Definition of Certain Terms Used in Chapter 245, HRS

“**Cigarette**” means any roll for smoking made wholly or in part of tobacco, irrespective of the size and shape and whether or not the tobacco is flavored, adulterated, or mixed with any other ingredient, the wrapper or cover of which is made of paper or any other substance or material except tobacco.

“**Large cigar**” means any roll for smoking made wholly or in part of tobacco if such product is wrapped in any substance containing tobacco and weighs more than four pounds per thousand.

“**Little cigar**” means any roll for smoking made wholly or in part of tobacco if such product is wrapped in any substance containing tobacco, other than natural leaf tobacco, and weighs not more than four pounds per thousand rolls.

“**Tobacco products**” means tobacco in any form other than cigarettes or little cigars, that is prepared or intended for consumption or for personal use by humans, including large cigars and any substitutes thereof other than cigarettes that bear the semblance thereof, snuff, chewing or smokeless tobacco, and smoking or pipe tobacco.

“**Use**” means the exercise of any right or power incident to ownership or possession, other than the sale, or the keeping or retention for the purpose of sale.

“**Wholesale price**”, in addition to any other meaning of the term, means in the case of a tax upon the use of tobacco products, or upon a sale not made at wholesale: (1) If made by a person who during the month preceding the accrual of the tax made substantial sales to retailers of like tobacco products, the average price of the sales, and (2) If made by any other person, the average price of sales to retailers of like tobacco products made by other taxpayers in the same county during the month preceding the accrual of the tax.

Who Must File

Unlicensed individuals who import cigarettes and/or tobacco products for personal use from an unlicensed seller located outside of Hawaii must file Form M-110. “Unlicensed” means that the person or seller does not have a Hawaii cigarette tax and tobacco tax license. For example, if you are an individual and you buy cigarettes or tobacco products online or through a catalog from an unlicensed seller located outside of Hawaii and import those products into Hawaii for your own use, then you are required to report and pay the cigarette and tobacco taxes on those products.

If you are required to file Form M-110, you must also file Form G-26, Use Tax Return, to report and pay the use tax on cigarettes and tobacco products imported for consumption. See the discussion on page 2.

When to File

Form M-110 must be filed on or before the twentieth day of each month, showing the cigarettes and tobacco products imported into Hawaii during the preceding calendar month. If the due date falls on a Saturday, Sunday, or legal holiday, file by the next regular workday.

The official U.S. Post Office cancellation mark will be considered primary evidence of the date of filing of tax documents and payments. Hawaii has adopted the Internal Revenue Code provision to allow documents and payments delivered by a designated private delivery service to qualify for the “timely mailing treated as timely filing/paying rule.” The Department of Taxation will conform to the Internal Revenue Service listing of designated private delivery services and type of delivery services qualifying for the “timely mailing treated as timely filing/paying rule.” Timely filing of mail which does not bear a U.S. Post Office cancellation mark will be determined by reference to other competent evidence.

Use Tax (To be reported on Form G-26)

Chapter 238, HRS, levies the use tax on the landed value of tangible personal property, services, or contracting that are imported into Hawaii, regardless if at the time of importation, the property, services, or contracting is owned by the importer, purchased from a seller that does not have a general excise tax license, or however acquired, and used in the State.

“Landed value” means the value of imported cigarettes and tobacco products which is the fair and reasonable cash value of the cigarettes and tobacco products when they are received by the purchaser in Hawaii. It includes the purchase price, shipping and handling fees, insurance costs, and customs duty. It does not include sales tax paid to another state.

For more information about the Hawaii Use Tax, refer to the following Department of Taxation publications: Tax Facts No. 95-1, September, 1995; An Introduction to the Use Tax brochure; and Tax Information Release No. 2009-02.

These publications may be viewed at our website: tax.hawaii.gov.

Use Form G-26, Use Tax Return, to report and pay the use tax monthly on the imports of cigarettes and tobacco products. The following instructions are numbered to correspond to the line items of Form G-26.

Form G-26, Line (a) — Use the Worksheet below to calculate the landed value of cigarettes and tobacco products imported into Hawaii.

Form G-26, Line (e) — Enter the landed value of cigarettes and tobacco products imported into Oahu. Section 238-2.6, HRS, allows a county in Hawaii to impose a county surcharge on state tax of not more than 0.5% of the value of property and services taxable under chapter 238, HRS, that is imported from out-of-state into a county imposing the tax. At present, only imports into the City & County of Honolulu (Oahu) are subject to tax.

Form G-26, Line (j) — Section 238-3(i), HRS, allows a credit against the Hawaii use tax for the combined amount of sales or use taxes imposed by and paid to another state (or any subdivision thereof) on tangible personal property, services or contracting before it is imported into Hawaii. Accordingly, a taxpayer may receive a credit up to the amount of Hawaii use tax due (4% of the landed value of the cigarettes and tobacco products, or 4.5% of the landed value of the cigarettes and tobacco products if imported into Oahu) for any sales or use taxes paid by the taxpayer to another state upon the purchase or use of the cigarettes and tobacco products. The calculation of the credit shall not include any other taxes paid to other states. The amount of credit also shall not exceed the amount of use tax imposed by Hawaii on the cigarettes and tobacco products.

Form G-26, Line (m) — Attach your check or money order for this amount payable to “Hawaii State Tax Collector” in U.S. dollars drawn on any U.S. bank to Form G-26.
