

BOARD OF NURSING
Professional and Vocational Licensing Division
Department of Commerce and Consumer Affairs
State of Hawaii

MINUTES OF MEETING

The agenda for this meeting was filed with the Office of the Lieutenant Governor as required by Section 92-7(b), Hawaii Revised Statutes ("HRS").

Date: Thursday, July 11, 2013

Time: 8:30 a.m.

Place: Queen Liliuokalani Conference Room
King Kalakaua Building
335 Merchant Street, 1st Floor
Honolulu, Hawaii 96813

Members Present: Denise L. Cohen, Ph.D., APRN
Jaeda Elvenia, MS, RN
Lorraine Fleming, DNP, APRN
James S. Hoban, Jr, MBA, BA
Thomas Joslyn, MS, CRNA
Amy Stone Murai, MS, APRN
Glenda Tali, MS, APRN

Staff Present: Lee Ann Teshima, Executive Officer ("EO")
Shari Wong, Deputy Attorney General ("DAG")
Lisa Kalani, Secretary

Guest: Uaonani Kalawaia, RN applicant
Joseph E. Washington, LPN

Election of a Temporary Chair: The EO called for volunteers for Chair Pro Tem for today's meeting.
Dr. Cohen volunteered to be Chair Pro Tem.

Call to Order: The Chair Pro Tem called the meeting to order at 8:35 a.m. at which time quorum was established.

Additions/Additional Distribution: Upon a motion by Ms. Stone Murai, seconded by Mr. Hoban it was voted on and unanimously carried to add the following to the agenda.

Additions

7. Executive Officer's Report
 - a. 2013 Legislative Session
 - 5) Act 185, SLH 2013 (HB 1381, HD2, SD2, CD1) –
Relating to Professional and Vocational Licensing
(Military Spouse Bill)

- d. Correspondence
 - 9. APRN (By National Certification) Renewal Concerns, William Higgins
 - 10. Concerns with Board of Dental Examiners' Proposed Amendments to Their Administrative Rules, Matthew Bishop
- 8. Applications
 - a. License Practical Nurses
 - 2) LPN Applicants with prior convictions and/or disciplinary action
 - iii. Johnson, Marcia
 - b. Registered Nurses
 - 2) RN Applicants with prior convictions and/or disciplinary action
 - xvi. Hopkins, Justin
 - xvii. Wade, Tiffeny
 - xviii. Vasquez, Jeannette
 - xix. Morgan, Kristy

At this time the Chair Pro Tem asked all the Board members to introduce themselves.

Approval of the Minutes:

The Chair Pro Tem called for a motion in regards to the minutes of the June 6, 2013 meeting.

There being no amendments, upon a motion by Dr. Fleming, seconded by Mr. Hoban, it was voted on and unanimously carried to approve the minutes of the June 6, 2013 meeting as circulated.

Chair's Report:

None.

Education Committee Report:

Dr. Cohen reported on the following items discussed and recommendations made at the June 6, 2013 Education Committee meeting.

- 1. Hawaii Nursing Programs
 - University of Phoenix – Angie Strawn and Dr. Curley do not meet the administrator requirements pursuant to HAR 16-89-45(d) since neither possess a Hawaii RN license. The Hawaii rules and regulations clearly state that the administrator of a nursing program must hold a Hawaii RN license.
- 2. Foreign Educated Applicants
 - Elena Lisitsyna – Deferred application for RN exam, insufficient information to substantiate meeting the requirements under HAR 16-89-47(c) and (d).

- Mariana Kerr – Recommend approval of LPN exam. Defer application for RN exam, insufficient information to substantiate meeting the requirements under HAR 16-89-47.
3. Old Business
- Proposed Amendments to HAR Chapter 89 - Committee continued their discussion on "Distance Learning" programs.
 - Licensure of MEPN Students – Committee considering the issuance of a temporary license to applicants who are currently in MEPN program and allowed to sit for NCLEX-RN. The temporary license would change to a permanent license upon the student's graduation with a nursing degree but automatically terminate if the student leaves the program prior to obtaining a nursing degree.

Upon a motion by Dr. Fleming, seconded by Ms. Stone Murai it was voted on and unanimously carried to accept the Education Committees recommendations.

Executive Officer's
Report:

2013 Legislative Session

The EO reported on the following legislative measures:

Act 19, SLH (HB 79, HD1) – Relating to Advanced Practice Registered Nurses

This bill changes the degree requirement for APRN recognition from a master's degree in nursing to a graduate degree in nursing. This bill was approved by the Governor on April 18, 2013.

HB 654, HD2, SD1 – Relating to Nursing – On Governor's June 24, 2013 Veto List

This bill was vetoed by the Governor.

SB 655, SD2, HD2, CD1 – Relating to Health – Enrolled to the Governor on May 7, 2013

This bill allows health professionals, including APRNs with prescriptive authority, subject to certain requirements, to treat the partners of patients diagnosed as having certain sexually transmitted diseases by dispensing or prescribing medication to the partners without examining the partners. This bill was approved by the Governor on July 1, 2013.

SR 34 – Requesting the Hawaii State Center for Nursing to Convene a Working Group Composed of Various State Agencies to Identify Barriers Relating to the Practice of Advanced Practice Registered Nurses to the full Extent of the Nurses' Education and Training in the State

This resolution was adopted by the Senate of the Twenty-Seventh Legislature of the State of Hawaii but that the concurrent resolution was not.

Act 185, SLH 2013 (HB 1381, HD2, SD2, CD1) – Relating to Professional and Vocational Licensing (Military Spouse Bill)

This bill limits licensure by endorsement or reciprocity for military spouses to those spouses who are present in the State for at least one year pursuant to military orders. Specifies that a license issued to a military spouse by endorsement or reciprocity shall be valid for the same time period as other similar licenses, limits the validity of the license to a maximum of one year in the aggregate. This bill was approved by the Governor on June 25, 2013.

Licensing

2013 Renewal – Status

The EO reported as of July 8, 2013 the total numbers of licensees renewed are as follows:

APRN – 1, 023 renewed out of 1,148

RN – 19,552 renewed out of 22,573

LPN – 2,254 renewed out of 2,254

She also reported that more than half of the APRN-Rx licensees have submitted their CE's to have the prescriptive authority privilege placed on their APRN license.

Also, the EO reported she recently had a conversation with someone in the DEA office stating that they will not issue a DEA registration without first seeing the APRN's prescriptive authority for controlled substance. The EO stated this is a public safety issue and will not issue prescriptive authority controlled substance to an APRN without the APRN first submitting proof of their DEA registration. The EO is still waiting to hear back from the DEA office regarding this issue.

Dr. Fleming asked if there is a purpose to splitting the prescriptive authority into controlled and non-controlled.

The EO stated that it would be easier for the pharmacists to know if they can fill a prescription for the APRN and that some APRNs who had prescriptive authority for controlled substances in another state, assume they can carry that prescriptive authority when practicing in this State but that the APRN still has to register with the Hawaii State Department of Public Safety, Narcotics Enforcement Division.

Dr. Fleming clarified her question by asking why it is a two tiered approval for prescriptive authority. Why not just approve for prescriptive authority with controlled substances at one time.

The EO stated that she is working on the new application and it will eventually come to that.

Wall Certificates for Nurses

The Board discussed a request to discontinue issuing wall certificates to newly licensed nurses.

The EO explained that currently, only those nurses who obtain their license by exam receive a wall certificate and that in other licensing areas, the licensee is required to display their wall certificate at their place of business, whereas, in nursing, this is not a requirement.

The DAG clarified that this would be a directional change, not a law change.

The EO also mentioned that eventually she would like to rely on the online verification in lieu of issuing a pocket card license.

Mr. Hoban stated that there may be instances, specifically in the case of an emergency where proof of credentials is necessary and that having a hard copy pocket license would suffice if the online verification is not available.

Upon a motion by Dr. Fleming, seconded by Ms. Stone Murai it was voted on and unanimously carried to discontinue the issuance of wall certificates with the Chair Pro Tem, Dr. Fleming, Ms. Stone Murai, Mr. Joslyn, Ms. Elvenia, Ms. Tali voting "yes" and Mr. Hoban abstaining,

Conferences/Seminars/Meetings

The EO reported on the following:

2013 Discipline Conference, June 5-7, 2013

Diane Corn, RICO Staff Attorney attended and will give a report at the September Board meeting.

2013 NCSBN Annual Meeting, August 14-16, 2013

Ms. Stone Murai and Mr. Hoban will be attending.

2013 NCLEX Conference, September 9, 2013

Dr. Cohen will be attending.

2013 NCSBN Leadership and Public Policy Conference, September 17-19, 2013

Dr. Fleming will be attending.

Correspondence

LPN Scope of Practice – Insertion of a PICC Line

The Board discussed an email inquiry from Cecile Sullivan, Clinical Support Specialist for Bayada Home Health Care asking for clarification on the limits and/or practice abilities for an LPN to provide central venous therapy. Her question, "Are LPNs able to provide medication administration, monitoring of the central license *insertion of a PICC line?"

The EO stated she knows the Board has addressed this before but wanted the Board to discuss for the new Board members.

The Chair Pro Tem stated she teaches an LPN career lateral program and PICC lines are not taught at that level.

Ms. Elvenia stated a lot of home care patients get PICC lines to go home for IV therapy, however in most cases an RN is providing the medication administration and monitoring.

Ms. Stone Murai stated there are some places that allow competent LPN's to use the line but not insert the line.

Dr. Fleming stated this is not an expected competency for an LPN.

Ms. Stone Murai stated that the Board has historically not approved or disapproved specific procedures.

The Chair Pro Tem stated this is not under the LPN's level of education even with advanced training.

After further discussion it was the consensus of the Board to refer this inquiry to the Practice Committee for clarification.

Home Health Nurses – Accepting Verbal or Written Orders and Accepting Orders from Out-of-State Physician

The Board discussed an email inquiry from Stacy Kenitzer, Care Team Supervisor for Centric Health Resources asking if home health nurses or independent contractors can accept verbal orders or do they require written orders and if they can accept out-of-state physician orders.

The Chair Pro Tem stated home health nurses can accept verbal orders. In regards to the second question, they cannot accept out-of-state physician orders.

Mr. Hoban stated according to Medicare guidelines, verbal orders can be accepted as long as they are followed by written orders.

Ms. Stone Murai stated nurses can accept orders from Hawaii licensed physicians.

The EO asked where in the rules and/or statutes does it state verbal orders can be accepted as long it is reduced to writing.

The DAG read a section of §457-2 where it states, "or use of reasonable judgment in carrying out prescribed medical orders of a licensed dentist, physician, osteopathic physician, or podiatrist licensed in accordance with chapter 448". The DAG asked does a prescribed medical order include verbal orders?

The EO asked so this means a nurse can accept verbal orders as long as it's reduced to writing?

The DAG asked how would you describe a verbal order, don't all prescriptions get reduced to writing?

Dr. Fleming stated if you were a home health nurse and the doctor called and said over the phone to give xyz to the patient, that would be a verbal order and the nurse can accept that. The nurse's liability would be if the doctor did not follow up with a written order.

Ms. Stone Murai stated verbal orders always have to be substantiated in writing by someone who is licensed to do it in the state of Hawaii.

It was the consensus of the Board that verbal orders are acceptable if substantiated by written orders, and orders from out-of-state physicians cannot be accepted.

Can a Nurse Operate Medical Device

The Board discussed an email from Sandra Erickson, Research Analyst, on behalf of her client Venus Concepts that sells non-invasive medical devices used for skin tightening, wrinkle reduction, cellulite reduction and circumference reduction. She states that the machine uses magnetic pulses and radio frequencies to deliver the treatments and that the device is an FDA approved class II device.

Ms. Erickson is asking who, under the state law of Hawaii would be able to operate these devices and if a nurse would be able to operate the device, is physician supervision required. She also asked about esthetician's scope of practice.

Dr. Fleming stated we don't know enough about how this device works to know what the ramifications would be.

The DAG advised the Board to check if this falls within the nurses' scope of practice as described in §457-2.

The EO stated as an example, if an RN works in a dermatologist office and the doctor directs the RN to operate this machine and the nurse has received training to operate this machine, then it would fall under the scope of practice as described in §457-2. However, if an APRN wants to do this, under what specialty would this fall under?.

The Chair Pro Tem stated that with the advancement of healthcare and new technology a lot of the things that APRN's are doing now were not part of their basic education back when they received their licenses.

The DAG stated the Board should refer them to §457-2 definitions and inform them if what they are doing falls under the scope of practice of a registered nurse they should seek the guidance of their own private attorney.

The consensus of the Board was to refer them to §457-2.

Request from the American Holistic Nurses Association

The Board discussed an email asking for any update on the Board's position statement as it relates to holistic nursing, holistic treatments and complimentary alternative modalities that RN's may be performing.

Ms. Stone Murai stated other than basic familiarity; this is not part of a basic nursing program. It's training that someone can receive from outside and they can choose to use it in their practice but it's a nurse practicing it, not necessarily the practice of nursing.

The DAG also clarified that the current nurse practice act does not address.

The consensus of the Board is that they do not have a position on holistic nursing, holistic treatments and complimentary alternative modalities.

RNs and LPNs Administering Vaccinations to Adults and Minors (Age 9 – 18 years)

The Board discussed an email inquiry from Andrea Brent of Summit Health, who provides worksite wellness services for employees and health plan members, asking who, an RN, LPN or both, can administer vaccinations to adults and flu vaccinations to children 9-18 years of age, so that they may appropriately staff their clinics.

The Chair Pro Tem stated both RN and LPN can administer vaccines to adults and flu vaccines to children 9-18 years old. An LPN does not necessarily need to be supervised by an RN, supervision of an LPN can be by an RN, APRN, MD or physician assistant.

Dr. Fleming stated that screening a patient does not fall under the LPN scope of practice and that there would need to be someone on sight to supervise the LPN and screen patients.

It was the consensus of the Board that pursuant to HRS 457-2, RNs and LPNs can administer vaccines to adults and minors 9-18 years old. However, the LPN must be supervised by an RN, APRN, MD or physician assistant.

APRN Ordering Home Health Physical Therapy (PT)

The Board discussed an email from JoAnn Lepke asking if an APRN in Hawaii has the authority to sign an order for home health physical therapy or if it has to be a physician.

Ms. Stone Murai stated until recently nurses could order physical therapy (PT) but PT law prohibited it. PT's have since changed their law so now they can accept the order from a nurse, but there is an issue of the patients insurance paying for it. She suggested referring this inquiry to the Practice Committee for further clarification.

The EO asked what further clarification is needed since the Board does not get involved in reimbursement issues.

Ms. Stone Murai stated that she wants to make sure that everyone understands what nurses can legally do in Hawaii in regards to orders.

Mr. Hoban stated we need to give a complete answer.

Dr. Fleming stated the Board does not get involved with payment issues, our only concern is with governing the practice of nursing and HAR 16-89-35 allows an APRN to order PT.

The consensus of the Board is an APRN can order physical therapy.

Request from Licensing Administrator on Board's Position on the Solutions to Legislative and Regulatory Barriers to Hiring of the Hawaii's Healthcare Workforce 20/20 Plan and Report

The Board reviewed the above mentioned report, specifically the following "barriers" and proposed solutions:

Barrier #5

Failure to provide structure for licensing. Licensure laws and regulations for certain health occupations have been passed by the legislature, but the state has not established

licensing authority or finalized processes. Additionally, coordinating licensure with other states may increase the number of professionals willing to work in Hawaii.

Plans to Resolve:

Solution #1 – Provide adequate systems for implementing new laws and set a priority for high-need health occupations.

Solution #2 – The Continuing Education Joint Advisory Committee (CEJAC), established by the Hawaii State Legislature (SCR 167) in 2010 and charge to examine whether continuing education should be a requirement for continued licensure, could also be utilized to determine how new licensure laws should be implemented once they have passed the legislature.

Solution #3 – Coordinate research and sign on to the Nurse Licensure Compact, which allows a nurse with a license in one state to practice in other states, subject to each state's practice law or regulation.

Barrier #6

Scope-of-practice barriers for Advanced Practice Registered Nurses (APRNs) do not allow those nurses to practice to the full extent of their education and training.

Plans to Resolve:

Solution #1 – Establish licensing authority for APRN's expanded scope of practice (Act 169).

Solution #2 – Reform scope-of-practice regulations to conform to the National Council of State Boards of Nursing Model Nursing Practice Act and Model Nursing Administrative Rules (Article XVIII, Chapter 18).

Solution #3 – Require third-party payers that participate in fee-for-service payment arrangements to provide direct reimbursement to Advanced Practice Registered nurses who are participating within their scope of practice under state law.

After some discussion, it is the consensus of the Board that regarding barrier #5, this Board is tasked with determining the licensing requirements but not necessarily creating a licensing structure. Regarding barrier #6, the Board is ensuring that there are no barriers within the nursing practice act to prevent an APRN from practicing to their ability, but that there are other regulations, not under the Board's control or authority that may not have been amended and therefore may not recognize the APRNs current practice.

Professional Licensing Report, January – February 2013

A copy of the above mentioned report was distributed to the Board members for their information.

APRN (by National Certification) Renewal Concerns, William Higgins

The Board reviewed an email William Higgins, an APRN in Hawaii alleging discrimination towards APRNs who received their APRN license with only their national certification. Those APRNs are not able to renew online. Mr. Higgins' states that in order to maintain his national certification, he my complete the required continuing education (CE), but those who applied using their MSN, do not have any CE requirement to maintain their APRN license.

The EO stated she has received this inquiry for the last three renewal periods. The Board has explained to this individual in the past that an APRN with National Certification must provide proof, via hardcopy of their current National Certification in order to renew.

The DAG asked if the online site can receive proof via a PDF, of the National Certification.

The EO responded that she will check on that and stated that she is trying to work on a way to allow all Hawaii nurses to renew online, including those APRNs with only national certification.

Concerns with Board of Dental Examiners rule changes, Matthew Bishop

The Board discussed an email from Matthew Bishop regarding concerns with the Board of Dental Examiners (BODE) proposed rule changes and public hearing on Monday, July 15, 2013.

The EO stated that in HAR 16-79-78, it states, "a practicing certified nurse anesthetist administer general anesthesia, deep sedation, or moderate (conscious) sedation to a patient for the licensed dentist, **provided the licensed dentist is present at all times and supervises the procedures**". The concern is that this does not align with the current APRN practice, which allows the APRN to practice without supervision. The Hawaii Association of Nurse Anesthetist (HANA) will be submitting comments to the BODE and wants the Board to submit comments to support HANA's position.

The DAG stated the BODE proposed rule changes do not include what HANA is referring to. The language in question is not new, but previously existed and that Board of Nursing has no jurisdiction over what the BODE adopts.

The consensus of the Board is to not submit comments to the BODE's public hearing.

Hawaii State Center for Nursing (HSCFN)

Report on Meeting with Kathy Yokouchi

The EO reported that she met with Kathy Yokouchi regarding possible legislation for next year and that the HSCFN is considering the possibility of adopting the NCSBN Model Act and rules that would allow the Board, if they chose to, participate in NURSYS, require criminal background checks for licensees, etc. while still maintaining their authority to reject any rule or provision that the Baord determines is inappropriate or inapplicable to their own practice act.

Dr. Fleming asked so the Board can adopt the Model Act with exceptions.

The EO stated yes.

The DAG asked isn't it more responsibility on the Board to adopt the entire Model Act and opt out than it would be to just adopt certain sections at a time.

The EO said yes and that Ms. Yokouchi is working on a comparison sheet between the Board's laws/rules and the NCSBN model.

Ms. Stone Murai asked if they are trying to push toward compact state licensure.

The EO asked the Board what their thoughts are on compact licenses.

Mr. Hoban stated he is opposed to compact rules because the Board has no control over who comes and goes thru the compact states.

The EO asked so a nurse who is part of the compact can come to Hawaii and work without notifying the Board that they are practicing in our state.

Mr. Hoban stated that his understanding is that if Hawaii was to join the compact states, then we would have to license nurses coming from another compact state, automatically without challenging it.

The EO stated that she would have concerns if that was the case as the Board should know who is practicing in this State but was unsure exactly how the NCSBN compact program works.

The DAG clarified the concern is not with the nurse coming and going, the concern is with them being licensed in a compact state over which Hawaii has no control over the standards of their licensing.

Mr. Hoban stated yes.

Ms. Stone Murai stated if Hawaii became a compact state, we would be granting a type of reciprocity with all other compact states that would allow a nurse to practice in any compact state.

The EO wants to make sure the Board has accurate information before they decide whether or not they are for or against compact state licensure.

Ms. Stone Murai suggested tabling this conversation until the Board has more information.

Ms. Elevation stated a temporary license is required and that a nurse licensed in a compact state must meet the license requirements in the primary state of residence, when practicing in a remote state the nurse is accountable for complying with the nurse practice act of that state.

The EO stated she will try to get more information.

Concerns with Hawaii State Center for Nursing (HSCFN)

The Board reviewed an email from Joe Washington who has concerns with the \$40 fee for the HSCFN. In his email he stated that most nurses that he spoke with had no idea what the fee was for. He also had concerns when he found out the HSCFN was tied to the University of Hawaii and that 24,000 nurses are paying \$960 every two years so how do nurse benefit from

the HSCFN. He also expressed his concerns over HB 654 that would allow the HSCFN to have access to his email address and feels strongly that this bill is infringing on his privacy and forcing him to take a survey that he does not want to take.

Mr. Washington was present to address the Board and reiterated his email concerns.

The DAG stated perhaps a meeting with your Legislators would be more productive because the Board has no control.

Mr. Joslyn informed Mr. Washington that the online survey was voluntary.

Mr. Washington said when he renewed online and tried to do the survey, he couldn't get out of it to do anything else.

Ms. Stone Murai stated that the \$40 fee section lives within the nursing law but it's not anything the Board has control over. It lives there because it's related to nursing and the renewals are the way the fees are collected.

The EO stated in 2003 the HSCFN was created by the State Legislature to conduct research on workforce issues and other assistive healthcare personnel. They were attached to the UH. School of Nursing and Dental Hygiene and all nurses applying for initial licenses and when renewing their license were assessed a fee of \$40 to be paid to the HSCFN. Last year the Board supported legislation that repealed the sunset date of the fees.

Mr. Washington stated he doesn't understand what is meant by the repeal of the sunset date.

The EO stated last year there was a bill to remove a "deadline" date for which the HSCFN could collect the \$40. The Board and others testified to support the HSCFN and the legislation to basically continue funding the HSCFN.

Mr. Washington asked if nurses were alerted to this.

The EO stated there were public hearings at the Legislature.

Mr. Washington asked if nurses in Hawaii were told about it.

The DAG stated the Board does not notify nurses of every legislative proposal and asked Mr. Washington, as a licensee does he receive HSCFN annual reports.

Mr. Washington stated he did not know.

The EO stated she will refer Mr. Washington's inquiry to the HSCFN with a copy/report back to the Board on their response and a copy of their annual report.

Executive Session: At 10:40 a.m. upon a motion by Mr. Hoban seconded by Ms. Stone Murai it was voted on and unanimously carried to move into Executive Session in accordance with HRS, 92-5(a) (1) and (4), "To consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in section 26-9 or both;" and "To consult with the board's attorney on questions and issues pertaining to the board's powers, duties, privileges, immunities, and liabilities".

Ms. Elvenia was excused from the meeting at 11:15 a.m.

At 11:16 a.m. upon a motion by Mr. Hoban, seconded by Ms. Stone Murai, it was voted on and unanimously carried to move out of executive session.

Applications: **Licensed Practical Nurses**

Ratification List

Upon a motion by the Chair Pro Tem, seconded by Ms. Stone Murai, it was voted on and unanimously carried to ratify the attached list of LPNs (LPN-17556 to LPN-17565).

Applications: **Licensed Practical Nurses**

LPN Applicants with prior convictions and/or disciplinary action

Upon a motion by Dr. Fleming, seconded by Ms. Stone Murai it was voted on and unanimously carried to approve the following applications:

Sajouste, Elard
Webster, Kimberly
Johnson, Marcia

Registered Nurses

Ratification List

Upon a motion by the Chair Pro Tem, seconded by Ms. Stone Murai, it was voted on and unanimously carried to ratify the attached list of RNs (RN 74314 to RN-74412).

RN Applicants with prior convictions and/or disciplinary action

Upon a motion by Dr. Fleming, seconded by Ms. Tali, it was voted on and unanimously carried to approve the following applications:

Agpaoa, Hazel
Appleton, Susan
Erhartic, Jami
Hanna, Craig Jr.
James, Samantha
Kalawaia, Uaonani
Long, Jaclyn
McLamb, Carol
Nijiki Mbiakop, Gisele
O'Leary, Margaret
Pennington, Jasmine

Reeser, Gail
Scialdo, Kara
Seaton-Brissette, Tiare
Hopkins, Justin
Wade, Tiffeny
Vasquez, Jeannette
Morgan, Kristy

RN Applicants with prior convictions and/or disciplinary action

Upon a motion by Dr. Fleming, seconded by the Ms Stone Murai it was voted on an unanimously carried to approve the following application upon receipt of clarification of applicant's response to the question regarding practiced nursing within the last 5 years:

Nilsson, Axel

Advanced Practice Registered Nurse (APRN)

APRN Applicants with prior convictions and/or disciplinary action

Upon a motion by Dr. Fleming, seconded by Ms. Stone Murai, it was voted on and unanimously carried to approve the following application:

Appleton, Susan

Ratification List

Upon a motion by Dr. Fleming seconded by Mr. Hoban, it was voted on and unanimously carried to ratify the following applications for APRN, APRN-Rx and APRN-Rx for CS:

Pre-October 1, 2009 Requirements

Dalton, Kathleen
Tremblay, Cynthia

Current Requirements

Alli Faduma, Sara B.
Ciancione, Peter Jr.
Vallejo, Donna

Advanced Practice Registered Nurse-Rx (APRN-Rx)

Alli Faduma, Sara B.
Anderson, Natalie
Kurashima, Mona
Lee, Patricia A.
Napoleon, Tammie
Shaw-Renken, Maralyn
Troshkin, Vadim

Advanced Practice Registered Nurse-Rx for Controlled Substances

Amone, Kaori
Berlin, Kara
Kurihara, Joy S.N.
McGrath, Suwan
Webb, Brandee

Chapter 91, HRS
Adjudicatory Matters:

The Chair Pro Tem called for a recess from the meeting at 11:25 a.m. to discuss and deliberate on the following adjudicatory matter(s) pursuant to Chapter 91, HRS

In the Matter of the Application for a Nursing License of Melissa Tasaki, RNS-LIC-2013-001, Hearings Officer's Findings of Fact, Conclusions of Law and Recommended Order Granting Respondent's Motion to Dismiss

Upon a motion by Ms. Stone Murai, seconded by Ms. Tali it was voted on and unanimously carried to approve the Board's Final Order.

Following the Board's review, deliberation, and decisions in these matters, pursuant to Chapter 92, HRS, the Chair announced that the Board would reconvene to its scheduled open meeting at 11:26 a.m.

Election of Officers:

The EO announced that the Chair Pro Tem for the August meeting will be Ms. Stone Murai and the Chair Pro Tem for the September meeting will be Dr. Fleming.

Next Meeting:

The Chair Pro Tem announced the next scheduled Board meeting as follows:

Thursday, August 1, 2013
8:30 a.m.
Queen Liliuokalani Conference Room
King Kalakaua Building, 1st Floor
335 Merchant Street
Honolulu, Hawaii 96813

Adjournment:

There being no further business to discuss, the meeting was adjourned at 11:28 a.m.
