REMARKS:

The Hawaiian Airlines Molokai Hoe Long Distance Race event consists of approximately forty-two (42) nautical miles beginning at Hale-O-Lono Harbor, Molokai and finishes offshore from Duke Kahanamoku Beach in Waikiki; fronting the Hilton Hawaiian Village Hotel, located on the island of Oahu. The canoe race-day is scheduled for Sunday, October 9, 2015, starting at 8 a.m. and the teams are expected to finish about four to six hours later.

The Oahu Hawaiian Canoe Racing Association Hawaii requests that the Board approve a right-of-entry permit for its use over specific areas of the Duke Kahanamoku Beach. The Applicant's request to use the beach is for the purpose of bringing closure to the canoe race event. The setting up of the five (5) specific areas of the beach is scheduled to begin at 3 p.m. on Saturday, October 8, 2016, and a teardown of those areas is scheduled for the following day, at 6 p.m. on Sunday, October 9, 2016.

For Board approval purposes of this request, the subject right-of-entry permit includes Beach Areas: #1, #2, #3, #5, and #7, only. See **Exhibit 3**.

Beach Area #1 is intended to be used for the Awards Ceremony, Spectators, Hospitality, Webcast, and Finish Area; this area is located within close proximity to the parking lot of the Ala Wai Boat Harbor.

Beach Area #2 is the Exhibitors Area and will consist of exhibitor booths/promotions for the displaying of promotional materials associated with the sport of canoe racing. No commercial types of activities are allowed within this area.

Beach Area #3 is intended as a rest area for the International Paddlers and house the media.

Beach Area #5 will be used to store materials for the closing of the event and will be an additional hospitality area.

Beach Area #7 is intended for use as a Canoe Exit Area and is located adjacent to the parking lot where the awaiting canoe trailers will be staged. It is within this area that the canoes will be partially disassembled in preparation for transporting and exiting purposes. Items related to the closure of the event will also be located within this area.

The Applicant is requesting access to the Hilton Hawaiian Village Pier (currently encumbered under Revocable Permit No. 7566), located adjacent to where the finish line for the canoe race event will be designated. Revocable Permit No. 7566 requires a \$1.50 toll fee per paying customer. However, it is the staff's understanding that Hilton Hawaiian Village (HHV) will not be charging a fee to any of the canoe race officials nor to its participants for the use of the subject pier. Therefore, staff is of the opinion that HHV will not be required to pay the State for the said toll fee.

The Applicant is also requesting HHV pier walkway and around the Main Tent be adorned with flags representing the various countries participating in the canoe race.

At its meeting on August 28, 2015, under agenda item D-2, the Applicant brought forth the idea of a 10-year permit since it is a yearly event. The Board acknowledged the 10-year proposal with the possibility of rescission, if necessary, and suggested the Applicant consult with Land Division (LD) and Division of Boating and Ocean Recreation (DOBOR). DOBOR has no objection to the issuance of a 10 year permit. LD has reservations on issuing a 10-year permit due to unforeseeable circumstances; e.g., canoe club sold or new owner/management dissolved, and changes in race date or locations.

Meanwhile, the processing time on this routine request is not substantial in terms of staff resources. Therefore, staff recommends the Board continue the current approach, i.e. considering the request on annual basis.

Notwithstanding the staff's position described above, the Applicant has provided the following next 10 year race dates: October 8, 2017, October 7, 2018, October 13, 2019, October 11, 2020, October 10, 2021, October 9, 2022, October 8, 2023, October 13, 2024, October 12, 2025, and October 11, 2026, if the Board decide to approve the 10-year permit proposed by the Applicant.

The Office of Conservation and Coastal Lands has no comment on the subject request.

Applicant has not had a lease, permit, easement or other disposition of State lands terminated within the past five years due to non-compliance with such terms and conditions.

There are no other pertinent issues and concerns regarding the subject request.

RECOMMENDATION: That the Board

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.
2. Authorize the issuance of a right-of-entry permit to Oahu Hawaiian Canoe Racing Association Hawaii for the purpose of covering the subject area for a canoe race event under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:
 - a. The standard terms and conditions of the most current right-of-entry form, as may be amended from time to time; and
 - b. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

EXEMPTION NOTIFICATION

Regarding the preparation of an environmental assessment pursuant to Chapter 343, HRS and Chapter 11-200, HAR

Project Title: Issuance of a Right-of- Entry Permit to Oahu Hawaiian Canoe Racing Association Hawaii for the Hawaiian Airlines Molokai Hoe Long Distance Canoe Race

Project / Reference No.: PSF 16OD-044

Project Location: Waikiki, Honolulu, Oahu, Tax Map Key: (1) 2-3-037: por. 021.

Project Description: For a Canoe Race Event at Duke Kahanamoku Beach on October 8 & 9, 2016

Chap. 343 Trigger(s): Use of State Land

Exemption Class No.: In accordance with Hawaii Administrative Rule Section 11-200-8 and the Exemption List for the Department of Land and Natural Resources concurred with by the Environmental Council and dated June 5, 2015, the subject request is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 1, Item 51, which states " Permits, licenses, registrations, and rights-of-entry issued by the Department that are routine in nature, involving negligible impacts beyond that previously existing."

This Division has permitted similar events in the past. The proposed activity is of a similar type and scope of beach activities that periodically occurred and continues to occur on this and other beach areas across the State. Such activities have resulted in no known significant impacts, whether immediate or cumulative, to the natural, environmental and/or cultural resources in the area. As such, staff believes that the proposed event would involve negligible or no expansion or change in use of the subject area beyond that previously existing.

Consulted Parties: Office of Conservation and Coastal Lands.

Recommendation: That the Board finds this project will probably have minimal or no significant effect on the environment and is presumed to be exempt from the preparation of an environmental assessment.

Suzanne D. Case, Chairperson
