REMARKS:

Envisions Entertainment & Productions, Inc., Hawaii Representative for Pyro Spectaculars, Inc. is requesting a right-of-entry permit to perform a fireworks display as part of a private program. The event is scheduled for December 12, 2013. Set up will start at 9:00 a.m. and breakdown by 11:45 p.m. The fireworks display will run for approximately 10 minutes between the hours of 9:00 p.m. and 9:10 p.m.

The proposed activity is of a similar type and scope for fireworks display activities that historically occurred and continues to occur on this and other beach areas across the State. Such activities have resulted in no known significant impacts, whether immediate or cumulative, to the natural, environmental and/or cultural resources in the area. As such staff believes that the proposed event/use would involve negligible or no expansion or change in use of the subject area beyond that previously existing.

Pursuant to the authority delegated by the Board on September 28, 2001 (D-4), right-of-entry permits were issued for fireworks display in the past.

After discussion about different types of commercial activities and any associated requirements, staff brings the request to the Board for disposition. The requested disposition could be in form of a Right-of-Entry permit.

Applicant has not had a lease, permit, easement or other disposition of State lands terminated within the past five years due to non-compliance with such terms and conditions.

In the past, Applicant was only charged for the area of the firing site, which is 1000 square feet (or a charge of \$100.00). But to conduct a display, Applicant needs to exclude the public from a much larger area extending for a radius of approximately 7,853 square feet from the firing site. This safety zone area is located on unencumbered beach and submerged lands. If the daily rent for commercial rights-of-entry were applied to the safety zone, the charge per event would be cost prohibitive for fireworks displays. The exclusion of the public is necessary for their safety but also poses a substantial interference with public use of the beach. Accordingly, as a compromise, staff is recommending that an additional charge of \$500 be imposed to cover Applicant's exclusive use of safety zone around the firing site.

No comments were solicited from government or community agencies.

Mr. Clifford Naeole, Cultural Advisor for The Ritz-Carlton, Kapalua Hotel, staff has recommended that the following conditions must be complied with to prevent any potential negative impacts to the nearby Honokahua Preservation Site:

1. There will be no entry or trespass onto the Honokahua Preservation Site at any time by the fireworks staff members and/or guests. Security will be provided by the Ritz-Carlton Hotel at the preservation site to prevent any unauthorized uses of the area.

2. Envisions Entertainment & Productions, Inc. the Hawaii, representative for Pyro Spectaculars Inc. will set up their control boxes on the Honolua side (north end) of The Beach House Restaurant and D.T. Fleming Beach, thus steering clear of the Honokahua Preservation Site.
3. If any fallout/debris from the fireworks display should make it to the Honokahua Preservation Site, it will be cleared at the start of the next day by The Ritz-Carlton, Kapalua Hotel's maintenance staff. Presently the hotel maintenance staff is responsible for landscaping and caring for the entire preservation site.

RECOMMENDATION: That the Board:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.
2. Authorize the issuance of a Right-of-Entry Permit to Envisions Entertainment & Productions, Inc. the Hawaii, representative for Pyro Spectaculars Inc. covering the subject area for aerial fireworks display purposes under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:
 - a. The standard terms and conditions of the most current Right-of-Entry permit form, as may be amended from time to time;
 - b. There will be no entry or trespass onto the Honokahua Preservation Site at any time by the fireworks staff members and/or guests. Security will be provided by The Ritz-Carlton Hotel at the preservation site to prevent any unauthorized uses of the area.
 - c. Envisions Entertainment & Productions, Inc. the Hawaii, representative for Pyro Spectaculars Inc. will set up their control boxes on the Honolua side (north end) of The Beach House Restaurant and D.T. Fleming Beach, thus steering clear of the Honokahua Preservation Site.
 - d. If any fallout/debris from the fireworks display should make it to the Honokahua Preservation Site, it will be cleared at the start of the next day by The Ritz-Carlton, Kapalua Hotel's maintenance staff. Presently the hotel maintenance staff is responsible for landscaping and caring for the entire preservation site.
 - e. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Respectfully Submitted,

Daniel Ornellas, District Land Agent
