

Minimum Qualification Specifications  
for the Classes:

PLUMBER I and II

**License and Experience Required**

1. Applicants for Plumber I must possess a valid State of Hawaii Journey Worker Plumber License or Master Plumber License.
2. Applicants for Plumber II must possess:
  - a) A valid State of Hawaii Journey Worker Plumber License **and** one (1) year of work experience as a licensed plumber performing work comparable to a Plumber I in the State service; or
  - b) A valid State of Hawaii Master Plumber License.

**Quality of Experience**

Possession of the required number of years of experience will not in itself be accepted as proof of qualification for a position. The applicant's overall experience must have been of such scope and level of responsibility as to conclusively demonstrate that he/she has the ability to perform the duties of the position for which he/she is being considered.

**Selective Certification**

Specialized knowledge, skills and abilities may be required to perform the duties of some positions. For such positions, Selective Certification Requirements may be established and certification may be restricted to eligibles who possess the pertinent experience and/or training required to perform the duties of the position.

Agencies requesting selective certification must show the connection between the kind of training and/or experience on which they wish to base selective certification and the duties of the position to be filled.

**Tests**

Applicants may be required to qualify on an appropriate examination.

**Physical and Medical Requirements**

Applicants must be able to perform the essential functions of the position effectively and safely, with or without reasonable accommodation.

-----

This is an amendment to the minimum qualification specifications for the classes Plumber I and II, which were approved on December 21, 1992 and October 23, 1992, respectively.
