Job Description **Para-Medical Assistant - Mental Health**

(Position Description, Class Specification & Minimum Qualification Requirements)

Entry Level Work	HE-2	6.723
Full Performance Work	HE-4	6.724

Function and Location

This position performs a variety of nursing support tasks for mentally ill patients/inmates in a health or correctional facility. The position may work on rotating shifts.

Key Duties and Responsibilities

1. Observe the physical and mental symptoms and conditions of patients and record observations on appropriate forms utilizing a clearly defined format. Notify the Registered Nurse of significant changes.
2. Maintain an awareness of potentially aggressive and escalating verbal and physical behavior.
3. Assist in crisis intervention and the management of aggressive behavior by utilizing verbal and non-verbal de-escalation techniques, and physical control and restraint techniques, when necessary.
4. Take temperature, pulse, respiration, blood pressure, height, and weight and accurately record findings on appropriate forms in the patient's chart.
5. Assist patients with activities of daily living (e.g., bathing, toileting, feeding, grooming, oral hygiene, etc.).
6. Participate in treatment team meetings and provide feedback on patient behavior, conduct, disposition, and progress relating to adjustment and implementation of the treatment plan.
7. Participate in recreational and other diversional activities (e.g., playing card games, ping pong, chess, etc.).
