About the Fund

The federal Clean Water State Revolving Fund provides low-cost infrastructure financing for public water quality infrastructure projects. Moneys earmarked for Hawai'i are deposited into the State's Water Pollution Control Revolving Fund (Revolving Fund) and are used to provide loans in perpetuity to county and state agencies for the construction of wastewater treatment facilities and other programs. Loans may be at or below market interest rates and be fully amortized for a period not to exceed twenty years. Under the federal Clean Water Act of 1987, from 1989 to 1994, the State of Hawai'i received more than \$72 million in capitalization grants. The State continues to receive capitalization grants annually from the U.S. Environmental Protection Agency. The Revolving Fund is administered by the State of Hawai'i Department of Health's Environmental Management Division, Wastewater Branch.

THE PRIMARY PURPOSE of the audit was to form an opinion on the fairness of the presentation of the financial statements for the Department of Health, Water Pollution Control Revolving Fund, as of and for the fiscal year ended June 30, 2022, and to comply with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), which set forth audit requirements for state and local governmental units that receive federal awards and the Environmental Protection Agency Audit Guide for Clean Water and Drinking Water State Revolving Fund Programs. The audit was conducted by KMH LLP.
