

Minimum Qualification Specifications  
for the Class:

STREET SWEEPER OPERATOR

**Experience and Training Requirement**

One (1) year of work experience (a) in the operation of a motorized street sweeper, or (b) in the operation of heavy equipment over 10,000 lbs., or (c) in the operation of any other equipment characteristic of the class Equipment Operator III; or any equivalent combination of experience and training.

**Quality of Experience**

Possession of the required number of years of experience will not in itself be accepted as proof of qualification for a position. The applicant's overall experience must have been of such scope and level of responsibility as to conclusively demonstrate that he/she has the ability to perform the duties of the position for which he/she is being considered.

**License Required**

Possession of a valid State of Hawaii motor vehicle operator's license, Type 4 or appropriate Commercial Driver's License with proper endorsements, as applicable.

**Selective Certification**

Specialized knowledge, skills and abilities may be required to perform the duties of some positions. For such positions, Selective Certification Requirements may be established and certification may be restricted to eligibles who possess the pertinent experience and/or training required to perform the duties of the position.

Agencies requesting selective certification must show the connection between the kind of training and/or experience on which they wish to base selective certification and the duties of the position to be filled.

**Tests**

Applicants may be required to qualify on an appropriate examination.

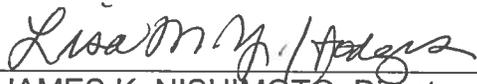

**Physical and Medical Requirements**

Applicants must be able to perform the essential functions of the position effectively and safely, with or without reasonable accommodation.

-----
