Chair's Report: None.

Vice Chair's Report: None

Executive Officer's Report: **Meeting with Representatives of the Okinawa Prefectural College of Nursing, "Development of competence scale for senior clinical nurses"**

The EO reported that she met with 2 representatives from the Okinawa Prefectural College of Nursing who wanted to know about nursing continuing education and career development of a clinical nurse in Hawaii and the United States. The EO informed them that Hawaii did not require continuing education for nurses, except for advance practice registered nurses with prescriptive authority.

The representatives indicated that in Okinawa and Japan, a one-time lifetime nurse license is issued to a nurse, meaning, precluding need for renewals, which brings up the question of how to verify continued competency.

Copies of an article, "Development of competence scale for senior clinical nurses", that reported on findings related to a survey of Japanese nurses on perceived competencies was distributed to the members for their information.

The EO stated that she will email a copy of the report to the Hawaii State Center for Nursing ("HSCFN").

Old Business: **Amendments to HAR Title 16, Chapter 89 – Status Report**

The EO reported that the latest draft was sent to the Governor's Office for request to hold a public hearing. Upon the Governor's approval, there will be a public notice in the newspapers where we will be required to provide at least 30 days notice before the public hearing.

Participation in NURSYS – Status Report

The EO reported that there is no change in the submission of reports, however, she will be attending the NCSBN's Operations Conference in November and hopes to resolve some issues.

Criminal Background Checks

No discussion.

Hawaii State Center for Nursing

Ms. Stone Murai wanted to clarify the discussion the Board had with Dr. LeVessuer and Kathleen Yokouchi at the October Board meeting regarding the HSCFN survey. Ms. Stone Murai stated that she was a little perplexed and sensed some "resistance" from the Board.

The Chair stated that he felt that the HSCFN approach to mandate nurses complete a survey in order to renew their nurse license in order to gather information on the nurse workforce in this State was a little draconian.

Ms. Cohen agreed.

Dr. Fleming stated that she felt it was a mistake to mandate and that good information is not collected through coercion.

Ms. Stone Murai stated that she thought the HSCFN's request was to have the survey in the beginning of the renewal process instead of at the end and agrees that mandating the completion of a survey in order to renew a nurse license is wrong.

The Chair stated that he felt that the HSCFN had already made up their mind, without discussion with the Board, and then came to the meeting, after the fact. He stated that he would appreciate the HSCFN include the Board in their early discussions and does not feel that there is a "collaborating" relationship between the Board and the HSCFN.

Ms. Stone Murai stated that she just wants to make sure that the channels of communication between the Board and the HSCFN is kept.

Dr. Kula recommended the Chair meet, one on one, with the Director of the HSCFN to discuss the Board's concerns.

The Chair agreed.

FSMB, NABP and NSCBN Issue Joint Statement Supporting Analysis of Health Care Workforce Data

Copies of the statement will be distributed to the Board members for their information.

"Nurse practitioners: A vital force in healthcare delivery"

Copies of this article were distributed to the Board members for their information.

The Vice Chair commented that this was a very interesting article.

"Revised CMS Hospital Regulations Address Nursing Barriers"

Lyon, Nathalie

Dr. Kula stated that he is considering the application based on the nature of the alleged violation, not the outcome of the court's decision. He stated that the applicant already disclosed the information so regardless of the outcome of the court decision, he is considering the nature of the pending matter.

Mr. Hoban stated he is also considering the nature of the pending matter and comparing it to the applicant's ability to practice nursing.

Dr. Fleming stated that she disagreed.

The DAG stated that anyone could make the argument that jumping on a law enforcement officer's back reflects an individual's character, attitude towards authority and/or poor judgment. She also stated that since the matter is pending, the court could impose sanctions, for example anger management courses or assessment, which should be considered.

Dr. Kula stated that his understanding is that any individual who has a conviction subsequent to being licensed, must report that conviction to the licensing authority within thirty (30) days.

After further discussion, upon a motion by Dr. Kula, seconded by Mr. Hoban, it was voted on with the Chair, Dr. Kula, Mr. Hoban, Ms. Stone Murai and Ms. Elvenia voting yes and the Vice Chair, Ms. Cohen
