APPLICANT: Honolulu Seawater Air Conditioning, LLC.

LOCATION: Submerged Land, Makai of Kaka'ako Waterfront Park, Offshore of Plat (1) 2-1-060 and Channel D of Ke'ehi Lagoon, Island of O'ahu

LANDOWNER: State of Hawai'i

Ke'ehi Lagoon - \approx 50.0 Acres

SUBZONE: Resource

BACKGROUND (Exhibit A)

On June 23, 2011, the Board of Land and Natural Resources approved CDUP OA-3579 for the Honolulu Seawater Air Conditioning (HSWAC) Project subject to 18 conditions.

TIME EXTENSION REQUEST (Exhibit B)

The Office of Conservation and Coastal Lands (OCCL) received a request from HSWAC to extend the time to initiate construction. Further discussion with HSWAC indicated that an extension to complete construction would also be necessary.

According to HSWAC, Department of Health permit applications, including the National Pollution Discharge Elimination System, Zone of Mixing and Section 401 of the Clean Water Act for water quality certification application continue to be under review. This review process has been on-going since November of 2010 and may be completed as early as the first quarter of 2015.

AUTHORITY FOR GRANTING TIME EXTENSIONS:

The authority for the granting of time extensions is provided in §13-5-43, Hawai'i Administrative Rules (HAR) that allows for permittees to request time extensions for the purpose of extending the period of time to comply with the conditions of a permit.

Additionally, §13-5-43(e), HAR, states: "If a time extension request is received after the expiration deadline, it shall be forwarded to the board for review."

BASIS FOR TIME EXTENSIONS:

A time extension may be sought when a Permittee is unable to initiate or complete a project within the stipulated time frame. The Board grants time extensions when a Permittee demonstrates some sort of hardship or delay in initiating work on a particular project. Moreover, the Permittee should be able to demonstrate that the hardship or delay has not been self-imposed and that some good faith effort has been made to undertake the project.

DISCUSSION:

In the present case, none of these factors suggest any reason to deny the request. The Permittee has endeavored to obtain all permits and approvals prior to initiating the project. Approval of the time extension request shall hopefully provide the time needed to complete the seawater air conditioning project.

RECOMENDATION:

That the Board of Land and Natural Resources **APPROVE** an extension to initiate and complete the Honolulu Seawater Air Conditioning Project located upon submerged land, makai of Kaka'ako Waterfront Park, Offshore of Plat (1) 2-1-060 and Channel D of Ke'ehi Lagoon, Island of O'ahu subject to the following conditions:

1. That condition #9 of CDUP OA-3579 is amended to provide that the Permittee has until June 23, 2016 to initiate construction and until June 23, 2018 to complete construction; and
2. That all other conditions imposed by the Board under CDUP OA-3579, as amended, shall remain in effect.
