

**ATTENTION**  
**ALL VETERINARIANS**

Beginning with the June 30, 2016 renewal of your veterinary license, and for every biennial license renewal thereafter, you are required to complete 20 hours of continuing education ("CE") pursuant to Hawaii Revised Statutes section 471-9.

This is a MANDATORY REQUIREMENT for ALL Hawaii-licensed veterinarians. You must obtain the CE hours from a CE sponsor that is approved by the Hawaii Board, the Hawaii Veterinary Medical Association, the American Association of Veterinary State Boards' Registry, or other board-approved organizations.

For the renewal on June 30, 2016 you must earn 20 hours of CE during the biennium from July 1, 2014 to June 30, 2016.

Failure to do so will result in the forfeiture of your license.

Questions on the mandatory CE requirement should be directed to the Board's office at (808) 586-2697
