DEPARTMENT OF TAXATION ANNOUNCEMENT NO. 2004-03

RE: Act 96, Session Laws of Hawaii 2004, Relating to Energy (Act 96)

On June 2, 2004, the Governor signed S.B. No. 1239, S.D. 1, H.D. 2, C.D. 1 into law as Act 96. Act 96 reduces the total taxes for ethanol, methanol, biodiesel, and other alternative fuels, except for liquefied petroleum gas.

Act 96 amends section 243-4, HRS, to lower taxes on alternative fuel sold for use in operating an internal combustion engine, from one cent to one-quarter of one cent per gallon.

Act 96 further amends section 243-4, HRS, to lower taxes for each gallon of alternative fuel sold for use in operating a motor vehicle on public highways at a rate proportional to the rate applicable to diesel oil set forth in section 243-4(b), HRS¹, rounded to the nearest one-tenth of a cent, as follows:

Ethanol from 0.29 to 0.145 times the rate for diesel;
Methanol from 0.22 to 0.11 times the rate for diesel;
Biodiesel, from 0.50 to 0.25 times the rate for diesel;
Liquified petroleum gas remains unchanged at 0.33 times the rate for diesel; and
For other alternative fuels, the tax rate, on an energy content basis, is changed from one-half to one-quarter the rate for diesel.²

The amendments made shall take effect on July 1, 2004, and shall apply to tax years after December 31, 2003.

¹ Currently \$0.15/gallon.

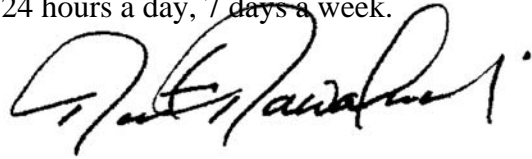

² The energy content basis is based on the energy content of the alternative fuel as compared to diesel fuel, using a lower heating value of 130,000 BTU/gallon, as the standard for diesel.
