Applications:

Applications

Massage Therapy Establishment ("MAE")

Human Remodeling LLC

The Board reviewed the documents submitted in which the applicant's MAE would be located at the Haleiwa Farmer's Market.

The Chair questioned whether there are restrooms at the location.

The Vice Chair objected to the Board's review of this application. She cited to the volume of items on the agenda and the difficulty it was to have to review documents just provided at the table. In noting that no sanitation clearance was submitted, the Vice Chair stated that for other requests to obtain an MAE without a sanitation clearance, the applicant provided the Board with a letter from the Department of Health ("DOH") which stated that they (DOH) would not do an inspection of the location. The Vice Chair stated that the applicant should be required to do the same.

The DAG noted that the Board received a letter from Rex Mitsunaga, Program Manager of the DOH Sanitation Branch in 2009 which clearly stated that the DOH will not conduct inspections of open-air type massage establishments/shops. The DAG asked why, then, would the Board require each applicant to provide a letter from the DOH when the Board has already received a letter directly from the DOH.

The EO reminded Board members that they previously discussed these types of open-air proposed MAEs during its October 28, 2010 meeting and that based on its discussion, the Board made a decision, as recorded in its minutes. Utilizing that information, the EO stated that when fielding phone calls regarding these types of premises, the EO has been telling callers about the documents/information they are required to submit and that each application will be reviewed by the Board.

Citing to the information provided by the applicant, the Vice Chair expressed her concerns:

1. applicant was previously cited for unlicensed MAE activity by RICO;
2. to her knowledge, the Board has never approved any MAE without a roof;
3. about 2 – 3 years ago, the Board denied an application for MAE that would be conducted at a farmer's market.

The Vice Chair was asked if the license denial she was referring to was done in light of the DOH's letter.

The Vice Chair replied that the denial was issued before the Board received the DOH's letter.

The EO stated as to the Vice Chair's concerns about alleged unlicensed activity and citations, was the Vice Chair asserting that the applicant should be barred from engaging in MAE activity? The EO further stated that RICO's pursuit of a respondent for unlicensed activity is a separate matter; that even if the applicant becomes licensed at some future date, RICO can still pursue them for the alleged unlicensed activity. For this and other licensing areas, for consumer protection and to ensure that those engaging in the activity do so legitimately, the licensing authority seeks compliance vs. barring them from entering the profession.

The Vice Chair stated that she was just reading the applicant's letter out loud.

There was a lengthy discussion about the Board's previous discussion, the application of the DOH's rules as pertains to MAEs, the Board's lack of authority to implement the DOH's rules and the consequences should the Board reverse its position on the matter.

The Chair asked if the Board can require applicants to comply with the DOH's sanitation requirements for non-traditional establishments.

The DAG stated that the Board does not have the authority to require compliance with the DOH's laws and rules; the DOH has the authority.

Ms. Nagashima stated that applicants should be required to meet the DOH rules.

The DAG stated that, among others, the DOH guidelines require walls, a floor, and a ceiling, which these applicants cannot comply with.

The DAG stated that it is not appropriate for the applicants to be required to comply with some provisions of the DOH and not others.

The Vice Chair noted that the sanitation guidelines include things like disposal of garbage and offal. She maintained that applicants should be required to comply with all of the DOH guidelines.

The Chair stated based on this discussion, the Board needs to amend its rules regarding sanitation requirements.

The Vice Chair agreed, emphasizing that the Board had not approved these applications before.

Ms. Nagashima read out loud HRS, §452-18 which states "The department of health shall prescribe such sanitary rules as it deems necessary, with particular reference to the precautions necessary to be employed to prevent the creating and spreading of infectious and contagious diseases."

The EO reiterated that the Board discussed this matter at its October 29, 2009 and October 28, 2010 meetings.

The Vice Chair moved to defer decision-making on this matter until the Board's next meeting. The motion was seconded by Ms. Nagashima with the Vice Chair and Ms. Nagashima voting "yes", Ms. Chock abstaining, and the Chair voting "no". The motion did not pass.

The Chair noted that the letter from the market's managers states that the stall may change but it will be one closest to the bathroom. She recalls the DOH requirement is that the bathroom be located within 200 feet from the MAE.

The EO asked how the Board would like the staff to respond to these types of inquiries.

The Chair asked if the Vice Chair was present at the October 29, 2009 and October 28, 2010 meetings during which the matter was discussed.

The EO said yes.

The Vice Chair stated that she has no position on this issue and she is not comfortable with voting on the matter.

The Chair asked the Vice Chair to affirm her knowledge of the Board's laws and rules, to which the Vice Chair declined to respond.

The DAG stated that the Board previously addressed the issue because the members recognized that the practice is changing. Therefore, not all establishments may be a traditional brick and mortar facility.

The EO provided hard copies of the October 2009 and October 2010 minutes, which the Vice Chair received.

The Vice Chair noted that the October 2010 minutes contain an inquiry by Janelle Sauer regarding seated chair massages at Mahiku's Farmer's Market at Windward Mall in which the Board stated if the proposed activity would be conducted from the same location (spot/stall, etc.) a massage therapy establishment license would be required.

The Chair moved to approve the application of Human Remodeling LLC. The motion was seconded by Ms. Chock with the Chair and Ms. Chock voting "yes", and the Vice Chair and Ms. Nagashima voting "No". The motion did not pass.

Board members continued discussion.

Upon a motion by the Chair, seconded by Ms. Chock, it was voted on to approve the application of Human Remodeling LLC with the Chair, Ms. Chock and Ms. Nagashima voting "yes" and the Vice Chair voting "no". The motion passed.

At 11:54 a.m., the DAG left.

Massage Therapist

Cheryl Loomis

At 11:55 a.m., Ms. Loomis entered the room.

Board members engaged in discussion on the application and documents submitted.

The Chair asked Ms. Loomis if she would like to address the Board.

Ms. Loomis asked if the Board received all of the documents that she submitted.

Ms. Nagashima said yes. She asked if Ms. Loomis was aware of the Hawaii educational requirements.

Ms. Loomis said yes.

Ms. Nagashima stated that those requirements are outlined in the Board's laws and rules and asked if Ms. Loomis has proof of obtaining those hours.

Ms. Loomis said she still needs to submit transcripts, however, those have not been located by the school through no fault of her own. She said she took physiology at U.H.

Ms. Nagashima acknowledged that the Board received a copy of Ms. Loomis' U.H. transcript, however the Board did not receive any course descriptions with the transcript.

The EO said that in a previous discussion, she suggested to Ms. Loomis that she could ask the Washington Board if they had a copy of her transcripts in their file. She asked if Ms. Loomis had done so.

Ms. Loomis stated that the Washington Board does not require applicants to submit a transcript.

The Chair noted that the Board needs a copy of the transcript and asked if Ms. Loomis kept a copy of the transcript for her files.

Ms. Loomis said that she did not keep copies of her transcript because she did not know that she would need them. She cited to the legislative auditor's report regarding transcripts and the DCCA Director's response.

The Chair informed Ms. Loomis that the Board cannot determine if she meets the current educational requirement without her transcript, course/program information, etc.

Ms. Nagashima asked if the Body Mind Academy is still in operation.

Ms. Loomis said yes, however, they wanted to charge her \$50 to send an email with the documents she wanted. She stated that she did the math to add up all of the hours that she has submitted to the Board and there should be enough to meet the current requirements.

The Chair stated that Ms. Loomis needs to provide curriculum or course descriptions for those hours.

Ms. Loomis stated that she has held onto all of her diplomas and certificates since 1975, however, she did not think she needed her transcripts so she did not keep them. She doesn't see what the problem is. She is presently licensed in Washington and she has been practicing there as well as internationally.

The Chair stated that the education requirements are in place to ensure the safety, health and welfare of the consuming public.

The EO stated that Ms. Loomis attended the Body Mind Academy in 1997 and she provided a school catalog from 2006.

Ms. Loomis stated that she feels her Body Mind Academy certificate along with the school catalog should stand for something.

The Chair explained that the Board cannot use the catalog because it does not outline her studies in 1997.

Ms. Loomis stated that she requested the catalog from when she attended and it is through no fault of her own that the school sent the wrong catalog.

The Chair asked Ms. Loomis if she had any additional documentation to submit for the Board's consideration.

Ms. Loomis stated that in the January 1981 Sunset Evaluation Report, the Legislative Auditor stated "If the applicant is licensed in another jurisdiction where the licensing requirements are comparable to or more stringent than the requirements in Hawaii, the board has the authority to waive the requirement for examinations." She submitted a copy of this to the Board.

The EO stated that the law has changed since 1981. The Board does not have the authority to recognize a license in another jurisdiction; there is no reciprocity of license.

The Chair stated the members reviewed all of the documents submitted by Ms. Loomis.

After discussion, it was moved by the Chair, seconded by Ms. Nagashima, and unanimously carried to defer decision-making on Ms. Loomis' application for exam and license subject to her submission of additional information.

The Vice Chair noted that the Board was not provided with all of the documentation requested in the application.

Ms. Loomis reiterated that she submitted all of her certificates and diplomas and asked how many of those hours the Board will accept.

Ms. Nagashima noted that the UH transcript does not include hours and Ms. Loomis would have to ask the school to convert the credits to hours if she wants the Board to consider any of the courses on that transcript.

It was moved by Ms. Nagashima, seconded by the Vice Chair and unanimously carried to accept the following supervised hours only towards the hands on training requirement as follows:

Level I (Beginning Training)	48 hours
Review Tutorials (2)	4 hours
Level II (Intermediate Training)	24 hours
Review Tutorials (2)	4 hours
Recommending Tutorials (2)	4 hours

Ms. Loomis was informed that the education requirement is stated in the Board's laws and rules and includes a breakdown of the hours needed to meet the requirement.

The EO informed Ms. Loomis that for example, the Board requires 50 hours of anatomy, physiology and kinesiology, therefore, any excess of hours in those subjects would not be counted.

New Business:

2012 Term – RICO Massage Therapy Advisory Committee

The Board reviewed a list of possible advisory committee members.

By consensus, the Board deferred decision-making on the list provided by RICO for the Massage Therapy Advisory Committee to the next meeting.

Can Massage Therapists Perform Ashiatsu Oriental Bar Therapy?

The Board reviewed an email asking if Ashiatsu Oriental Bar Therapy can be performed by Hawaii licensed massage therapists.

After discussion, by consensus, the Board unanimously determined that based on the information provided, Ashiatsu Oriental Bar Therapy falls within the scope of practice of a massage therapist, therefore, the modality may be performed by Hawaii licensed massage therapists.

This is an informal interpretation for informational and explanatory purposes only and is not an official opinion or decision, and therefore is not to be viewed as binding on the Board or Department.

Is a Massage License Required to Practice Aromatherapy?

The Board reviewed an email from Eve Clute asking if aromatherapy is a massage modality that needs a massage therapy license.

After discussion, by consensus, the Board unanimously determined that based on the information provided, the practice of Aromatherapy is included within the practice of massage therapy.

This is an informal interpretation for informational and explanatory purposes only and is not an official opinion or decision, and therefore is not to be viewed as binding on the Board or Department.

Request from Chenoa Quintero regarding Examination Fees

The Board reviewed a letter from Ms. Quintero asking for the Board to reduce the fees for re-examination.

The EO noted that the Board has a contract with Prometric, the exam provider. The fees are determined by contract. She has requested information from Prometric on how the fees are determined and to date, has not received a response.

After further discussion, by consensus, the Board unanimously carried to inform Ms. Quintero that the Board has taken her request under advisement.

Unfinished
Business:
