My dear friend Wilson:

In reply to your letter of the 16th inst. concerning Ferris F. Laune, you are advised that I replied to your communication of December 28th last some ten days ago and no doubt you have the reply by this time. The delay in replying to your communication was due to the fact that the Warden of the Illinois State Penitentiary was away from his post of duty, on account of the death of his Mother. If my previous letter has not reached you, please let me know.

With best wishes, I am

Yours sincerely,

John-

Just a few lines to acknowledge receipt of the coffee. Thanks very much. It puts me in mind of old times in your wonderful country. Some day when things loosen up the Mrs and I are coming down there. Am wondering if when you returned from the east if you came thru this town. I was away for five weeks from Oct 1st to the early part of November. The office said that had received no message so I presume that you went another way. Things here are beginning to slacken up. Strikes all around. Now with the meat strike and the Steel strike, if they both are prolonged this town will be ~~#####~~ certainly dead. But being an optimist I think that everything will come out alright. Trust you had a nice trip and that you are in good health etc. Thanks again for the remembrance.

Dear John:

This is in part in answer to your letter which Lorna received the other day.

I have inquired of an old friend of mine who has been in the twine business for years and he assures me that the knitting machinery for making twine is very expensive and very subject to breakdowns. He thinks you would be making a great mistake to take on that end of the business.

The twine which all the fishermen in Gloucester and New Bedford use for seines is made by the American Twine Co. who have an office in San Francisco at 116 New Montgomery St. My friend suggests that you get in touch with a Mr. J. E. Richardson at that office.

I hope this will work out satisfactorily for you and that your labor problems will straighten out faster than ours seem to be in the East.

Sincerely yours,

*AS ever*

Dear Mr. Wilson :-

I wish to inform you of Mr. Allen's demise March 2nd.  
It was a great shock. I feel the Hawaiians have lost a real friend.

A gentlemen representing a new Bureau, known as the Visitors' Bureau,  
formerly Hawaiian Tourist Bureau, came to the Hawaiian Federation in  
reference to their opening an office here. I am very interested in getting  
this representation as I intend carrying on the business.

Would appreciate assistance and advise at your earliest convenience.

Dear Mr. Wilson:

This is a follow-up to the letter sent you by Mr. Namohala advising that the Hale O Na Alii Society and the Kamehameha Lodge will jointly sponsor the Miulan Naiwi Concert and Dance.

The committee carefully considered all angles of such an undertaking, and in view of the big drop in business since the war ended, the committee feels that a fair proposition would be a 50/50 division of the net proceeds.

Saturday, ~~May~~ 25th has been selected as the date, and the place, Hilo Armory. It is possible to accomodate 2,000 people using chairs, benches and bleachers. It was tentatively decided to adopt the following schedule of admissions:

Reserved seats (200)	\$2.00
General admissions	1.25
Children (under 12)	.50

It would be appreciated if you will advise the committee by airmail of your decision.

### Miulan Naiwi Wins Praise

By EDNA B. LAWSON

Miulan A. Naiwi, mezzo contralto, showed a sense of perfection in her choice of program and in her singing on Tuesday evening at a concert given at Montague hall in honor of Mrs. Frank C. Atherton. Miss Naiwi's voice is not a large one, but it is a moving one. Her tone is always pure and true, and the moods of her numbers are made clear by her understanding and sympathy for her songs.

She opened with My Prayer and the audience was made aware of her voice range and the fluid quality there is in her singing. This was followed by the gay aria from Il Trovatore. Again she excelled in the Brahms lieder. Her German diction is musical and with rare sensitiveness were these numbers given.

In the English group of lyrics The Brownies and Zucca's I Love Life had popular appeal. Miss Naiwi gave unusual charm to the "tip toe, tip toe, up and down the stairs" of the Brownie melody. The Zucca song was given with a lilting abandon. The lovely aria from Mignon was sung with a depth of feeling and delicate nuances in phrasing.

The high point was the Hawaiian born artist's interpretations of a group of Charles King's best compositions. Miss Naiwi excels in the folk songs of her Hawaii. In a white holoku patterned in green, and wearing pikake leis, she sang perfectly her Hawaiian melodies. Graciously, she added encores to her program ending with The Song of the Islands and Aloha Oe. She was accompanied by Hawaiian musicians, Michael Hanapi, steel; Charles Pokipala, guitar; David Pokipala, flute; William Ewaliko, guitar, and George Hoo-kano, bass. They should receive especial praise. The thought comes to mind that this group and Miss Naiwi should go to the mainland to create favor for statehood. They

would get it immediately after audiences heard a few of their programs. They would also learn that Hawaiian music can be given with a dignity and grace symbolical of the islands and the people.

Isabel Faulkner Haran, accompanist, gave the usual good account of herself as a pianist.

Aloha kua a nui loa:-

Your letter dated the 20th arrived while I was on Kauai, hence the reason I did not answer sooner.

Your plan meets my approval except the date specified, May 25th., which I will let you know latter.

If you remember, You folks asked for June 8th, so I reserved that date for you. Maui requested that I hold the dates of May 18th and 25th for them. I expect to hear from Maui sometime this week, at which time they will let me know whether they will select the 18th or the 25th. Until then I cannot at this time give you a deffinite answer as to the date you have selected.

Please write me at your earliest convienience that you definitely do not want June 8th.

Mr. Samuel K. Mookini,  
Lahaina, Maui.

Aloha kua a nui loa:-

Your letter dated yesterday was received this morning and in reply would say, I do not believe it would be a good business venture to have or to hold two attractions on the same day. If they have already planned to have a holoku ball on the 4th of May, then they should not be interferred with a concert.

The concert should be held on another day. If the day shall be the 25th of May let your committee so decide and let me know as soon as possible. Arrangements will have to be made with the accompanists. They are kept busy and hard to get, hence the reason I must make arrangements well in advance, otherwise, we lose them.

I am still holding the 18th and 25th of May open for Maui and as soon as you decide I cannot offer the 18th or whatever day you do not choose to select. to another. Kauai wants a concert, but, I cannot decide on a date until Maui makes a selection.

The quality of the concert depends largely on the accompanists. Miss Naiwi has been rehearsing with a certin wahine haole who is considered one of the best pianoists in the Territory. She is planing to leave for the mainland sometime in June. She is a professing pianoist and the concert will not be a success without her.

Miss Naiwi has been using boys from the City and County Band and advance arrangements must be made with the Mayor, the Band Leader Mr. Moro, otherwise, we may lose them also, as they are always busy and booked well in advance.

Kindly get Mrs. Buck to decide as soon as possible, so we can move on to other matters, such as terms, advertising etc. Miss Naiwi uses 5 boys and a pianoist for the regular concert, but, with the addition of three boys good dance music can be furnished. Hilo proposes to hold a dance after the concert.

Hoping the above will be of some assistance for the Committee to make a decision, I am,

Yours with aloha

John H. Wilson

Dear Miss Tell:-

Your letter dated the 11th. of March announcing the death of Mr. Allen came as a great shock and please accept my heart felt sympathy.

I realize probably more than most people how the Hawaiians and more particularly, those who live in Hawaii, will miss their friend, Mr. Allen. He was always trying to do something for the other fellow, especially, if he came from Hawaii.

I am glad to know, you intend to carry on where Mr. Allen left off. I wish you success.

The Hawaiian Tourist Bureau was created by an act of the Territorial Legislature, but, after the blitz of December 1941, the Legislature did not provide funds, naturally the Bureau went out of business.

Since the war is now over, I presume the next legislature meeting in February next year will re-create the Tourist Bureau. The Visitors Bureau you mentioned in your letter I have never heard of them. However, should I learn of anything in the future I will write you.

Miulan has given two concerts and both were successes. She is booked for 4 more, which she will give before August first.

With best wishes and aloha,

Yours Respectfully,

John H. Wilson

Miss Naiwi fully understands your position and quite

being cancelled.

However, she will not be leaving the Territory for the

## Miulan Naiwi's Concert Boosts Scholarship Fund

By GEORGE D. OAKLEY  
Music Editor, The Star-Bulletin

Miulan A. Naiwi, mezzo-contralto, was presented in song recital at the McKinley auditorium Friday night, under the auspices of the Hawaiian Civic club.

A large audience attended, thereby swelling the scholarship fund of the organization, for which the concert was promoted.

\*\*\*  
This was the second concert by Miss Naiwi during the past several months — not an easy matter in Honolulu for a locally born girl — but the fine impression she made on her first appearance evidently whetted the public appetite for more of the young singer's art.

Her voice has been well produced by instructors in U. S. and Europe. Her tones are round, mellow and of considerable volume, which easily penetrated to the far corners of the big auditorium.

\*\*\*  
Like most singers Miss Naiwi has developed the upper register beyond that of the lower. This is not to say that her vocalization is unbalanced or irregular, but a fuller development in the lower tones will enable her to give a more effective rendering of such dramatic masterpieces as the Erlkoenig.

Lieder and art song has been Miss Naiwi's forte and her presentation of a group by Schubert met with a decidedly warm response from the audience.

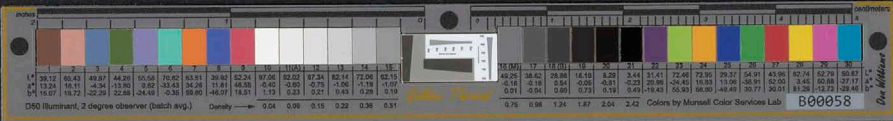

\*\*\*  
Her English group was done most effectively, Tschalkowsky's *None But the Lonely Heart*, perhaps being the choice number. In this, as in some others she seems to feel and impart the mood and spirit of the song in a most impressive manner.

\*\*\*  
Since a large proportion of the audience were Hawaiians the island music, given to the accompaniment of guitar, flute and bass, was the high point of the evening's program. Miss Naiwi certainly excels in these native songs, and awakened unusual enthusiasm from her hearers, who demanded several extra numbers.

\*\*\*  
Assisting the soloist were Isabel F. Haran, at the piano; Mildred Gelwin, cello and David Burrows, violin, with obligato in the opening number, Gounod's *Ave Maria*; and the Hawaiian group, Michael Hanapi, steel; Charles Pokipala, guitar; David Pokipala, flute; William Ewaliko, guitar; George Hookano, bass.

## Miulan Naiwi Is Heard In Preview Of Concert

By EDNA B. LAWSON

Miulan Naiwi, Hawaii's lovely mezzo-contralto, sang a preview of her program which will be given Friday evening at 8 in the McKinley high school auditorium.

The gracious and talented artist is giving her song talents to the Hawaiian Civic club. All the proceeds will be used for scholarship loans by the organization to assist students of Hawaiian ancestry seeking education in the higher branches of learning on the mainland and at the University of Hawaii.

Miss Naiwi, who has been here many months, will return to New York where she will coach with Frieda Hempel, former renowned Lieder artist. She believes that Miss Naiwi may become one of our great Lieder singers because of her purity of tone, her flawless German diction and the moods she gives to these lovely songs.

### Ave Maria Featured

She opened her program with the Gounod Ave Maria and there was a trio accompaniment. Isabel F. Haran, piano; Mildred Gelvin, cello; David Burrows, violin. Miss Naiwi's voice was poignantly lovely in this universal prayer.

There was resonance in her low notes and the high ones exemplified unusual clarity.

Miss Naiwi's presentation of Schubert's Erlkoenig was accomplished with a dramatic flair. Her interpretation is a beautiful one and she makes her contrasts and climaxes with ease and polish. Her Lieder group is of excellent choice. These art songs receive a tender care from Miss Naiwi—each one is a gem.

The Von Gluck aria, not too often heard, had fine phrasing and is an example of the singer's well rounded voice and her engaging natural stage presence.

The singer sang her English lyrics with exceptional beauty and evenness of tone. There was a sostenuto quality, and there was a smooth legato. "Rain" held light trills that sparkled and a nostalgic quality filled the Tschaiowsky selection. She reached the heart in this group.

### Hawaiian Songs

After the intermission, Miss Miulan, appearing in a striking holoku of chartruese patterned in brown, presented her Hawaiian songs. In the telling of her folk history Miss Naiwi is the mistress of song. Her songs were hauntingly beautiful, her high notes lyrical, and her Hawaiian diction perfect. Just to hear the Kamehameha song is worth the price of admission.

She was accompanied by Hawaiian musicians, Michael Hanapi, steel; Charles Pokipala, guitar; David Pokipala, flute; William Ewaliko, guitar; George Hookano, bass. Mrs. Haran as accompanist is better than ever.

She did well by the Lieder, and shone in the Erlkoenig and in Rain.

Mr. John H. Wilson,  
Hotel Lexington,  
New York, N. Y.

Dear Mr. Wilson:

Thank you for your statement of August 16, 1946 in regard to the pay and travel allowance for Miss Miulan Naiwi.

You probably learned before you left Honolulu that I had some difficulty in making arrangements for her pay. It was first suggested that we secure her services on a per diem basis. This was requested at \$12.00 per day. Later on it was agreed that her employment should be by contract at \$75.00 per week. This was quite satisfactory to Miss Naiwi. She accepted the contract and completed her two weeks employment on August 17.

I am aware of the fact that on the basis of your original agreement with Miss Naiwi she is still due \$49.50. Mr. Sims was present when this was discussed with the Territorial Auditor. We made no progress at all toward providing this amount in addition to the rate of \$75.00 per week. Later I had a similar experience when I discussed the question of the contract with Mr. Harold Boss, Director of the Civil Service Commission.

In view of the above, I am of the opinion that the only way that this amount can be made available to Miss Naiwi is to recommend that it be included in the special Bill at the time of the next Legislature to compensate people to whom the Territory is indebted.

Mrs. Sandelin and I are in agreement that today has been one of the hottest we have had this year. We

Dear Mr. Wilson:

Thank you for your statement of August 18, 1940, in regard to the pay and travel allowance for Miss Minnie Halsey.

You probably learned before you left London that I had some difficulty in making arrangements for her pay. It was first suggested that we secure her services on a part-time basis. This was rejected at \$12.00 per day. Later on it was agreed that her employment should be by contract at \$75.00 per week. This was done in letter to Miss Halsey. She accepted the contract and completed her two weeks' employment on August 17.

I am aware of the fact that on the basis of your original agreement with Miss Halsey she is still due \$4,500. Mr. Sims was present when this was discussed with the Territorial Auditor. We made no progress at all toward providing this amount in addition to the rate of \$75.00 per week. Later I had a similar experience when I discussed the question of the contract with Mr. Harold Ross, Director of the Civil Service Commission.

In view of the above, I am of the opinion that the only way that this amount could be made available to Miss Halsey is to recommend that it be included in the special bill at the time of the next legislature to compensate people to whom the Territory is indebted.

Mr. Sandelin and I are in agreement that we have been one of the hottest we have had in years. We

My Dear John:

Your letter forwarded from Houston to Shreveport received here this a.m. - so sorry you did not show up around there until I had left. Would have been nice to have made the trip east with you - and I am so glad to know that you had is in the ring again. It will be like old times in Honolulu with you running again for Mayor. I am sure you will win - because you have always fought the good fight - and God never fails his children when they are on the right side. Just know the truth about it I mean your right place & nothing can stop you. Came three or high water. We were caught with our entire band roll tied up in sheets and new material, flax etc when the war came to an end - so I simply got in my car & have driven many thousands of miles - but have sold quite a bit so of course I feel better now but it did look very hard for a while (OVER)

Dear Mr. Wilson -

I'll "stay put" from now on!  
Previous ones were enforced ones, for  
convenience of others - now I'm on my own -  
and for first time in 12 years, will have  
all my possessions with me -

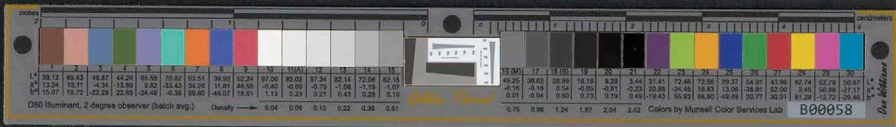

My house keeping is very sketchy,  
since I have to "rest" 18 hours a day in bed -  
but I eat well, and really enjoy being  
independent after more than 2 years  
of being cared for. It's wonderful not to  
have to consider what someone else wants  
to do! If I could only have a coupe -  
I'd be all set - but there doesn't seem to  
be much chance for one this year - (I'm  
2 miles out of town, and neighbors are kind!)  
So be sure to plan a stop here in Nov.  
So. Pac. local stops in San Miguel - fast  
trains in San Luis Obispo - and busses to  
San Miguel are frequent - and Grey -

**START**

2 found buses from S.F. to S.A. all stop in San Miguel, too. You might get some ideas for your "low cost housing" from my cabin! Its low-cost - compact convenient - and comfortable! (tho' it looks a bit like "poor-white" housing in the South!

I have done lots of remodeling in my mind - and my 5-year plan calls for many things to be changed. meantime, its really interesting to plan, even if I cant do much yet on 6 hours a day -

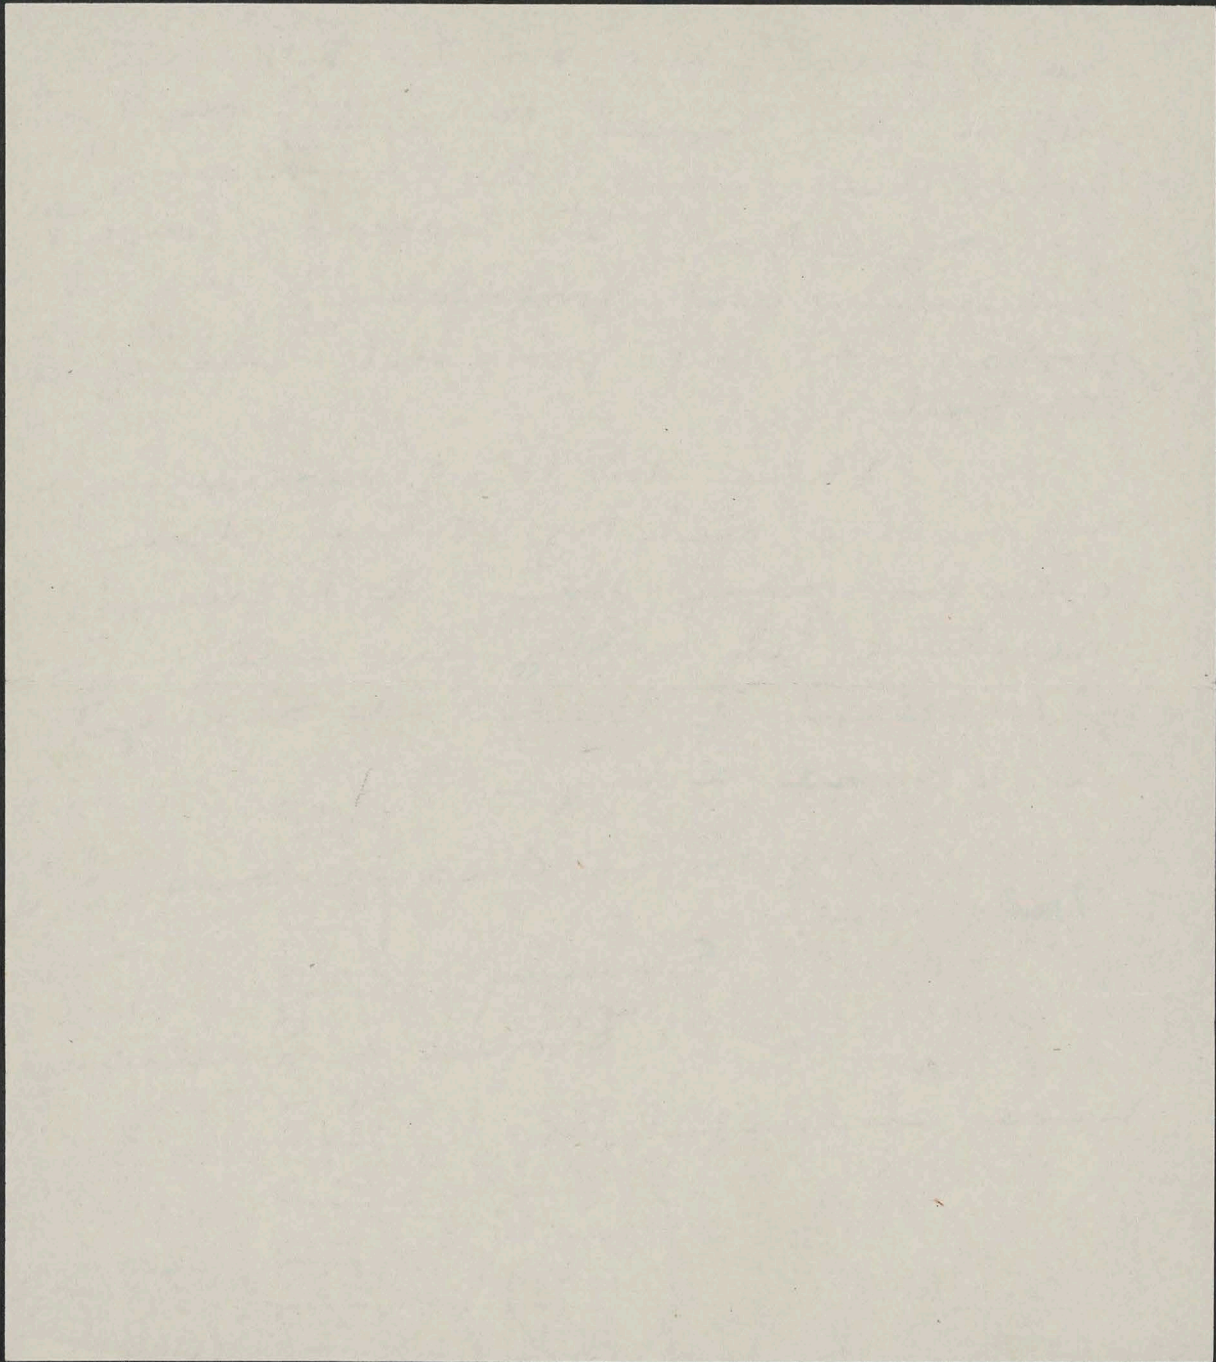

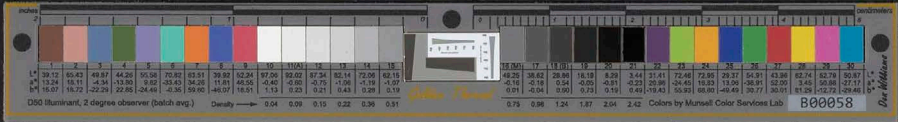

my moving days are over, I truly hope!

Sincerely

Florence S. Sullivan

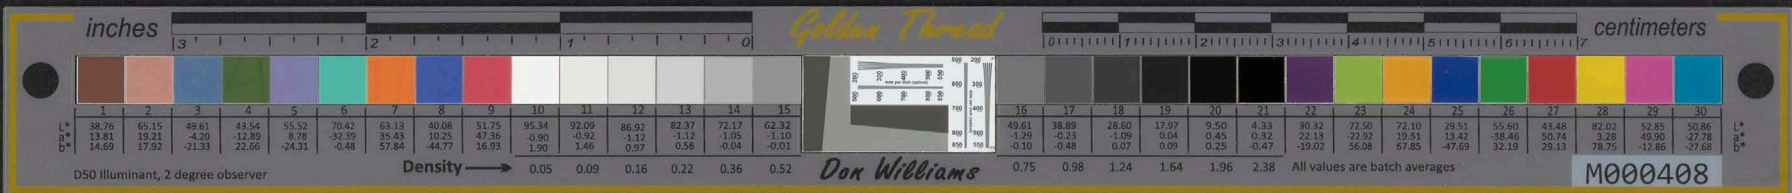

Have a successful trip!

Hon. John H. Wilson,

Dear Mr. Wilson:-

Referring to our Trans-Pacific talk tonight while you were still in New York.

As you know, I lost a leg in this war and retired as a Major. I entered the wholesale liquor business, 16 October, 1945, having very little capital and handicapped by the shortage of merchandise. As a matter of fact, I haven't received any merchandise this year, with the exception of 300 cases of gin from American Distilling Co., which came in 26 August. This means a profit, gross, of \$900 for the year 1946 to date!

Now, the local Surplus Property Office advertised 100,000 cases of Surplus beer for sale at \$1.40 per case. Under a double Veteran's Priority, I purchased 35,525 cases of beer for a total of \$49,735, which I borrowed from Bishop Bank. It was my understanding that a veteran buying the beer must sell it locally. This, I did, to a Mr. M.J. Glueck, local wholesale liquor dealer and broker at a profit of 22 1/2 cents per case... the first money I would have made since getting out of the Army hospital. I also bought, under a non-priority, 38,000 cases of beer which I hadn't sold.

Now, I was called in to the office of BERNARD H. LEVINSON, LEGAL OFFICER for the local SPO. He accused me (20th August) of violating SURPLUS LAWS and fronting for a non-veteran (Glueck.) I explained to him I was a licensed wholesale dealer, that I made a profit of 22 1/2 cents per case while Glueck, who sold the beer to two Mainland buyers, made only .05 ¢ per case. I told him that in my opinion I had complied with Surplus Regulations by selling the beer locally. He contended the beer must be sold locally for local consumption. The next day, 21 August, without advising me, Mr. Levinson published a story in the Star-Bulletin. The 5-column headline read: "SURPLUS BEER SALES REVOKED; FOUR CITED: WARRANTY VIOLATION CHARGED. BUYERS SAID PLANNING TO SHIP BREW FROM THE TERRITORY."

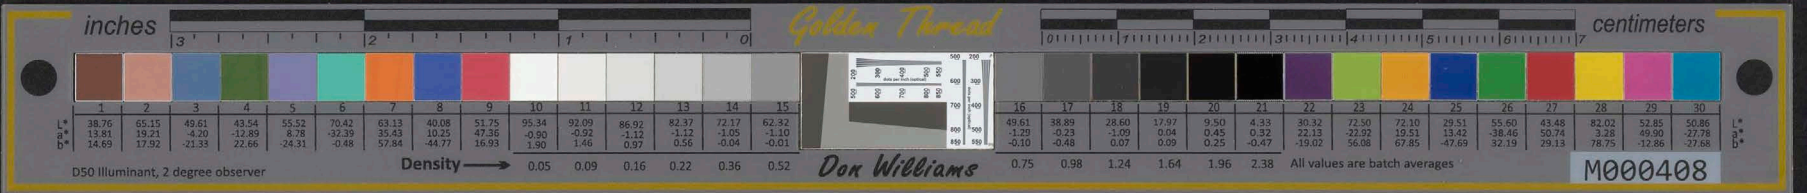

The next day, 22 August, in the Star-Bulletin, another story was released by Levinson. The headline: "EXPORT BAN OFF SURPLUS BEER RESALE." The first paragraph of the story read: "The surplus property office today removed export restrictions from future sale of 73,535 cases of beer on which it had recinded sale Wednesday after charging that the purchasers were planning to ship it out of the Territory."

There the matter stands, only the beer is not being sold to me nor has my \$49,735 been returned. The beer is going to be placed for sale on a bid basis and Mainland non-veterans will get it. Even the local SPO investigating officer states: "I am convinced you made an unintentional mistake in not realizing that the beer must be sold for local consumption."

Sheet 2- Wilson

It seems to me Mr. Wilson, that things have gone pretty far. Congress and all other agencies are in an all-out effort to advise and assist veterans in re-establishing themselves. And here, one man, Mr. Levinson, and a non-veteran of military age at that, in the SURPLUS PROPERTY OFFICE that is charged with disposing of surplus property as fast as possible, does and did all he can to deter a veteran and a disabled veteran at that, disgraced him and his family in the newspapers, and then six hours later ruled that the SAME BEER could and would be resold for export. Fully 48 hours before I was in his office, Mr. Levinson had been advised by a Mainland buyer here ( Mr. Silverman, Moana Hotel) regarding my sale to Mr. Glueck. As Legal Officer, Mr. Levinson should act in an advisory capacity not as a prosecutor. If he knew, which he did, that I was violating one of their rules, he should have first advised me. Instead, he sat back and was a party to entrapment. There was no criminal intent nor was any proven altho Mr. Levinson tried to do so. Mr. A.R. Frasick, Acting Director, during the absence of Col. William B. Cobb, stated that he believed it was an unintentional mistake. So you see, this could have been handled very easily if Mr. Levinson had but advised me. For this was the first time I ever bought from Surplus Property.

In view of his subsequent decision to let someone else buy the beer and ship it to the Mainland, I don't think I am asking too much when I ask my Government... the Government I fought for and gave part of my body for and sacrificed my health for... to recind Mr. Levinson's order and let the sale of the total of 73,525 cases to me stand, and my subsequent sales stand. It not only means a profit to me, it means the difference between financial salvation and ruin. It is certainly a grave mis-carriage of justice. Certainly, for an unintentional mistake, I have been punished and humiliated sufficiently.

In the name of American fair play and justice, I ask you to intervene for me with the property authorities.

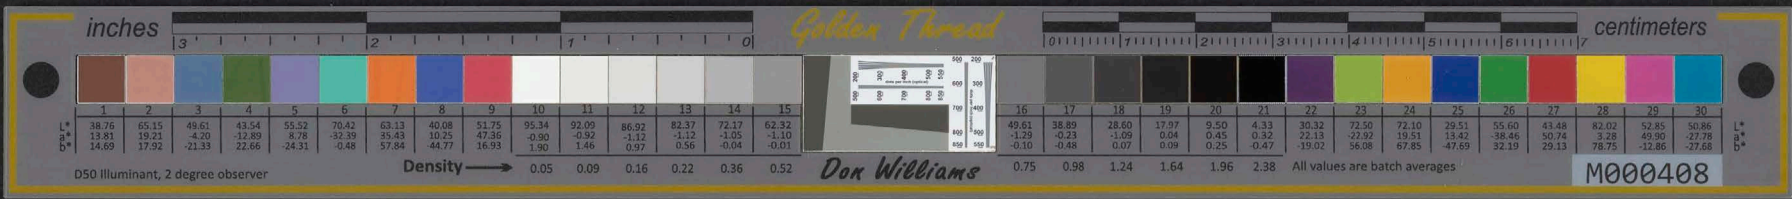

Sincerely,

Honolulu, T.H. October 31st. 1946.

My dear Miulan:-

Your letter dated the 26th with Girlie's letter enclosed received yesterday. I have read Girlie's letter and I am herewith returning it as suggested.

In reply to Girlie all you can do is to say what have they to offer? I do not know who this Jean is, but, if she can pull off an engagement for you well and good. From your standpoint, you should ask her what is her plan and to submit her plan to you so that you can study it. The plan should be submitted in writing so that you can give it careful study.

I do not know where Jean is located and where she intends to operate. Girlie does not say much in her letter to give me an idea what their proposition is. I can only summarize that Girlie thinks that an Advertising Agent can do booking. May be she can, so I would say, have Miss Jean submit a plan and upon receipt of same send it to me here if I am still here or hold it until I get there,

You can tell Girlie or Jean should she write to you, that you know it takes time to arrange for a concert, but, if she desires to put on a concert the sooner she decides on a date the better. You can say you have an agent arranging now for a concert in Chicago and also one in Boston, so the sooner she decides on a date you can be in a better position now to decide whether the date would be acceptable.

The next point to settle, will be your compensation. This is very important, as they may book you and the receipts may not cover the expense of putting on the concert and you do not want to be caught in that position. So it is best to have them make you a proposition in writing and Girlie should not get offended. If they put on a concert and the receipts are not sufficient to meet all expense and they do not pay their bills, the creditor can attach your bank account or they can attach the box office in New York, Boston or wherever you may appear until the accounts are satisfied. That is why a proper agreement must be made with Jean or whoever is sponsoring the concert in advance, otherwise, you may have to pay the bills, should it be a failure.

They cannot take offence, if you write Girlie thanking her for her interest and also say you would be glad to cooperate with her and Jean, but, you would like to know what they propose to do and to submit their plan in writing. Stop there and say no more until you hear from them. By that time I will be there to assist you. In the meantime I will continue to work with Boston and Chicago.

Mr. Jim Farley left New York City a day before I did for Europe and intended to return by way of China, Japan, Honolulu and San Francisco. He told me he would spend a few days in Honolulu before returning east and it was then I expected to make him a proposition. He is a Catholic and one of the leaders of the Church in New York City. It was through him and Mrs Farley that I figure I can get some help. He is due here anytime now and I am quite sure he will be here before I leave.

I think the above answers your questions. Until you receive some kind of an offer, you cannot make a deal with any one. All you can do is to wait and see. You have some open time and the first comer will receive the first concert.

Dear Sir:

I am not disturbed over the non-receipt of the Theatrical Guides. I was only seeking certain information.

My permanent address is P.O. Box 2744, Honolulu 3, Hawaii, but expect to be at the Hotel Lexington, New York City, up to December 17th, when I will be heading west. Should it be ready for mailing before the 17th, mail it to me at the Lexington Hotel. Otherwise, Hotel Stewart, San Francisco, California, up to December 22nd; then Honolulu.

I am interested in the placement of a young Hawaiian concert singer. She is a novelty, and the only Hawaiian concert singer known--MUILAN NAIWI--. As a girl, she started her musical education in Detroit under Mme. Eleanor Hazard Peacock, and has travelled a great deal since. Please find enclosed a pamphlet.

Miss Naiwi gave two concerts in Honolulu this year--one in January and the second in June--both were packed houses. She is now in New York City for extra study with Frieda Hempel, a former renowned Lieder artist.

She would like an engagement in Detroit. Would you be interested? If so, please write me c/o the Lexington Hotel, New York City, specifying under what terms and conditions.

Yours respectfully,

ATTENTION: CONCRETE DIVISION

Dear Sirs:-

Fortyfive years ago last month or the first week of this month, Mr. Morris Senior booked the first troupe of Hawaiian Musicians that ever appeared in the city of New York.

We opened at the Orpheum Theatre in Brooklyn for Percy Williams. After playing a few other places in and around New York we returned to Hawaii via the Hopkins and Orpheum Circuit and closing in San Francisco.

The Hawaiians were one of the feature shows on the Mid-Way at the Pan-American Exposition, at Buffalo in 1901. I was their manager.

Since you were the very first to introduce Hawaiian music to New York City, the very best that was ever shown here, I feel, you should again be the first to introduce to the concert stage the first and only Hawaiian Concert Singer, Miss Miulan Nawi.

She is a novelty as well as a great singer. I am taking the liberty of enclosing comments by the Press and if you are interested, I will be glad to call on you at your convenience. She is also here and if an audition is necessary, that can also be arrange.

Should you prefer to make an appointment by telephone, I can be reached at Room 602 Lexington, Hotel.

Trusting to hear from you, I am,

Yours very truly,

JOHN H. WILSON

CLASSICAL REPERTOIRE

HAWAIIAN FOLKSONGS

Miulan Naiwi is a beautiful Hawaiian girl with a mezzo-contralto voice of wide range and velvet quality as well as an experienced musician on the piano and ukulele. She has a charming personality, with poise and an exotic, graceful stage appearance. She has a broad concert repertoire of English, German, Italian and French songs and arias, and her interpretation of the exquisitely lovely Hawaiian folk songs has the inimitable charm of the Polynesian.

"Hawaii Across the Sea" and "Fair Hawaii" are two Columbia recordings which were made

by Miss Naiwi with orchestral accompaniment and the colorful, nostalgic Hawaiian songs had such a universal appeal that the records were quickly sold out when war prevented any new production.

Miss Naiwi has studied under Mme. Eleanor Hazard Peacock, Honolulu and Detroit; Miss Estelle Liebling, New York City; Emea Molnar, Budapest Royal Academy of Budapest, Hungary; Tona Hermann, Vienna, and Malani Kurt and Gustav Ernst, Berlin.

**START**

How great an impression I have received of Miss Naiwi's singing! Speaking as one who has wielded the pen of a musical critic both here and in London for many years, I feel justified in predicting a splendid future for her. She has everything that is needed to make her a great success, personality, unusual charm, a beautiful voice, perfect training, and a large and most varied repertoire. She has quite a note of her own, more particularly when she sings her native songs, but her English and German renditions are no less taking and convincing.

GUSTAV ERNEST, DOZENT DER MUSIKWISSENSCHAFT AN DER HUMBOLDT HOCHSCHULE, Berlin, Germany.

After hearing Miss Miulan Naiwi, I take great pleasure in stating that in my opinion, she is a most accomplished singer of first rank. Her voice is of a beautiful quality and her artistic delivery, personality and the charm of her stage appearance, make a perfect ensemble. I have no hesitation in saying that she would have undoubted success on any concert platform.

L. G. SHARPE, CONCERT AGENCY, London, England.

Hawaiian singer is well received. Naiwi's voice has a mature quality and is emotional, though dignified. Her accent aided the beauty of her music, as it is melodious and liquid. Her linguistic capabilities excited much comment.

ANN ARBOR DAILY NEWS, Ann Arbor, Michigan.

Miss Naiwi, who is a Hawaiian-Chinese young lady, possesses a mezzo-contralto voice of rare quality and beauty. Her voice is well-rounded, her breath control excellent and her phrasing fine. She gave a splendid exhibition of her prowess both as a singer and as an actress. The ease with which she sings is remarkable. She feels her songs intensely; she depicts each mood with that vital something that gets across to her audience; and added to that, she has a most natural and engaging stage presence.

BORDER CITIES STAR, Windsor, Ontario, Canada.

She has an excellent mezzo-contralto voice. She sang the difficult Brahms' decidedly well.

THE CHRONICLE, London, England.

## What the Critics Say . . .

Her beautiful mezzo-contralto, exceptionally round, fresh and true to pitch, was regulated to perfection in a Mozart aria, but it was a Brahms' selection that exhibited her attraction to the full. For instance, "Auf dem Kirchhofe" and "O Liebliche Wangen" just sufficiently tense in characterization, were beautifully sung.

THE MORNING POST, London, England.

She sang with tone of a charmingly bland musical quality, and her expression was ingeniously appealing. She scored certain successes, for instance in Brahms' "Auf dem Kirchhofe," a piece which, it was truly remarkable, that a singer of non-European race from the far away Pacific, would render so tellingly.

THE DAILY TELEGRAPH, London, England.

Lieder, by Brahms, were interpreted by this Hawaiian singer on her first appearance in London with quite exceptional beauty and evenness of tone, finish of phrasing and lyric intensity. She is an artist most sensitive to the impulse that makes a song a definite entity.

THE SUNDAY TIMES, London, England.

Her voice is soft, pliable and expressive. She has a born talent for reciting. Her whole soul takes part in her interpretations, and the sweetness and warmth of her personally creates a friendly atmosphere almost at once. The singer showed a wonderful linguistic ability by singing in five languages, English, French, Italian, Hungarian and German, and of course, her own language, Hawaiian. She was a great success.

MAGYARSAG, Budapest, Hungary.

Miulan Naiwi's concert with a varied program including Schubert, Brahms, Strauss and Bartok-Kodaly, Puccini and a long list of American composers, was not the first time she had been presented to the public in Budapest. This singer's voice is probably better

adapted to the interpretations of exotic songs, but her musical learning and intelligence, make all her presentations successes.

MAGYAR HIRLAP, Budapest, Hungary.

Miulan Naiwi, an exotic singer from Hawaii, whose voice is pleasant and reaches the heart. Her charm and natural personality made her presentations very sweet. She gave a highly intelligent rendition of the Bartok-Kodaly songs, and what was a pleasant surprise—she sang them in Hungarian.

BUDAPEST HIRLAP, Budapest, Hungary.

Her natural talent blends nicely with her knowledge of music, and with her wonderful ability of expression. We heard Schubert, Brahms, Strauss, several English composers, Puccini and three Hungarian songs from Bartok-Kodaly, and we were surprised at the clear pronunciations of the Hungarian verses.

PESTER LLOYD, Budapest, Hungary.

Miss Miulan Naiwi, Hawaiian singer, is already known to our public through a previous performance when she sang only exotic songs, but now she has taken up the work of European composers. She succeeded in giving an intelligent, artistic program, covering the works of Schubert, Brahms, Strauss and others.

AZ UJSAG, Budapest, Hungary.

Miss Naiwi is a slender Hawaiian girl with soulful brown eyes, magnetic personality and a wonderful voice. The audience fell in love with her Wednesday at the first seductive note and, by wildly demonstrative applause, confessed its complete infatuation when the last sweet diminuendo took passage on a sunbeam to the eternal haven of birdsongs and the chant of the sea. Not much imagination is required to hear in fancy those rich, vibrant tones borne on the great wings of a

full orchestra. One yearns almost savagely for the throb of kettle drums, for some primal accompaniment with power to take the senses back to the heart of things, that they may drink with keener appreciation the melody of such a voice.

THE HONOLULU ADVERTISER, Honolulu, Hawaii.

Miss Miulan Naiwi, a mezzo-contralto, her natural equipment is pure, silvery and absolutely free of the tremolo which is the bane of the amateur's musical life. The manner in which she rendered the national groups of songs on the program indicates not only correct voice production, but innate sense of the dramatic as well as the poetic. There was no attempt in any of Miss Naiwi's numbers to put the artist before the composer. Her aim seemed to be correct interpretation.

HONOLULU STAR BULLETIN, Honolulu, Hawaii.

Young Hawaiian singer makes debut in Los Angeles. Miss Naiwi has a charming stage manner, her voice is well rounded and her phrasing fine. She sings with intensity and depicts each mood with fine dramatic effect. Her French group, especially "Les Berceaux" by Faure, deserves mention. It was in the Brahms' group that she exhibited her voice to its fullest measure.

THE EXAMINER, Los Angeles, California.

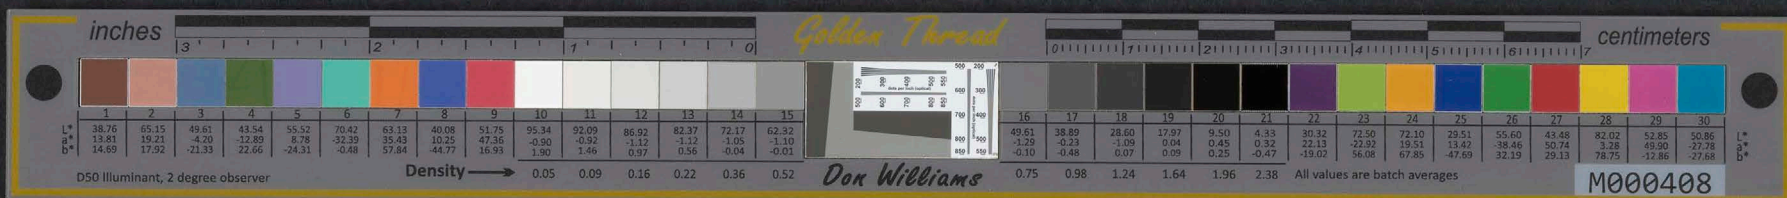

Miss Naiwi's personality is unique. Photographs fail to do the singer justice, nor is it easy to express in words the complete adequacy of her platform manner. Suffice it to say that she charmed her audience last night. She sang a Mozart aria with considerable spirit and skill. She later donned native dress and regaled her hearers with favorite songs of Hawaii, accompanied by three Hawaiian instrumentalists.

CITIZEN-NEWS, Hollywood, California.

Native geniuses from widely separated United States locales delighted two exacting audiences last night. One was Miulan Naiwi, a great Hawaiian-Chinese mezzo-contralto, at the Wilshire-Ebell Club, presenting a recital which was of extraordinary interest, bringing the far-away islands and China into a new world of expression with all the culture of the strictly modern school.

Washington, Monday, 9th Dec. 1946.

Dear "Johnnie":

The other day I stepped in at the large Episcopal church on G street, just east of 14th (where carillon chimes are sounded over downtown Washington). I sought the business office and briefly mentioned the prospect of Miss Nairn's singing in Washington and a possible sponsorship on a basis of part of the proceeds for devotion to some worthy church, charitable, or civic cause.

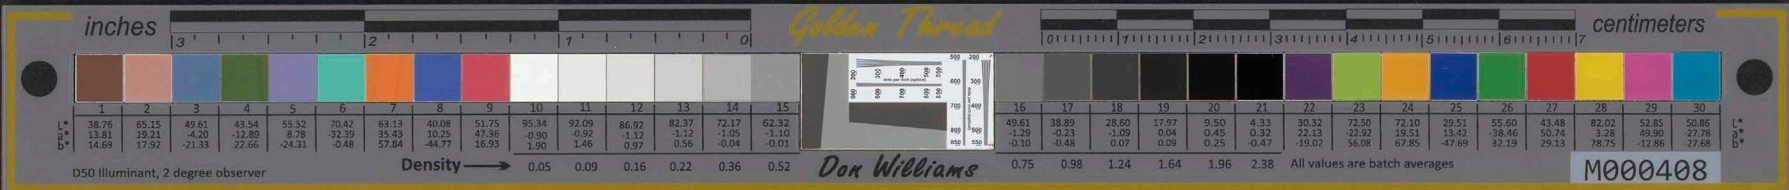

The man there immediately advised me to see Mr. Brown of the large Congregational church further east on G street, as he had just very successfully put on the Westminster Chorus in a large single performance at Constitution Hall, a magnificent auditorium seating approximately 4,000 and owned by the D.C.K.

Brown listened attentively and glanced through Miss Nairn's printed brochure. He said, as I knew, that no church can charge admission for any form of entertainment in church property and comply with the law exempting religious property from taxation. Probably, he said, that church would be very glad to have the Hawaiian singer come there and sing one or more songs without pay and for such beneficial publicity as might result. He shook his head at the idea of teams of that church's congregation canvassing the local field and selling tickets for a concert for some cause backed by the church, because the volunteers able to do that sort of work had so recently been busy on the Westminster choir campaign.

He suggested I try a very large Methodist church as a prospect, after the holiday distractions. I shall do that. Meanwhile, as I job opportunities,

I may try some of the very large local high schools, possibly on the basis of student volunteers making the ticket sales and gaining a new nucleus of scholarship funds for any one of a half dozen eminent universities (including Stanford).

At present, the Washington campaign for several million dollars to be apportioned to some (65) or more local causes favored by the Community chest, has ended its drive, with a shortage of about \$500,000, which assumedly is needed. This condition may logically result in an effective approach with a proposition to raise funds, rather outright, big-hearted gifts, but by giving each donor personal entertainment for his expenditure. I have in mind the large and new Fisher Auditorium of the George Washington University. The president of that university (about 8,000 students) is a Stanford '13 man - Dr. Cloyd Heck Merwin, and it might be possible to talk somebody into waiving aside the usual charge - whatever it is - for rental of that hall.

From my brief oral exchanges, I assume that it would be less desirable to appeal to any local musical society. Such folk lack practical business and economic gumption, and perhaps are too slow on the trigger. I think it would be more satisfactory to enlist the cooperation of more practical hustlers more likely to be early risers and fast workers.

This I am writing hurriedly, on my knee, after just reading your letter, reporting your arrival at New York and your discovery of some vermiform appendix you call Florida, where banana trees

## New Discrepancy In Vote Figures Bared

### Richards, Officials At Odds

#### 15th Precinct Totals Raise Question On Recount Plea

A sharp discrepancy in figures concerning the mayor's race recount was revealed to The Star-Bulletin today.

Involved is the 15th precinct of the 5th district, where voting was conducted on Puuhale schoolgrounds.

It is in this district that the Republican candidate, Herbert M. Richards, claims most of the 44 additional votes which he says are rightfully his and would make him mayor.

Mr. Richards lost by 16 votes, according to the official figures.

His petition says he was deprived of 25 votes in the 15th of the 5th because the votes were marked for him and incorrectly rejected.

However, the official return from the precinct, filed with the city-county clerk, says that only 20 ballots were not counted for all reasons, that only three of these were rejects and that 17 other ballots were blank. Two ballots are unaccounted for.

All of the remaining ballots were counted, the official return certifies, and showed 453 votes for John H. Wilson, Democrat, and 266 votes for Mr. Richards. The total vote cast in the precinct was 741 out of a registration of 840.

Mr. Richards' petition filed with the supreme court is backed by an affidavit declaring that 25 of the votes for Mr. Richards were not counted.

The affidavit, however, has not been filed with the court, and Mr. Richards today declined to name the person who signed the affidavit.

Mr. Richards said there have been other discrepancies in other precincts, according to the city clerk's figures, and that the person reporting to him kept a written tally of the votes rejected.

The official report filed with the city clerk is signed by John K. A. Leong, chairman of the inspectors, and by Joseph A. Suga and Takeo Tsuchiya, inspectors.

Paragraph seven of Mr. Richards' supreme court petition says: "That petitioner is informed and verily believes, and upon such information and belief alleges that the board of inspectors at the polling place at the 15th precinct of the 5th representative district decided that 25 votes for petitioner should not be counted and should be rejected because the crosses on the ballots on which said votes were cast in each instance were in the proper place to the right of the petitioner's name but their arms extended beyond said space and intersected one or more of the lines marking said space and said board thereupon refused to count said votes for petitioner and rejected the same."

Democratic leaders are understood to be checking into this discrepancy as well as checking figures in all precincts.

### Delegate, Mrs. Farrington Leave Today For Capital

Delegate and Mrs. Joseph R. Farrington are scheduled to leave today for Washington, D. C., where the Hawaii member of congress will begin his third term in the lower house.

Mr. and Mrs. Farrington are booked to fly by Pan-American to San Francisco, thence to go by train to Washington, D. C.

They were originally scheduled to leave John Rodgers field at 7 this morning.

Because of a necessary maintenance operation which would delay the flight until 5 p. m., they have been transferred to a plane scheduled to leave at 4 p. m.

Mr. Farrington, triumphant on November 5 in his third campaign for the delegateship, on arrival in Washington will go immediately into busy days at his office and with executive departments.

In a statement on the eve of his departure, the delegate outlined some of the important legislative matters, and earnestly asked cooperation at home in his work for the territory.

Pointing to important Hawaii legislation and other projects in executive departments, Mr. Farrington issued the following statement:

"I am leaving today for Washington.

"I am leaving at this time in order to be present at the caucus of Republican members of the new congress called for December 2 in Washington. As the new House will be organized by the Republicans and the program of reorganization adopted by the last congress will be carried out I feel it is particularly important to the territory that I be present at this meeting.

"The new congress will meet just after the first of the New Year. It will be confronted with some of the most vexing problems in the history of our country. And the primary responsibility for meeting these problems will rest with the Republicans by reason of the victory won in the election just past.

"The position taken by President Truman insures the fullest cooperation between the legislative and executive branches of our government in meeting these problems.

"The interest of the country must come first.

"I appeal for the same spirit in meeting the problems that will confront the territory of Hawaii in the new congress.

"These will cover an extremely wide and diverse range of subjects including both water and air transportation; industrial relations; protection of the sugar industry; development of the fishing industry; developments of new harbors such as that at Kawaiahae; reconstruction of Hilo; reclamation of lands suitable for truck crops; water for Molokai; administration of public lands in the territory; housing and last, but, by no means least, admission of Hawaii as the 49th state in the union.

"These are but a few of the problems that confront us.

"In order to meet these problems within the limitations of our representation as a territory with one delegate who sits without a vote, I believe it particularly important that all the agencies and individuals concerned, public and private, should cooperate to the utmost; and that insofar as we approach our problems in this spirit we will find solutions that will prove both sound and lasting.

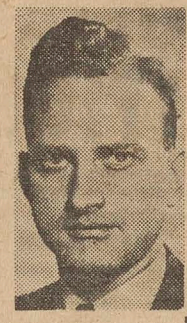

"This certainly will be my purpose as I return to serve my third term as delegate.

"I do not believe there is a problem confronting us in which our differences within the territory can be resolved and a common basis of action found by the proper kind of cooperation.

"And I see nothing that has happened in the recent past despite differences that may have arisen in the campaign, to prevent the people of the territory from continuing to work out their destiny in the spirit of tolerance and mutual helpfulness that has made for so much progress in the past."

**Editor's Note**—John Strohm, American farm paper editor, after repeatedly being refused permission to enter Russia, telegraphed direct to Josef Stalin asking permission to travel through the Soviet Union.

To his surprise, he was promptly invited to come ahead. Now he has come back to the states with his story of this 4,000 mile trip—a completely uncensored, unbiased report. This is one of the series of 18 word and picture dispatches by Mr. Strohm, appearing as an exclusive Star-Bulletin feature.

### NO. 6

MOSCOW.—Then there's the question of religion in Russia. I couldn't get out of my mind the spectacle I had witnessed at the Moscow cathedral. I had barely been able to force my way inside, so tightly were the worshipping thousands packed together.

They had stood for nearly three hours, some barefooted, some pregnant, all of them hungrily drinking in the celebration of the mass.

I had almost stepped on a young woman lying flat on her face, her lips to the holy floor of her church. The air was heavy with the odor of many human bodies. The choir, in shirt sleeves and some without ties, nevertheless gave forth with the most movingly beautiful religious music I have ever heard.

I could not forget the friendly, kindly look on the face of the bearded patriarch as he gave his blessing to the thousands who pressed forward at the end of the service to kiss his hand.

So I went to see Patriarch Alexei, head of the Russian Orthodox church. His home, the former residence of the German Ambassador, was given to him by the government.

"I saw you in church Sunday," he greeted me. "I am glad you came to call on me."

I told him I had been moved by the sight of thousands of people crowding to get inside his church, to even get near the church. They don't crowd to get in the Baptist church in West Union, Ill.

"Yes," he said. "The Russians are by nature deeply religious. They love the pomp, the ceremony, the music of our church."

"Father," I asked directly, "the people in America want to know—is there freedom of religion in Russia?"

His answer was equally direct and simple. "Yes, we have freedom of religion. Anytime a group of people want to open a new church, they apply to us and we help them organize. The government supplies lumber and materials for building new churches. The government has been very helpful."

He went on to say there are now 25,000 churches open in the Soviet Union, that they have nearly 40,000 priests and have just established schools for the advanced training of their priests.

And he mentioned, too, that there were Baptist churches, Catholic churches, Mohammedan churches open in the Soviet Union.

dral stood there before the Revolution.

"It was a case of tearing down the past to make way for the future," one Russian explained to me.

Construction was started in 1937, but there was great difficulty with the foundation. American engineers were brought in. Piles were sunk 300 feet into the earth.

Finally, a skeleton of steel slowly arose. It was to be the tallest building in the world. But when it was six stories high, war broke out. The steel was badly needed, so it was taken down. Today, the Palace of the Soviets is still just a hole in the ground.

An old woman, standing nearby, gave us her explanation: "An act of God," she said, crossing herself.

The next day I made arrangements with Communist Party headquarters to visit a Pioneer camp and I invited the wife of General Bedell Smith, our Ambassador to the Soviet Union, to go along.

We came home with our arms full of flowers, with dolls and red neckties, and a mutual feeling that these kids were as lovable as any youngsters we had ever seen.

The camp director, who had hurriedly put on his uniform after we had surprised him in shirt sleeves, told us: "The children will be glad to see you. Every little boy and every old man with a beard knows how much America helped us win the war against our common enemy. And we want to thank you for it."

### YOUNG COMMUNISTS STAGE A DEMONSTRATION.

The 600 youngsters in this camp were eight to 14 years old, children of Moscow subway workers, and members of the Pioneers, the youth organization sponsored by the Young Communist League.

They spend six weeks each summer in this camp. The sign over the mess hall reads: "Thanks to Comrade Stalin for Our Happy Youth!"

In their blue and white uniforms with red neckties, these youngsters were an appealing lot. Several lit-

the states are due to the irritations that follow war. It was evident before I left that congress was going Republican."

Now that he was talking politics, the former Democratic postmaster general asked with a laugh, "Say, how did the Chavez-Hurley race come out in New Mexico? I haven't seen the final figures."

He was told that Dennis Chavez has won by a very slim margin over Patrick Hurley, a Republican and former ambassador to China.

In answer to a question on whether the U. S. is losing ground in international markets because of strikes and reconversion troubles, Mr. Farley offered:

"There are strikes in all countries. They are having the same reconversion troubles we are."

The ex-major-domo of the Democrats had high praise for the work being accomplished by Gen. Douglas MacArthur in Japan. "He is probably doing as great a job as any man in history."

China's internal troubles, and a lasting solution to them, means much to the whole world, he added. "Gen. Marshall is devoting all his efforts towards a solution. I hope he is successful."

Mr. Farley, scheduled to leave Wednesday, wanted to know if there were any ships leaving Monday.

"I've been on a plane for four days," he said ruefully.

Informed that the maritime strike was still in force he asked, "Isn't there eve na tugboat leaving?"

Paul S. Lewis, manager of the Coco-Cola Export Corp. for this area, asked him what he wanted to do today.

"Let's just loaf!" pleaded James A. Farley, stretching his travel weary 6 foot 4 inch frame.

### BRIEF SKETCH OF A BUSY AND VARIED CAREER

James A. Farley has often said that he knows more political workers in the 48 states than any other man.

No one has ever disputed this claim.

This big, affable super-salesman of the early Roosevelt political era, former postmaster general and Democratic national committee chairman, reached his political zenith during FDR's first two terms.

A grandson of Irish immigrants Mr. Farley made his political debut at the age of 8, toting a torch for William Jennings Bryan in 1896.

Born at Grassy Point, N. Y., a bricklayer's son, on May 30, 1888, he was left fatherless at 12. He worked in a brickyard and helped his mother run their grocery-saloon.

He promised her never to take a drink, and never has.

As a husky 6 foot two youth "Stretch" Farley was Grassy Point's crack first baseman. At 22 he was Democratic county committeeman. He won his first political battle as town clerk of Stony Point, a Republican stronghold.

Long avidly interested in sports he was chairman of the New York boxing commission from 1925 until 1933.

In 1920 he married Elizabeth Finnegan. They have three children, Elizabeth, Anne and James Jr.

Mr. Farley was chairman of the New York state Democratic committee for 14 years, retiring in July 1944, thus bowing out of the last of many official party positions he held during 35 years in politics.

All his life he has enjoyed with deep relish the affairs of state as practices on the great American political scene.

Mentioned as presidential timber in 1940 he found the opposition too strong within his own party to get

## Farrington And Borthwick File Expense Reports

Delegate Joseph R. Farrington filed his expense report for the general election campaign with the secretary of Hawaii Friday showing total expenditures of \$789.

William Borthwick, defeated Democratic candidate for delegate to congress, filed a report with the secretary of Hawaii today listing his total expenses in the general election campaign as \$2,264.

Mr. Borthwick stated that \$830 went for personal expenses and \$924 was spent for advertising and printing.

A brief supporting the contentions of the International Longshoremen's and Warehousemen's union has been filed with the territorial supreme court by Harriet Bouslog, ILWU attorney, in the Maui strike injunction case.

It is claimed by the union that the circuit court, where a temporary restraining order against mass picketing was issued by Circuit Judge Cable A. Wirtz, is a court of the United States requiring conformance with the Norris-LaGuardia act in injunction proceedings.

## Farley Backing Wilson To Win

John H. Wilson, the Democratic apparent mayor-elect, has a broad shoulder to lean on today.

James A. Farley, ex-chieftain of all the Democrats and longtime friend of Mr. Wilson, is in town.

When informed of Mr. Wilson's slim 16 vote margin now being contested, he said:

"I hope Johnny can hold it."

even vice presidential nomination. It was Mr. Farley, more than anyone else, who boosted Franklin Roosevelt into the presidency in 1932 and 1936.

He sat out FDR's third term campaign in resonant silence and actively opposed the fourth term.

First reports of a rift between these two political comrades appeared in 1937 when Mr. Farley offered no opposition to certain Democratic congressmen whom the president was trying to defeat for renomination.

From there on the breach widened, Mr. Farley's position as the president's right bower being gradually assumed by Harry Hopkins. In August of 1940 he announced his retirement as postmaster general and Democratic national committeeman.

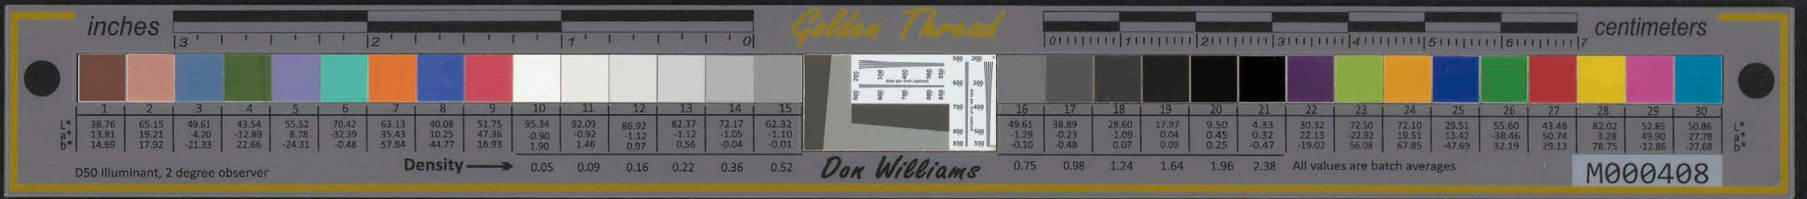

During the same month he became chairman of the Coca-Cola Export Corp. He has held that position ever since.

Mr. Farley visited the islands for a two week stretch in September of 1941. His most recent political maneuverings have been to oppose the New York gubernatorial campaign of Senator James Mead, a fellow Democrat.

He began his present tour for his company, visiting Europe and the East.

# Farley Here, Says Unrest And Turmoil World Wide

Genial James A. Farley, a sincere and soft spoken man with the physical bulk of a crack fullback, flew into Honolulu Friday night at the tag end of a world tour, genuinely disturbed at the seething unrest and turmoil he has seen in the past three months.

want to comment on politics as an airport interview started.

"I saw evidences of political unrest all over. There are extreme food shortages and black markets are flourishing. Inflation is in

every country."

"But among the people there is a genuine desire for peace and a real hope that the leaders directing their destinies will be strong enough to make this a peaceful world."

"Jim" Farley, chairman of the board of the Coca-Cola Export Corp., started the globe girdling jaunt for his company in September and has visited 14 countries and traveled 30,000 miles. He came to Honolulu from Auckland, N. Z.

He said he noted a fear of the growth of Communism everywhere. "I was more depressed at what I saw in India than in any other country. Everyone is deeply disturbed at the conflict there—rioting and mounting deaths."

Despite the world's unrest, the ex-postmaster general said, "I saw no evidence that indicates people feel another war is imminent."

# Demos May Defer Recount Reply Until Deadline

Leon K. Sterling, city-county clerk, this morning delivered to Arthur K. Trask, attorney for John H. Wilson, mayor elect, a certificate of Mr. Wilson's election as mayor.

A reply in the mayor's race recount proceedings may not be filed until the deadline, November 29, it was indicated today.

Democratic leaders are still studying the recount petition of the Republican candidate, Herbert M. Richards.

On behalf of their apparently victorious candidate, John H. Wilson, they are checking into errors which might further increase his majority and reportedly have discovered several.

\*\*\*

Charges are also being studied by the Democratic leaders to the effect that Republican election inspectors illegally passed out specimen ballots in voting booths and that the 25 foot "no politics" line around many booths was freely invaded by GOP workers.

\*\*\*

Attorneys for Mr. Wilson, who is on the mainland, will be Arthur Trask and William B. Brown.

A handful of Democratic county committeemen met Friday night and voted to exclude the press from their deliberations, which appeared to be shaping up into a first-rate

squabble over the mayoralty recount.

The vote to bar newspapermen was taken before the county committee had been called to order by the chairman, Lau Ah Chew, and before a roll call had been taken to determine whether or not a quorum was present.

\*\*\*

At an informal discussion preceding the vote, several of the county committeemen engaged in a loud argument over the recount.

\*\*\*

Some argument also is expected over who has been official spokesman for the committee in the last two weeks. Mr. Lau formally resumed his post as chairman at the meeting. He had been on leave of absence to make an unsuccessful race for supervisor.

\*\*\*

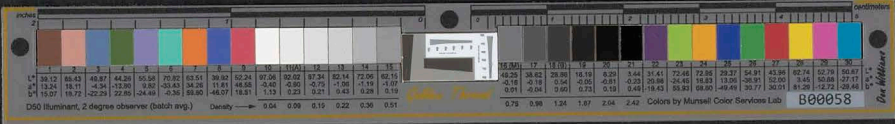

Earlier in the week, however, he called The Star-Bulletin to ask that a notice of the meeting be printed and at the same time to make it clear that he, and not Harry Kronick, was chairman.

\*\*\*

Mr. Kronick is vice chairman of the county committee and served as acting chairman in Mr. Lau's absence. Several public statements had been made by Mr. Kronick recently, and Mr. Lau wanted it known that they were not to be attributed to the committee.

Dear Johnny:

Your letter dated 11/20 got here yesterday--the wire got here Sunday. Glad you called on my mother and hope that ~~dinner~~ dinner was ono ~~xxx~~. I miss New York meals a lot. Everytime my mother sees me she wants to fatten me.

I sent that wire upon the request of Trask--he wanted a little more authority to act. The Committee has not met since our first meeting but the attorneys are on the beam. I was with Trask Sunday morning and went with him to Heen's office. They talk about strategy, etc. It seems the more you ply into the thing, the messier it gets. It is not a case of fraud but the lousy election system and the interpretation of valid and void ballot's. However, the thing is being whipped into shape for presentation sometime this week to the Supreme Court.

I think Trask is asking the Court to throw the thing out and if it doesn't, he'll ask for a recount of all the precincts with affidavits supporting his claims that other precincts have violated or are in errors also, basing on the petition of Richards. This necessitates lots of leg work checking on chairmen of inspectors, workers, etc. The attorneys are handling that and I don't know how far they have gotten.

We are raising a kitty for the attorneys--not amount is set.

The clippings will tell you a little more of what is going on. Farley has not wired but Miyamoto asked me to call up a few boys to see whether they agree to entertain him in the event we can get hold of Farley. Mr. Lewis of the Coca Cola Export talked to me over the phone and said he would find out from Farley. Thus far he has not called. Jim is scheduled to leave tomorrow. I'll get hold of Miyamoto again this AM.

Pacheco is acting Mayor now as Petrie had a little car accident (not serious) a few days ago. WKB came to see me a few times and said he was working on that opening speech and had been in touch with Manuel.

Well, fellow, have a good time and rest--I sure envy you.

Best wishes,

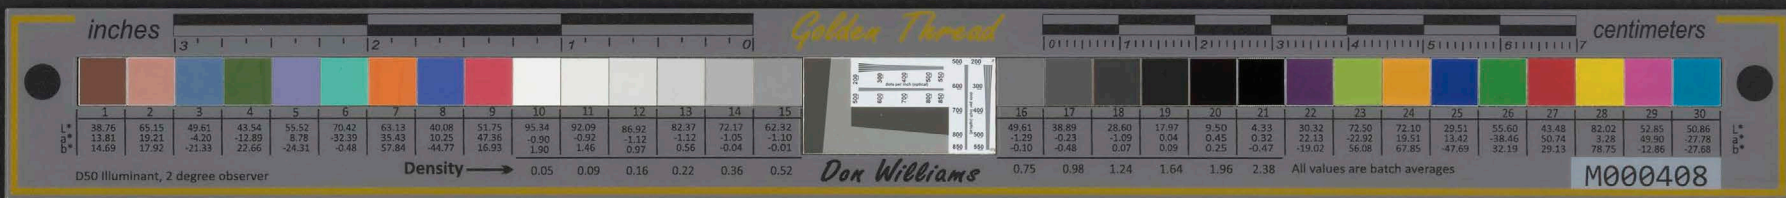

*Peter* [Peter Chu?]

P.S. The election certificate was delivered to Trask. Lewis just phoned me saying Jim will call on Mrs. Wilson today & wanted to see me, but will call back within 1 hr. to let me know about the time. Will drop you a letter later. *Prep*

*PPS just got a call from Coca Cola saying Farley wants to see me at 4:30 in his hotel room (Zwornig). I'll tell him about the election & anything else he wants to know. Will give him your regards & regrets that you are not here personally to greet him. P.*

Re: Daizo Sumida

He was interned during World War II by the United States Military Authorities stationed in the Territory of Hawaii and was later transferred to the mainland of the United States. His last place of detention was at Santa Fe Detention Station, Santa Fe, New Mexico.

After the end of the war, he was released by the Department of Justice from the said Santa Fe Detention Station and forcewith returned to Honolulu, Hawaii, on December 10, 1945.

He is now a free person residing within the Territory of Hawaii, at 1052 Ilima Drive, Honolulu.

He was never charged or convicted of any offense.

He has been residing in the Territory of Hawaii since November, 1904, more than 40 years. His last trip to Japan to visit his parents was in August 1928, and returned to Honolulu in February 1929. (Mother died in September, 1929, Father in December, 1939.)

Honolulu was and is his home. The fact that his investments were made solely in Hawaii will prove that he has been a permanent resident in Hawaii.

He has helped and participated in community projects wherever he could to make Hawaii a better place to live and also is willing to do his part for community as much as possible.

Re: Yoshio Tagashira

Yoshio Tagashira's 1 share has been vested under the same Vesting Order No. 1631. This 1 share was given to him by Daizo Sumida, then President of T. Sumida & Co., Ltd., for his faithful service rendered to the corporation.

He was interned during the war but with the ending of the war, he was released from the internment and is now residing at Palolo Emergency Housing in Honolulu.

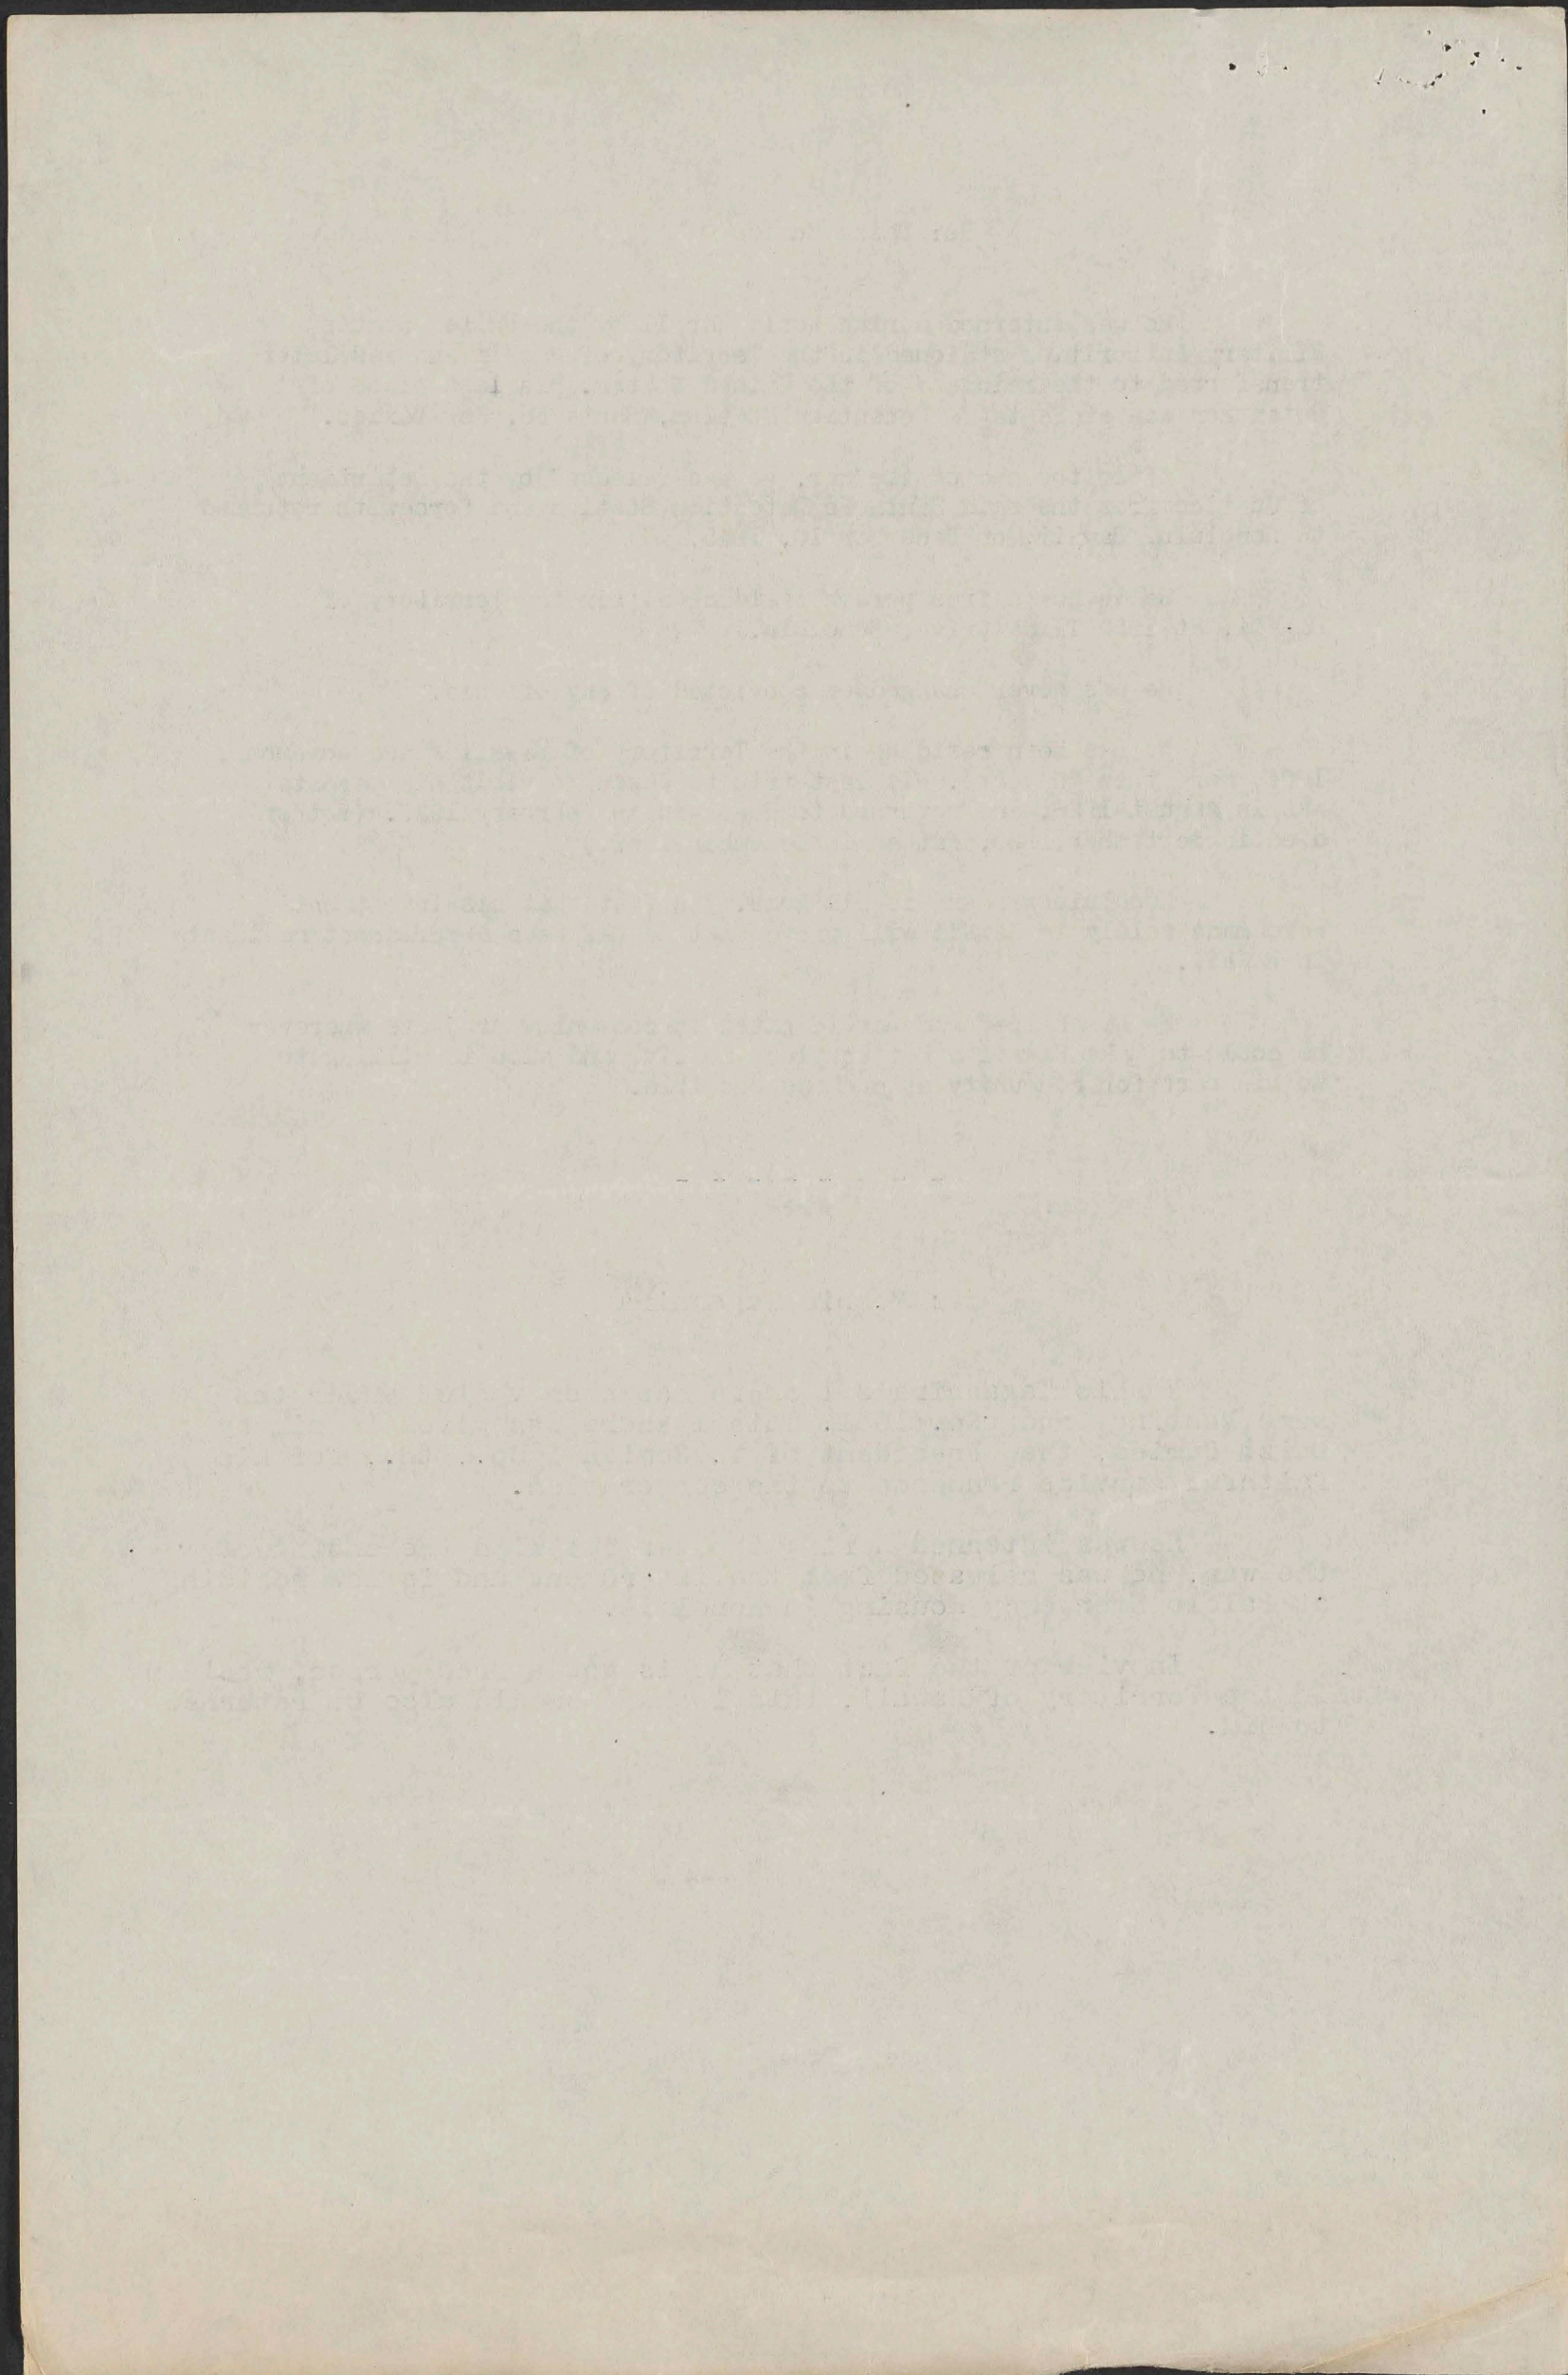

In view of the fact that he is now a free person, residing within the Territory of Hawaii, this 1 share should also be returned to him.

How I felt from questioning by Mr. Greene.

I have been thinking that the reason why our shares (mine and Shinzaburo's) were vested was because we were interned. However, after I was questioned by Mr. Greene, I felt this was not the main reason. From what I gathered from Mr. Greene's questioning, the APC's suspicion was that the shares in T. Sumida & Co., held by me and Shinzaburo Sumida were only nominal and in fact owned by Tajiro Sumida.

- It seems to me that the following circumstances made the APC suspect:
- 1:-Tajiro Sumida put up Deposit Certificates, amounted to ¥110,000.00, of Sumitomo Trust Company as a security for establishment of letter of credit, <sup>from Sumitomo Bank,</sup> in spite of the fact that his shares in T. Sumida & Co., was not only less than half interest but also very small (50 shares) after he gave his 230 shares to Shinzaburo Sumida.
  - 2:-The transfer of 230 shares from Tajiro Sumida to Shinzaburo Sumida and the transfer of 150 shares from Seijiro Sumida to Shinzaburo Sumida, both taken place on February 14, 1941, were nominal.
  - 3:-I was also questioned by Mr. Greene about the circumstances surrounding the transfer of 200 shares from me to Shinzaburo Sumida on March 15, 1934, while he was at the University of Dayton.

I explained the circumstances as follows:

- 1:-The business of T. Sumida & Co., was primarily liquor dealer but in April, 1918, was forced to close the business as the National Prohibition Act went into effect, and Tajiro Sumida proposed that he would go to Japan to start exporting business so that he could ship Japanese provisions as well as general merchandise to T. Sumida & Co. I agreed to the proposition and I purchased 400 shares from Tajiro Sumida on April 20, 1918, and became a majority share holder in T. Sumida & Co. (at that time, the total number of shares was 1,000 shares). Tajiro Sumida went to Japan on the following month, May, 1918, and T. Sumida & Co. started newly, the grocery business which I have been carrying on since, as the president of the company.

I explained that I paid Tajiro Sumida, the note \$20,000.00 and \$1,500.00 as interest, total amount \$21,500.00, on February 3, 1921, for full settlement of 400 shares and I showed Mr. Greene the fact of this payment, recorded in the personal cash books of both Tajiro Sumida and mine.

X- Regarding Tajiro Sumida's security to Sumitomo Bank, I explained that putting up the security was, of course, for the benefit of T. Sumida & Co., but in fact, Tajiro Sumida who was the president of Sumida Bussan Kaisha in Japan, and which was a purchasing agent for T. Sumida & Co., was benefited more than T. Sumida & Co., because he could obtain cash upon presentation of B/L and invoice for the shipment made to T. Sumida & Co. Furthermore, he could collect interest for the deposit. In another words, by putting up the security, he loses nothing.

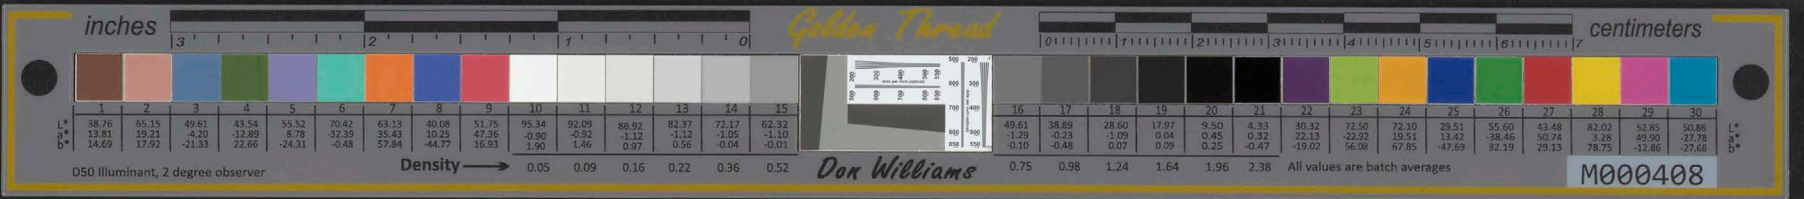

I also explained that when the Navigation Treaty between the United States and Japan ended and as a result, the importation from Japan stopped, T. Sumida & Co., had to import all merchandise from the mainland of the United States. For this importation, the said security by Tajiro Sumida became useless. Therefore, I put up my own securities and real estate to the Bank of Hawaii as a security for the letter of credit necessary for the mainland importation.

I explained that the above facts show that Tajiro Sumida has no power to control the business of T. Sumida & Co., and also that my shares are authentic.

- 2:-Regarding the transfer of 230 shares from Tajiro Sumida, which left him only 50 shares to keep him as a share holder, to Shinzaburo Sumida on February 14, 1941, I explained the circumstances as follows:

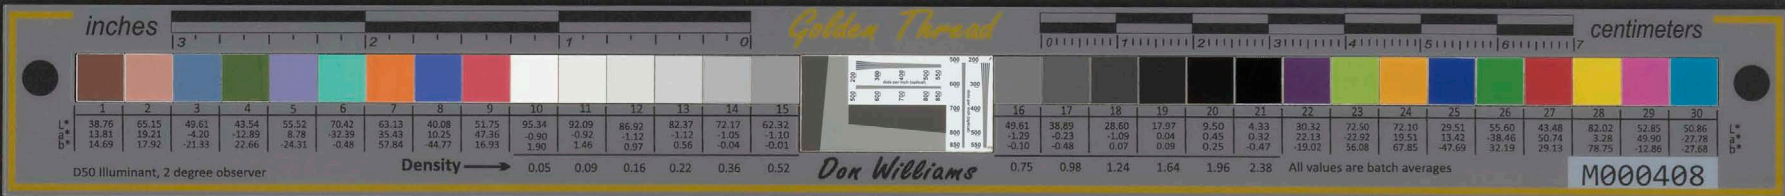

In September 1940, my wife took three months trip to Japan to visit the grave of our parents. While she was there, she explained to Tajiro Sumida about Shinzaburo's marriage in the near future. Then Tajiro Sumida, as his real father, decided to transfer his shares in T. Sumida & Co., to Shinzaburo Sumida to help his start in the actual life after his marriage.

*[The text on this page is extremely faint and illegible. It appears to be a multi-paragraph document, possibly a letter or a report, but the content cannot be discerned.]*

After my wife returned, I received a letter from Tajiro Sumida, dated January 21, 1941, in which he asked me, as his attorney in fact, to transfer his 230 shares to Shinzaburo Sumida. In this letter, he clearly stated the nature of the transfer and upon examination of this letter, Attorney Kashiwa interpreted that this transaction was evidently a gift.

Now regarding the transfer of 150 shares from Seiji Sumida, (which left him 50 shares, same as Tajiro Sumida, to remain as a share holder), it was made entirely by the same thought as that of Tajiro Sumida because Tajiro Sumida has sufficient assets in Japan to give or divide to Seiji Sumida, his second son, in place of these 150 shares which were transferred to Shinzaburo Sumida. I explained the fact that Tajiro Sumida signed the certificate as a witness for the transfer.

3:-Regarding the transfer of 200 shares from me to Shinzaburo Sumida in March, 1934, I explained that I transferred these shares to encourage Shinzaburo Sumida, as a successor of my business enterprise. And I also explained that the transfer of 100 shares from me to Shinzaburo Sumida in February, 1941, was made in the same purpose.

Re: Koichiro Sumida *in Japan - 450 shares*

450 shares of Koichiro Sumida in T. Sumida & Co., Ltd., were vested by Vesting Order No. 1631, dated June 7, 1943, issued by the then Alien Property Custodian Leo T. Crowley.

The claim of Koichiro Sumida, which was made by Daizo Sumida under a power of attorney, was sent together with Mr. J. H. Wilson's letter, to Hon. Homer Cummings in Washington, D.C., requesting him to file in Washington, D. C.

Koichiro Sumida was born in Honolulu, T.H., on March 15, 1909, and is a citizen of the United States by birth.

While he was attending grammar school in Honolulu, he was taken to Japan by his parents at the age of 9, and received elementary and high school education in Japan.

He returned to Honolulu in June 1927, and in September, he entered the University of Dayton, Dayton, Ohio, and graduated from the said university in June 1931, with B. S. in Business degree.

While he was in the said university, he received military training and was appointed as a Second Lieutenant of Infantry of the United States Army on April 2, 1931.

After he graduated from the said university, he returned to Honolulu in June, 1931. He was intending to stay in Hawaii and work in T. Sumida & Co., to assist his uncle Daizo Sumida. However, he went to Japan in August according to his mother's desire because she was in bad health. (She died in September, 1934.)

He returned to Honolulu in March 1935 to work at T. Sumida & Co. He was intending to call his wife and his child to live in Hawaii. However, he was obliged to go to Japan according to his father's request because he is the first son. He went to Japan on August 6, 1935, so he could attend the first anniversary service of his late mother.

I, Daizo Sumida, the writer of this personal history of Koichiro Sumida, can say that although since 1935, throughout World War II, Koichiro Sumida has been residing in Japan, he has never worked in the Japanese government job, nor has he ever served in the Japanese armed forces, but I heard that he was rather suspected by the Japanese army due to the fact that he is a U.S.A. reserve officer.

After the war, I received a letter from Tajiro Sumida in which he stated that Koichiro Sumida is most likely, working for the U.S. Occupational Forces in Japan, as a civilian interpreter in Osaka, Japan.

*Tajiro Sumida near Hiroshima*

This is for reference in regard to the possibility that Koichiro Sumida's vested shares may be returned to him.

I heard from a local lawyer who is handling a case in which his woman client is an American citizen by birth and married (her husband may be a Japanese citizen) and residing in Japan. She owns certain property in Hawaii. The local A.P.C., told the lawyer that if she submits a certificate issued by the U.S. Occupational Forces in Japan, proving that she is working for the said U.S. Occupational Forces, her property will not be vested. In this case, the client in Japan sent such certificate to her lawyer and the lawyer submitted it to the local A.P.C., and found out that his client's property was not vested. This fact makes me feel that there will not be an impossibility in Koichiro Sumida's case that even though the A.P.C. has already vested his shares, they will be returned to him if he can show ~~the~~ evidence that he is working for the U.S. Occupational Forces, as mentioned in my brother's (Tajiro Sumida) letter to me.

HONOLULU 8 HAWAII

January 8, 1946

Mr. James G. Hammond  
Office of the Alien Property Custodian  
Yokohama Specie Bank Building  
Honolulu, T. H.

Dear Sir:

Commencing as of January 15th, 1946, we desire to employ Mr. Shinzaburo Sumida as a general office clerk, especially to take charge of our direct importation business at a salary of \$200.00 per month.

Our direct importation business is a type of business we were doing prior to the war, viz, to take orders from outlying islands' customers on a commission basis without purchasing the commodities by ourselves.

In order to carry out this type of business properly we must have an experienced man with keen business ability. In our opinion, a young graduate of a business college cannot qualify for this position. It will take some time to train a business school graduate for the job. We need a man now who knows our former connections and who is known by our former customers.

Mr. Shinzaburo Sumida was in the employ of the company from January through December, 1941, and was in charge of this branch of our business. He is the best and only qualified person for this position that we know of.

Furthermore, Mr. Shinzaburo Sumida is a citizen of the United States of America and a graduate of the Dayton University, Class of 1936, with a degree of Bachelor of Science in Business. He also took post-graduate work in Tokyo Shoka Daigaku, a university specializing in commercial subjects and business administration.

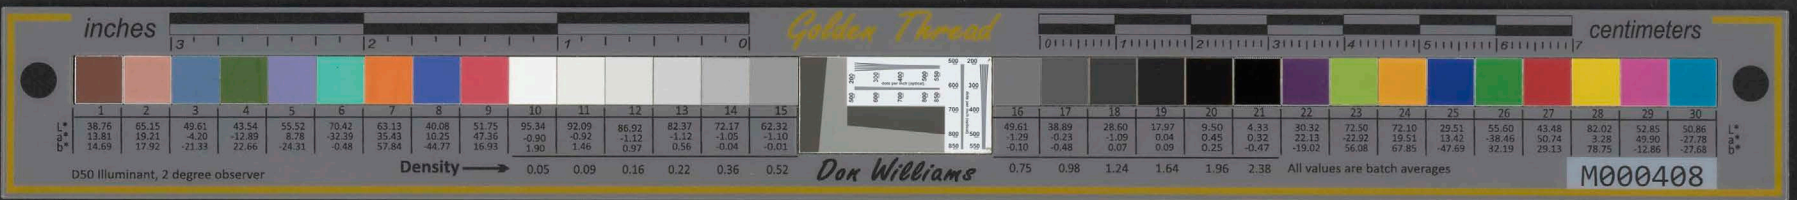

Mr. Shinzaburo Sumida was held in custody by the military authorities during the War. He was released and returned to Honolulu, T. H. on December 10, 1945 to resume his residence

and domicile in this city. He is ready and willing to come back to us. If he were to associate himself with a competitor of ours we would seriously be handicapped.

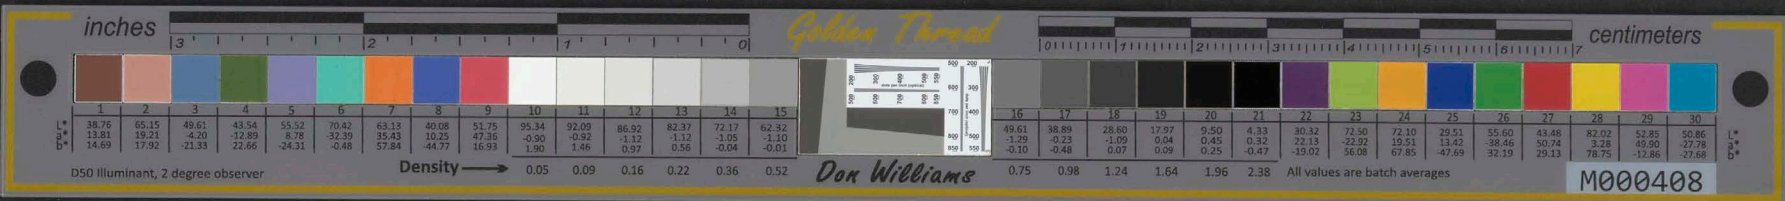

As you know, our direct importation business has become a very important function of our over-all business, especially after the ending of the war. Since we are much under-staffed in the office as well as our sales force, we must hereafter rely on direct importation business to a considerable extent in order to keep up our sales. Prior to the war we had 10 office employees but we have only 5 at present. We really need an experienced man like Mr. Shinzaburo Sumida to handle and push this phase of our business which involves the least risk and which is quite profitable. We know of no one else who would fit in as well as he does.

Therefore, it is respectfully requested that your approval be granted for re-employment of Mr. Shinzaburo Sumida at the same monthly salary he was receiving, namely, \$200.00 per month.

Respectfully yours,

Y Yamamoto (Signed)

and available in this city. It is ready and willing to come back  
to us. It is ready to cooperate in any way with a competitor of ours  
as would naturally be anticipated.

As you know, our direct investment business has become  
a very important function of our overall business, especially  
since the ending of the war. Since we had much water-tight  
in the office as well as our sales, we had naturally  
rely on direct investment business as a considerable source of  
order to keep us going. Later on we had to give up  
employees but we have only 5 at present. We really need an  
experienced man like Mr. Balabanov to handle the work and  
this phase of our business which involves the least risk and  
which is quite profitable. We know of no one else who would  
fit in as well as he does.

Therefore, if it is respectfully requested that your approval  
be granted for re-employment of Mr. Balabanov, similar to the  
same monthly salary he was receiving, namely, \$200.00 per  
month.

Honorable Homer S. Cummings,  
1616 K St. N. W.,  
Washington 6, D. C.

Dear Homer:

Your two letters dated the 29th and 31st of January have just been received, and many thanks for your prompt action in the matter.

The T. Sumida & Co. was originally in the liquor business, but the National Prohibition Act of 1918 put them out of the liquor business. Mr. Daizo Sumida then bought the controlling interest in the firm from his brother, Tajiro Sumida, and entered into the wholesale grocery business.

During the year 1934 Daizo Sumida, assigned to his adopted son, Shinzaburo Sumida, then 20 years of age, 300 shares of the T. Sumida & Co. stock. The T. Sumida & Co. had outstanding the following number of shares at the time of the blitz, December 7, 1941, viz:

Daizo Sumida 763 shares - Alien resident of Hawaii.  
Shinzaburo Sumida 680 shares - U. S. Citizen and resident of Hawaii.  
Kaichiro Sumida 450 shares - U. S. Citizen and resident of Hawaii. JAPAN  
Tajiro Sumida 50 shares - Alien and resident of Hawaii. JAPAN  
Seijiro Sumida 50 shares - " " " " "  
Company employees 7 shares - All citizens and residents of Hawaii

Total shares 2,000

I presume there must be some difference between the property seized under a vested order and that which was taken under the order of foreign funds control, as the property of many aliens that was seized by the Government has been returned; hence the reason the Sumidas do not understand why they cannot have their property released, when all others have had theirs returned.

Shinzaburo Sumida, the adopted son of Daizo Sumida, and an American citizen by birth, attended the public schools in Hawaii, and completed a commercial course at the University of Dayton with the class of 1936. After completing his studies at the University of Dayton he left for Japan to enter the Tokyo University, where he majored in commerce. While a student at the Tokyo University in the year 1938 he was drafted, against his will, into the Japanese Army, but upon discharge in 1940, immediately returned to Honolulu and entered the employ of T. Sumida & Co. for further training.

He was picked up and interned soon after the blitz on December 24, 1941, was released and returned to Hawaii on December 10, 1945.

Koichiro Sumida, an American by birth, attended Punahou school in Honolulu first, then Tokyo University, and finished at Dayton University with the class of 1931. After serving in the Honolulu office of T. Sumida & Co. to familiarize himself with the needs of the firm, he was sent to Osaka, Japan as buyer, where he has been since 1932, returning to Honolulu but once since first going to Japan. He was in Japan at the time of the blitz and is still there.

Daizo Sumida, alien, arrived in Honolulu at the age of 17 to work in his brother's store (T. Sumida & Co.). While working he attended night school at Iolani College, and was able to become very successful in business. In fact, he was President of a bank and was interested in many other business enterprises, with which the writer became very well acquainted. His last visit to Japan was in 1928 to see his aged parents, long since deceased. He owns no property in Japan, his entire investments have been in Hawaii, including a \$50,000 home which he built in 1930.

I am directed by Mr. Daizo Sumida to request your assistance in his behalf, as well as that of his son, Shinzaburo Sumida and also Koichiro Sumida, whom he represents by a power of attorney.

The claims of himself and that of his son, Shinzaburo, were filed by a local attorney on February 4, 1946, and January 18, 1945, respectively, but knowing that there is a possibility of hundreds of claims being on file in Washington, and unless someone is on the job to keep prodding a settlement it may not take place for years.

I am enclosing the claims of Koichiro Sumida, which is being made by Daizo Sumida under a power of

Dear Mr. Wilson:

Mr. Cummings asked me to acknowledge receipt of your letter of February 9 together with the enclosed application of Koichiro Sumida by his attorney-in-fact, Daizo Sumida, for the return of his stock in the T. Sumida & Co.

The bill which Mr. Cummings referred to in his letter of January 31 passed the Senate last Thursday and as soon as it has been signed by the President the administrative procedure will be set up for the purpose of passing on these claims. Without such legislation there was no authority vested in the Alien Property Custodian to return property which had been seized from persons who were interned.

I assume that you wish us to file the claim of Mr. Koichiro Sumida. This will be done.

It is difficult to even give an estimate on when consideration of these claims may be expected and it is possible that additional evidence with respect to loyalty, etc. will be necessary. However, we shall keep in touch with the situation and do our utmost to see that the claims are expedited.

Very truly yours,

In spite of the fact that the supervision of business of T. Sumida & Co., Ltd., by the Alien Property Custodian seemed eased up in a certain extent since I was investigated.

However, recently, the supervision has become very severe. Of course, this is not only for T. Sumida & Co., but for all the corporations under the A.P.C.'s control. I feel this is probably due to the fact that the A.P.C. is planning to start liquidation on early date. I do not believe such procedure will be taken for T. My dear Mr. Sumida:-

I have just returned after a conference with the office of the Alien Property Custodian. I had a Mr. Arnold of the law firm of Cummings & Stanley and a Mr. Koons of the law firm of Kane & Koons to accompany me.

The results of the meeting, I will state and put in writing so that you will have a record of same, viz:-

- 1 1 It is not the policy of the government to sell the property of anyone, without good and sufficient reasons and if a sale is contemplated sufficient notice will be given.
- 2 Claims are taken up and disposed in the order received, and there are over 5,000 claims to be disposed of yet.
- 3 The claim of Shinsaburo, which was filed first will be taken up first, and the others in the order filed.
- 4 The claim of Koichiro was filed late and naturally would be taken up last.
- 5 It was agreed by all present that Koichiro should be reached by communication as early as possible and told that it is very important that he return to the United State as soon as possible, to perfect his claim.
- 6 If transportation or for some good reason he cannot return at this time, it would be necessary for you to furnish the law firm of Cummings & Stanley with his address so that they can communicate direct with him to have him sign certain papers. This will be necessary to fortify your Power of Attorney. The question is being raised whether or not your power of attorney authorizes you to file a claim. They think it does not.
- 7 Another question raised was if he is a good American citizen why does he continue to reside in Japan. He should return to America at once.
- 8 It is necessary to secure a statement from Koichiro as to his activities during the war.

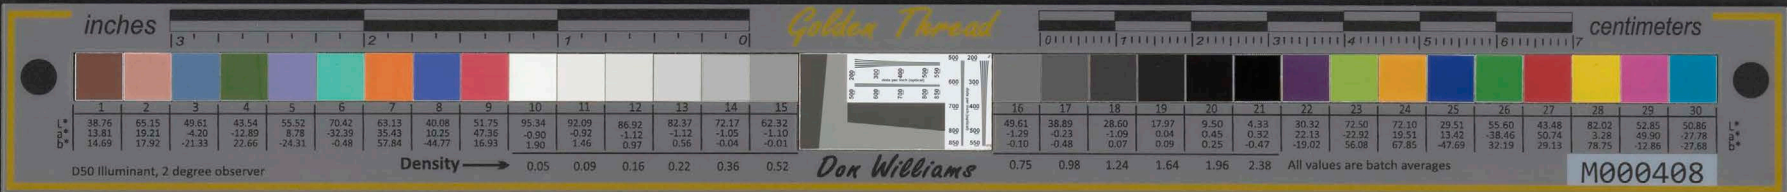

The above will give you a good idea of what is needed and I also wish to say, that the APC will go slow and will not do anything hastily, so that you do not have to worry, only have patients and I think everything will come out the way it should.

I asked why property was returned to aliens and not to you. Their answer was that the property returned was not vested property.

Dear Miyamoto:-

I suppose Mr. Sumida has shown you the letter I wrote from Washington. Mr. Cummings sent a young attorney, Mr. Arnold, with me to see the man in charge of claims in the office of the Alien Custodian. As stated in my letter to Sumida the cases are taken up and considered in the order of receipt at the time of filing. Therefore, the cases of the old man and Shinzaburo will be taken up together but before that of Koichiro, because Koichiro's claim was filed at a later date. Since there are about 5,000 claims more to take up and consider, the good Lord only knows when the above claims will be taken up. The practise is to consider each claim separately and a decision is made on the merits of each case separately so you should not be alarmed at the delay and slowness.

Mr. Koons, the attorney for Sumida and Shinzaburo was invited to be present by Mr. Arnold so that he would get the benefit of any statement I may make and also to be a witness to the statements made by the government.

The officer in charge was very friendly and cooperative and assured us that there was no danger of the government selling anyone out without advance notice. So far the only property the government has sold is unclaimed property or property that was confiscated for violation of the federal laws.

He also advised us to get Koichiro back into the United States as soon as possible to perfect his claim. They question the right of Sumida to file a claim for Kaichiro, as they contend the Power of Attorney was not issued to him for the purpose.

The pineapples sent to San Francisco was received in good condition but up to present writing no pineapples has been received in Dixon, Illinois or Washington, D.C.

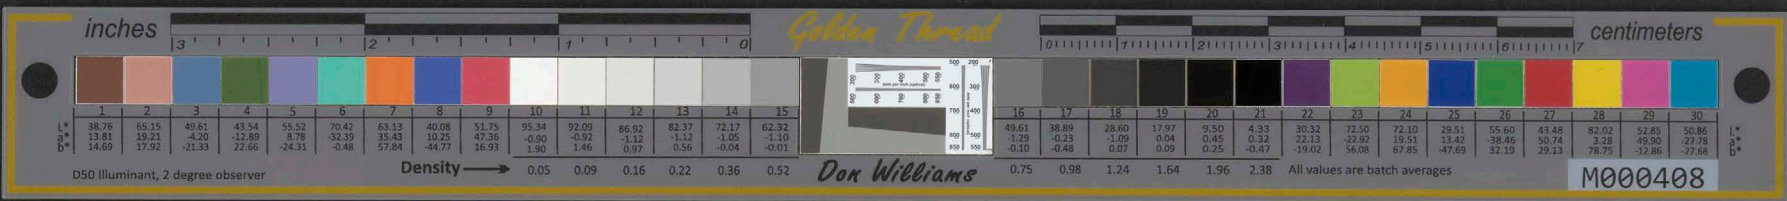

I am booked to leave San Francisco by Clipper on the 19th so I should be seeing you soon. How is the campaign coming along.

Yours with Aloha,

JHW

September 11th, 1948.

Dear Miyamoto:-

I suppose Mr. Sumida has shown you the letter I wrote from Washington. Mr. Gunning sent a young attorney, Mr. Arnold, with me to see the man in charge of claims in the office of the Alien Custodian. As stated in my letter to Sumida the cases are taken up and considered in the order of receipt at the time of filing. Therefore, the cases of the old man and Shinaburo will be taken up together but before that of Koichiro, because Koichiro's claim was filed at a later date. Since there are about 5,000 claims more to take up and consider, the good lord only knows when the above claims will be taken up. The practice is to consider each claim separately and a decision is made on the merits of each case separately so you should not be alarmed at the delay and slowness.

Mr. Koons, the attorney for Sumida and Shinaburo was invited to be present by Mr. Arnold so that he would get the benefit of my statement I may make and also to be a witness to the statements made by the Government.

The officer in charge was very friendly and cooperative and assured us that there was no danger of the government selling anyone out without advance notice. So far the only property the government has sold is unclaimed property or property that was confiscated for violation of the federal laws.

He also advised us to get Koichiro back into the United States as soon as possible to perfect his claim. They question the right of Sumida to file a claim for Koichiro, as they contend the Power of Attorney was not issued to him for the purpose.

The packages sent to San Francisco was received in good condition but up to present writing no packages has been received in Dixon, Illinois or Washington, D.C.

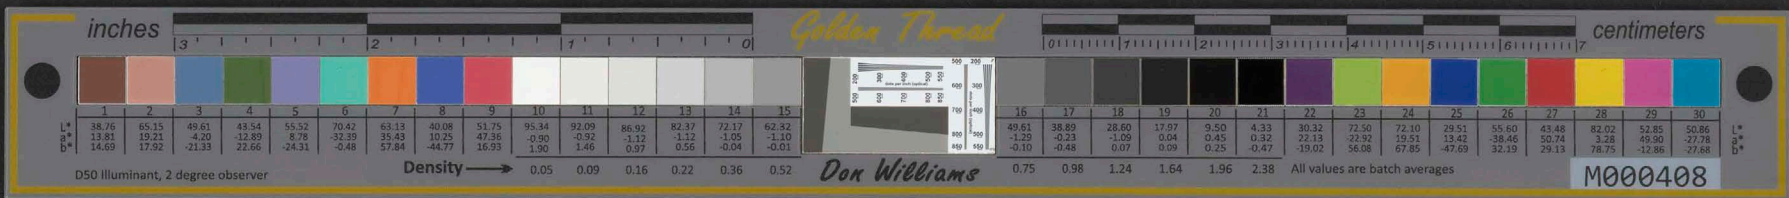

I am booked to leave San Francisco by Clipper on the 18th so I should be seeing you soon. How is the campaign coming along.

Yours with Aloha,

JHW

Dear Johnnie:

It was a great pleasure to see you when you dropped in at the office when you were last in Washington. I assume that by this time you have long since returned to Honolulu. I hope you are getting along well with your plans for adobe cottages.

I am also dropping you this note to let you know that the box of pineapples which you said you had sent to me has not arrived. I would not mention this except that you might wonder why you had not heard from me. I assume that the delay is characteristic of the modern days of confusion and that sooner or later the box of pineapple will show up. In any event, even if it does not arrive I want you to know that I am deeply appreciative of your kindness and thoughtfulness.

With best wishes always, I am

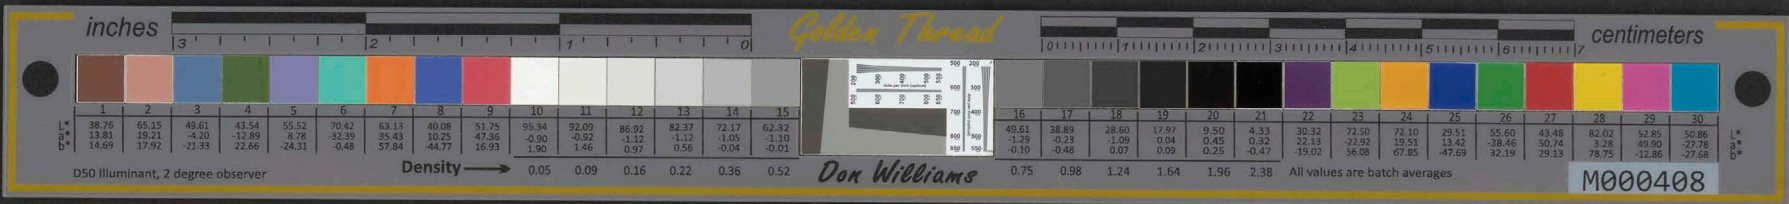

Faithfully yours,

Re: Employment of Shinzaburo Sumida

Gentlemen:

We hereby again request your approval of the employment of Shinzaburo Sumida. We desire to employ him as assistant manager at a salary of \$250.00 per month.

We are renewing our request at this time because Mr. Teruji Harada, who was our assistant manager for the past several years, terminated his employment with us as of September 30, 1946, and started his own business under the name of Harada & Youngson.

Our previous request for your approval of his employment as office clerk was made on January 8, 1946, and according to your letter to us, dated April 9, 1946, this request was opposed by your office in Washington.

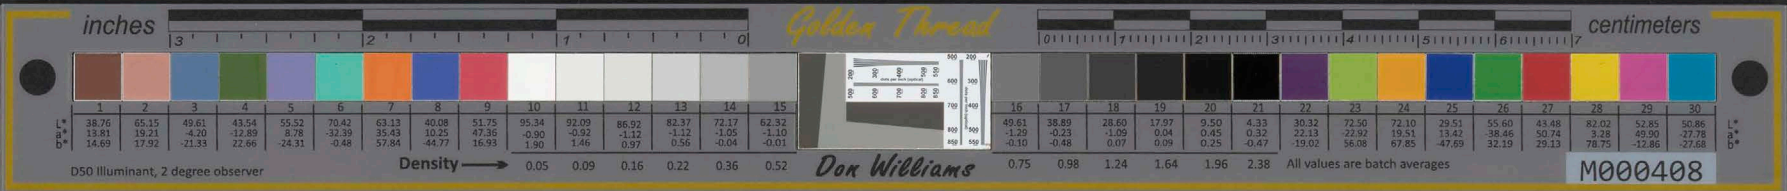

Mr. Harada's new enterprise, Harada & Youngson, should be considered our keen competitor because it is selling same line of merchandise to our own trade. Under the circumstances, we are at present urgently in need of a capable assistant to Mr. Yoshimi Yamamoto, manager, to carry on the work previously performed by Mr. Harada and we feel that Mr. Sumida will satisfactorily fill the vacancy.

Mr. Sumida's principle duty, if he is employed, will be to assist the manager in formulating and executing plans and program for the successful and profitable operation of the company. He will also supervise the general clerical work and correspondence for the company.

We believe that his educational background as a graduate of Dayton University and his experience with this company prior to the war, qualify him as successor of Mr. Harada. Furthermore, Mr. Sumida has proved through his previous employment that he is respected by other employees and also by our customers and his personality and prestige will be an asset to the company both in our dealings with our customers and our dealings with our employees.

If there is any objection to having Mr. Sumida designated as an assistant manager, it is satisfactory to us that he be designated as an office clerk. However, because of his educational background and his past connection with its company and especially his personality, we feel that it will be to the advantage of the company to designate him as assistant manager.

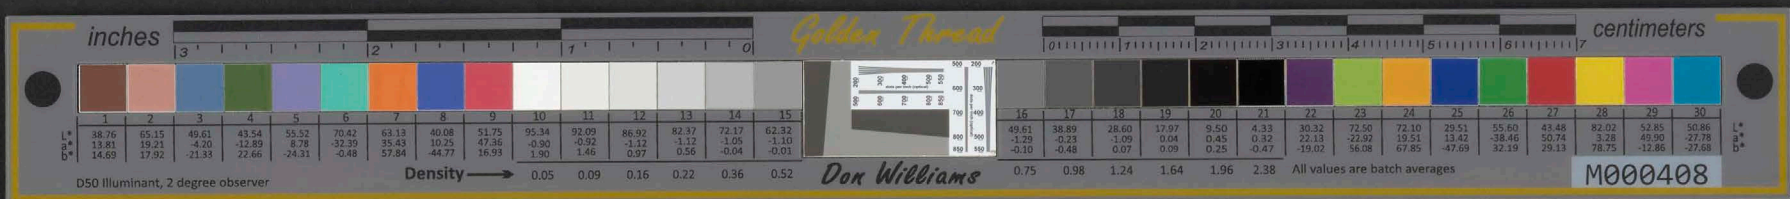

If Mr. Sumida's employment is approved, we will hold a board of directors meeting authoring his appointment. We have, however, consulted the majority of the directors and they have not only unofficially approved such appointment but they have expressed their opinion that Mr. Sumida's employment is invaluable at this time and is for the best interest for the company.

Dear Mr. Wilson:

Confirming my telephone conversation with you this morning, I wish to ask you to use your influence to the utmost to have Mr. Daizo Sumida and Mr. Shinzaburo Sumida's interests in the T. Sumida & Co. released from the Alien Property Custodian as early as possible.

As I have explained to you many times, I cannot understand why our government has singled out Mr. Daizo Sumida and Mr. Shinzaburo Sumida. It is really a discrimination because no other properties of citizen or alien Japanese residing in Hawaii have been vested. In fact, all others are enjoying their normal business activities in this territory.

Even though there are thousands of other claims filed with the Alien Property Custodian in Washington they are all entirely different kinds of claims and I sincerely feel that Mr. Daizo Sumida and Mr. Shinzaburo Sumida deserve special attention with their claims since they have been discriminated.

The local agent of Alien Property Custodian has already sent to Washington a complete report of Daizo and Shinzaburo Sumidas' holdings.

It really means a lot for Mr. Sumida to be released because even though T. Sumida & Co. is now operating the business under the supervision of Alien Property Custodian, they are not free to act on all business dealings, for instance every purchase is necessary to be approved first by the Alien Property Custodian and it is really very much handicapped in competing with other local wholesalers.

With all the above facts, I feel that with all your friends in Washington, D. C., you can "kokua" to secure the release very soon.

Please solicit help from all your friends in Washington in this matter.

Yours truly,

Dear Mr Wilson,

This is a confirmation of today's trans-Pacific telephone conversation between your good self and Mr T Miyamoto. I am sending you this confirmation for your memorandum in your negotiations with the Honorable Homer Cummings as well as the Alien Property Custodian during your stay in Washington.

(1) New Facts regarding Koichiro's Present Whereabout and Occupation:

The following information was revealed to me through an unexpected source. The son of Mr Charles T Littlejohn (vice-president of Bank of Hawaii) who is at present connected with the C Brewer & Co., Ltd., of this city, until recently with the USA Occupational Force, returned from Japan.

Mr Littlejohn, Jr, informed us that he became acquainted with Peter (Christian name of Koichiro) while he was on duty with the Finance Department of the American Occupational Force at Osaka. Peter (or Koichiro) was working in the same department, and he was living in the Foreign National Dormitory.

My friend and your acquaintance, attorney Mr Masaji Marumoto, another recently discharged veteran, explained to me that there are three different status of people who are working in the USA Occupational Force, namely: (a) American citizens (b) foreign nationals, and (c) Japanese nationals.

Based on this information, Koichiro is classified as a foreign national and is not a Japanese national, otherwise, he could not live in the foreign national dormitory.

(2) Re Filing Koichiro's Claim:

When I met you last Sunday (10th of November) at my home, you mentioned about the possibility of sending documents to Koichiro through the proper authorities. As you advised me, I had an occasion to request an authority here to forward to Koichiro the claim form (Form APC 1-A which Mr Arnold mailed you) and a new power of attorney for his signature so that I can act as his attorney-in-fact when necessary in the future.

Mr John H Wilson  
19th November, 1946 - Page Two

Because FormAPC 1-A is not available here, I am asking you to request Mr Cummings' office to mail me by first Clipper possible another set of claim forms which I want to fill out and sign in accordance with my present power of attorney for Koichiro. I will mail it to Mr Cummings' office leaving all actions entirely to their judgement and decision, that is, whether they intend to file the claim as made out by me as his attorney-in-fact, or to wait until I can send them the claim executed and returned to me by Koichiro.

As mentioned in Paragraph (1), Koichiro is working in the American Occupational Force under the status of foreign national, and he is treated as non-Japanese. In view of the fact that he is treated as non-Japanese in Japan, I believe his claim of vested property should be returned to him, so I request that you contact the Alien Property Custodian authorities and furnish them with the full details, explaining to them his personal history as you know, together with this new fact.

(3) CLAIM OF DAIZO SUMIDA:

I was informed by attorney Mr Kashiwa on his return from his mainland tripe last November 10th, that my claim with the Alien Property Custodian looked altogether most favorable. He informed me that they should take some action shortly. Naturally, I was delighted to learn of this good news. But attorney Mr Kashiwa informed me also that he could not assure me just when such a hearing for my claim would take place, that the hearing might be delayed.

I am therefore requesting you to take this matter up with the Honorable Homer Cummings and attorney Mr Arnold, as well as Mr Kashiwa's Washington colleagues, Kane and Koons, and make every efforts to see what steps could be taken to hasten my hearings.

(4) SHINZABURO SUMIDA'S CLAIM:

When you returned from your last mainland trip, you gave us a very encouraging bit of news regarding Shinzaburo's claim. Mr Kashiwa also had received a like communication from his Washington attorneys, that his claim looked more favorable than mines therefore should receive action much more quickly. Now I learn from Mr Kashiwa upon his return from his recent trip to Washington that it is just the opposite, that my claim looks very favorable, however Shinzaburo's claim would require longer time. He explained to me that in his opinion, difficulty is in connection with a certain application regarding certain transfers of properties to him by Tajiuro Sumida. This application was prepared by Mr Yoshimi Yamamoto who was my attorney-in-fact while I was in the Mainland Internment Camp and Shinzaburo was in the Honouliuli Internment Camp. However, it was subsequently proved that Mr Yamamoto had misrepresented the facts due to his lack of knowledge. This error Mr Yamamoto made in the application has already been straightened out and we can't believe that this has anything to do with the delay of Shinzaburo's case.

As I explained to you, Shinzaburo was treated as an American citizen even during his internment until his release last year. He has never taken any occasion to renounce his American citizenship, and I believe such vested properties should be returned to him at the earliest opportunity possible.

(5) SHINZABURO'S DESIRE TO WORK AT T. SUMIDA & CO., LTD.:

As you will note from the enclosed copies of two petitions T. Sumida & Co., Ltd., filed with the Alien Property Custodian for employment of Shinzaburo Sumida. However, the first petition was rejected (copy of notice of rejection by the Alien Property Custodian is enclosed herewith also), the second petition is still pending.

You will note as explained in the petitions of T. Sumida & Co., Ltd., Shinzaburo is badly needed by the Company. At the same time, Shinzaburo is willing to work for the Company, and I can't see the reasons why his employment has been rejected. Please look into this matter and do your utmost so that his employment by T. Sumida & Co., Ltd., may be granted.

In conclusion, Mr Wilson, I wish to add I realize how very busy you are with your own activities but I feel so strongly that it is the opportunity for me and my son while you are now in Washington to help clear our case and to do everything in your power to help us to the best of your endeavors that I am asking your kokua.

Mr Miyamoto informed you over the phone and I am forwarding a copy of this letter to Mr Cummings' office (attention of Mr Arnold).

Please extend my best regards to the Honorable Homer Cummings and to Mr Arnold,

Very truly yours,

Dear Miyamoto:

Your special delivery letter, dated at Honolulu on November 19, was delivered to me on the 23rd, while in New York City, and a copy received this morning from Mr. William Arnold of the law firm of Stanley & Cummings, of this city.

I have just returned from the office of Mr. Cummings. He was not there; off on a vacation, and will not return for another week. However, I found Mr. William Arnold, who is really handling the case. He, in conjunction with the firm of Kane & Koons, are working together, and I feel they are doing all this is possible.

They informed me that Attorney Kashiwa was here the early part of this month, and to return now to rediscuss this matter without having new material to present, may jeopardize the situation more than assist.

Mr. Koons also told me that the meeting held by himself and Attorney Kashiwa recently was a most encouraging meeting they have held yet with the Office of the Alien Custodian. The impression given them after the meeting that the interest of Daizo and that of his son, Shinzaburo, will be released within a month or 40 days.

Now, as for Kaichiro Sumida, his situation is entirely different. Instead of Daizo sending a new power of attorney, Mr. Arnold suggested that the new form be sent to Kaichiro in Japan, for him to fill out and return. That would be a better procedure than securing from him a new power of attorney. There would be as much trouble securing a new power of attorney as there would be in filing a claim.

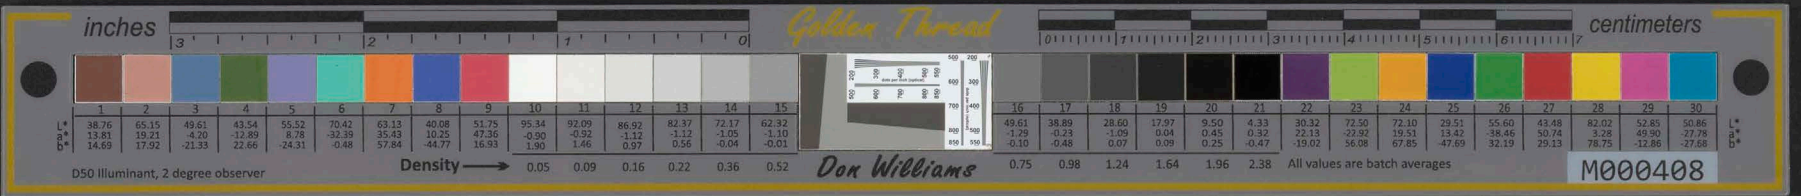

His interest is now being protected under a power of attorney, and if he can be reached, it would be better to have him file the claim himself; this is the advice I received from Mr. Arnold, and Mr. Koons.

Yours very truly,

John H. Wilson

Now, as for Katsuhiko Sumida, his situation is entirely different. Instead of Daiso seeking a new power of attorney, Mr. Arnold suggested that the new form be sent to Katsuhiko in Japan, for him to fill out and return. That would be a better procedure than securing from him a new power of attorney. There would be as much trouble securing a new power of attorney as there would be in filing a claim.

His interest is now being protected under a power of attorney, and if he can be reached, it would be better to have him file the claim himself; this is the advice I received from Mr. Arnold, and Mr. Koons.

Yours very truly,

John H. Wilson

Dear John:

I have received yours of Nov. 26th and noted its contents.

I immediately explained to Mr. D. Sumida your letter.

If it is possible I would like to ask you to make a short trip again to Washington before returning to do your utmost to arrange the release of Daizo and Shinzaburo Sumidas' interests with the T. Sumida & Co. as early as possible.

Please use every means possible with your friends in Washington to "kokua" on this matter.

Yours truly,

P. S.

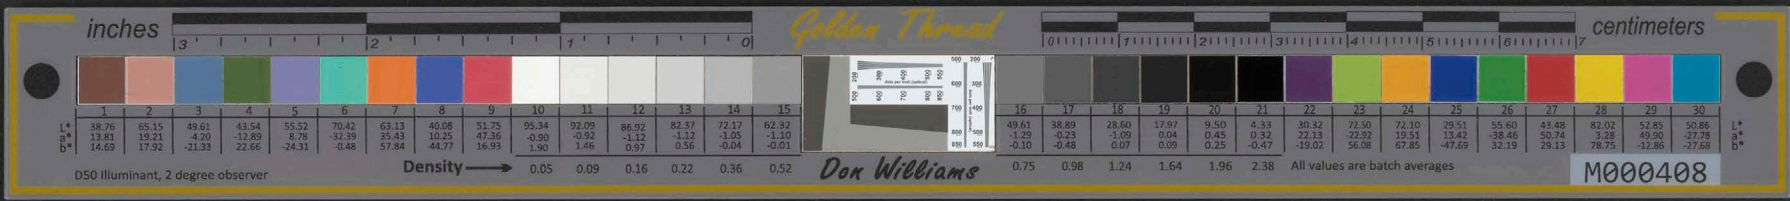

The Territorial Supreme Court has this day rejected Mr. Montie Richards' petition for recount and granted 48 hours to Mr. Richards' lawyers to file a new petition if they so desire.

No one seems to know whether or not they are going to file a new petition.
