Independent Auditors' Report

The Auditor
State of Hawaii:

We have audited the accompanying statements of net assets of the Airports Division, Department of Transportation, State of Hawaii (an enterprise fund of the State of Hawaii) (the Airports Division), as of June 30, 2010 and 2009, and the related statements of revenues, expenses, and changes in net assets, and cash flows for the years then ended as listed in the table of contents. These financial statements are the responsibility of the Airports Division's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Airports Division's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in note 1 to the financial statements, the financial statements of the Airports Division are intended to present the financial position and the changes in financial position and, where applicable, cash flows of only that portion of the business-type activities and proprietary fund type of the State of Hawaii that is attributable to the transactions of the Airports Division. They do not purport to, and do not, present fairly the financial position of the State of Hawaii as of June 30, 2010, the changes in its financial position, or, where applicable, its cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Airports Division as of June 30, 2010 and 2009, and the changes in its financial position and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 28, 2011 on our consideration of the Airports Division's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 19 is not a required part of the basic financial statements but is supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures that consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information listed as "supplementary information schedules" in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. These supplemental information schedules have been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis

June 30, 2010 and 2009

The following Management's Discussion and Analysis of the Airports Division, Department of Transportation, State of Hawaii (the Airports Division) activities and financial performance provides the reader with an introduction and overview of the financial statements of the Airports Division for the fiscal years ended June 30, 2010 and 2009. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes thereto, which follow this section.

The Airports Division operates and maintains 15 airports at various locations within the State of Hawaii (the State) as a single integrated system for management and financial purposes. Honolulu International Airport on the Island of Oahu is the principal airport in the airports system providing facilities for interisland flights, domestic overseas flights, and international flights to destinations in the Pacific Rim. It has four runways, two of which (12,000 and 12,300 feet long) are amongst the nation's longest. In addition, it has the only reef runway in the nation (12,000 feet long by 200 feet wide) and is used as an alternate landing site for the Space Shuttle. Kahului Airport on the Island of Maui, Hilo International Airport and Kona International Airport at Keahole, both on the Island of Hawaii, and Lihue Airport on the Island of Kauai are the other major airports in the airports system, all of which provide facilities for interisland flights. Kahului Airport and Kona International Airport at Keahole also provide facilities for direct domestic overseas flights and flights to and from Canada. Lihue Airport and Hilo International Airport also provide facilities for domestic overseas flights. Kona International Airport at Keahole also provides facilities for international flights to and from Japan. The Honolulu International Airport accommodated 60.4% and 59.9% of total passenger traffic in the airports system during fiscal years 2010 and 2009, respectively. The other four principal airports accommodated 38.4% and 38.7% of the total passenger traffic for fiscal years 2010 and 2009, respectively.

The other airports in the airports system are Port Allen on the Island of Kauai, Dillingham Airfield (currently leased from the U.S. military) and Kalaeloa Airport on the Island of Oahu, Kapalua and Hana airports on the Island of Maui, Waimea-Kohala and Upolu airports on the Island of Hawaii, Lanai Airport on the Island of Lanai, and Molokai and Kalaupapa airports on the Island of Molokai. These facilities are utilized by air carriers, general aviation, and by the military, with the exception of the Upolu and Port Allen airports, which are used exclusively by general aviation. The Airports Division assumed operations of Kalaeloa Airport (formerly, Barbers Point Naval Air Station) on the Island of Oahu as a general reliever airport for the Honolulu International Airport on July 1, 1999. The other airports in the airports system accommodated 1.2% and 1.4% of the total passenger traffic for fiscal years 2010 and 2009, respectively.

The Airports Division is self-sustaining. The Department of Transportation (DOT) is authorized to impose and collect rates and charges for the airports system services and properties to generate revenues to fund operating expenses. The Capital Improvements Program is funded by airports system revenue bonds issued by the Airports Division, federal grants, passenger facility charges (PFCs), customer facility charges (CFCs), and the Airports Division's revenues.

Management's Discussion and Analysis

June 30, 2010 and 2009

Using the Financial Statements

The Airports Division is accounted for as a proprietary fund and utilizes the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The proprietary fund includes the enterprise fund type, which is used to account for the acquisition, operation, and maintenance of government facilities and services that are entirely or predominantly supported by user charges.

The Airports Division's financial report includes three financial statements: the statements of net assets, the statements of revenues, expenses, and changes in net assets, and the statements of cash flows. The financial statements are prepared in accordance with U.S. generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board.

Airports Division Activities and Highlights

The Airports Division ended fiscal year 2010 with increases in total passengers, revenue passenger landings, and deplaning international passengers by 1.6%, 1.9%, and 9.8%, respectively, as compared to fiscal year 2009. Aircraft operations and revenue landed weights decreased by 0.4%, and 3.2%, respectively, as compared with fiscal year 2009. Increased airline carrier passenger load factor is the reason for such changes. Although oversea carriers account for a higher percentage, 55% of revenue landed weights, the overall carrier mix remains diverse.

The Honolulu International Airport continues to be the dominant airport although a portion of the market share shifted to the Kahului Airport, Kona International Airport at Keahole, and Lihue Airport as a result of increased direct flights to such destinations. The majority of the operating revenues at the Airports Division is activity-based and directly relates to the number of passengers and aircraft operations.

For fiscal year 2010, Hawaiian Airlines, Inc. and United Airlines accounted for 36% and 11% of the total landed weights, respectively. United Airlines, Inc. and Hawaiian Airlines, Inc. accounted for 19% and 15% of the overseas landed weights, respectively. Hawaiian Airlines, Inc. and Mesa Airlines, Inc. accounted for 63% and 9% of the inter-island landed weights, respectively. Hawaiian Airlines accounted for 48% of the revenue passenger landings and JALways Co., Ltd. accounted for 41% of the deplaned international passengers.

The following airlines served the State with scheduled or charter overseas passenger flights in fiscal year 2010: Air Canada, Air Japan Co., Ltd., Air New Zealand, Ltd., Air Pacific, Ltd., Alaska Airlines, Inc., All Nippon Airways, Co., American Airlines, Inc., China Airlines, Ltd., Continental Airlines, Inc., Continental Micronesia, Inc., Delta Airlines, Inc., Hawaiian Airlines, Inc., JALways Co., Ltd., Korean Airlines Company, Ltd., North American Airlines, Inc., Northwest Airlines, Inc., Omni Air International, Inc., Philippine Airlines, Inc., Qantas Airways, Ltd., United Airlines, Inc., U.S. Airways, Inc., and WestJet. The principal airlines providing interisland passenger flight services are: Hawaiian Airlines, Inc., Hawaii Island Air, Inc., Mesa Airlines, Inc., Mokulele Flight Service, Inc., and Pacific Wings, LLC.

Management's Discussion and Analysis

June 30, 2010 and 2009

Activity for the airports system for the fiscal years ended June 30, 2010 and 2009 is as follows:

	<u>2010</u>	<u>2009</u>	Percentage increase (decrease) from 2009
Passengers (enplaning and deplaning passengers activity):			
Honolulu International Airport	18,238,865	17,806,225	2.4%
Kahului Airport	5,186,585	5,089,997	1.9
Kona International Airport at Keahole	2,639,967	2,667,591	(1.0)
Lihue Airport	2,443,178	2,464,024	(0.8)
Hilo International Airport	1,328,000	1,284,420	3.4
All others	348,386	407,622	(14.5)
Total passengers	<u>30,184,981</u>	<u>29,719,879</u>	<u>1.6%</u>
Aircraft operations (landing and take-off combined reported by Air Traffic Control Tower):			
Honolulu International Airport	263,425	276,272	(4.7)%
Kahului Airport	116,414	119,311	(2.4)
Kona International Airport at Keahole	127,964	111,848	14.4
Lihue Airport	108,313	99,154	9.2
Hilo International Airport	71,212	66,294	7.4
All others	194,061	212,400	(8.6)
Total aircraft operations	<u>881,389</u>	<u>885,279</u>	<u>(0.4)%</u>
Revenue landed weights (1,000-pound units):			
Honolulu International Airport	13,305,936	13,383,583	(0.6)%
Kahului Airport	3,285,188	3,323,998	(1.2)
Kona International Airport at Keahole	1,789,777	1,896,222	(5.6)
Lihue Airport	1,397,744	1,491,519	(6.3)
Hilo International Airport	847,170	839,456	0.9
All others	43,699	78,039	(44.0)
Total signatory airlines	<u>20,669,514</u>	<u>21,012,817</u>	<u>(1.6)</u>
Nonsignatory airlines	<u>2,606,792</u>	<u>3,029,989</u>	<u>(14.0)</u>
Total revenue landed weights	<u>23,276,306</u>	<u>24,042,806</u>	<u>(3.2)%</u>

Management's Discussion and Analysis

June 30, 2010 and 2009

	<u>2010</u>	<u>2009</u>	Percentage increase (decrease) from 2009
Revenue passenger landings:			
Honolulu International Airport	75,707	70,613	7.2%
Kahului Airport	21,856	21,739	0.5
Kona International Airport at Keahole	13,155	14,227	(7.5)
Lihue Airport	12,342	13,474	(8.4)
Hilo International Airport	<u>8,115</u>	<u>8,472</u>	<u>(4.2)</u>
Total signatory airlines	131,175	128,525	2.1
Nonsignatory airlines	<u>775</u>	<u>923</u>	<u>(16.0)</u>
Total revenue passenger landings	<u><u>131,950</u></u>	<u><u>129,448</u></u>	<u><u>1.9%</u></u>
Deplaning international passengers:			
Honolulu International Airport	1,686,623	1,528,587	10.3%
Kona International Airport at Keahole	<u>91,387</u>	<u>67,511</u>	<u>35.4</u>
Total signatory airlines	1,778,010	1,596,098	11.4
Nonsignatory airlines	<u>104,761</u>	<u>118,762</u>	<u>(11.8)</u>
Total deplaning international passengers	<u><u>1,882,771</u></u>	<u><u>1,714,860</u></u>	<u><u>9.8%</u></u>

Financial Operations Highlights

The financial results for fiscal year 2010 reflected income before capital contributions of \$32.0 million as compared to a loss before capital contributions of \$58.0 million for fiscal year 2009. Operating revenues increased by \$19.1 million, or 7.1%, while operating expenses decreased by \$18.4 million, or 5.7%. Total nonoperating revenues increased by \$25.2 million mainly due to increases in rental car CFCs of \$2.3 million, PFCs of \$5.1 million, offset by decreases in federal operating grants and interest income amounting \$2.6 million and \$9.9 million, respectively. Further, the Airports Division increased its amounts held in State Treasury for a change in fair value by \$31.0 million in fiscal year 2010 as compared to a write-down of \$26.6 million in fiscal year 2009.

The financial results for fiscal year 2009 reflected a loss before capital contributions of \$58.0 million as compared to a loss before capital contributions of \$48.7 million for fiscal year 2008. Operating revenues increased by \$21.3 million, or 8.7%, while operating expenses increased by \$1.9 million, or 0.6%. Total nonoperating revenues decreased by \$22.9 million mainly due to decreases in federal operating grants and interest income amounting \$18.2 million and \$15.5 million, respectively, offset by increases in rental car CFCs of \$8.5 million and PFCs of \$3.0 million.

**DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Management's Discussion and Analysis

June 30, 2010 and 2009

Effective October 1, 2004, the Federal Aviation Administration (FAA) granted authority to the Airports Division to impose and collect a \$3.00 PFC at the Honolulu International Airport, Kahului Airport, Kona International Airport at Keahole, and Lihue Airport through February 1, 2007. During this period, the Airports Division was able to collect the maximum approved PFC revenue, including interest earned amounting to \$42,632,466. The PFC collections are currently utilized to fund flight information display and public address system improvements, air conditioning system improvements, South Ramp environmental compliance measures, runway safety area improvements, perimeter road improvements and fencing, and general aviation lighting projects.

Effective February 1, 2007, the FAA approved the Airports Division's PFC Application No. 2 to impose a \$3.00 PFC at the airports mentioned above with the addition of Hilo International Airport. The maximum approved PFC revenue, including interest earned to be collected between February 1, 2007 and July 1, 2011 (amended from July 1, 2011 to November 30, 2008) from the five principal airports was amended from \$104,458,000 to \$62,500,000 as of June 30, 2009. The maximum amount of \$62,500,000 was further amended to \$49,560,000 as of November 30, 2008. The amendments were due to FAA deadline requirements. The collections will be utilized for aircraft rescue and fire fighting facilities improvements, elevator improvements, loading bridge replacements, air conditioning system improvements, and PFC administration costs.

Effective December 1, 2008, the FAA approved the Airports Division's PFC Application No. 3 to impose an increased PFC from \$3.00 to \$4.50 at Honolulu International Airport, Kahului Airport, Kona International Airport at Keahole, Lihue Airport, and Hilo International Airport. This application was "blended" with PFC Application No. 2 (\$49,560,000) amounting to a maximum approved PFC revenue of \$76,138,332 (combining PFC Application Nos. 2 and 3) including interest earned during the collection period of December 1, 2008 through January 1, 2010. The collections will be utilized for the same improvements in PFC Application No. 2 in addition to widening taxiways G and L at the Honolulu International Airport.

On June 24, 2009, House Bill No. 1166 amended Hawaii Revised Statute Section 261-5.5 allowing the Airports Division the flexibility of financing capital projects with the proceeds of bonds that would be completely or partially backed by PFCs. This statute would be implemented dependent on FAA approval through another application request, which is currently being prepared by the Airports Division.

Effective January 1, 2010, the FAA approved the Airports Division's PFC Application No. 4 to impose a \$4.50 PFC at Honolulu International Airport, Kahului Airport, Kona International Airport at Keahole, and Lihue Airport. The application was approved for a collection of \$105,909,130 including interest earned during the collection period from January 1, 2010 through February 1, 2014. The PFC collections will be utilized to fund taxiway and apron pavement improvements, electrical improvements, new hardstands, and PFC administration costs.

Since the inception of this program through June 30, 2010, the total PFC revenues, including interest earned, and expenditures were \$137.8 million and \$54.4 million, respectively.

On July 8, 2008, State Legislative Senate Bill 2365 became law as Act 226 Session Law of Hawaii 2008, authorizing the Airports Division to impose a CFC surcharge of \$1 per day on all u-drive rentals at a state airport, effective September 1, 2008. Moneys collected through the CFC are deposited into a restricted fund to be used

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Management's Discussion and Analysis

June 30, 2010 and 2009

for enhancement, renovation, operation, and maintenance of existing rental motor vehicle customer facilities and the development of new rental motor vehicle customer facilities and related services at state airports to better serve Hawaii's visitors and residents. The consolidated rental car facilities will provide a single location for travelers to rent a car of their choice and eliminate the need for multiple pick-up and delivery vans from individual rental car companies.

On July 7, 2010, State Legislature Senate Bill 2461 became law as Act 206, Session Laws of Hawaii 2010, authorizing the Airports Division to increase the CFC surcharge to \$4.50 per day effective September 1, 2010.

Since September 1, 2008 through June 30, 2010, the total CFC revenues, including interest earned, and expenditures were \$19.5 million and \$2.1 million, respectively.

Operating expenses before depreciation for fiscal year 2010 decreased by 9.7%, or \$22.9 million, as compared to fiscal year 2009 mainly due to decreases in salaries and wages, other personnel services, repairs and maintenance, and special maintenance costs offset by increases in the State surcharges on gross receipts.

Operating expenses before depreciation for fiscal year 2009 decreased by 2.5%, or \$6.2 million, as compared to fiscal year 2008 mainly due to decreases in special maintenance and bad debt expense offset by increases in salaries and wages, other personnel services, and repair and maintenance costs.

Total nonoperating expenses for fiscal years 2010 and 2009 decreased by 47.1%, or \$27.4 million, and 11.3%, or \$5.9 million, respectively, as compared with the previous year's mainly due to losses on the amounts held in State Treasury. The Airports Division wrote down its amounts held in State Treasury by \$26.6 million in fiscal year 2009.

As a result, net assets increased by \$76.0 million and decreased by \$8.5 million for fiscal years 2010 and 2009, respectively.

In summary, Airports Division continues to generate operating income before depreciation, as well as positive cash flows from operating activities. The Airports Division continues to obtain its revenues from a diverse mix of sources. We have monitored and adjusted signatory airline rates and charges accordingly, due to reduced passenger traffic as a result of economic downturn. In addition, the implementation of cost saving measures by management relating to personnel, security, and utility costs has improved our financial position. However, such cost saving measures are being monitored to prevent compromising our main objective, which is to adequately serve the traveling public and airport tenants.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Management's Discussion and Analysis

June 30, 2010 and 2009

A summary of operations and changes in net assets for the years ended June 30, 2010, 2009, and 2008 is as follows:

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Operating revenues	\$ 284,730,618	265,675,867	244,377,274
Operating expenses, excluding depreciation	<u>(212,917,814)</u>	<u>(235,529,577)</u>	<u>(241,684,888)</u>
Operating income before depreciation	71,812,804	30,146,290	2,692,386
Depreciation	<u>(92,860,543)</u>	<u>(88,599,854)</u>	<u>(80,570,580)</u>
Operating loss	(21,047,739)	(58,453,564)	(77,878,194)
Nonoperating revenues – net	<u>53,059,569</u>	<u>411,170</u>	<u>29,165,607</u>
Income (loss) before capital contributions	<u>32,011,830</u>	<u>(58,042,394)</u>	<u>(48,712,587)</u>
Capital contributions:			
Federal capital grants	27,494,010	45,770,795	28,881,614
Federal stimulus funds	14,735,504	3,031,140	—
Other capital contribution	<u>1,516,145</u>	<u>747,067</u>	<u>3,091,250</u>
Total capital contributions	<u>43,745,659</u>	<u>49,549,002</u>	<u>31,972,864</u>
Increase (decrease) in net assets	<u>\$ 75,757,489</u>	<u>(8,493,392)</u>	<u>(16,739,723)</u>

- Operating revenues increased by 7.1% from \$265.7 million in fiscal year 2009 to \$284.7 million in fiscal year 2010. The primary reason for the increase was mainly due to rent-a-car lease, concession fee, parking rate, and signatory airline terminal rate increases.

Operating expenses excluding depreciation decreased by 9.6% from \$235.5 million in fiscal year 2009 to \$212.9 million in fiscal year 2010. The most recognized decrease related to special maintenance amounting to \$14.4 million. The Airports Modernization Program has decreased the need for special maintenance work. Salaries and wages decreased by \$4.8 million as a result of the State's furlough program and freezing of vacated positions. Security cost decreased by \$2.5 million due to decreased guard services through further reevaluation of security requirements. These reductions were made in accordance with the Transportation Security Administration requirements and did not compromise airport security. Although the cost of fuel increased this past year, installation of energy-efficient air conditioning units, lighting equipment, and shut-down of certain terminals when not in use supported the stabilization utility costs. Bad debt expense increased by \$2.0 million mainly due to a dispute in reporting joint use baggage revenue by Hawaiian Airlines, Inc.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Management's Discussion and Analysis

June 30, 2010 and 2009

The net results of the above resulted in operating income before depreciation of \$71.8 million in fiscal year 2010. Operating income before depreciation for fiscal year 2010 increased by 138.2%, or \$41.7 million, from fiscal year 2009. Depreciation expense increased by 4.8% from \$88.6 million in fiscal year 2009 to \$92.9 million in fiscal year 2010 due to an increase in capital assets. The operating loss before nonoperating revenues, net and capital contributions of \$21.0 million in fiscal year 2010 represent a 64.0% decrease from the operating loss before nonoperating revenues, net and capital contributions of \$58.5 million in fiscal year 2009.

Operating revenues increased by 8.7% from \$244.4 million in fiscal year 2008 to \$265.7 million in fiscal year 2009. The primary reason for the increase was mainly due to signatory airline landing and terminal rate increases.

Operating expenses excluding depreciation decreased by 2.5% from \$241.7 million in fiscal year 2008 to \$235.5 million in fiscal year 2009. The most recognized increase last year related to utility costs due to the rise in price of fuel. However, in fiscal year 2009, utility cost decreased by \$0.7 million due to the decrease in fuel cost midway through the fiscal year along with installing energy efficient air conditioning units, lighting equipment, and shut-down of certain terminals when not in use supported the stabilization of utility cost.

Salaries and wages increased by \$3.4 million in fiscal year 2009 as a result of negotiated union contract pay raises and security contracts mirroring State employee union contracts, respectively. However, personnel costs were stabilized by freezing vacated positions. Other personnel costs increased by \$5.4 million but were stabilized as a result of decreasing guard services through reevaluation of security requirements due to decreased passenger traffic. These reductions were made in accordance with the Transportation Security Administration requirements and did not compromise airport security. Special maintenance expenses decreased by \$10.0 million due to reduced special maintenance activity. Bad debt expense decreased by \$3.9 million since there were no indications of further tenant and customer default.

The net results of the above resulted in operating income before depreciation of \$30.1 million in fiscal year 2009. Operating income before depreciation for fiscal year 2009 increased by 1,019.7%, or \$27.5 million, from fiscal year 2008. Depreciation expense increased by 9.9% from \$80.6 million in fiscal year 2008 to \$88.6 million in fiscal year 2009 due to an increase in capital assets. The operating loss before nonoperating revenues, net and capital contributions of \$58.5 million in fiscal year 2009 represent a 24.9% decrease from the operating loss before nonoperating revenues, net and capital contributions of \$77.9 million in fiscal year 2008.

AIRPORTS DIVISION
STATE OF HAWAII**

(An Enterprise Fund of the State of Hawaii)

Management's Discussion and Analysis

June 30, 2010 and 2009

- Nonoperating revenues, net increased by 12,804.5%, or \$52.6 million, in fiscal year 2010 primarily due to a gain on amounts held in State Treasury and increases in PFCs in all insurances across this section and rental car CFCs offset by decreases in interest income and federal operating grants and increases in interest expense. A gain on amounts held in State Treasury of \$31.0 million in 2010 was experienced rather than a loss of \$26.6 million in 2009. Interest income decreased by \$9.9 million due to lower investment rates of return and the use of cash for the CIP projects. Federal operating grants decreased by 39.1% or \$2.6 million as grants were utilized for capital improvement projects instead. PFCs increased by 18.3%, or \$4.5 million, as a result of raising the PFC collection rate to \$4.50 from \$3.00. However, the increase was subdued as a result of decreased passenger traffic. Rental car CFCs amounted to \$10.8 million and reflected a 26.5% increase since this charge was implemented effective September 1, 2008. Airports system revenue bond interest expense increased by \$3.7 million as a result of the issuance of Airport System Revenue Bonds in fiscal year 2010.
- Nonoperating revenues, net decreased by 98.6%, or \$28.8 million, in fiscal year 2009 primarily due to an increase in the loss on amounts held in State Treasury and decreases in interest income and federal operating grants offset by increases in PFCs and rental car CFCs and decreases in interest expense. The loss on amounts held in State Treasury increased by \$6.6 million. Interest income decreased by \$15.5 million due to lower investment rates of return and the use of cash for the CIP projects. Federal operating grants decreased by 72.9% or \$18.2 million as grants were utilized for capital improvement projects instead. PFCs increased by 14.9%, or \$3.0 million, as a result of raising the PFC collection rate to \$4.50 from \$3.00. However, the increase was subdued as a result of decreased passenger traffic. Rental car CFCs amounted to \$8.5 million and reflected a 100% increase since this charge was implemented effective September 1, 2008. Airports system revenue bond interest expense decreased by \$5.5 million as a result of principal payments.
- Income before capital contributions for fiscal year 2010 of \$32.0 million as compared with loss before capital contributions of \$58.0 million for fiscal year 2009 was a result of an increase in nonoperating revenues – net.
- Loss before capital contributions for fiscal year 2009 of \$58.0 million as compared with loss before capital contributions of \$48.7 million for fiscal year 2008 was a result of a decrease in nonoperating revenues – net.
- Capital contributions decreased by 11.7%, or \$5.8 million and 55.0%, or \$17.6 million in fiscal years 2010 and 2009, respectively, mainly due to the increase of federal capital grants in fiscal years 2010 and 2009.

Management's Discussion and Analysis

June 30, 2010 and 2009

Financial Position Summary

A condensed summary of the Airports Division's net assets at June 30, 2010, 2009, and 2008 is shown below:

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Assets:			
Current assets:			
Unrestricted assets	\$ 481,448,998	376,703,470	479,292,741
Restricted assets	620,252,170	260,712,901	263,507,383
Noncurrent assets:			
Capital assets	1,693,932,983	1,617,928,949	1,535,613,752
Restricted assets	33,748,931	34,987,408	36,094,866
Other noncurrent assets	5,006,055	2,627,294	3,047,815
Total assets	<u>2,834,389,137</u>	<u>2,292,960,022</u>	<u>2,317,556,557</u>
Liabilities:			
Current liabilities:			
Payable from unrestricted assets	55,097,084	51,378,877	46,452,432
Payable from restricted assets	63,687,384	52,311,833	55,565,308
Long-term liabilities, net of current portion	<u>1,068,571,764</u>	<u>617,993,896</u>	<u>633,104,136</u>
Total liabilities	<u>1,187,356,232</u>	<u>721,684,606</u>	<u>735,121,876</u>
Net assets:			
Invested in capital assets – net of related debt	952,768,400	1,030,743,140	955,900,642
Restricted	333,247,989	255,804,547	230,216,845
Unrestricted	<u>361,016,516</u>	<u>284,727,729</u>	<u>396,317,194</u>
Total net assets	<u>\$ 1,647,032,905</u>	<u>1,571,275,416</u>	<u>1,582,434,681</u>

The largest portion of the Airports Division's net assets (57.8%, 65.6%, and 60.4% at June 30, 2010, 2009, and 2008, respectively) represents its investments in capital assets (e.g., land, buildings and improvements, and equipment), less related indebtedness outstanding to acquire those capital assets. The Airports Division uses these capital assets to provide services to its passengers and visitors using the airports system; consequently, these assets are not available for future spending. Although the Airports Division's investment in its capital assets is reported net of related debt, the resources required to repay this debt must be provided annually from operations, since it is unlikely the capital assets themselves will be liquidated to pay such liabilities.

The restricted portion of the Airports Division's net assets (20.2%, 16.3%, and 14.5% at June 30, 2010, 2009, and 2008, respectively) represents bond reserve funds that are subject to external restrictions on how they can be used under the *Certificate of the Director of Transportation Providing for the Issuance of State of Hawaii Airports System Revenue Bonds* (the Certificate), as well as PFCs that can only be used for specific projects.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Management's Discussion and Analysis

June 30, 2010 and 2009

The largest portion of the Airports Division's unrestricted net assets represents unrestricted cash and cash equivalents in the amount of \$445.8 million, \$336.7 million, and \$451.0 million at June 30, 2010, 2009, and 2008, respectively. The \$445.8 million cash balance at June 30, 2010 provides the Airports Division with substantial flexibility, as the unrestricted assets may be used to meet any of the Airports Division's ongoing operations and to fund the CIP projects.

The change in net assets is an indicator of whether the overall fiscal condition of the Airports Division has improved or worsened during the year. The change in net assets may serve over time as a useful indicator of the Airports Division's financial position. Assets exceeded liabilities by \$1,647.0 million and \$1,571.3 million at June 30, 2010 and 2009, respectively, representing an increase of \$75.8 million and a decrease of \$8.5 million from June 30, 2010 and 2009, respectively.

On April 7, 2010, the Airports Division issued \$645.0 million in Airport System Revenue Bonds of which \$397.0 million is for Airport Modernization Projects. \$191.0 million was used to refinance the Refunding Series 2000A and B. The remainder related to capitalized interest, reserve requirements, and issuance costs.

Airline Signatory Rates and Charges

Lease Agreement with Signatory Airlines

The DOT entered into an airport-airline lease agreement with the signatory airlines to provide those airlines with the nonexclusive right to use the airports system facilities, equipment improvements, and services, in addition to occupying certain exclusive-use premises and facilities. These leases were set to expire in 1992 but were extended under various short-term agreements.

In June 1994, the DOT and the signatory airlines executed a lease extension agreement to extend the airport-airline lease agreement effective July 1, 1994 to June 30, 1997. Under the terms of the lease extension agreement, the signatory airlines would continue to operate under the terms of the airport-airline lease agreement, with an adjustment for terms and provisions relating to airports system rates and charges. The lease extension agreement's residual rate-setting methodology provided for a final year-end reconciliation containing actual airports system cost data to determine whether airports system charges assessed to the signatory airlines were sufficient to recover airports system costs, including debt service requirements. Annual settlements based on this final reconciliation were made in accordance with the terms of the lease extension agreement and various agreements between the DOT and airlines since June 30, 1997.

In October 2007, the Airports Division and a majority of the signatory airlines executed the First Amended Lease Extension Agreement effective January 1, 2008. The terms and conditions of the airport-airline lease agreement were amended to reflect a rate-making methodology that recovers costs of specific airports system facilities from the signatory airlines that directly use them. An airports system support charge cost center is set up to serve as the residual cost center to ensure airports system operating revenues are sufficient to cover airports system operating costs.

The Airports Division is in the process of implementing a modernization program that will include significant capital improvements for several of the major airports in the State, including Honolulu, Kahului, Kona, and

**DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION

Management's Discussion and Analysis

June 30, 2010 and 2009

Lihue. The program is currently estimated to cost \$1.3 billion through 2016 and will be paid for from a variety of sources including cash, federal grants, PFCs, and revenue bonds.

The DOT and the signatory airlines have mutually agreed to continue to operate under the terms of the First Amended Lease Extension Agreement, which provides for an automatic extension on a quarterly basis unless either party provides 60 days written notice of termination to the other party.

Revenues

A summary of revenues for the years ended June 30, 2010 and 2009 and the amount and percentage of change in relation to prior year amounts is as follows:

	2010		Increase (decrease) from 2009	
	Amount	Percentage of total	Amount	Percentage
Operating revenues:

Management's Discussion and Analysis

June 30, 2010 and 2009

Capital Acquisitions and Construction Activities

In fiscal years 2010 and 2009, there were 9 and 11 construction bid openings, respectively, totaling an estimated \$108 million and \$72 million, respectively, in potential construction contracts. Significant projects in fiscal year 2010 include the Emergency Power Facility, Relocate Interisland Maintenance Facility, Support Facility Site Preparation at Elliott Street, Relocate Interisland Cargo Facilities, and Mauka Extension Site Preparation at Honolulu International Airport, and Re-Roof Terminal Building at Kahului Airport.

There were also several ongoing construction projects that were initiated prior to fiscal year 2010, which were under construction during the fiscal year. Major projects include the Holdroom Shelters and Additional Security Lane at Kona International Airport at Keahole, Apron Pavement Structural Improvements, Runway Safety Area Improvements Phase 2, and EDS Integration Improvements at Kahului Airport, Third Level Sterile Corridor, Electrical Distributed Generation System, Loading Bridge Replacement, Overseas Terminal Chiller Plant Replacement, Escalator Improvements, and Interisland Maintenance Facility Site Preparation at Honolulu International Airport, and T-Hangars at Kalaeloa Airport.

Finally, there were 29 construction projects that were substantially completed in fiscal year 2010. These projects totaled over \$94 million and include the Holdroom Shelters and Additional Security Lane at Kona International Airport at Keahole, Air Conditioning System Replacement at Hilo International Airport; Interim Heliport Improvements, and Baggage Claim Improvements at Lihue Airport; General Aviation Apron at Lanai Airport; and Chilled Water Loop, and Interisland Maintenance Site Preparation at Honolulu International Airport.

Additional information on the Airports Division's capital assets can be found in note 4 of this report.

Indebtedness

Airports System Revenue Bonds

As of June 30, 2010, \$992,780,000 of airports system revenue bonds were outstanding as compared to \$589,740,000 as of June 30, 2009. On April 7, 2010, the Airports Division issued \$645 million in Airport System Revenue Bonds of which \$397 million is for Airport Modernization Projects. \$191 million was used to refinance the Refunding Series 2000A and B. The remainder related to capitalized interest, reserve requirements and issuance costs. Prior to this issuance, the last series of "new money" bonds used to fund capital improvement projects were issued in December 1991. The Airports Division has managed its debt levels by issuing refunding bonds and defeasing bonds with unencumbered cash from the Airport Revenue Fund. At June 30, 2010, the balance of legislatively approved and appropriated but unissued airports system revenue bonds was \$590,065,802.

Special Obligation Bonds

The State Legislature has authorized \$200,000,000 of special obligation bonds pursuant to Section 261-52 of the Hawaii Revised Statutes. As of June 30, 2010 and 2009, there were outstanding bond obligations of \$33,525,000 and \$34,755,000, respectively. The DOT expects to finance additional special facility projects from time to time for qualified entities. All special obligation bonds are payable solely from the revenues derived from the leasing of special facilities financed with the proceeds of special obligation bonds.

STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Management's Discussion and Analysis
June 30, 2010 and 2009

Additional information regarding the Airports Division's indebtedness can be found in notes 5, 6, 7, and 8 of this report.

Credit Rating and Bond Insurance

As of June 30, 2010, there were five series of airports system revenue bonds outstanding in the principal amount of \$1,016,395,000. Payment of principal and interest on three of the five series of bonds was insured by bond insurance policies issued by Federal Guaranty Insurance Company (FGIC) at the time of issuance of the bonds. The credit ratings of FGIC have been revised downward since the issuance of the bonds. On April 7, 2010, the State issued two series of Airport System Revenue bonds that were rated as follows:

Standard & Poor's Corporation:	A-
Moody's Investors Service:	A2
Fitch IBCA, Inc.:	A

Economic Factors and Current Known Facts

The Airports Division has launched plans to modernize airport facilities over the next six years. The most noticeable project is the parking structure adjacent to the interisland terminal at the Honolulu International Airport, and the International Third Level Sterile Corridor, which was completed in late March 2009 and October 2010, respectively. Other projects include new and renovated concourses, support facilities, and parking terminals at other principal airports. Such projects will improve traffic flow for domestic, international, and interisland passengers, as well as to promote operational efficiency for airport tenants.

The Airports Division and current signatory airline carriers have agreed to an amended lease extension agreement effective January 1, 2008. The agreement is intended for the airline carriers to support the increase in operational expenses and financing of modernization projects through landing and terminal rate increases. In order to finance the modernization projects, the Airports Division issued bonds in April 2010 and is planning for another bond issue in fiscal year 2012. In addition, the Airports Division is planning for a refunding of its Series 2001 Revenue Bonds, which will save approximately \$3 million per year.

Request for Information

This financial report is designed to provide a general overview of the Airports Division's finances for all interested parties. Questions concerning any of the information provided in this report or requests for additional information should be addressed in writing to Ford Fuchigami, Deputy Director, State of Hawaii, Department of Transportation, Airports Division, 400 Rodgers Boulevard, Suite 700, Honolulu, Hawaii 96819-1880, or by e-mail to airadministrator@hawaii.gov.

Amortization of revenue bond discount	60,114	60,471
Amortization of revenue bond premium	(1,217,894)	(1,273,660)
Amortization of deferred loss on refunding revenue bonds	1,477,895	1,546,859

At June 30, 2010 and 2009, contracts payable included \$31,560,540 and \$18,101,124, respectively, for the acquisition of capital assets.

During fiscal years 2010 and 2009, interest of \$10,624,031 and \$11,695,577, respectively, was capitalized in property, plant, and equipment.

During fiscal years 2010 and 2009, property, plant, and equipment with a net book value of \$403,316 and \$6,890,545, respectively, were written off.

During fiscal year 2010, buildings with a value of \$1,509,500 were recorded for buildings acquired upon the expiration of land lease agreements.

See accompanying notes to financial statements.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

(1) Reporting Entity

The Airports Division, Department of Transportation, State of Hawaii (the Airports Division), was established on July 1, 1961 to succeed the Hawaii Aeronautics Commission under the provisions of Act 1, Hawaii State Government Reorganization Act of 1959, Second Special Session Laws of Hawaii. The Airports Division has jurisdiction over and control of all State of Hawaii (the State) airports and air navigation facilities and general supervision of aeronautics within the State. The Airports Division currently operates and maintains 15 airports located throughout the State.

The accompanying financial statements present only the activities of the Airports Division and are not intended to present fairly the financial position of the State and the results of its operations and the cash flows of its proprietary fund type in conformity with U.S. generally accepted accounting principles.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Airports Division is accounted for as a proprietary fund, which uses the flow of economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The proprietary fund includes the enterprise fund type. An enterprise fund is used to account for the acquisition, operation, and maintenance of government facilities and services that are entirely or predominantly supported by user charges.

(b) Financial Statement Presentation

The accompanying financial statements are presented in accordance with the pronouncements of the Governmental Accounting Standards Board (GASB). Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Airports Division has elected not to apply the provisions of relevant pronouncements of the Financial Accounting Standards Board issued after November 30, 1989.

(c) Operating Revenues and Expenses

Revenues from airlines, concessions, rental cars, and parking are reported as operating revenues. Transactions that are capital, financing, or investing related are reported as nonoperating revenues. All expenses related to operating the Airports Division are reported as operating expenses. Interest expense and financing costs are reported as nonoperating expenses. Revenues from capital contributions are reported separately, after nonoperating revenues and expenses.

(d) Passenger Facility Charges

The Federal Aviation Administration (FAA) authorized the Airports Division to impose a Passenger Facility Charge (PFC) of \$4.50 per passenger. The net receipts from PFCs are restricted to be used

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

for funding FAA-approved capital projects. PFC revenue, along with the related interest income, is reported as nonoperating revenue in the statements of revenues, expenses, and changes in net assets.

(e) *Rental Car Customer Facility Charge*

The State Legislature authorized the Airports Division to impose a Customer Facility Charge (CFC) of \$1 a day on all u-drive rentals at a state airport, effective September 1, 2008. The net receipts from CFCs are restricted to be used for funding approved rental car facility capital projects. CFC revenue, along with the related interest income, is reported as nonoperating revenue in the statements of revenues, expenses, and changes in net assets. Effective September 1, 2010, the CFC was raised to \$4.50 a day on all u-drive rentals at a state airport.

(f) *Capital Contributions*

The Airports Division receives federal grants from the FAA through the Airport Improvement Program. The grant is considered earned as the related allowable expenditures are incurred. Grants for the acquisition and construction of land, property, and certain types of equipment are reported in the statements of revenues, expenses, and changes in net assets as capital contributions.

(g) *Cash and Cash Equivalents*

All highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

(h) *Receivables*

Receivables are reported at their gross value when earned and are reduced by the estimated portion that is expected to be uncollectible. The allowance for uncollectible accounts is based on collection history and current information regarding the creditworthiness of the tenants and others doing business with the Airports Division. When continued collection activity results in receipt of amounts previously written off, revenue is recognized for the amount collected.

An aging of the accounts receivable at June 30, 2010 was as follows: current – \$15,110,132; 30 days – \$764,253; 60 days – \$458,821; and over 90 days – \$4,565,312. An aging of the accounts receivable at June 30, 2009 was as follows: current – \$19,070,402; 30 days – \$427,631; 60 days – \$355,294; and over 90 days – \$5,491,442.

(i) *Investments*

Investments consist primarily of certificates of deposit and repurchase agreements with a maturity of more than three months and less than one year when purchased. The carrying amounts approximate fair value because of the short maturity of the investments.

**DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

(j) Restricted Assets

Restricted assets consist of moneys and other resources, the use of which is legally restricted. Certain proceeds of the airports system revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statements of net assets because they are maintained separately and the use of the proceeds is limited by applicable bond covenants and resolutions. Restricted assets account for the principal and interest amounts accumulated to make debt service payments, unspent bond proceeds, amounts restricted for bond reserve requirements, unspent PFCs, unspent CFCs, and security deposits and customer advances.

(k) Capital Assets

Capital assets acquired by purchase or construction are recorded at cost. Contributed property is recorded at fair value at the date received. Buildings, improvements, and equipment are depreciated by the straight-line method over their estimated useful lives as follows:

Class of assets	Estimated useful lives	Capitalization threshold
Land improvements	20 years	\$ 100,000
Buildings	45 years	100,000
Building improvements	20 years	100,000
Machinery and equipment	10 years	5,000

Disposals of assets are recorded by removing the costs and related accumulated depreciation from the accounts with a resulting gain or loss.

Repairs and maintenance, minor replacements, renewals, and betterments are charged against operations for the year. Major replacements, renewals, and betterments are capitalized in the year incurred. Interest cost is capitalized during the period of construction for all capital improvement projects except the portion of projects funded by grants from the federal government.

(l) Bond Issue Costs and Original Issue Discount or Premium and Deferred Loss on Refundings

Bond issue costs relating to the issuance of airports system revenue bonds are deferred and are amortized using the effective-interest method over the terms of the respective issues. Original issue discount or premium and deferred loss on refundings are amortized using the effective-interest method over the terms of the respective issues and are added to or offset against the long-term debt in the statements of net assets.

(m) Accrued Vacation and Compensatory Pay

The Airports Division accrues all vacation and compensatory pay at current salary rates, including additional amounts for certain salary-related expenses associated with the payment of compensated absences (such as employer payroll taxes and fringe benefits), in accordance with GASB Statement

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

No. 16, *Accounting for Compensated Absences*. Vacation is earned at the rate of 168 or 240 hours per calendar year, depending upon job classification. Accumulation of such vacation credits is limited to 720 or 1,056 hours at calendar year-end and is convertible to pay upon termination of employment.

(n) *Employees' Retirement System*

The Airports Division's contributions to the Employees' Retirement System of the State of Hawaii (ERS) are based on the current contribution rate determined by the State Department of Budget and Finance. The Airports Division's policy is to fund its required contribution annually.

(o) *Risk Management*

The Airports Division is exposed to various risks of loss from torts; theft of, damage to, or destruction of assets; errors or omissions; natural disasters; and injuries to employees. The Airports Division is self-insured for workers' compensation claims as discussed in note 15. Liabilities related to these losses are reported when it is probable that the losses have occurred and the amount of those losses can be reasonably estimated.

(p) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(q) *Recently Adopted Governmental Accounting Pronouncements*

Effective July 1, 2008, the Airports Division adopted the provisions of GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. This statement addresses how state and local governments should account for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities such as site assessments and cleanups.

Notes to Financial Statements

June 30, 2010 and 2009

(3) Cash and Cash Equivalents and Investments

Cash and cash equivalents and investments at June 30, 2010 and 2009 consisted of the following:

	<u>2010</u>	<u>2009</u>
Petty cash	\$ 17,805	17,805
Amounts held in State Treasury	964,195,513	518,462,026
Repurchase agreements	96,893,008	52,789,337
Certificates of deposit	—	22,462,176
	<u>\$ 1,061,106,326</u>	<u>593,731,344</u>

Such amounts are reflected in the statements of net assets at June 30, 2010 and 2009 as follows:

	<u>2010</u>	<u>2009</u>
Cash and cash equivalents:		
Unrestricted	\$ 445,758,508	336,793,740
Restricted	518,454,810	181,686,091
Total cash and cash equivalents	964,213,318	518,479,831
Investments – restricted	96,893,008	75,251,513
Total cash and cash equivalents and investments	<u>\$ 1,061,106,326</u>	<u>593,731,344</u>

(a) Amounts Held in State Treasury

The State has an established policy whereby all unrestricted and certain restricted cash is invested in the State's investment pool. Section 36-21, Hawaii Revised Statutes, authorizes the State to invest in obligations of the State, the U.S. Treasury, agencies and instrumentalities, certificates of deposit, and bank repurchase agreements. At June 30, 2010 and 2009, the amount reported as amounts held in State Treasury reflects the Airports Division's relative position in the State's investment pool and amounted to \$964,195,513 and \$518,462,026, respectively. The Airports Division adjusted its amounts held in State Treasury for a change in fair value by \$31,046,930 and \$(26,576,132) during the years ended June 30, 2010 and 2009, respectively.

The State Director of Finance is responsible for the safekeeping of all moneys paid into the State Treasury (investment pool). The State Director of Finance may invest any moneys of the State, which, in the Director's judgment, are in excess of amounts necessary for meeting the immediate requirements of the State. Legally authorized investments include obligations of or guaranteed by the U.S. government, obligations of the State, federally insured savings and checking accounts, time certificates of deposit, and repurchase agreements with federally insured financial institutions.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

Information relating to individual bank balances, insurance, and collateral of cash deposits is determined on a statewide basis and not for individual departments or divisions. Information regarding the carrying amount and corresponding bank balances of the State's investment pool and collateralization of those balances is included in the comprehensive annual financial report of the State. A portion of the bank balances is covered by federal deposit insurance, or by collateral held by the State Treasury, or by the State's fiscal agents in the name of the State. Other bank balances are held by fiscal agents in the State's name for the purpose of satisfying outstanding bond obligations. Accordingly, these deposits are exposed to custodial credit risk. Custodial credit risk is the risk that in the event of a bank failure, the State's deposits may not be returned to it. For demand or checking accounts and certificates of deposit, the State requires that the depository banks pledge collateral based on the daily available bank balances to limit its exposure to custodial credit risk. The use of daily available bank balances to determine collateral requirements results in the available balances being undercollateralized at various times during the fiscal year. All securities pledged as collateral are held either by the State Treasury or by the State's fiscal agents in the name of the State. The State also requires that no more than 60% of the State's total funds available for deposit and on deposit in the State Treasury may be deposited in any one financial institution.

The Airports Division's share of the State's investment pool, as summarized in the table below, is 57% at June 30, 2009 (amounts in thousands):

	<u>Fair value</u>	<u>Maturity (in years)</u>		
		<u>Less than 1</u>	<u>1 – 5</u>	<u>>5</u>
Investments – primary government:				
Student loan auction rate securities	\$ 509,467	—	—	509,467
Certificates of deposit	32,869	31,883	986	—
U.S. government securities	262,951	—	205,102	57,849
Repurchase agreements	16,434	8,217	8,217	—
	<u>\$ 821,721</u>	<u>40,100</u>	<u>214,305</u>	<u>567,316</u>
Investments – fiduciary funds:				
Student loan auction rate securities	\$ 58,599	—	—	58,599
Certificates of deposit	3,781	3,667	114	—
U.S. government securities	30,244	—	23,590	6,654
Repurchase agreements	1,890	945	945	—
	<u>\$ 94,514</u>	<u>4,612</u>	<u>24,649</u>	<u>65,253</u>

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

Information relating to the State's investment pool at June 30, 2010 will be included in the comprehensive annual financial report of the State when issued.

(b) Investments

At June 30, 2010 and 2009, the Airports Division's investments consisted of repurchase agreements with a bank and certificates of deposit with original maturities ranging from six months to one year. Such investments were insured or collateralized with securities held by the State Treasury or by the State's fiscal agent in the name of the State. The fair values of the repurchase agreements and the certificates of deposit approximate cost.

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from interest rates, the Airports Division follows the State's policy of limiting maturities on investments to generally not more than five years from the date of investment.

Credit Risk

The Airports Division follows the State's policy of limiting its investments to investments in state and U.S. Treasury securities, certificates of deposit, U.S. government or agency obligations, repurchase agreements, commercial paper, bankers' acceptances, and money market funds.

Custodial Risk

For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the Airports Division or the State will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Airports Division's and the State's investments are held at broker/dealer firms that are protected by the Securities Investor Protection Corporation (SIPC) up to a maximum amount. In addition, excess-SIPC coverage is provided by the firms' insurance policies. In addition, the Airports Division and the State require the institutions to set aside, in safekeeping, certain types of securities to collateralize repurchase agreements. The Airports Division and the State monitor the market value of these securities and obtain additional collateral when appropriate.

(6) Airports System Revenue Bonds

In 1969, the Director issued the Certificate under which \$40,000,000 of revenue bonds were initially authorized for issuance. Subsequent issues of revenue bonds were covered by First through Twenty-Eighth supplemental certificates to the original 1969 Certificate.

Certain amendments to the Certificate contained in the Twenty-Sixth Supplemental Certificate took effect contemporaneously with the Twenty-Seventh Supplemental Certificate and delivery of the Airports System Revenue Bonds, Refunding Series of 2001. Other amendments, which required the consent of 100% of the bondholders, took effect as of June 30, 2004 with the issuance of the Airports System Revenue Bonds, Refunding Series of 2003.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

These revenue bonds are payable solely from and are collateralized solely by the revenues generated by the Airports Division including all aviation fuel taxes levied. The amended Certificate established an order of priority for the appropriation, application, or expenditure of these revenues as follows:

- a. To pay or provide for the payment of the costs of operation, maintenance, and repair of airport properties
- b. To pay when due all bonds and interest. Payment shall be provided from the following accounts:
 1. Interest account
 2. Serial bond principal account
 3. Sinking fund account
 4. Debt service reserve account
- c. To fund the major maintenance, renewal, and replacement account
- d. To reimburse the State General Fund for general obligation bond requirements
- e. To provide for betterments and improvements to the airports
- f. To provide such special reserve funds and other special funds as created by law
- g. To provide for any other purpose connected with or pertaining to the bonds or the airports authorized by law

The amended Certificate requires that the Airports Division impose, prescribe, and collect revenues that, together with unencumbered funds, will yield net revenues and taxes at least equal to 1.25 times the total interest, principal, and sinking fund requirements for the ensuing 12 months. The Airports Division is also required to maintain adequate insurance on its properties.

For purposes of calculating the required amounts to be credited to the interest, serial bond principal, sinking fund, debt service reserve, and major maintenance, renewal, and replacement accounts (collectively referred to as revenue bond debt service reserve accounts), the Certificate stipulates that investments be valued at the lower of their face amount or fair value. At June 30, 2010 and 2009, amounts credited to the revenue bond debt service reserve accounts were in accordance with applicable provisions of the Certificate.

AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

At June 30, 2010 and 2009, the revenue bond debt service reserve accounts (reported as restricted assets in the accompanying statements of net assets) consisted of the following:

	<u>2010</u>	<u>2009</u>
Debt service reserve account	\$ 96,893,008	75,251,513
RHB Debt extinguishment	33,682,994	—
Major maintenance, renewal, and replacement account	<u>60,061,114</u>	<u>63,626,627</u>
	190,637,116	138,878,140
Principal and interest due July 1	<u>41,847,037</u>	<u>39,763,058</u>
	<u>\$ 232,484,153</u>	<u>178,641,198</u>

At June 30, 2010 and 2009, the balance of legislatively approved and appropriated but unissued airports system revenue bonds was \$505,407,906 and \$590,065,802, respectively.

The revenue bonds are subject to redemption at the option of the Department of Transportation (DOT) and the State during specific years at prices ranging from 102% to 100% of principal.

The following is a summary of airports system revenue bonds issued and outstanding at June 30, 2010 and 2009:

<u>Series</u>	<u>Interest rate</u>	<u>Final maturity date (July 1)</u>	<u>Original amount of issue</u>	<u>Outstanding amount</u>	
				<u>2010</u>	<u>2009</u>

AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

Annual debt service requirements to maturity for airports system revenue bonds are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending June 30:			
2011	\$ 25,370,000	52,121,428	77,491,428
2012	27,680,000	50,427,803	78,107,803
2013	46,145,000	49,003,450	95,148,450
2014	46,725,000	46,471,255	93,196,255
2015	52,960,000	43,897,328	96,857,328
2016 – 2020	310,425,000	173,194,831	483,619,831
2021 – 2025	100,135,000	111,416,438	211,551,438
2026 – 2030	107,580,000	86,485,523	194,065,523
2031 – 2035	138,180,000	55,891,775	194,071,775
2036 – 2039	137,580,000	17,672,780	155,252,780
	<u>\$ 992,780,000</u>	<u>686,582,611</u>	<u>1,679,362,611</u>

The above debt service requirements are set forth based upon funding requirements. Principal and interest payments are required to be funded in the 12- and 6-month periods, respectively, preceding the date on which the payments are due. Accordingly, the above debt service requirements do not present principal and interest payments due on July 1, 2010 of \$23,615,000 and \$18,232,037, respectively.

The following is a summary of interest costs incurred for the years ended June 30, 2010 and 2009 and the allocation thereof:

	<u>2010</u>	<u>2009</u>
Expensed as incurred	\$ 27,800,066	24,067,476
Capitalized in capital assets	10,624,031	11,695,577
	<u>\$ 38,424,097</u>	<u>35,763,053</u>

On April 7, 2010, the Airports Division issued \$478,980,000 and \$166,000,000 of airports system revenue bonds (Refunding Series 2010A and Refunding Series 2010B, respectively) at interest rates ranges of 2.00% to 5.25% and 3.00% to 5.00%, respectively, to refund \$196,015,000 of its outstanding Refunding Series of 2000A and 2000B bonds. The average interest rates of the refunded bonds were 5.749928% and 6.429042%, respectively. Of the net proceeds of \$656,136,858 (after the payment of \$3,572,788 in underwriting fees, insurance, and other costs), along with an additional \$3,069,096 from the debt service reserve account, \$204,061,069 were deposited into an irrevocable trust with an escrow agent to provide for the redemption of the refunded portion of the Refunding Series of 2000A and 2000B bonds on July 1, 2010. As a result, the refunded portion of the Refunding Series 2000A and 2000B bonds are considered to be defeased and the liability for those bonds has been removed from the financial statements.

**DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

The remainder of the net proceeds are held in the State Treasury to be used to pay all or part of the cost of the acquisition, purchase, construction, reconstruction, improvement, betterment, or extension of any project authorized by the State.

At June 30, 2010, the aggregate outstanding defeased bonds amounted to \$228,615,000.

The refunding resulted in a difference between the reacquisition price and the net carrying amount of the refunded debt of \$7,942,147. This difference, reported in the accompanying financial statements as a deduction from airports system revenue bonds, is being charged to operations over the next 11 years.

(7) General Obligation Bonds

The Airports Division reimburses the State for the portion of debt service on several general obligation bonds issued by the State, the proceeds of which were used to finance various airport projects. These bonds are backed by the full faith and credit of the State.

During the year ended June 30, 2009, the general obligation bonds were paid in full by the Airports Division.

The following is a summary of interest costs incurred for the year ended June 30, 2009 and the allocation thereof:

Expensed as incurred	\$	905
Capitalized in capital assets		—
	\$	<u>905</u>

(8) Leases

(a) Airport-Airline Lease Agreement

Airports Division

The DOT and the airline companies serving the airports system (signatory airlines) operated pursuant to an airport-airline lease agreement that was originally set to expire on July 31, 1992 (lease agreement). Under the lease agreement, the signatory airlines each have the nonexclusive right to use the facilities, equipment, improvements, and services of the airports system and to occupy certain premises and facilities thereon. The lease agreement was extended under a series of five subsequent agreements, the last of which was executed in June 1994, and extended the expiration date to June 30, 1997 (hereafter the lease agreement and the five subsequent agreements are collectively referred to as the lease extension agreement). The lease extension agreement contains a provision under which the expiration date is automatically extended on a quarterly basis after June 30, 1997, unless terminated by either party upon at least 60 days prior written notice. In October 2007, the DOT and a majority of the signatory airlines executed the first amended lease extension agreement effective January 1, 2008.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

Under the lease extension agreement, the airports system rates and charges are calculated using a residual rate-setting methodology that excludes duty-free revenues in excess of \$100 million per year and any interest income earned on funds set aside for the Capital Improvements Program. The airports system rates and charges consist of the following: (1) exclusive-use terminal charges based on appraisal and recovered on a per-square-foot basis, (2) joint-use premises charges (for nonexclusive use of terminal space) based on appraisal and recovered on a per revenue passenger landing basis, (3) international arrivals building charges based on appraisal and recovered on a per deplaning international passenger basis, (4) landing fees based on a cost center residual rate-setting methodology and recovered on a revenue landing landed weight basis (per thousand pound units), and (5) system support charges based on an airports system residual rate-setting methodology and recovered on a revenue landing landed weight basis (per 1,000-pound units).

Effective January 1, 2008, under the first amended lease extension agreement, the airports system rates and charges are calculated using a rate-making methodology that recovers costs of specific airports system facilities from the signatory airlines that directly use them. The airports system rates and charges consist of the following: (1) exclusive-use terminal charges based on a cost center residual rate-setting methodology and recovered on a per-square-foot basis, (2) joint-use premises charges (for nonexclusive use of terminal space, except for commuter terminal space) based on a cost center residual rate-setting methodology and recovered on a per enplaning or deplaning passenger basis, (3) commuter terminal charges based on appraisal and recovered on a per enplaning passenger basis, (4) international arrivals building charges based on a cost center residual rate-setting methodology and recovered on a per deplaning international passenger basis, (5) landing fees based on a cost center residual rate-setting methodology and recovered on a revenue landing landed weight basis (per 1,000-pound units), and (6) system support charges based on an airports system residual rate-setting methodology and recovered on a revenue landing landed weight basis (per 1,000-pound units).

Prepaid Airport Use Charge Fund

In August 1995, the DOT and the signatory airlines entered into an agreement to extend the Prepaid Airport Use Charge Fund (the PAUCF). Net excess payments for fiscal years 1996 through 2010 have been transferred to the PAUCF (note 16).

Aviation Fuel Tax

The aviation fuel tax amounted to \$3,633,095 and \$3,548,705 for fiscal years 2010 and 2009, respectively. In May 1996, the State Department of Taxation issued a tax information release that, effective July 1, 1996, the Hawaii fuel tax will not apply to the sale of bonded aviation/jet fuel to air carriers departing for foreign ports or arriving from foreign ports on stopovers before continuing on to their final destination.

Airports System Rates and Charges

Signatory and nonsignatory airlines were assessed the following airports system rates and charges.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

Airport landing fees amounted to \$59,262,031 and \$64,069,005 for fiscal years 2010 and 2009, respectively. Airport landing fees are shown net of aviation fuel tax credits of \$3,314,188 and \$3,495,105 for fiscal years 2010 and 2009, respectively, on the statements of revenues, expenses, and changes in net assets, which resulted in net airport landing fees of \$55,947,843 and \$60,573,900 for fiscal years 2010 and 2009, respectively. Airport landing fees are based on a computed rate per 1,000-pound units of approved maximum landing weight for each aircraft used in revenue landings. The interisland airport landing fees for signatory airlines are set at 38% and 37% of the airport landing fees for overseas flights for fiscal years 2010 and 2009, respectively, and are scheduled to increase 1% annually until it reaches 100%.

Overseas and interisland joint-use premise charges were established to recover airports system costs allocable to the overseas and interisland terminals joint-use space based on terminal rental rates and are recovered based on a computed rate per revenue passenger landing. Nonexclusive joint-use premise charges for terminal rentals amounted to \$38,544,169 and \$35,062,741 for fiscal years 2010 and 2009, respectively.

Effective July 1, 1996, a joint-use premise charge for the neighbor isle terminals at Kahului Airport, Kona International Airport at Keahole, Lihue Airport, and Hilo International Airport was established to recover from signatory airlines airports system costs allocable to the baggage claim, baggage tug drive, and joint-use baggage makeup areas based on terminal rental rates and is recovered based on a computed rate per revenue passenger landing in accordance with the lease extension agreement. Effective March 1, 1997, a blended overseas joint-use premise charge was established to recover costs allocable to Hawaiian Airlines, Inc.'s and Aloha Airlines, Inc.'s consolidated terminal operations at the Honolulu International Airport.

Effective January 1, 2008, joint-use premise charges are recovered based on a computed rate per enplaning or deplaning passenger.

International arrivals building charges were established to recover airports system costs allocable to the international arrivals area based on terminal rental rates and are recovered based on a computed rate per deplaning international passenger using the international arrivals area. Beginning fiscal year 2000, nonsignatory airline revenue was applied as a credit in calculating the joint-use premise charge and international arrivals building charges.

Exclusive-use premise charges amounted to \$39,576,057 and \$35,117,763 for fiscal years 2010 and 2009, respectively, and are computed using a fixed rate per square footage per year. Exclusive-use premise charges for terminal rentals amounted to \$23,032,229 and \$17,840,660 for fiscal years 2010 and 2009, respectively.

Airports system support charges amounted to \$762,543 and \$873,520 for fiscal years 2010 and 2009, respectively, and were established to recover all remaining residual costs of the airports system. Airports system support charges were established by Administrative Rules for nonsignatory airlines. Those rates are based on a computed rate per 1,000-pound units of approved maximum landing

**DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

weight for each aircraft used in revenue landings. The airports system interisland support charges for nonsignatory airlines are set at 32% of airports system support charges for overseas flights.

(b) Special Facility Leases and Revenue Bonds

The Airports Division entered into four special facility lease agreements with: Delta Airlines, Inc. in 1987, Continental Airlines, Inc. in November 1997 and July 2000, and Caterair International Corporation in December 1990, which was subsequently assigned to Sky Chefs, Inc. effective January 2002. The construction of the related facilities was financed by special facility revenue bonds issued by the Airports Division in the amounts of \$25,255,000, \$16,600,000, and \$6,600,000, respectively. These bonds are payable solely from and collateralized solely by certain rentals and other moneys derived from the special facility. Other pertinent information on the aforementioned bonds is summarized hereunder.

\$25,255,000 Issue

Bonds with a stated maturity date of November 15, 2027 remain outstanding. The bonds are subject to redemption on or after November 15, 2007 at the option of the Airports Division, upon the request of Continental Airlines, Inc., at prices ranging from 101% to 100% of principal depending on the dates of redemption or, if the facilities are destroyed or damaged extensively, at 100% plus interest. The Airports Division redeemed \$130,000 in bonds during the year ended June 30, 2005.

The bonds bear interest at 5.625% per annum. Interest-only payments of \$611,016 are due semiannually on May 15 and November 15 of each year until the bonds mature on November 15, 2027, at which time the entire principal amount is due. The following principal and interest payments are required based on the amounts outstanding at June 30, 2010:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending June 30:			
2011	\$ —	1,222,031	1,222,031
2012	—	1,222,031	1,222,031
2013	—	1,222,031	1,222,031
2014	—	1,222,031	1,222,031
2015	—	1,222,031	1,222,031
2016 – 2020	—	6,110,156	6,110,156
2021 – 2025	—	6,110,156	6,110,156
2026 – 2028	21,725,000	3,055,078	24,780,078
	<u>\$ 21,725,000</u>	<u>21,385,545</u>	<u>43,110,545</u>

**DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

\$16,600,000 Issue

On July 15, 2000, the Airports Division issued \$16,600,000 of term special facility bonds (Continental Airlines, Inc.), Refunding Series of 2000, to refund \$18,225,000 of its outstanding Series of 1990 (Continental Airlines, Inc.).

The bonds are subject to redemption on or after June 1, 2010, at the option of the Airports Division, upon the request of Continental Airlines, Inc. or, if the facilities are destroyed or damaged extensively, at 100% of principal plus interest.

The bonds bear interest at 7% per annum. Maturities of the revenue bonds, including amounts subject to mandatory redemption at par, will require the following principal and interest payments based on the amounts outstanding at June 30, 2010:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending June 30:			
2011	\$ 785,000	763,000	1,548,000
2012	835,000	708,050	1,543,050
2013	905,000	649,600	1,554,600
2014	970,000	586,250	1,556,250
2015	1,030,000	518,350	1,548,350
2016 – 2020	6,375,000	1,397,200	7,772,200
	<u>\$ 10,900,000</u>	<u>4,622,450</u>	<u>15,522,450</u>

\$6,600,000 Issue

Bonds with a stated maturity date of December 1, 2010 remain outstanding. The bonds are subject to redemption on or after December 1, 2003, at the option of the Airports Division, upon the request of Sky Chefs, Inc. or, if the facilities are destroyed or damaged extensively, at 100% plus interest.

The bonds bear interest at 10.125% per annum. Maturities of the revenue bonds, including amounts subject to mandatory redemption at par, will require the following principal and interest payments based on the amounts outstanding at June 30, 2010:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year ending June 30:			
2011	\$ 900,000	45,562	945,562
	<u>\$ 900,000</u>	<u>45,562</u>	<u>945,562</u>

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

Special facility revenue bonds payable at June 30, 2010 and 2009 consisted of the following:

	<u>Continental</u>		<u>Sky chefs</u>	<u>Total</u>
2010:				
Current portion	\$ 785,000	—	900,000	1,685,000
Noncurrent portion	<u>10,115,000</u>	<u>21,725,000</u>	—	<u>31,840,000</u>
	<u>\$ 10,900,000</u>	<u>21,725,000</u>	<u>900,000</u>	<u>33,525,000</u>
2009:				
Current portion	\$ 730,000	—	500,000	1,230,000
Noncurrent portion	<u>10,900,000</u>	<u>21,725,000</u>	<u>900,000</u>	<u>33,525,000</u>
	<u>\$ 11,630,000</u>	<u>21,725,000</u>	<u>1,400,000</u>	<u>34,755,000</u>

The special facility leases are accounted for and recorded as direct financing leases. The remaining lease payments to be paid by the lessees (including debt service requirements on the special facility revenue bonds) are recorded as an asset and the special facility revenue bonds outstanding are recorded as a liability in the accompanying statements of net assets.

Net investments in direct financing leases at June 30, 2010 and 2009 consisted of the following:

	<u>2010</u>	<u>2009</u>
Cash with bond fund trustee	\$ 4,262,963	4,101,714
Receivable from lessees, net of unearned interest of \$26,277,490 and \$28,455,724, respectively	29,262,037	30,653,286
Interest receivable	<u>223,931</u>	<u>232,408</u>
	<u>\$ 33,748,931</u>	<u>34,987,408</u>

(c) ***Other Operating Leases***

The Airports Division also leases certain building spaces and improvements to concessionaires, airline carriers, and other airport users. The terms of these leases range from 4 to 15 years for concessionaires and up to 65 years for other airport users. Information regarding the cost and related accumulated depreciation of these facilities is not provided because the accumulation of such data was not considered practical and because the information, when compared with the future minimum rentals to be received, would not be an accurate indication of the productivity of the property on lease or held for lease, due to the methods by which and the long period of time over which the properties were acquired.

**DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

The future minimum rentals from these operating leases at June 30, 2010 are as follows:

Year ending June 30:	
2011	\$ 107,532,751
2012	101,344,753
2013	91,844,904
2014	87,189,681
2015	53,374,136
2016 – 2020	113,414,624
2021 – 2025	11,804,979
2026 – 2030	6,676,794
2031 – 2035	2,444,672
2036 – 2040	<u>1,211,639</u>
	<u>\$ 576,838,933</u>

The leases with concessionaires are generally based on the greater of a percentage of sales or a minimum guarantee. Percentage rents included in concession fees for fiscal years 2010 and 2009 were \$42,141,600 and \$46,198,939, respectively.

In fiscal year 2006, the Airports Division converted certain past-due amounts from three lessees into promissory notes. The notes bear interest at rates ranging from 0% to 5%, and are due over periods ranging from 0 months to 9 years. The balance of \$2,601,889 at June 30, 2010 is due as follows: 2011 – \$2,502,889; 2012 – \$12,000; 2013 – \$12,000; and thereafter – \$75,000.

Concession fee revenues from the DFS Group, L.P. (DFS), which operates the in-bond (Duty Free) concession, the Honolulu International Airport retail concession, and the Kona International Airport at Keahole retail concession, accounted for approximately 30% and 40% of total concession fee revenues for fiscal years 2010 and 2009, respectively.

DFS was originally awarded a five-year lease agreement for the in-bond concession in February 2001. By 2003, DFS had been in significant arrears in rents due to the Airports Division as a result of financial difficulties arising from the downturn in Hawaii's economy due to the decrease in international visitor travel. As a result, in August 2003, the Airports Division and DFS entered into a Withdrawal and Settlement Agreement, which provided DFS with certain relief for past-due rents, and which allowed the Airports Division to withdraw and recapture all of the leased premises and to terminate early the in-bond lease.

The in-bond concession was rebid in September 2003, and DFS was awarded the lease for the period from October 1, 2003 to May 31, 2006. The lease contract provided for a minimum annual guarantee rent as well as a percentage rent on annual gross receipts exceeding certain levels. For the period from June 1, 2005 to May 31, 2006, the minimum annual guarantee rent was \$37,311,121, and the percentage rent was as follows: (1) for total concession receipts greater than \$165 million, but less

**DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

than \$200 million, 22.5% for on-airport sales, and 18.5% for off-airport sales and (2) for total concession receipts greater than \$200 million, 30.0% for on-airport sales, and 22.5% for off-airport sales.

Effective June 1, 2006, the lease was extended for a period of one year pursuant to a holdover clause in the lease agreement. During the holdover period, DFS shall have a month-to-month tenancy, with rents and terms the same as those in effect immediately prior to the holdover.

On January 3, 2007, DFS was awarded a 10-year lease agreement for the in-bond concessions with the term commencing on June 1, 2007 and terminating on May 31, 2017. The lease contract provides for a minimum annual guarantee rent as well as percentage rent on annual gross receipts exceeding certain levels. For the period from June 1, 2007 to May 31, 2012, the minimum annual guarantee rent is \$38 million and the percentage rent is as follows: (1) for total concession receipts greater than \$122 million, but less than \$195 million, 22.5% for on-airport sales, and 18.5% for off-airport sales; (2) for total concession receipts greater than \$195 million, but less than \$235 million, 30.0% for on-airport sales and 22.5% off-airport sales; (3) for total concession receipts greater than \$235 million, but less than \$275 million, 30.0% for on-airport sales, and 26.5% for off-airport sales; and (4) for total concession receipts greater than \$275 million, 30.0% for on-airport sales and off-airport sales. For the period from June 1, 2012 to May 31, 2017, the minimum annual guarantee rent is equal to 85% of the total rent paid for the 50 years of the lease term. Percentage rent during this period is calculated the same as during the first 5 years of the lease term.

In March 2009, DFS was awarded a five-year lease agreement for the retail concession at the Honolulu International Airport, with the term commencing on April 1, 2009 and terminating on March 14, 2014. Rents were computed as the higher of (1) percentage rent of 20% of gross receipts and (2) minimum annual guarantee rent (\$9,950,000 during the last year of the five-year term).

(9) Passenger Facility Charges

Passenger facility charges across all following insurances in notes activity for the years ended June 30, 2010 and 2009 are as follows:

	2010	2009
Restricted assets – passenger facility charges, beginning of year	\$ 68,578,837	50,199,121
Passenger facility charges during the year	28,485,813	23,359,258
Interest earned on passenger facility charges during the year	835,925	1,427,237
Capital expenditures during the year	(14,505,306)	(6,406,779)
Restricted assets – passenger facility charges, end of year	\$ 83,395,269	68,578,837

**DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII**
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

Restricted assets – passenger facility charges are presented on the statements of net assets as of June 30, 2010 and 2009 as follows:

	2010	2009
Cash and cash equivalents	\$ 79,724,804	65,705,687
Receivable	3,670,465	2,873,150
Total restricted assets passenger facility charges	\$ 83,395,269	68,578,837

(10) Rental Car Customer Facility Charge

Rental car customer facility charge activity for the year ended June 30, 2010 is as follows:

	2010	2009
Restricted assets – rental car customer facility charge, beginning of year	\$ 8,584,512	—
Rental car customer facility charges during the year	10,804,982	8,541,445
Interest earned on rental car customer facility charges during the year	107,009	66,716
Bad debt expense on rental car customer facility charges during the year	—	(23,649)
Capital expenditures during the year	(2,127,936)	—
Restricted assets – rental car customer facility charges, end of year	\$ 17,368,567	8,584,512

Restricted assets – rental car customer facility charges are presented on the statement of net assets as of June 30, 2010 as follows:

	2010	2009
Cash and cash equivalents	\$ 16,134,680	7,682,365
Receivable	1,233,887	902,147
Total restricted assets – rental car customer facility charge	\$ 17,368,567	8,584,512

(11) Pension Information

All eligible employees of the Airports Division are required by Chapter 88, Hawaii Revised Statutes (HRS), to become members of the ERS of the State, a cost sharing, multiple-employer public employee retirement plan. The ERS provides retirement, survivor, and disability benefits with multiple benefit structures known as the contributory, hybrid, and noncontributory plans. All contributions, benefits, and eligibility requirements are established by Chapter 88, HRS, and can be amended by legislative action.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

Employees covered by Social Security on June 30, 1984 were given the option of joining the noncontributory plan or remaining in the contributory plan. All new employees hired after June 30, 1984 and before July 1, 2006, who are covered by Social Security, were generally required to join the noncontributory plan. Qualified employees in the contributory and noncontributory plan were given the option of joining the hybrid plan effective July 1, 2006, or remaining in their existing plan. Starting July 1, 2006, all new employees covered by Social Security are required to join the hybrid plan.

The three plans provide a monthly retirement allowance equal to the benefit multiplier percentage (1.25% or 2.00%) multiplied by the average final compensation (AFC) multiplied by years of credited service. The AFC is the average salary earned during the five highest paid years of service, including the payment of salary in lieu of vacation, or three highest paid years of service, excluding the payment of salary in lieu of vacation, if the employee became a member prior to January 1, 1971. The AFC for members hired on or after this date is based on the three highest paid years of service, excluding the payment of salary in lieu of vacation.

For postretirement increases, every retiree's original retirement allowance is increased by 2.5% on each July 1 following the calendar year of retirement. This cumulative benefit is not compounded and increases each year by 2.5% of the original retirement allowance without a ceiling (2.5% of the original retirement allowance the first year, 5.0% the second year, 7.5% the third year, etc.).

The following summarizes the three plan provisions relevant to the general employees of the respective plan:

(a) *Contributory Plan*

Employees in the contributory plan are required to contribute 7.8% of their salary and are fully vested for benefits upon receiving five years of credited service. The Airports Division may also make contributions for these members. Under the contributory plan, employees may retire with full benefits at age 55 and 5 years credited service, or may retire early at any age with at least 25 years of credited service and reduced benefits. The benefit multiplier is 2.0% for employees covered by Social Security.

(b) *Hybrid Plan*

Employees in the hybrid plan are required to contribute 6.0% of their salary and are fully vested for benefits upon receiving five years of credited service. The Airports Division may also make contributions for these members. Employees may retire with full benefits at age 62 and 5 years of credited service or at age 55 and 30 years of credited service, or may retire at age 55 and 20 years service with reduced benefits. The benefit multiplier used to calculate retirement benefits is 2.0%.

(c) *Noncontributory Plan*

Employees in the noncontributory plan are fully vested upon receiving 10 years of credited service. The Airports Division is required to make all contributions for these members. Employees may retire with full benefits at age 62 years and 10 years of credited service or age 55 and 30 years of credited

Notes to Financial Statements

June 30, 2010 and 2009

service or age 55 years and 20 years of credited service with reduced benefits. The benefit multiplier used to calculate retirement benefits is 1.25%.

The ERS funding policy provides for periodic employer contributions at actuarially determined rates, expressed as a percentage of annual covered payroll, such that the employer contributions, along with employee contributions and an actuarially determined rate of investment return, are adequate to accumulate sufficient assets to pay benefits when due. The funding method used to calculate the total employer contribution required is the entry age normal actuarial cost method. Effective July 1, 2005, employer contribution rates are a fixed percentage of compensation, including the normal cost plus amounts required to pay for the unfunded actuarial accrued liability. Employers contribute 15.75% for police officers and firefighters, and 13.75% for all other employees. These rates increase, as of July 1, 2008, to 19.70% for police officers and firefighters, and 15.00% for all other employees. Employer rates are set by statute based on the recommendation of the ERS actuary resulting from an experience study conducted every five years.

The required pension contributions by the Airports Division for the years ended June 30, 2010, 2009, and 2008 were \$7,472,099, \$7,924,498, and \$6,859,479, respectively, which represented 13.75% of covered payroll for the years then ended and were equal to the required contributions for each year. Measurement of assets and actuarial valuations are made for the ERS as a whole and are not separately computed for individual participating employers such as the Airports Division.

The ERS issues a comprehensive annual financial report that includes financial statements and required supplementary information, which may be obtained from the following address:

Employees' Retirement System of the State of Hawaii
201 Merchant Street, Suite 1400
Honolulu, Hawaii 96813

(12) Postretirement Healthcare and Life Insurance Benefits

In addition to providing pension benefits, the State, pursuant to HRS Chapter 87A, is a participating employer in a cost sharing, multiple-employer defined benefit plan providing certain healthcare and life insurance benefits to all qualified employees and retirees. The Employer-Union Health Benefits Trust Fund (EUTF) was established on July 1, 2003 to design, provide, and administer medical, prescription, drug, dental, vision, chiropractic, dual-coverage medical and prescription, and group life benefits.

For employees hired before July 1, 1996, the State pays the entire monthly healthcare premium for employees retiring with 10 or more years of credited service, and 50% of the monthly premium for employees retiring with fewer than 10 years of credited service.

For employees hired after June 30, 1996, and who retire with fewer than 10 years of service, the State makes no contributions. For those retiring with at least 10 years but fewer than 15 years of service, the State pays 50% of the retired employees' monthly Medicare or non-Medicare premium. For employees hired after June 30, 1996, and who retire with at least 15 years but fewer than 25 years of service, the State

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

pays 75% of the retired employees' monthly Medicare or non-Medicare premium. For those retiring with over 25 years of service, the State pays the entire healthcare premium.

For employees hired after June 30, 2001, and who retire with fewer than 10 years of service, the State makes no contributions. For those retiring with at least 10 years but fewer than 15 years of service, the State pays 50% of the retired employees' monthly Medicare or non-Medicare premium based on the self-plan. For employees hired after June 30, 2001, and who retire with at least 15 years but fewer than 25 years of service, the State pays 75% of the retired employees' monthly Medicare or non-Medicare premium, for those retiring with over 25 years of service, the State pays the entire healthcare premium.

For active employees, the employee's contributions are based upon negotiated collective bargaining agreements. Employer contributions for employees not covered by collective bargaining agreements and for retirees are prescribed by the HRS.

Measurement of the actuarial valuation and the annual required contribution (ARC) are made for the state as a whole and are not separately computed for the individual state departments and agencies such as the Airports Division. The State allocates the ARC to the various departments and agencies based upon a systematic methodology. The Airports Division's contribution for the years ended June 30, 2010 and 2009 was \$3,094,170 and \$4,365,756, respectively, which represented 28% and 36%, respectively, of the Airports Division's share of the ARC for postemployment healthcare and life insurance benefits of \$11,147,024 and \$12,101,135, respectively.

The following is a summary of changes in postemployment liability during the fiscal year ended June 30, 2010:

Balance at June 30, 2009	\$	14,674,952
Additions		11,147,024
Deletions		(3,094,170)
		22,727,806
Balance at June 30, 2010		22,727,806
Less current portion		(3,222,000)
	\$	19,505,806

The EUTF issues a financial report that includes financial statements and required supplementary information, which may be obtained from the following address:

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

(13) Transactions with Other Government Agencies

The State assesses a surcharge of 5% for central service expenses on all receipts of the Airports Division, after deducting any amounts pledged, charged, or encumbered, for the payment of bonds and interest during the year. The assessments amounted to \$12,094,751 and \$10,743,534 in fiscal years 2010 and 2009, respectively.

The Airports Division is assessed a percentage of the cost of the general administration expenses of the DOT. The assessments amounted to \$6,117,284 and \$6,156,800 in fiscal years 2010 and 2009, respectively. During fiscal years 2010 and 2009, the Airports Division received assessment refunds from the DOT amounting to \$922,401 and \$1,317,652, respectively. Such refunds reduced operating expenses in the accompanying statements of revenues, expenses, and changes in net assets.

During fiscal years 2010 and 2009, revenues received from other state agencies totaled \$2,024,042 and \$1,639,826, respectively, and expenditures to other state agencies totaled \$7,734,552 and \$9,325,516, respectively.

(14) Commitments

(a) Sick Pay

Accumulated sick leave at June 30, 2010 and 2009 was \$17,297,059 and \$17,207,468, respectively. Sick leave accumulates at the rate of 14 or 20 hours per month of service without limit, depending on the employee's job classification, but can be taken only in the event of illness and is not convertible to pay upon termination of employment. Accordingly, no liability for sick pay is recorded. However, an Airports Division employee who retires or leaves government service in good standing with 60 days or more of unused sick leave is entitled to additional service credit with the ERS.

(b) Deferred Compensation Plan

The State offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all state employees, permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All plan assets are held in a trust fund to protect them from claims of general creditors. The State has no responsibility for loss due to the investment or failure of investment of funds and assets in the plan, but does have the duty of due care that would be required of an ordinary prudent investors. Accordingly, the assets and liabilities of the State's deferred compensation plan are not reported in the accompanying financial statements.

(c) Pledged Future Revenues

In accordance with the *Certificate of the Director of Transportation Providing for the Issuance of State of Hawaii Airports System Revenue Bonds*, as amended (the Certificate), the Airports Division has pledged future revenues net of operation, maintenance and repair expenses, and certain

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

adjustments (net revenues and taxes available for debt service) to repay \$1,356,115,000 in revenue bonds issued in 2000, 2001, and 2010, and are payable through 2039. The total debt service remaining to be paid on the revenue bonds for the Airports Division is \$1,679,362,611. In fiscal year 2010, total debt service paid, exclusive of amounts refunded, and net revenues and taxes available for debt service for the Airports Division were \$60,413,982 and \$96,530,898, respectively. See also note 6 for further discussion on the revenue bonds.

(d) Other

Under an agreement with the Federal Bureau of Prisons (FBOP), the Airports Division is required to perform certain upgrades to its utilities infrastructure, which is also used by the Federal Detention Center adjacent to the Honolulu International Airport. In exchange, the FBOP has paid a connection fee to the Airports Division of \$952,601. The upgrades are expected to be performed in the next 5 – 10 years. Accordingly, the amount has been recorded as a noncurrent customer advance on the statements of net assets at June 30, 2010 and 2009.

At June 30, 2010 and 2009, the Airports Division had commitments totaling approximately \$282,140,899 and \$275,943,000, respectively, for construction and service contracts.

(15) Risk Management

The Airports Division is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; natural disasters; and injuries to employees.

(a) Torts

The Airports Division is involved in various actions, the outcome of which, in the opinion of management, will not have a material adverse effect on the Airports Division's financial position. Losses, if any, are either covered by insurance or will be paid from legislative appropriations of the State General Fund, except as described in note 15.

(b) Property and Liability Insurance

The Airports Division is covered by commercial general liability policies with a \$300 million limit per occurrence. These commercial general liability policies have no deductible and cover bodily injuries and property damage for occurrences arising out of the ownership, operation, and maintenance of state airports.

(c) Workers' Compensation

The State is self-insured for workers' compensation. Accordingly, the Airports Division is liable for all workers' compensation claims filed by its employees. Liabilities for workers' compensation claims are established if information indicates that it is probable that liabilities have been incurred and the amount of those claims can be reasonably estimated. The basis for estimating the liabilities for unpaid claims includes the effects of specific incremental claim adjustment expenses, salvage, and subrogation, and other allocated or unallocated claim adjustment expenses. These liabilities

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

include an amount for claims that have been incurred but not reported. At June 30, 2010 and 2009, the workers' compensation reserve was \$4,000,000 and \$4,300,000, respectively, of which \$1,010,242 and \$1,055,969 is included in current liabilities (payable from unrestricted net assets) and \$2,989,758 and \$3,244,031 is included in long-term liabilities in the accompanying statements of net assets at June 30, 2010 and 2009, respectively. In the opinion of management, the Airports Division has adequately reserved for such claims.

(16) Contingent Liabilities and Other

(a) Litigation

The State is subject to a number of lawsuits arising in the ordinary course of its airport operations. While the ultimate liabilities, if any, in the disposition of these matters are presently difficult to estimate, it is management's belief that the outcomes are not likely to have a material adverse effect on the Airports Division's financial position. In addition, the State has not determined whether the ultimate liabilities, if any, will be imposed on the Airports Division. Accordingly, no provisions for any liabilities that might result have been made in the accompanying financial statements.

(b) Arbitrage

In compliance with the requirements of Section 148 of the Internal Revenue Code of 1986, as amended, the Airports Division is required to calculate rebates due to the U.S. Treasury on the airports system revenue bonds issued since 1986. Rebates are calculated by bond series based on the amount by which the cumulative amount of investment income exceeds the amount that would have been earned had funds been invested at the bond yield. In the opinion of management, rebates payable as of June 30, 2010 and 2009, if any, are not material to the financial statements. Accordingly, no rebates payable have been recorded in the accompanying financial statements.

(c) Asserted Claims

Prepaid Airport Use Charge Fund

In November 2002, the Airlines Committee of Hawaii (ACH), on behalf of many of the signatory airlines, submitted a written request to the State for the return of \$5,393,344. This amount purportedly represents the amount of landing fees and other charges allegedly overpaid by the signatory airlines in fiscal year 1995.

On October 27, 2003, the State reached a settlement with the ACH under which the Airports Division is to transfer the \$5,393,344 overpayment to the PAUCF escrow account in four equal annual installments beginning in fiscal year 2004. The transfer of funds is to be subject to ACH's obtaining the State's prior written approval for ACH's use of such funds. A liability for the refund was recorded in the Airports Division's financial statements as of June 30, 2004, with an offsetting charge to airports system support charges revenues. The balance in the PAUCF totaled \$4,208,161 at June 30, 2005.

DEPARTMENT OF TRANSPORTATION
AIRPORTS DIVISION
STATE OF HAWAII
(An Enterprise Fund of the State of Hawaii)

Notes to Financial Statements

June 30, 2010 and 2009

In fiscal year 2007, the PAUCF was decreased for the fourth and final annual installment of \$1,348,000 for the 1995 overpayment and for the fiscal year 2007 underpayment of airports system support charges of \$845,536. The balance of the PAUCF was \$1,533,718 at June 30, 2007.

In fiscal year 2008, the PAUCF was decreased by a payment of \$1,069,792 for the 2005 overpayment. The payable balance of the PAUCF was \$463,926 at June 30, 2009 and 2008.

On November 15, 2010, the State reached a settlement with the ACH under which the Airports Division is to transfer an overpayment of \$10,303,174 for fiscal year 2010 to the PAUCF escrow account in four annual installments beginning in fiscal year 2011. A liability for the refund was recorded in the Airports Division's financial statements as of June 30, 2010, with an offsetting charge to operating revenues. The payable balance of the PAUCF at June 30, 2010 was \$10,356,353.

Environmental Protection Agency

The Airports Division had been notified of certain violations of the Clean Water Act by the Environmental Protection Agency. As part of the terms of a consent decree entered into by the parties dated January 30, 2006, the Department was required to pay a \$1 million fine. The Airports Division's allocated share of the fine was \$400,000, which was paid in February 2006. In addition, the Department is expected to expend an additional \$1,590,881 to complete various projects in order to be in compliance with the consent decree and Clean Water Act.

(17) Subsequent Events

The Airport Division has evaluated subsequent events from the balance sheet date through July 28, 2011, the date at which the financial statements were available to be issued, and determined there are no other items to disclose.

Notes:

- (1) Bad debt expense is allocated primarily by individually identifiable bad debts with the remainder allocated to the airports based upon their respective current year revenues to total current year revenues for all airports.
- (2) Statewide miscellaneous revenues are allocated to the airports based upon their respective current year miscellaneous revenues to total current year miscellaneous revenues for all airports.
- (3) State of Hawaii surcharge on gross receipts consists of transfers to the State General Fund to defray central service expenses as required by HRS Section 36-28.5.
- (4) Statewide expenses are allocated to the airports based upon their respective current year operating expenses to total current year operating expenses for all airports.

See accompanying independent auditors' report.

Calculations of Net Revenues and Taxes and Debt Service Requirement

Year ended June 30, 2010

Revenues and taxes:		
Concession fees	\$	127,542,278
Airport landing fees		55,947,843
Aeronautical rentals:		
Exclusive-use premise charges		39,576,057
Nonexclusive joint-use premise charges		38,544,169
Nonaeronautical rentals		13,723,544
Aviation fuel tax		3,633,095
Airports system support charges		762,543
Interest income, exclusive of interest on investments in direct financing leases and including interest income of \$2,824,174 on capital improvement projects		6,239,201
Federal operating grants		4,116,867
Miscellaneous		5,001,089
Total revenues and taxes		<u>295,086,686</u>
Deductions:		
Operating expenses other than depreciation for net revenues and taxes (schedule 1)		212,917,814
Annual reserve required on major maintenance, renewal, and replacement account		1,290,052
Total deductions		<u>214,207,866</u>
Net revenues and taxes		80,878,820
Add funded coverage per bond certificate		<u>15,429,745</u>
Adjusted net revenues and taxes		<u>96,308,565</u>
Debt service requirement:		
Airports system revenue bonds:		
Principal		23,615,000
Interest (note 1)		38,103,982
Total debt service		<u>61,718,982</u>
Less funds deposited into the Airport Revenue Fund for credit to interest account (note 2)		<u>(16,803,849)</u>
Total debt service requirement		44,915,133
Debt service coverage percentage		<u>125%</u>
Total debt service with coverage requirement		<u>56,143,916</u>
Excess of net revenues and taxes over debt service requirement	\$	<u>40,164,649</u>

Notes:

- (1) For purposes of calculating the debt service requirement, interest payments for airports system revenue bonds exclude the amortization of the deferred loss on refunding and original issue discount and premium, which are reported as interest expense for financial statement reporting purposes.
- (2) In fiscal year 2010, the Airports Division deposited \$16,803,849 of available funds into the Airport Revenue Fund for credit to the interest account in the current year to reduce the amount required pursuant to the provisions of Section 6.01 to be paid or credited during fiscal year 2010 to the interest account as required in the "Certificate of the Director of Transportation Providing for the Issuance of State of Hawaii Airports System Revenue Bonds."

See accompanying independent auditors' report.

Interisland				<u>8,243,055</u>									
				<u>20,669,511</u>									

Aviation fuel tax of \$3,592,182 was paid by the users for the year ended June 30, 2010. Users can claim a credit for aviation fuel taxes paid up to six months after payment. Aviation fuel tax credits of \$3,633,095 were credited against airport landing fees in accordance with Article V.E. of the Airport Airline Lease agreement as follows:

Signatory airlines	\$ 3,057,616
Nonsignatory airlines	<u>256,372</u>
	<u>\$ 3,314,188</u>

Note: The above schedule presents airport landing fees billed to signatory airlines for the year ended June 30, 2010.

See accompanying independent auditors' report.
