and 20 acres from Terrero in 1826, and 20 acres from his father in 1826. The title was never disputed. There are 2 lots remaining in

The title to July 30, 1849.

C. 236th, Chas. Off.

This is the land in Taupas, Maine.

I came to know the land of the Claimant in Taupas, Maine, as the title to Taupas, Maine, is in three pieces. On the east side, one a land grant by the Indian, and the third a three weeks.

The Claimant purchased this from Joseph Prior in 1826, and I have heard he still disputed the title. It is the

Ezra C. Hill, Esq., Attorney for the Claimant, and gave him

the land. He used it to make clothes for his Grandson.

Joseph Dyer now lives on the land, so the Claimant has moved

it to him. Dyer has put up a house for a part of the land,

but I don't know the foundation of the house. The land

has been surveyed in part by Mr. Dyer.

The last thing I know the land of the Claimant. The

statement of the Claimant is correct. I was with the surveyor

on the land, when he surveyed the land, and the old man

showed me where the land to the east, in the first place

went with him and pointed out the correct bounds of the

land. The second is the piece where it is made to that

they were not surveyed.

EXHIBIT 1-C
C. 411. Anaika.

The Claimant received these lands as follows: 21 acres, received from Sakoara in 1826 and 1836 from his parents in other times. There are 2 palisade lots in Sakoara.

2. 2 acres is bounded north by the line of trees, east by the line of Anaika trees, west by the line of trees bounding Anaika, south by the line of Anaika.

C. 5333. 3775. Anaika Pla. (1,3775. is a Claim)

The Anaika Pla. consists of three pieces. The 1.

2. 2 acres is a piece of land on the water side of the Anaika Pla.

3. 2 acres is a piece of land in Anaika Pla.

The Claimant received all his land in 1839. 2 acres from Anaika in the same year, and 2 acres in the year 1836 from Hākinui Pla.

Keawe sworn He has seen Charles Copp's lands, and Nalei's land no. 10160. Nalei's
patches are in Charles land and he had received it from Makole in 1846. He had
not wanted this land he had felt he would have received the land of Kaluapuaa permanently which would leave the Poalima only for Charles. Charles disapproved of
this and asked Nalei to remain on his own interest.

Nalei lived on his own 14 patches at the time Charles went to Hana and he worked
1 days at a time for the Poalima at the request of Kuihelani. Later Nalei lived
under that foreigner J. Lonzada. After I had left Joe , took my interest for
Charles because he had felt, Nalei wanted all of the land for himself. Nalei has
no land at this time.

William Humphreys sworn He has known this: Charles had come to Lahaina and he asked me for a suitable land in Waikapu.

EXHIBIT 1-D
Charles: Where is a good land in Waikapu here?
Humphreys: Palama is a good land.
Charles: The land of a foreigner adjoins the Palama, is it not?
Humphreys: It adjoins Atoni's land
Charles: It is not separated by Wahapaa?
Humphreys: It turns until Kaluapuaa is reached. Go home and come back again.
He did go back home and had talked with Mrs. Hoapili. When he returned, Kaluapuaa was then conveyed to him.

After the death of Kalaikoa this person here came to me and said, "Kaeo is angry and is thinking about demolishing my house", and I said to him, "Don't be afraid, I believe it cannot be done for the houses are protected these days." He made frequent reports to me after that, yet I have not known what had happened. I have heard that the house was demolished. This person here is saying that there was a sale between Judd and him and Keoni Ana and these two have said that they will investigate, when the flag has been returned.

No. 225 - James Lonzada

Puupahoehoe sworn:

I have known these lands, for they were ours (two) under Keeaumoku and Kaahumanu the chiefs, and at that time of Kekauluohi it was taken by Louzada in the year 1844. Food was growing on the land at that time. It was enclosed with fence and was cultivated. No one has ever objected to the present time.

Clark Makapaa sworn:

I was at Waikapa when that land was given away and I had heard at that time that it was Kekauluohi who had given those lands of Aoahamau and Pualinanapao and I had seen him (Lonzada) talking with Kekauluohi. The water lands were bad at that time in that the disadvantage was greater than the advantage and the lot was not enclosed as it is at the present time. The land has been cultivated and it looks good. The expense for the materials for a fence and the building of it was great. The houses too were in bad condition whereas they are now in good shape. We lived close to each other which accounts for my knowing these things.

No. 432 - Antony Siboa (Anthony Sylva)

Kaai sworn:

That had been my land which I had given to this person here. Kaahumanu had given it to my parents. There were some wet patches as well as dry ones and the same conditions exist at the present time and I am the reason this person here is living there. No one has ever objected to him. [They] were our helpers, one of them only now. I do not know the reason the other (helper) has left us.

Mahuka sworn:

I have seen his property at Waikapu which is named Lahuapueo and Kaai had given it to him. Kaai had received it from his parents. The land was in good condition when he (Sylva) had received it and there were people on the place. Kaai had written to me and I gave it (land) to him. That person there built houses there, two mud houses and one grass house.

them from their grandparents. He is a native born of the place and his moo
land of 16 patches is at Kaulupala and that is Kanekoa's land from Holoku who
had lived there a long time on the land his grandparents had given to him.
The new konohiki had objected but it is over now.

Nehe and a house site is there also. Those belongings are for Kanekoa and that
is his very old place. No one has objected to him after Kekumamaawa. A pasture
land also is at Nehe.

Auwae sworn by the Word of God:

I hear Mahuka working in the evenings. When he has worked with his hands
is for him. Later Kaai came and said to me, "Return that which is for your
brother-in-law. I said to him, "I have no place for him to stay if he should
come to live with me." When he did come to live with me I saw Moo working at
Kalo apelu with 5 patches there. Six patches he had given me for my advantage.
Later afterwards, this was taken by Mahuka for a prison. He has four children
and two elderly men.

Manu sworn by the Word of God:

I had heard that Mahuka had complained to the tax assessor and his decision
favored the konohiki, but Mahuka refused to let that land Kalo apelu and the 6
patches be taken and because of this refusal, later the konohiki gave other lands
as replacement for him to work on, but because this land he was claiming was not
being utilized properly,

Mahuka had become fearful that it might become a pressed land altho' there were
attendants there; however, the konohiki assured him that the patches including
the six additional ones were Friday (lands) and I know that Mahuka worked suc-
cessfully with those patches but weariness is the only reward he had received
therefrom. It (land) was taken in the month of May 1846.

Kekuokoa sworn by the Word of God:

I have seen the property of Kahikona which is at Puaho. Kekauonohi had
given this to him after the death of Kalaimoku on Hawaii. It has been enclosed
with a fence with two houses on the inside, one of which is not thatched with
pill. No one has objected to him. The chief had given it to Kekauonohi and

Puupahoehoe built a house there which we occupied with him. It was known by everyone that he was living there, those of Waikapu and those of Wailuku, there was no one who did not know, and there was no opposition until 1848 when Z. P. Kaumaea objected.

Kailihiwa sworn (continued) page 173

I have seen Lumilani's place, I am the right and I had given it to Lumilani. The chief had directed me to survey accurately all of the vacant lands for the sugar cane planters. It was in acres formerly and he is residing there presently. It was in the year 1836 that that place was acquired by L. (Lumilani). No one has objected to him.

Kahilikaula sworn by the Bible:

I have seen Lumilani's place which is at Halaulaalua and it was Kailihiwa who had given him an acre for planting cane and it is in his possession at the present time. The road and Nahela's place are on the north; the lot of Kaumu on the southeast and the house lot of Kahilikaula is on the west side. The konohiki has objected to him.

No. 428 - Kaonohimaka

Kailihiwa sworn by the Word of God:

I have seen the place which Kaonohimaka is claiming. It is from Pikanele to K. (Kaonohimaka); however, I did not count accurately the number of patches he had owned and he acquired that land in the year 1839. However, I had heard that Kaauwai had objected. He has some patches because of a debt and this was the reason for losing the patches. He (Kaauwai) is a son-in-law for Kaonohimaka's co-land owner, and it was he who had given (land) to Kaauwai in the year 1844. Kaonohimaka has lived there from the year 1837 until this present time. See page 184.

No. 455 - Haa

Keakini sworn by the Bible:

I have seen Haa's place. Mamaki had lived there for he was a friend of Haa. Mamaki brought Aiona to live there and he became a friend to Haa. Then Aiona wanted to plant sugar cane there for five years after which he would return the land to Haa; however, it had not turned out as they had agreed orally. All of the patches within the property was planned for Hua but the dry sections were for Aiona and at the present time Haa does have the patches and Aiona has the property. He has a lease with Hoapili-wahine for acres of land for planting sugar cane. The plaintiff demands that leasehold to others be voided and that it would be best for him to have it [land].

Naholowaa sworn by the Bible:

I have seen Haa's property which is in Waikapu. The year in which Kamehameha I had returned from Hawaii is the time he (Haa) began to live there and the place is for him at this time. It has been enclosed with a fence by Haa and a friend named Aiona, whose work there is planting sugar cane. The patches are for Haa and the dry area is for Aiona. An acre of cane land was leased to Hoapili by Aiona which was contrary to Haa's idea. Haa had believed that it was right that contracts should be made by him.

This is a claim to live in part of land at Washapai, Island of Maci. One land is called Washapai, and the other is a house lot in the same district of "Whoonaha."

From the evidence taken it appears that the land, Washapai, was given to the Claimant in the Year 1840 by Hoapili Wahine, Governor of Maci, and that being without a house lot the Claimant, at the same time gave him the one he now claims at Whoonaha.

Claimant has occupied and held undisputed possession of these lands from 1840 down to the present time, and there being no doubt in the opinion of the Board, of the right of the Claimant to hold these lands after the Government of His Majesty was therefore awarded to John Board, a freehold estate less than allotted, or in others words, a life estate in said lands, which title the same Board has in a fee simple by Conveyance as prescribed by law. The boundaries of said lands are as described in the Conveyance of John Richard, on the 2d of February 1847.

This is a claim to a house lot located in Tewotaka
Island, and generally known as the Bancroft lot.

From the evidence taken on this claim, it appears that this lot was formerly obtained by
H. D. Henschel, from some persons or persons unknown,
but through the sanction of Henschel himself (Governor Astor). And that Henschel afterwards sold it to William Bancroft, who with the consent of
the Government, through G. J. Richardson, transferred all his rights in this lot to John Bancroft,
graham of Claimants, on the 15th August 1838.

John Bancroft then after purchasing
this lot, was killed by the Indians on N. B. Forest.
This is a claim to two pieces of land at Waikapu, Island of Maui. One land is called "Koolau"; and the other is a house lot in the same district at "Aikanaha".

From the evidence taken it appears that the land "Koolau" was given to the Claimant in the year 1840 by Hoapili Wahine, Governess of Maui; and that being without a house lot the Konohiki of the district at the same time gave him the one he now claims at Aikanaha.

Claimant has occupied and held undisputed possession of these lands from 1840 down to the present time; and there being no doubt in the opinion of the Board of the right of the donors to bestow these lands upon the Claimant.

We therefore award to John Crowder, a freehold Estate less than allodial, or in other words, a life Estate in said lands; which title he may convert into a fee simple by Commutation as prescribed by law. The boundaries of said lands are as described in the annexed Survey of John Richardson dated 2d February 1847.

Survey of John Crowder's land, called Koolau, at Waikapu, Maui.
On the North is the land called Koloapelu, on the East is the land called Luapuua.

Commencing at the first side, 4 feet from another corner of his lot, 6 feet from an irrigation ditch there, and run along this side
South 85° West 8 chains, 48-8/12 feet along Koloapelu to a patch, turn
North 34° 30' East 40-8/12 feet, turn

Claim No. 416. John Crowder. Maui

Nani. Sworn deposed. There is a land in Wailupe by the name Koilani which belonged to Seepoki Wakoia, and she gave it to John Crowder about the year 1850. There were people living on the land at the time, but they are gone, and now his Father-in-law is there. No Person has interfered with Claimant's rights down to the present time. He also gave orders that he should have a building lot, but not finding one, I gave him one adjoining the land mentioned. The building lot was a part of land which Nahaumana gave to me. No Person has interfered with his rights to the Floweris.

Claim No. 327. John Devere. Maui. Decm. 31, 1854

W. Richards sworn. deposed that all the signatures to the document presented were genuine.

Dapalahao sworn deposed that Pehakii formerly belonged to Claimant's Father-in-law, and descended to the daughter of the wife of Browningburg, and subsequently exchanged and took Pehakii and sold it to Luke Kohaou in 1832, on which he has lived undisturbed down to the present time. Browningburg gave me Kohaou. Claimant has surrounded his land with a fence.

Kauaua sworn deposed. That he knew the rights originally.

TMK (2) 3-6-005:007

Dear Mr. Hardy:

By letter dated April 2, 2012, you indicated that Royal Patent ("RP") 498 had not been provided and that RP 41 was illegible. In addition, translations of the RPs were not included in the original submission. Since the time of the initial submission, we have received the following RPs and translations, copies of which are attached:

Your letter also indicated that certain LCAs for which appurtenant rights are claimed do not appear on the tax map:

1. LCA 8874:1: As noted in the legend printed on the map, we believe there is a typo on the tax map, and that the parcel labeled as LCA 8824 is LCA 8874:1. This is supported by the map included in the LCA, which shows that the shape of Ap. 1 is the...
same as LCA 8824 on the tax map, and the description of Ap. 1, which indicates that adjoining parcels are owned by Kaai (Grant 2609) and Haawahine (LCA 491:3).

2. LCA 462:1: A copy of a portion of the tax map is attached, which highlights the location of this LCA on the tax map.

If we are able to provide additional information to assist in locating the various LCAs and Grants, we will let you know.

Please feel free to call us if you have any questions or require any additional information.

Very truly yours,
