#### **HAR Title 16, Chapter 95 – Status Report**

The EO reported that she will be meeting with the DAG before the next meeting.

Open Forum:

Mr. Edwards reported on SB 655 Relating to Health. This bill allows health professionals, subject to certain requirements, to treat the partners of patients diagnosed as having certain sexually transmitted diseases by dispensing or prescribing medication to the partners without examining the partners. Mr. Edwards stated part of the bill does change Chapter 328 from the standpoint of not requiring the patients name on the prescription when the health professional prescribes for the partner of a patient.

The EO clarified what this means, should a patient be diagnosed as having a sexually transmitted disease and tells the doctor that her partner cannot or will not be seeing a doctor, his/her doctor can write a prescription for the patient for his/her partner under this expedited partner therapy bill without examining the patient or having to provide the partners' name on the prescription.

Dr. Ma asked if a pharmacist can logistically fill a prescription without a name on it.

Mr. Edwards stated a pharmacist will be allowed to fill the prescription without a name as long as it shows it was written under the expedited partner therapy law.

The EO stated she will put SB 655 Relating to Health on next month's Board meeting agenda for discussion.
