and restoration of the license in November 2010, Respondent Fujio answered "no" to the question, "Are there any liens or judgments against you?" on the renewal and restoration applications for himself and Glenview Construction, Inc.

Because of their history, the Hearings Officer recommended that Respondents' licenses be revoked but that such revocation be suspended to give them an opportunity to pay off their obligations. If Respondents fail to comply with the following conditions, then the suspension or revocation will immediately expire, and the licenses will be immediately revoked.

- (1) Respondent Fujio shall fully pay off the lien of Pualani, and provide evidence to RICO of a recorded release of the lien no later than 30 days from the date of the Board's Final Order.
- (2) Respondents shall pay off the Kiyonaga judgment and provide evidence of a recorded satisfaction to RICO no later than 6 months from the date of the Board's Final Order.
- (3) Respondents shall jointly pay a fine in the amount of \$5,000.00 no later than 8 months from the date of the Board's Final Order.
- (4) Respondents shall have fully paid off the Hawkins judgment, and provide evidence to RICO of a recorded satisfaction of

that judgment no later than 1 year from the date of the Board's Final Order.

- (5) Respondents shall rent a post office box for receipt of their business mail, and provide evidence of the post office address to RICO and the Board, no later than 30 days from the date of the Board's Final Order.
- (6) Respondents' licenses shall be revoked but such revocation be suspended as long as Respondents are in compliance with the above conditions.

After discussion, it was moved by Mr. Lee, seconded by Mr. Martin, and unanimously carried to adopt the Hearings Officer's recommended order as the Board's Final Order.

Following the Board's review, deliberation and decisions in these matters, pursuant to HRS chapter 91, Chairperson Arita announced that the Board was reconvening to its open meeting at 8:45 a.m.

At 10:24 a.m., it was moved by Mr. Dill, seconded by Mr. Lau, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

Mr. Sadowski was excused from the meeting.

Recess:

Chairperson Arita called for a short recess at 10:25 a.m.

The Board reconvened at 10:27 a.m.

The agenda was taken out of order and continued with "Appearances Before the Board, g. Ronald Yee, Chairman/CEO, Wasa Electrical Services, Inc."

- g. Ronald Yee, Chairman/CEO  
Wasa Electrical Services, Inc.  
License required to bid

Ronald Yee of Wasa Electrical Services, Inc. stated that their company submitted a proposal as a subcontractor for Sumitomo-Mitsubishi to provide the electrical work for the rail car project, and the low bidder, Ansaldo, won the bid. Mr. Yee brought a copy of an affidavit that he claims Ansaldo submitted as part of their proposal saying that they do not have a license but are currently in the process of obtaining one. Mr. Yee stated that the project consists of building the rail cars and installing the infrastructure. The electrical work alone costs over \$100,000,000.

Mr. Yee stated he asked to appear before the Board to ask whether a license is required to submit a bid. He also stated that a complaint has been filed with RICO.

Executive Officer Oda informed Mr. Yee that it is the Board's general interpretation that a contractor's license is required to submit a bid on contracting work. In this particular case, because no specifications were submitted to the Board, the Board cannot comment on the case brought up by Mr. Yee. However, as a general matter, if work falls within the definition of a "contractor" in HRS chapter 444, a contractor's license is required to submit a bid on such work.

The agenda was taken out of order by continuing with "Committee Reports, 5. Investigation Committee".

- 5. Investigation Committee:  
Neal Arita, Chairperson

- a. Proposed amendments to Subchapter 6, HAR, to codify the scope of work of the "A" General Engineering, "B" General Building, and "C" specialty license classifications.

Chairperson Arita opened the floor to those who wished to comment on the above issue.

Lance Inouye, representing GCA, asked if the Investigation Committee made any decision after reviewing the comments from various associations, unions, etc. He stated that GCA's request is in response to a decision by a Hearings Officer on the Bolton bid protest case. Mr. Inouye

stated that because of the Okada Trucking ruling, GCA's intention is to help the Board codify their rules.

Glenn Nohara of GCA also testified that GCA feels it is important to have the rules amended to aid the procurement office when putting out bids and asking for the proper license classification, and the Hearings Office to make decisions on bid protest cases. GCA believes the Hearings Officer on the Bolton case only referred to the Board's rules and not the laws when making his decision.

Arnold Wong, on behalf of George Paris of the Ironworkers, thanked the Investigation Committee for at least investigating the issues, but felt this matter should not be pursued through rule amendments.

Peter Gannaban brought up a concern by the Laborers Union that the Board's letter requesting comments and testimonies by various associations, unions, etc., was not sent to them. The Laborers Union requested that they be put on the list so they could comment.

Chairperson Arita then reported on the investigation committee ("Committee") findings and recommendations. The Committee met in June and August 2011 after comments and testimonies were received.

The Committee received comments from various trade organizations and companies, and felt the proposed language will not provide significant clarity of the scope of the "A" and "B" contractors and will not alleviate bid protests, but they do think there needs to be some work done on the rules. The Committee is also still investigating issues raised by the Electrical Contractor's Association of Hawaii in its comments regarding the installation of duct lines by "A" general engineering contractors.

The Board informed everyone present that if there is a scope issue on bid protests, it would be best to contact the Board for an informal opinion before filing a protest.

Mr. Inouye stated that Bolton did contact the Board and got a verbal response that the "A" license is required to perform the work on that particular project.

Chairperson Arita stated that it may have been after the fact that the Board was contacted and that it should have been brought to the Board for determination before it went to the Hearings Office.

Deputy Attorney General Tam suggested that if there are any scope issues or questions on a project, the best approach is to present it to the Board as soon as possible and get something in writing rather than verbally. Mr. Inouye again reiterated that GCA's proposal is to make it easier for the Board to justify scope issues. The State paid 44% more on the Bolton case because it went to the second bidder.

Deputy Attorney General Tam stated that under HRS section 92-2.5, the Committee makes a recommendation to the Board at this meeting, and the Board deliberates and makes a decision at a subsequent meeting.

With the arrival of Gary Lee, recovery fund attorney, the agenda was taken out of order so Mr. Lee could present his report.

Committee

Reports:

2. Recovery/Education Fund Committee:

Executive

Session:

At 11:15 a.m., it was moved by Mr. Lee, seconded by Mr. Martin, and unanimously carried to enter into Executive Session pursuant to HRS section 92-5(a)(4) to consult with Gary B.K.T. Lee, the Board's recovery fund attorney, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities.

At 11:16 a.m., it was moved by Mr. Akasaki, seconded by Mr. Mochida, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

Executive

Session:

At 11:17 a.m., it was moved by Mr. Kamai, seconded by Mr. Alcantara, and unanimously carried to enter into Executive Session to consult with Rodney J. Tam, deputy attorney general, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 11:45 a.m., it was moved by Mr. Lau, seconded by Mr. Lee, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

Committee

Reports:

6. Scope of Activity Committee:  
Gerald Yamada, Chairperson

**County of Kauai**

The County of Kauai requests determination on the license required to reconstruct the base course on a roadway resurfacing project. The base will be replaced with cement-treated base ("CTB"), which consists of using the existing base course and asphalt pavement mixed with water and cement. They are asking whether the C-31a Cement concrete may perform the CTB work, or if a C-34 Soil stabilization license is required.

Recommendation: The C-3 Asphalt paving and surfacing, C-31 Masonry, C-31a Cement concrete, or the C-34 Soil stabilization license is required to perform the above work.

**Regenerations Botanical Garden**

Regenerations Botanical Garden requests determination on whether a license is required to install a food garden at a Dept. of Health facility on Kauai, whose

purpose is to provide a healthy outdoor activity for the facility's members, and to provide fresh fruits and vegetables for the facility's kitchen. Work includes:

- (1) Removing existing vegetation (small trees and shrubs)
- (2) Installing a perimeter fence
- (3) Installing an irrigation system
- (4) Tilling the soil
- (5) Garden bed creation/shaping
- (6) Planting of fruit and nitrogen-fixing trees

They also believe, and is requesting determination that, the above activities are agricultural and do not require a contractor's license.

The plans also call for a level footprint for the construction of a greenhouse, construction of the greenhouse, and creation of a cement path for ADA accessibility. They are planning to hire a licensed contractor for the construction of the greenhouse and the level footprint for the construction of the greenhouse, but are requesting whether a contractor's license is required to install the cement path for ADA accessibility

Recommendation: While the components of the garden are agricultural in nature, a contractor's license is required for the installation of the perimeter fence. A contractor's license is also required to install the cement path.

The Dept. of Health will have to contract directly with the licensed contractor regarding the above items, and they should check with the county to determine whether a permit is required to install the cement path.

After discussion, it was moved by Mr. Lee, seconded by Mr. Dill, and unanimously carried to approve the above scope recommendations.

Recess:

Chairperson Arita called for a short recess at 12:30 p.m.

The Board reconvened at 12:35 p.m.

The agenda was taken out of order and continued with "Legislation Committee", "Rules Committee", "Conditional License Report", and "Applications Committee".

3. Legislation Committee:  
Denny Sadowski, Chairperson

None.

4. Rules Committee:  
Randall B. C. Lau, Chairperson

None.

7. Conditional License Report  
Verna Oda, Executive Officer

**Sione Filimoehala (Individual)**

The Board discussed Mr. Filimoehala's request for a conditional license. He is reapplying for the C-31 Masonry classification, so experience is not an issue; however, he has a federal tax lien and numerous credit account issues.

After discussion, it was moved by Mr. Lee, seconded by Mr. Akasaki, and unanimously carried to deny Mr. Filimoehala's request for a conditional license.

8. Applications Committee:  
Daryl Suehiro, Chairperson

Executive Officer Oda, in Mr. Suehiro's absence, presented the Applications Committee report:
