PURPOSE OF THIS FORM

This form is to be used by taxpayers who have income from more than one taxation district. This form will assist the taxpayer in determining the amount of taxes attributable to each taxation district and the amount of taxable income subject to the County Surcharge.

GENERAL INSTRUCTIONS

Section 237-8.6(f), Hawaii Revised Statutes (HRS), requires that every taxpayer assign their general excise, use, and county surcharge taxes to each taxation district from which the income was derived and report this assignment on a schedule required to be attached to the return. Section 237-8.6(g), HRS, in addition to a failure to file penalty, imposes a 10% penalty for the failure to file the schedule or the failure to correctly report the assignment of the general excise tax by taxation district on the schedule.

This form **IS** required to be attached to and submitted with Forms G-45 and G-49 for taxpayers with business activities in more than one taxation district. Use a separate Form G-75 for each of your general excise tax returns.

ABOUT THIS FORM

Form G-75 is designed for electronic scanning that permits faster processing with fewer errors. To avoid delays:

1. Print amounts only on those lines that are applicable.
2. Use only a black or dark blue ink pen. Do not use red ink, pencils, felt tip pens, or erasable pens.
3. Because this form is read by a machine, please print your numbers inside the boxes like this:

4. Do NOT print outside the boxes.
5. Fill in ovals completely. Do not ✓ or ✗ the ovals.
6. Do NOT enter cents. All numbers that are required to be rounded to the nearest dollar should **NOT** be printed over the zeros used to designate cents.
7. Do NOT use dollar signs, slashes, dashes or parentheses in the boxes.
8. We recommend that you print a new form from our website (**tax.hawaii.gov**) each time you need it. The form's QR code is necessary to process the return. Excessive photocopying of a photocopy will degrade the QR code, and the QR code will become unreadable.
9. Please use a color printer and print in color.
