I hope this new year will be a good one for you.

The family all send regards. K and Tom were here for the holidays but have gone back to Portland where Tom has a good job in charge of real estate for the Union Oil Co.

My dear Johnnie;

I received the wonderful Xmas. present from you and although I did not deserve to be remembered I appreciate it much more than I can tell you. I neglected to write you for months but it was mainly because I was so despondent and all of us have been sick. Now things look much brighter for us as Bob was low bidder on a school bldg. the Monday before Xmas. just as he was about to give up in despair, as he had bid on 35 jobs and been second on thirty.

The contractors are cutting each others throats trying to be low. He is bidding on three more this week and I hope he will get one as the one he has now is quite small. It is for \$16,687, and he was low by thirty dollars. If he can get another one I am going to take ex a business course so I can help him.

We went to N.C. for Xmas and returned on the 30th. I had a friend of mine take care of my mail and she also delivered Sisters to her. I just cried when I received your letter. Sister and Charlie are just about the same. I do not see how they can go on as they are as they are continually fussing about something. They have nothing in common and are about as miserable as any two people I have ever seen.

Yes, Muriel is about grown now and is getting to be quite a pretty young girl. I am inclosing a tiny picture of her. My best friend in Kinston has been quite ill and not expected to live and you remember Mrs. Forsythe? She, too has been very ill and had to go to Mayo Bros. Hospital to find out what was wrong. They sent her to Florida and she is slowly recovering her health. Seems every one I know is either ill or some other bad luck has them in tow. I sincerely hope you are well and getting the same joy out of life as you always have.

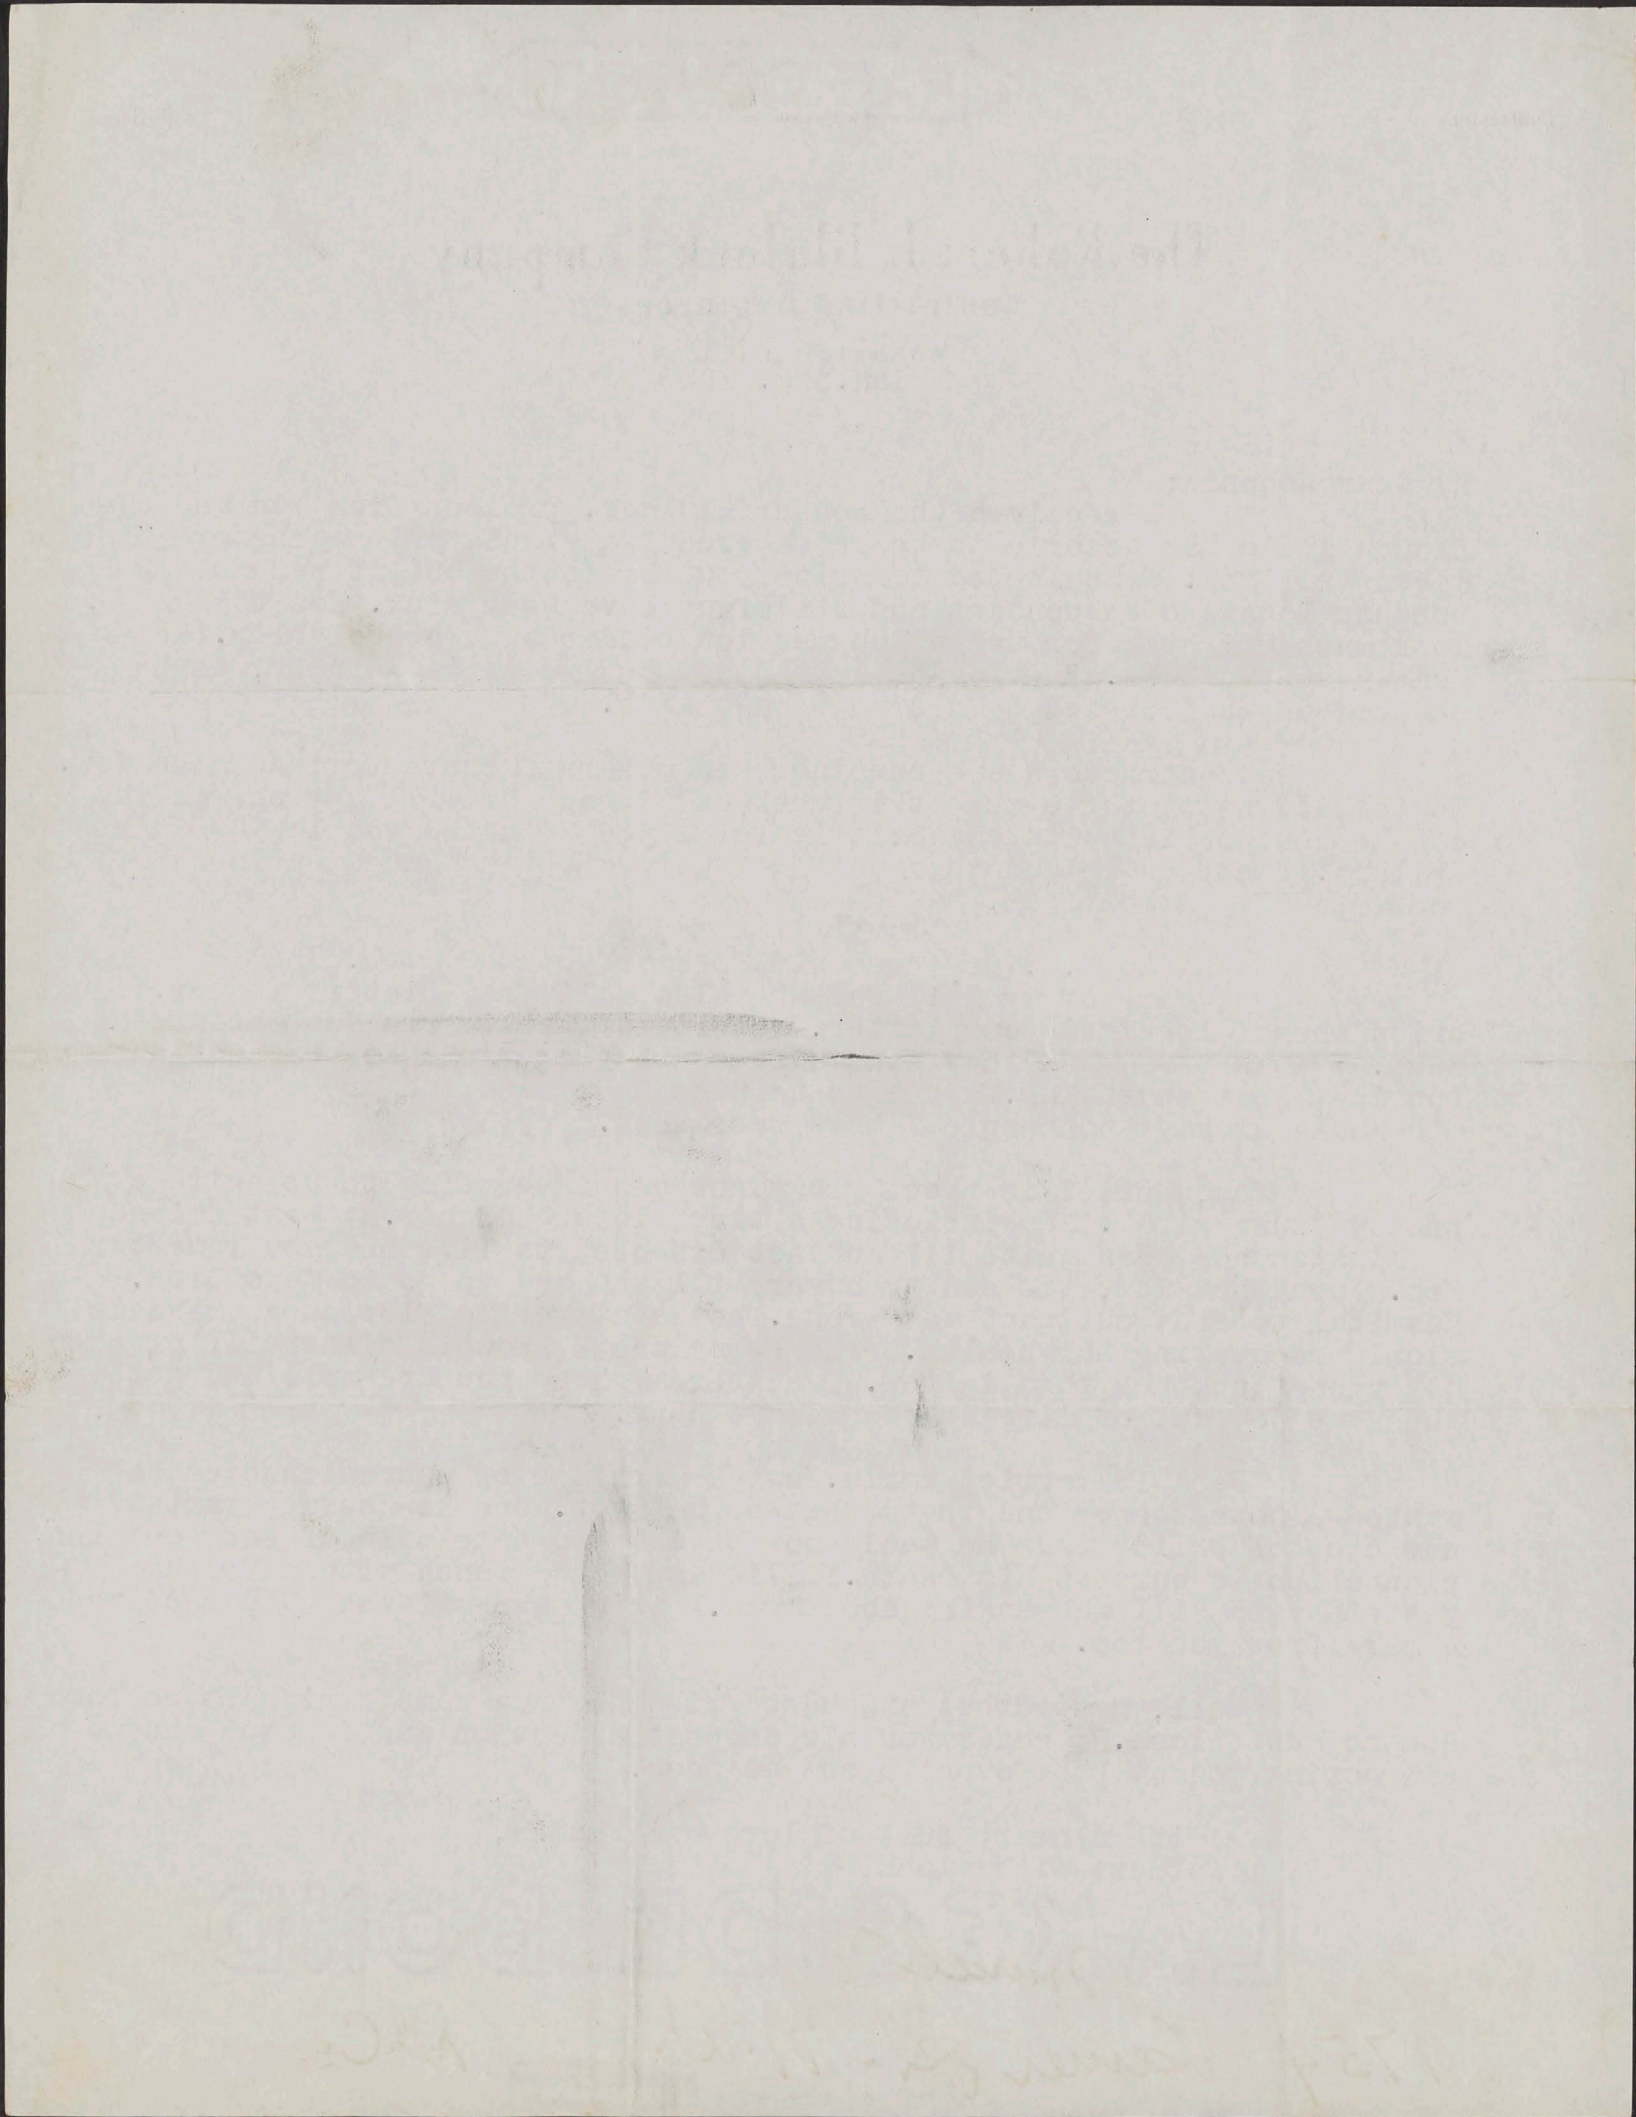

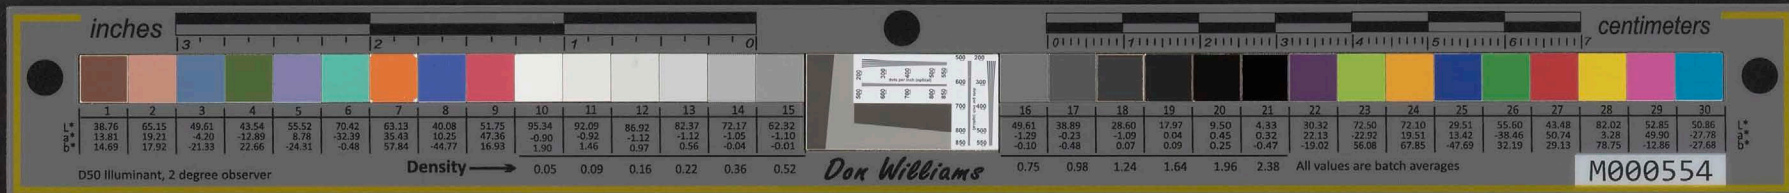

Papa is married again. Just a marriage of convenience as he wanted a housekeeper and thats what he has got. Hope he doesnt start a new crop of children as he would not be able to take care of them and the plantation is ours at his death. Sallie and I had lunch with a friend yesterday and Sall was asking about you. I think she said she had received a card from you too.

Well, my dearest and best Friend I have some typing to do for Bob so must close. He sends you his deepest affection and regards and we are hoping you will be over to see us soon.

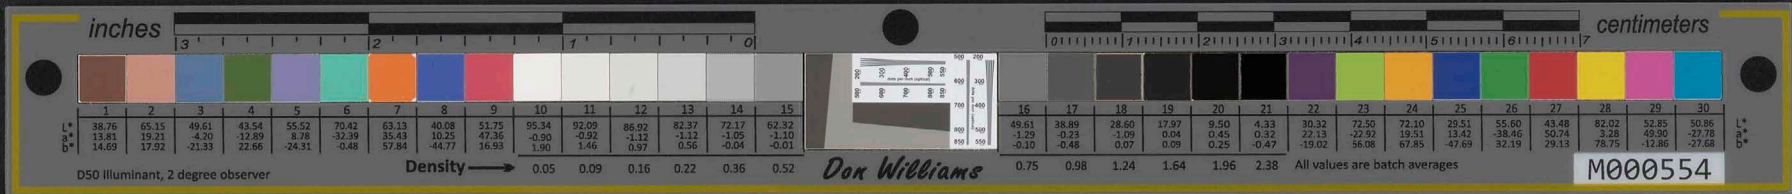

With a heart full of love and thanks,
Yours with Aloha,

Muriel

My dear Friend Craft:--

Your New Year Greetings received on time and many thanks for your thoughtfulness.

A year ago we were all in high hopes of doing some real good for organized labor, but, some how or another things went haywire.

Today poor Maxie is doing time. He was sentenced for 4 months at hard labor for assault and battery on some sailor. Infact, Maxie had been in court several times for the same offence on different persons and had received several warnings from the court, but, all warnings did no good. He is now endeavoring to seek a pardon with the understanding that he leave the Territory. I am using what influence I have to have him pardoned for I think his wife is practically responsible for some of Maxies troubles.

Burman does not come near me any more. He probably feels quite guilty for the last year fracas. For the past two months he has been on the island of Kauai organizing the plantation laborers and also the longshoremen at the Ports of Ahukini and Port Allen. Of course you know he is organizing for the CIO, and my half brother, I Charlie, I understand is also on Kauai organizing the Longshoremen to affiliate with the AFL. Charlie finally got his AFL Charter some six or seven months ago and is meeting with great success in Honolulu He does not come around much except to get his mail and in that way I am somewhat kept posted on his activities. When in the other day I showed him your cablegram and he immediately said, when you write, give Bill my aloha.

Business seem to be flourishing in Hawaii. The Post Office is a pretty good indicator. We did more business here in this office the first 14 days of December than we have ever done in any month in the history of the office and every day after the 14th. we did a great deal more business than the same day last year.

With kindest personal regards and bst wishes and a Prosperous New Year, I am,

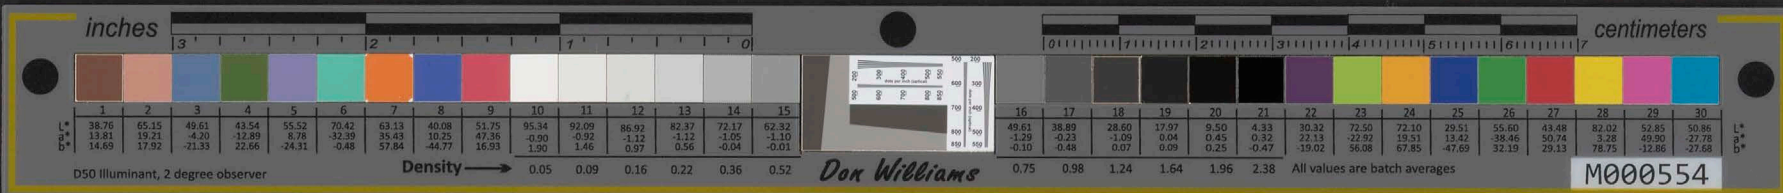

Yours with aloha,

John H. Wilson

P.S.

Let me hear from you occasionally. Dont be so silent.

Dear Johnnie Wilson:

The chickens have duely arrived, and Charlie Ains has taken his pick. Thank you very much for those lovely birds. At present, they are ooped up, but I hope to fence in a ranging place for them.

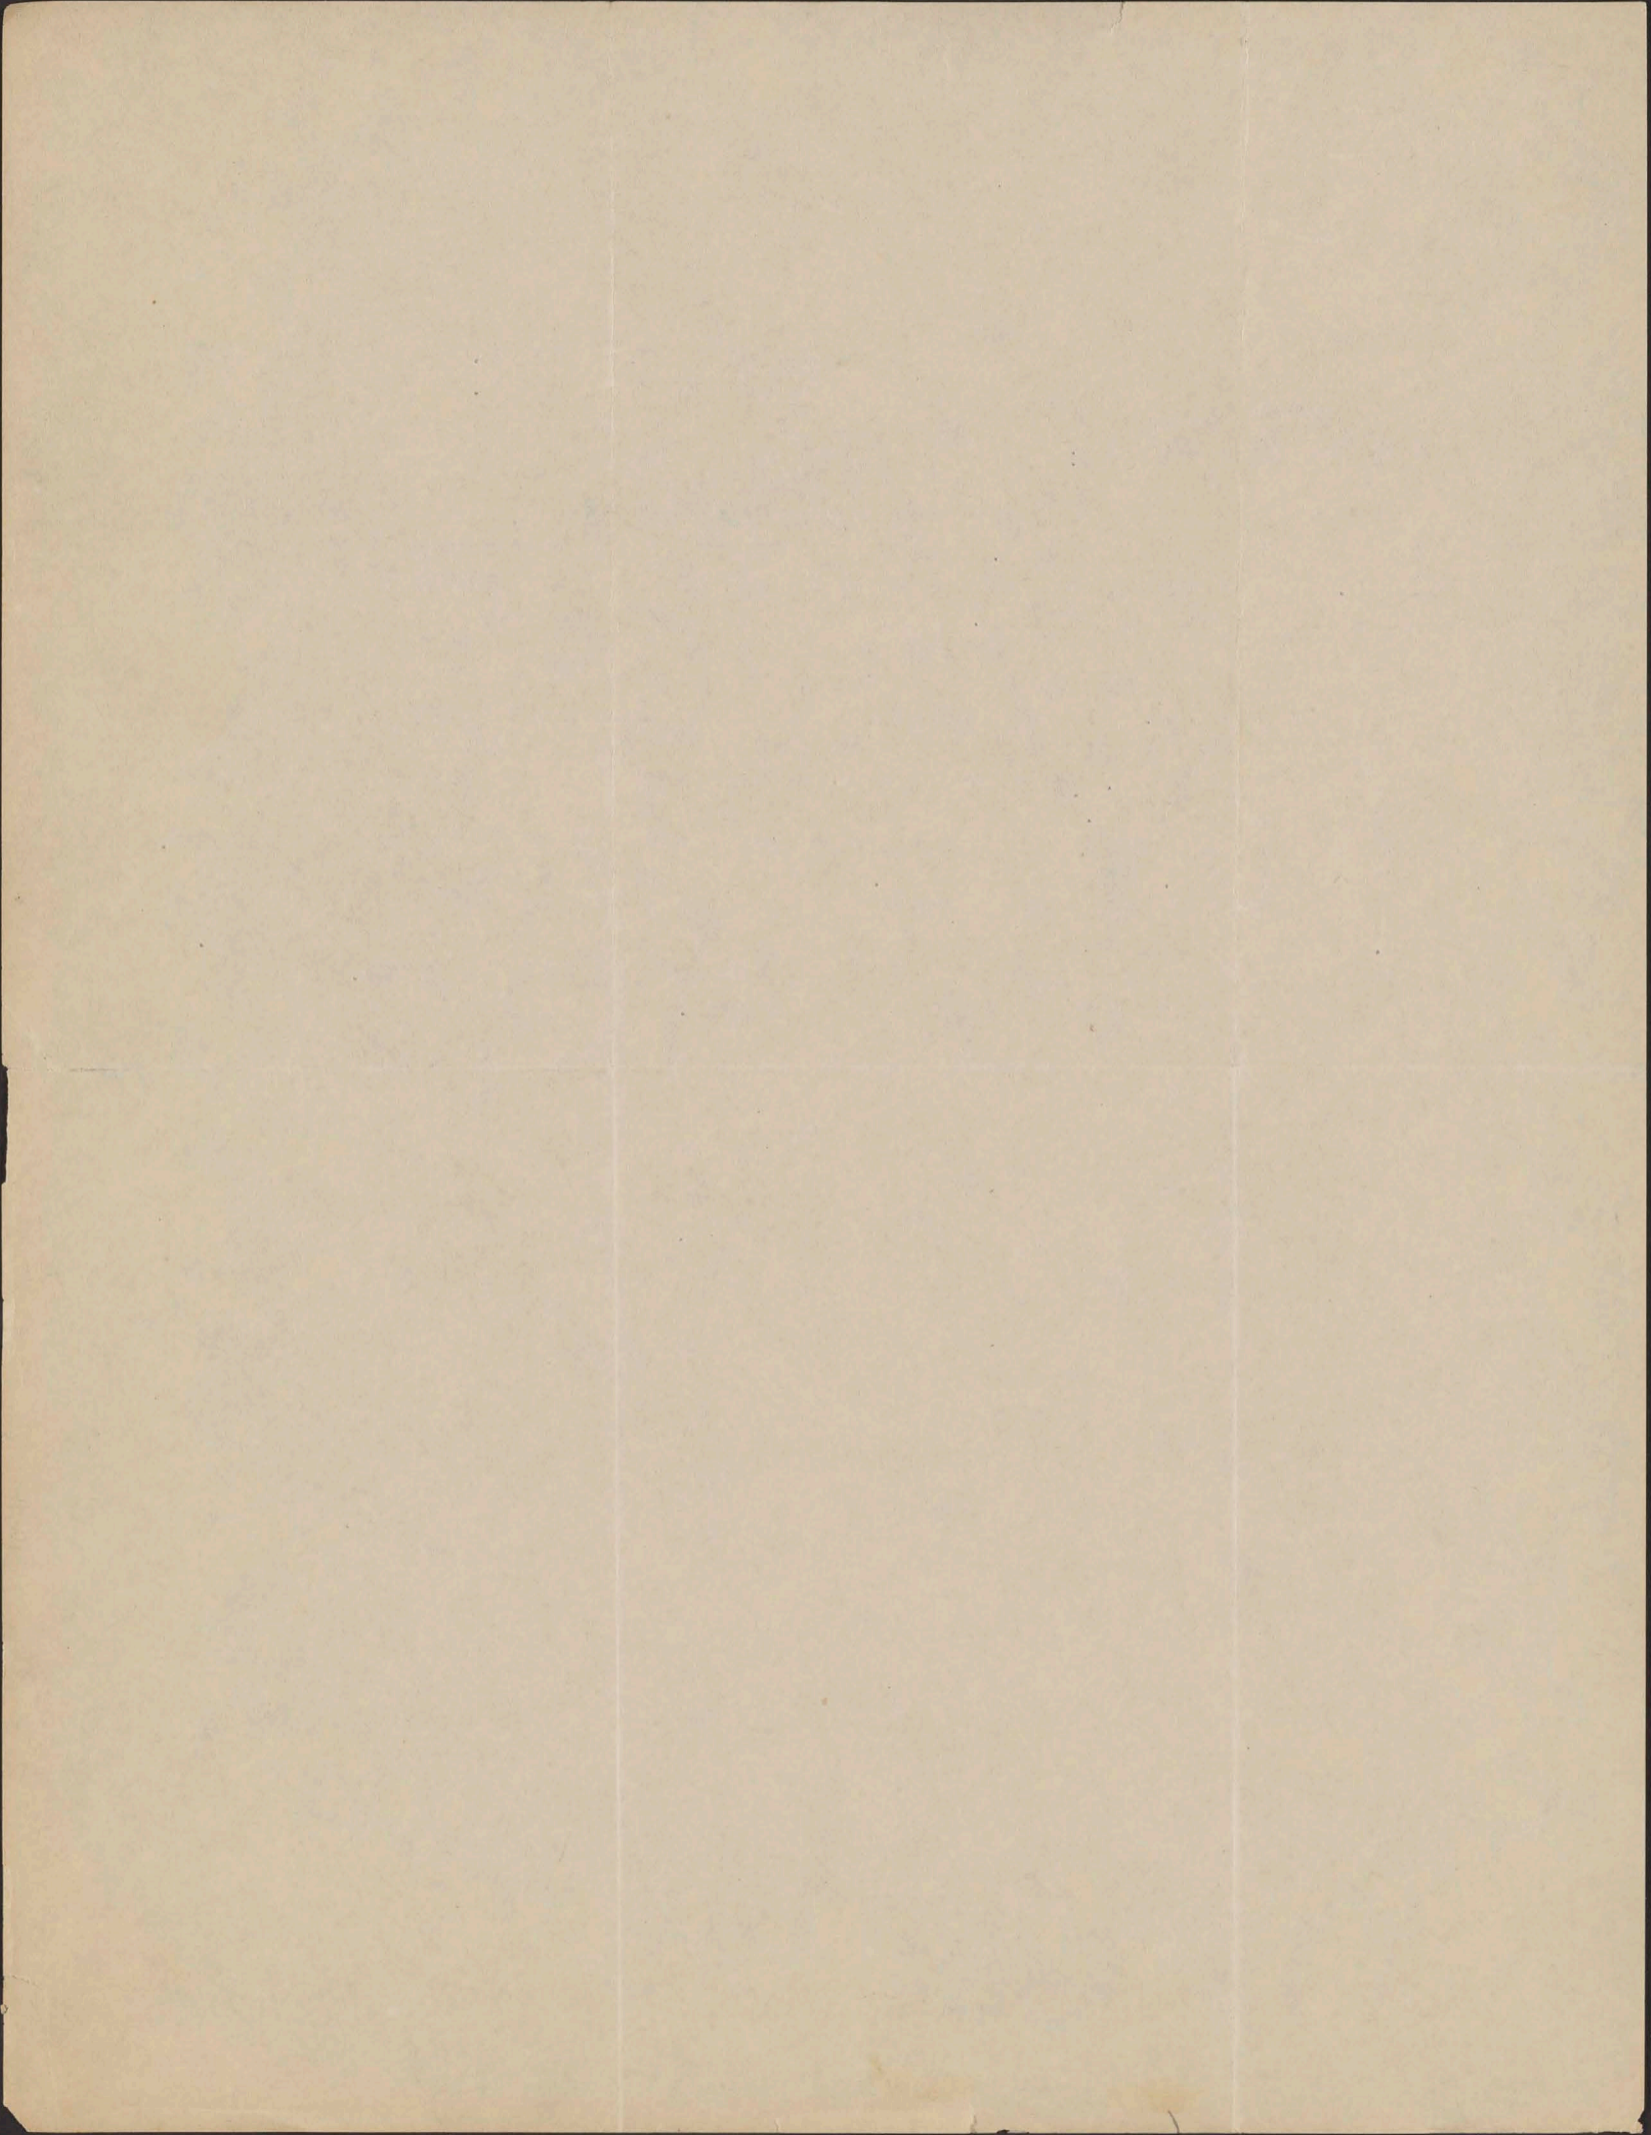

I have been very, very busy through the holidays to now. After breaking in a boy for four months, he accepted a position with the Macadamian Nut Company in Honolulu which pays better. Am now teaching another fellow and have to stay in very close. I could not get out to get around to the boys very much, but will try to scrape up a few to make up some tickets. Yesterday, Mrs. Correa and Mr. Wessel came along to help the cause, but the help seems to be the same kind of help that I could get. They should have gone into some of their own people instead. We will have some tickets, although they may get in late. I may or may not be able to attend the dinner.

Much aloha to you and the wife, I am

Dear Jack,
Those pine apples surely are good. We haven't finished them yet. Walt called and selected only one - said that would be enough for himself & his wife; his daughter & her husband are in Seattle. So we have had a real feast.

I took the boys up to Mendocino County for the holidays. They spent the time making some new trails & camp and hunting grounds. It was their first trip to mountains in winter time, & the change from S.F. did them good.

Things are going along hum-drum, not like a year ago, when we were chartering ships.

I'm glad to see the Pres. go after the monopolists. Wishes me wish I

My dear Postmaster:

Returning to Los Angeles yesterday I found your cordial Christmas card and your personal greetings, which I appreciate very much.

I would like very much to go over and spend a couple of months recuperating from my recent operation, but it is entirely out of the question.

I ran into a couple of your Hawaiian associates the other day at the Bohemian Club in San Francisco. One of their names was Baldwin and I have forgotten the other.

Kindest regards and best wishes for all the prosperity you require.

Mr. John H. Wilson,
United States Post Office,
Honolulu.

Dear Sir:

In the matter of your proposed new grazing lease (No. 5973) of certain Bishop Estate lands in Waiialae, this city, the Trustees' offer concerning which, as contained in their letter of October 25, 1937, gave as the area to be demised

"approximately 15 (fifteen) acres
extending mauka from your present leasehold for
about 2,500 feet and having an average width of
from 200 to 300 feet",

the Trustees understand that you have now cleared the outer limits of the land you desire to lease, and that the area as determined by a recent survey includes 38.15 acres instead of the approximate 15 acres previously discussed.

The Trustees accordingly hereby amend their former proposal of October 25, 1937, to you to cover the larger area (38.15 acres), and fix the rental at \$192.00 per annum, payable half-yearly in advance, net above taxes and all other Government assessments, with a reduction to you at the rate of \$32.00 per annum whenever payments have been made by you on or before the due dates. It is, of course, a condition of this amended offer that you will construct a stock-proof fence around the outer limits of the leasehold in question as thus enlarged wherever necessary to prevent trespass by cattle on adjacent lands, and the Trustees have voted to fix the date of commencement of the lease as of the first day of the month in which the fence is completed to their satisfaction, the expiration date to be December 31, 1947, the date on which your other Bishop Estate lease in this section will run out.

The above offer is subject to 15 days' written acceptance.

Very truly yours,

H. K. Verpeler

REGULATIONS GOVERNING ADJUSTED SERVICE BONDS OF 1945

1936
Department Circular No. 569, Revised
Public Debt Service

TREASURY DEPARTMENT,
OFFICE OF THE SECRETARY,
Washington, October 24, 1936.

To OWNERS OF ADJUSTED SERVICE BONDS, AND OTHERS CONCERNED:

Department Circular No. 560, dated June 6, 1936, as supplemented and amended, is hereby revised to read as follows:

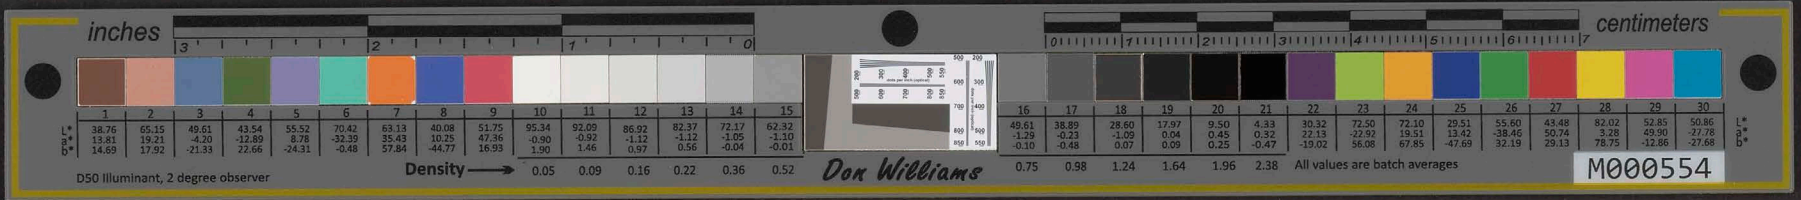

Section 4 of the Adjusted Compensation Payment Act, 1936, as amended, reads as follows:

The amount certified pursuant to section 1 of this Act shall be paid to the veteran or his estate on or after June 15, 1936, by the Secretary of the Treasury by the issuance of bonds of the United States, registered in the name of the veteran only, in denominations of \$50 having a total face value up to the highest multiple of \$50 in the amount certified as due the veteran, and the difference between the amount certified as due the veteran and the face amount of the bonds so issued shall be paid to the veteran or his estate by the Secretary of the Treasury out of the fund created by section 505 of the World War Adjusted Compensation Act, as amended. The bonds shall be dated June 15, 1936, and shall mature on June 15, 1945, but shall be redeemable at the option of the veteran or his estate at any time, at such places, including post offices, as the Secretary of the Treasury may designate. Such bonds shall be issued under the authority and subject to the provisions of the Second Liberty Bond Act, as amended, and shall not be transferable, assignable, subject to attachment, levy, or seizure under any legal or equitable process and shall be payable only to the veteran or, in case of death or incompetence of the veteran, to the representative of his estate. Interest on each bond issued hereunder shall accrue at the rate of 3 per centum per annum from June 15, 1936, to date of maturity or payment of the principal of the bond, whichever is earlier, and will be paid with such principal: *Provided, however,* That no interest will be paid on any bond redeemed prior to June 15, 1937. In cases of deceased or incompetent veterans, the payments provided by this paragraph, whether of the amount certified, by issuance of bonds and by checks payable out of the fund created by section 505 of the World War Adjusted Compensation Act, as amended, or whether of such bonds on redemption thereof, shall be made to the person or persons determined by the Secretary of the Treasury to be lawfully entitled thereto, without the necessity of the appointment by judicial proceedings or otherwise of a legal representative of the estate of any veteran or of any other persons, or of compliance with State law in respect of the administration of estates. Such checks may be endorsed on behalf of the Secretary of the Treasury in the name of the veteran, if that is determined by the Secretary to be appropriate for the effectuation hereof. All determinations by the Secretary of the Treasury under this paragraph shall be final and conclusive and neither any other official of the United States nor, except in the case of prior judicial determination, any State or Federal court, shall have jurisdiction to review any such determination. The provisions of this paragraph shall be carried out subject to regulations of the Secretary of the Treasury to be issued from time to time to effectuate the purposes of this Act.

At the request of the Secretary of the Treasury, the Postmaster General, under such regulations as he may prescribe, shall designate postmasters and other employees of the Post Office Department and of the Postal Service to perform, without extra compensation, such fiscal-agency services as may be desirable and practicable in connection with the redemption and payment of the bonds issued under this section; and the Postmaster General may require each such employee to furnish such bond as he may determine for the faithful performance of such fiscal-agency duties.

The Secretary of the Treasury is authorized to advance, from time to time, to the Postmaster General, from the appropriation contained in the Supplemental Appropriation Act, fiscal year 1936, approved February 11, 1936, for 'Administrative expenses, Adjusted Compensation Payment Act, 1936, Treasury Department, 1936 and 1937', such sums as are certified by the Postmaster General to be required for the expenses of the Post Office Department in connection with the handling of the bonds

issued hereunder. Such bonds, when received by postmasters for purposes of redemption and payment, shall be handled by the postmasters under such special regulations as may be promulgated by the Postmaster General. They shall be transmitted between post offices or from any post office to the Treasury Department, or fiscal agent thereof, without advance payment of any required postage. The Secretary of the Treasury shall reimburse the Postmaster General, from the aforesaid appropriation contained in said Supplemental Appropriation Act, for such postage and registry fees as may be required in connection with such transmittal. Whenever it is proved to the Secretary of the Treasury, by clear and satisfactory evidence, that any such bond is lost, stolen, or destroyed while being so transmitted, the Secretary of the Treasury may, in accordance with such rules and regulations as he may prescribe, issue a duplicate thereof without requiring the furnishing of an indemnity bond.

The following regulations are hereby prescribed to effectuate the provisions of the foregoing statute, and to govern bonds of the United States designated "Adjusted Service Bonds of 1945", issued to veterans in payment of amounts due on Adjusted Service Certificates:

PAYMENT TO A REGISTERED OWNER

1. In order for a registered owner to obtain payment of a bond, the bond must be presented at a United States post office, or transmitted to the Treasurer of the United States, Washington, D. C., in either case with the request for payment on the back of the bond properly executed.

2. Postmasters at a number of post offices (hereinafter referred to as paying offices) throughout the country have been authorized to receive bonds presented for payment and to issue checks in payment therefor. All other postmasters are authorized to receive bonds presented for payment, and forward them, at the risk and expense of the United States, to a paying office. The Treasurer of the United States is authorized to issue checks in payment of bonds transmitted to him. In the Philippine Islands bonds may be presented and checks will be issued at the Treasury of the Philippine Islands.

3. *If a bond is to be presented at a paying office, or at any other post office for transmittal to a paying office, the request for payment must be signed by the registered owner in the presence of and certified by the postmaster or other authorized post office official at such office, who will receive the bond and issue a receipt therefor.*

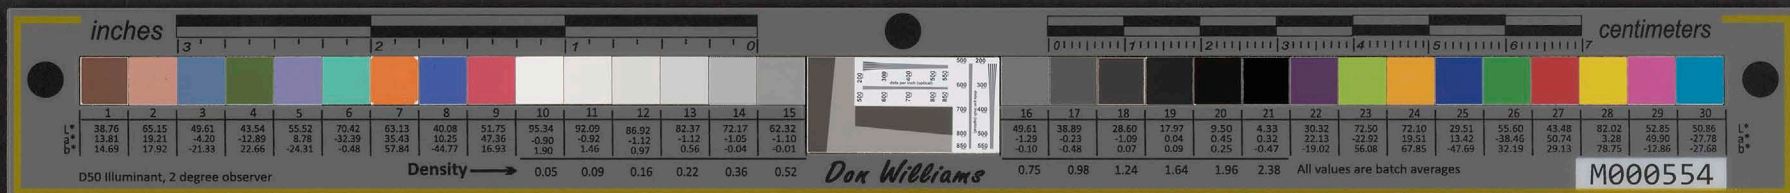

4. If a bond is to be transmitted to the Treasurer of the United States, or to the Treasury of the Philippine Islands, for payment, the request for payment must be signed by the registered owner in the presence of and certified by one of the officers authorized in paragraph 12. In a foreign country, the request for payment should be executed as provided in paragraph 12 (f) and the bond forwarded to the Treasurer of the United States.

5. Payment in all cases will be made by check drawn to the order of the registered owner, and mailed to him at the address stated in his request for payment.

DISPOSITION AND PAYMENT IN CASE OF DEATH OR INCOMPETENCE, OR DURING THE MINORITY, OF OWNER

6. In cases of death or incompetence, or during the minority, of a bond owner, delivery, or payment if desired, of a bond will be made as hereinafter provided. The provisions of Department Circular 300, as amended, will, so far as applicable, apply to all such cases, all of which should be presented directly to the Treasury Department, Division of Loans and Currency, Washington, D. C.

7. *With administration.*—When a legal representative of the estate of a deceased bond owner has been duly appointed, delivery or payment of a bond will be made only to him. Unless satisfactory evidence of qualification of the representative is already on file with the Treasury Department, an application for delivery or a request for payment must be accompanied by a certificate (which may be a certified copy of the representative's

letter of appointment) under seal of the court appointing such representative, dated not more than six months before the application for delivery or the request for payment is submitted, showing the appointment and qualification of such representative and stating that the appointment is still in force. When payment is desired, the request for payment on the back of the bond should be signed "Estate of A, deceased, by B, executor (administrator)", must state the address of the representative, and must be signed in the presence of and certified by one of the officers authorized in paragraph 12. The bond must then be transmitted to the Treasury Department, Division of Loans and Currency, Washington, D. C.

8. *Legal guardianship.*—When the Treasury Department has notice that a legal representative of the estate of an incompetent or minor bond owner has been duly appointed, delivery or payment of a bond will be made only to such representative. Unless satisfactory evidence of qualification of the representative is already on file with the Treasury Department, an application for delivery or a request for payment must be accompanied by a certificate (which may be a certified copy of the court order appointing such representative) under seal of the court dated not more than one year before the application for delivery or the request for payment is submitted, showing the appointment and qualification of such representative and stating that the appointment is still in force. When payment is desired the request for payment on the back of the bond should be signed "A, incompetent (minor), by B, guardian (conservator or committee)", must state the address of the representative, and must be signed in the presence of and certified by one of the officers authorized in paragraph 12. The bond must then be transmitted to the Treasury Department, Division of Loans and Currency, Washington, D. C.

9. *Without administration or legal guardianship.*—When no legal representative of the estate of a deceased, incompetent, or minor bond owner has been or is to be appointed and it is established to the satisfaction of the Secretary of the Treasury: (1) In the case of a deceased owner either that the value of the gross personal estate, including Adjusted Service Bonds, does not exceed \$2,000 or that administration of the estate is not required in the State of the decedent's domicile; or (2) in the case of an incompetent or minor bond owner that the value of the gross personal estate, including Adjusted Service Bonds, does not exceed \$2,000; delivery or payment of a bond owned by such decedent, or incompetent, or minor will be made to the person determined by the Secretary of the Treasury to be lawfully entitled thereto, except that if such person is an incompetent or a minor, payment of a bond will be made only upon a showing that such payment is necessary for the support of the incompetent or the minor or their respective dependents. All such deliveries and payments will be made in accordance with the provisions of Department Circular 300, as amended, in so far as applicable, such provisions to be construed in a manner consistent with the provisions of the Adjusted Compensation Payment Act, 1936, as amended, and the provisions of these regulations. Special forms for use in such cases, Forms P. D. 1049 and 1050 in the case of a decedent, Form P. D. 1051 in the case of a minor, and Form P. D. 1052 in the case of an incompetent, have been prepared and must be completed and executed in compliance with the accompanying instructions. These forms may be obtained from the Treasury Department, Division of Loans and Currency, Washington, D. C. *In all such cases instructions should be requested of that Division before an application for delivery is made or a request for payment is executed or a bond submitted.*

10. *Request for payment.*—Where directed by the Treasury Department a request for payment may be executed on Form P. D. 1054.

11. Payment in all cases will be made by check drawn to the order of the legal representative or to the person determined by the Secretary of the Treasury to be lawfully entitled thereto and mailed to him at the address stated in his request for payment.

OFFICERS AUTHORIZED TO CERTIFY REQUESTS FOR PAYMENT

12. The following officers are authorized to witness requests for payment and certify thereto:

(a) Any United States postmaster, acting postmaster, inspector in charge of a post office, or other post-office employee designated by the postmaster under authority of the Postmaster General, under a legible imprint of a dating stamp of his post office;

(b) The officer in charge of any home, hospital, or other facility of the Veterans' Administration, but only for patients and members of such facilities;

(d) Judges and clerks of United States courts, under the seal of the court; United States Collectors of Customs and Internal Revenue; commanding officers of the Army, Navy, Marine Corps, and Coast Guard of the United States for members of their respective establishments; officials of the Treasury Department who may be designated from time to time by the Secretary of the Treasury;

(e) In cases where identification of a registered owner is made through fingerprints only, officials at Washington, D. C., of the War and Navy Departments who may be designated from time to time by the Secretary of War or the Secretary of the Navy;

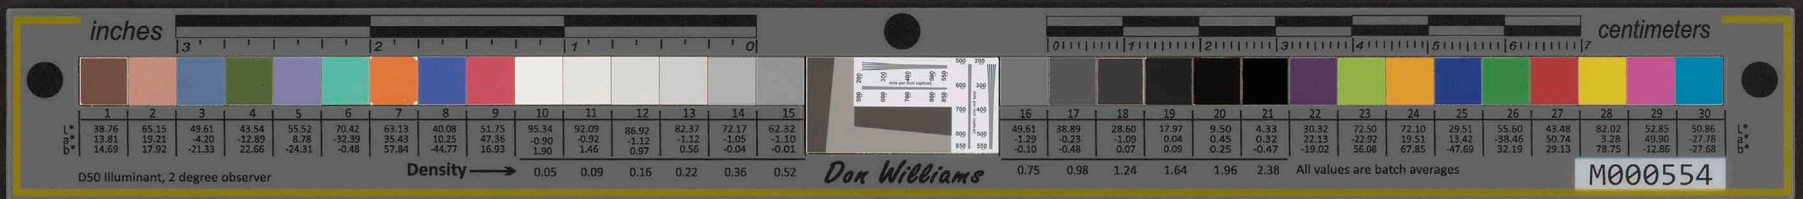

(f) In a foreign country: United States diplomatic and consular representatives and attachés, under their respective seals; managers and executive officers of foreign branches of banks or trust companies incorporated in the United States; if such an officer is not available, requests for payment may be signed in the presence of and certified by a notary public or other officer authorized to administer oaths, but his official character and jurisdiction must be certified by a United States diplomatic or consular officer or attaché, under the seal of his office;

(g) In the Philippine Islands: In addition to the officers designated elsewhere in this paragraph, Provincial and Municipal Treasurers, and City Treasurers in Manila and Baguio, under their respective seals; Philippine postmasters under the stamp of their office; and, in Manila, Post Office inspectors assigned in Manila, under the seal of the Bureau of Posts: *Provided, however,* That the requests for payment witnessed and certified to by these officials shall be supported by the fingerprints of the veterans in the place provided therefor on the back of the bonds, and that the bonds be then forwarded to the Treasury of the Philippine Islands or to the Treasurer of the United States for payment.

13. No person authorized to certify requests for payment may certify a request signed by himself, either in his own right or in any representative capacity.

14. Certifying officers will be held responsible for positive identification of the person requesting payment as the person whose name appears on the face of the bond, or the person recognized by the Secretary of the Treasury as entitled to payment under these regulations, and, if necessary, shall require witnesses to identify that person. Provision for signatures and addresses of witnesses, and for fingerprints in exceptional cases, is made on the back of the bond.

15. Special arrangements for execution of a request for payment may be provided for inmates of an institution, information concerning which may be obtained from the Treasury Department by the head of the institution.

GENERAL PROVISIONS

16. All signatures must be in ink or indelible pencil. Signatures to a request for payment made by mark (X) must be witnessed by at least one person in addition to the certifying officer.

17. No request for payment signed by an agent or person acting under a power of attorney, in behalf of the registered owner, the representative of his estate, or such person or persons as the Secretary of the Treasury may determine to be lawfully entitled thereto, will be recognized by the Treasury Department. In no case will any payment be made other than to the registered owner, or the representative of his estate, or to such person as the Secretary of the Treasury may determine to be lawfully entitled thereto.

18. In cases where documents are required to support a request for payment and two or more bonds are presented at the same time, only one set of documents will be required.

19. These regulations shall also apply to the delivery and payment of (1) checks issued in payment of Adjusted Service Bonds and (2) checks issued for the difference between the amount certified by the Administrator of Veterans' Affairs as due a veteran and the face amount of the bonds issued to him.

TRANSMISSION OF BONDS

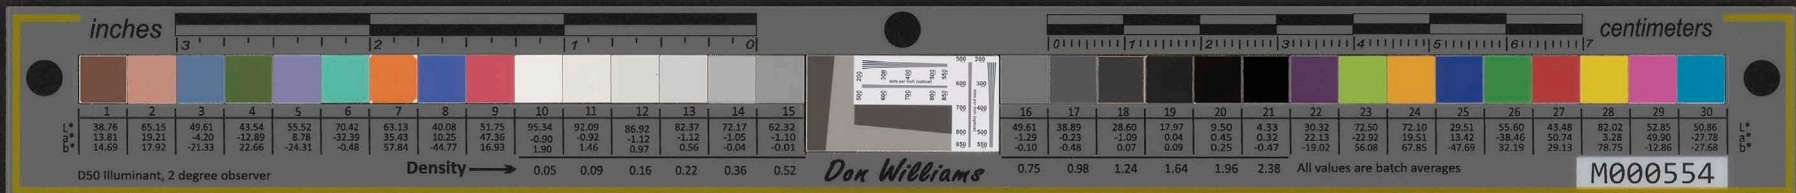

20. Any transmission of a bond to the Treasury Department will be at the risk and expense of the owner. The use of registered mail is suggested.

LOST, STOLEN, OR DESTROYED BONDS

21. In case of the loss, theft, or destruction of a bond, the Treasury Department, Division of Loans and Currency, Washington, D. C., should be notified immediately of the serial number of the bond and the name, address, and "A" number of the registered owner. Upon receipt of such notice full information as to the requirements for issuance of a duplicate will be furnished. The Treasury Department should likewise be notified of the recovery of any bond previously reported to be lost, stolen, or destroyed. In the Philippine Islands notice of the loss, theft, or destruction of a bond, or the recovery of a bond previously reported to be lost, stolen, or destroyed, should be given to the Treasury of the Philippine Islands.

22. Except in cases of loss, theft, or destruction of a bond while being transmitted between post offices or between a post office and the Treasury Department, or fiscal agent thereof, relief will be granted only in accordance with the provisions of sections 3704 and 3705 of the Revised Statutes (U. S. C. title 31, secs. 737, 738); applications should be made on Form P. D. 1053 and will be governed in general by the regulations contained in Department Circular 300, as amended.

23. In the case of a bond lost, stolen, or destroyed while being transmitted between post offices or between a post office and the Treasury Department, or fiscal agent thereof, a duplicate may be issued without requiring a bond of indemnity, as provided in section 4 of the Adjusted Compensation Payment Act, 1936, as amended. Applications should be made on Form P. D. 1064, but no duplicate will be issued until evidence has been received from the Post Office Department establishing the fact of loss, theft, or destruction. The Secretary of the Treasury reserves the right to require a bond of indemnity in any such case, if he deems it necessary for the protection of the Government.

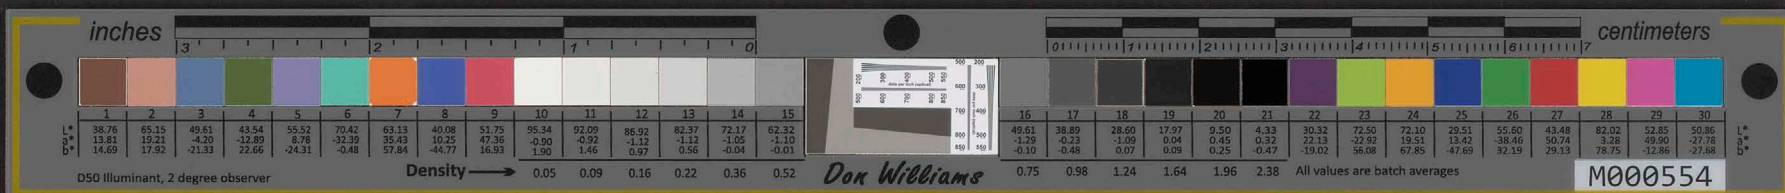

TAXATION

24. In accordance with applicable law, the bonds are exempt, both as to principal and interest, from all taxation, except estate, inheritance, or gift taxes, now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority.

AMENDMENTS

25. The Secretary of the Treasury reserves the right at any time, or from time to time, to revoke or amend these regulations, or to prescribe and issue supplemental or amendatory rules and regulations governing Adjusted Service Bonds.

WAYNE C. TAYLOR,
Acting Secretary of the Treasury.

Honorable John H. Wilson,
Honolulu, Oahu.

Dear Mr. Wilson:

Minerva gave me the enclosed delinquent tax notice which she received Saturday morning. There is some money due her here on a second mortgage and just now I am negotiating with the Bishop National Bank to take over the mortgage so that Minerva could get her money. Of course it will take a few days to do that, provided the man who bought the place returns from Honolulu this week. I wonder if it would be possible for you to pay whatever money you have from the rents of the Liliha Street property as part payment of the taxes and then as soon as the deal with the bank here is completed the balance could be sent down to you.

You will note that the interest and penalties have been figured up to March 31st, and which amounts to \$455.41 including the taxes, but Minerva has until March 12th, 1938 to pay same and I will do my best to get the bank to take over the second mortgage so that all taxes, etc. could be taken care of then Minerva would not need to worry about them.

Will you speak to Mr. Lorimer so that he would understand that Minerva will make every effort to take care of the taxes?

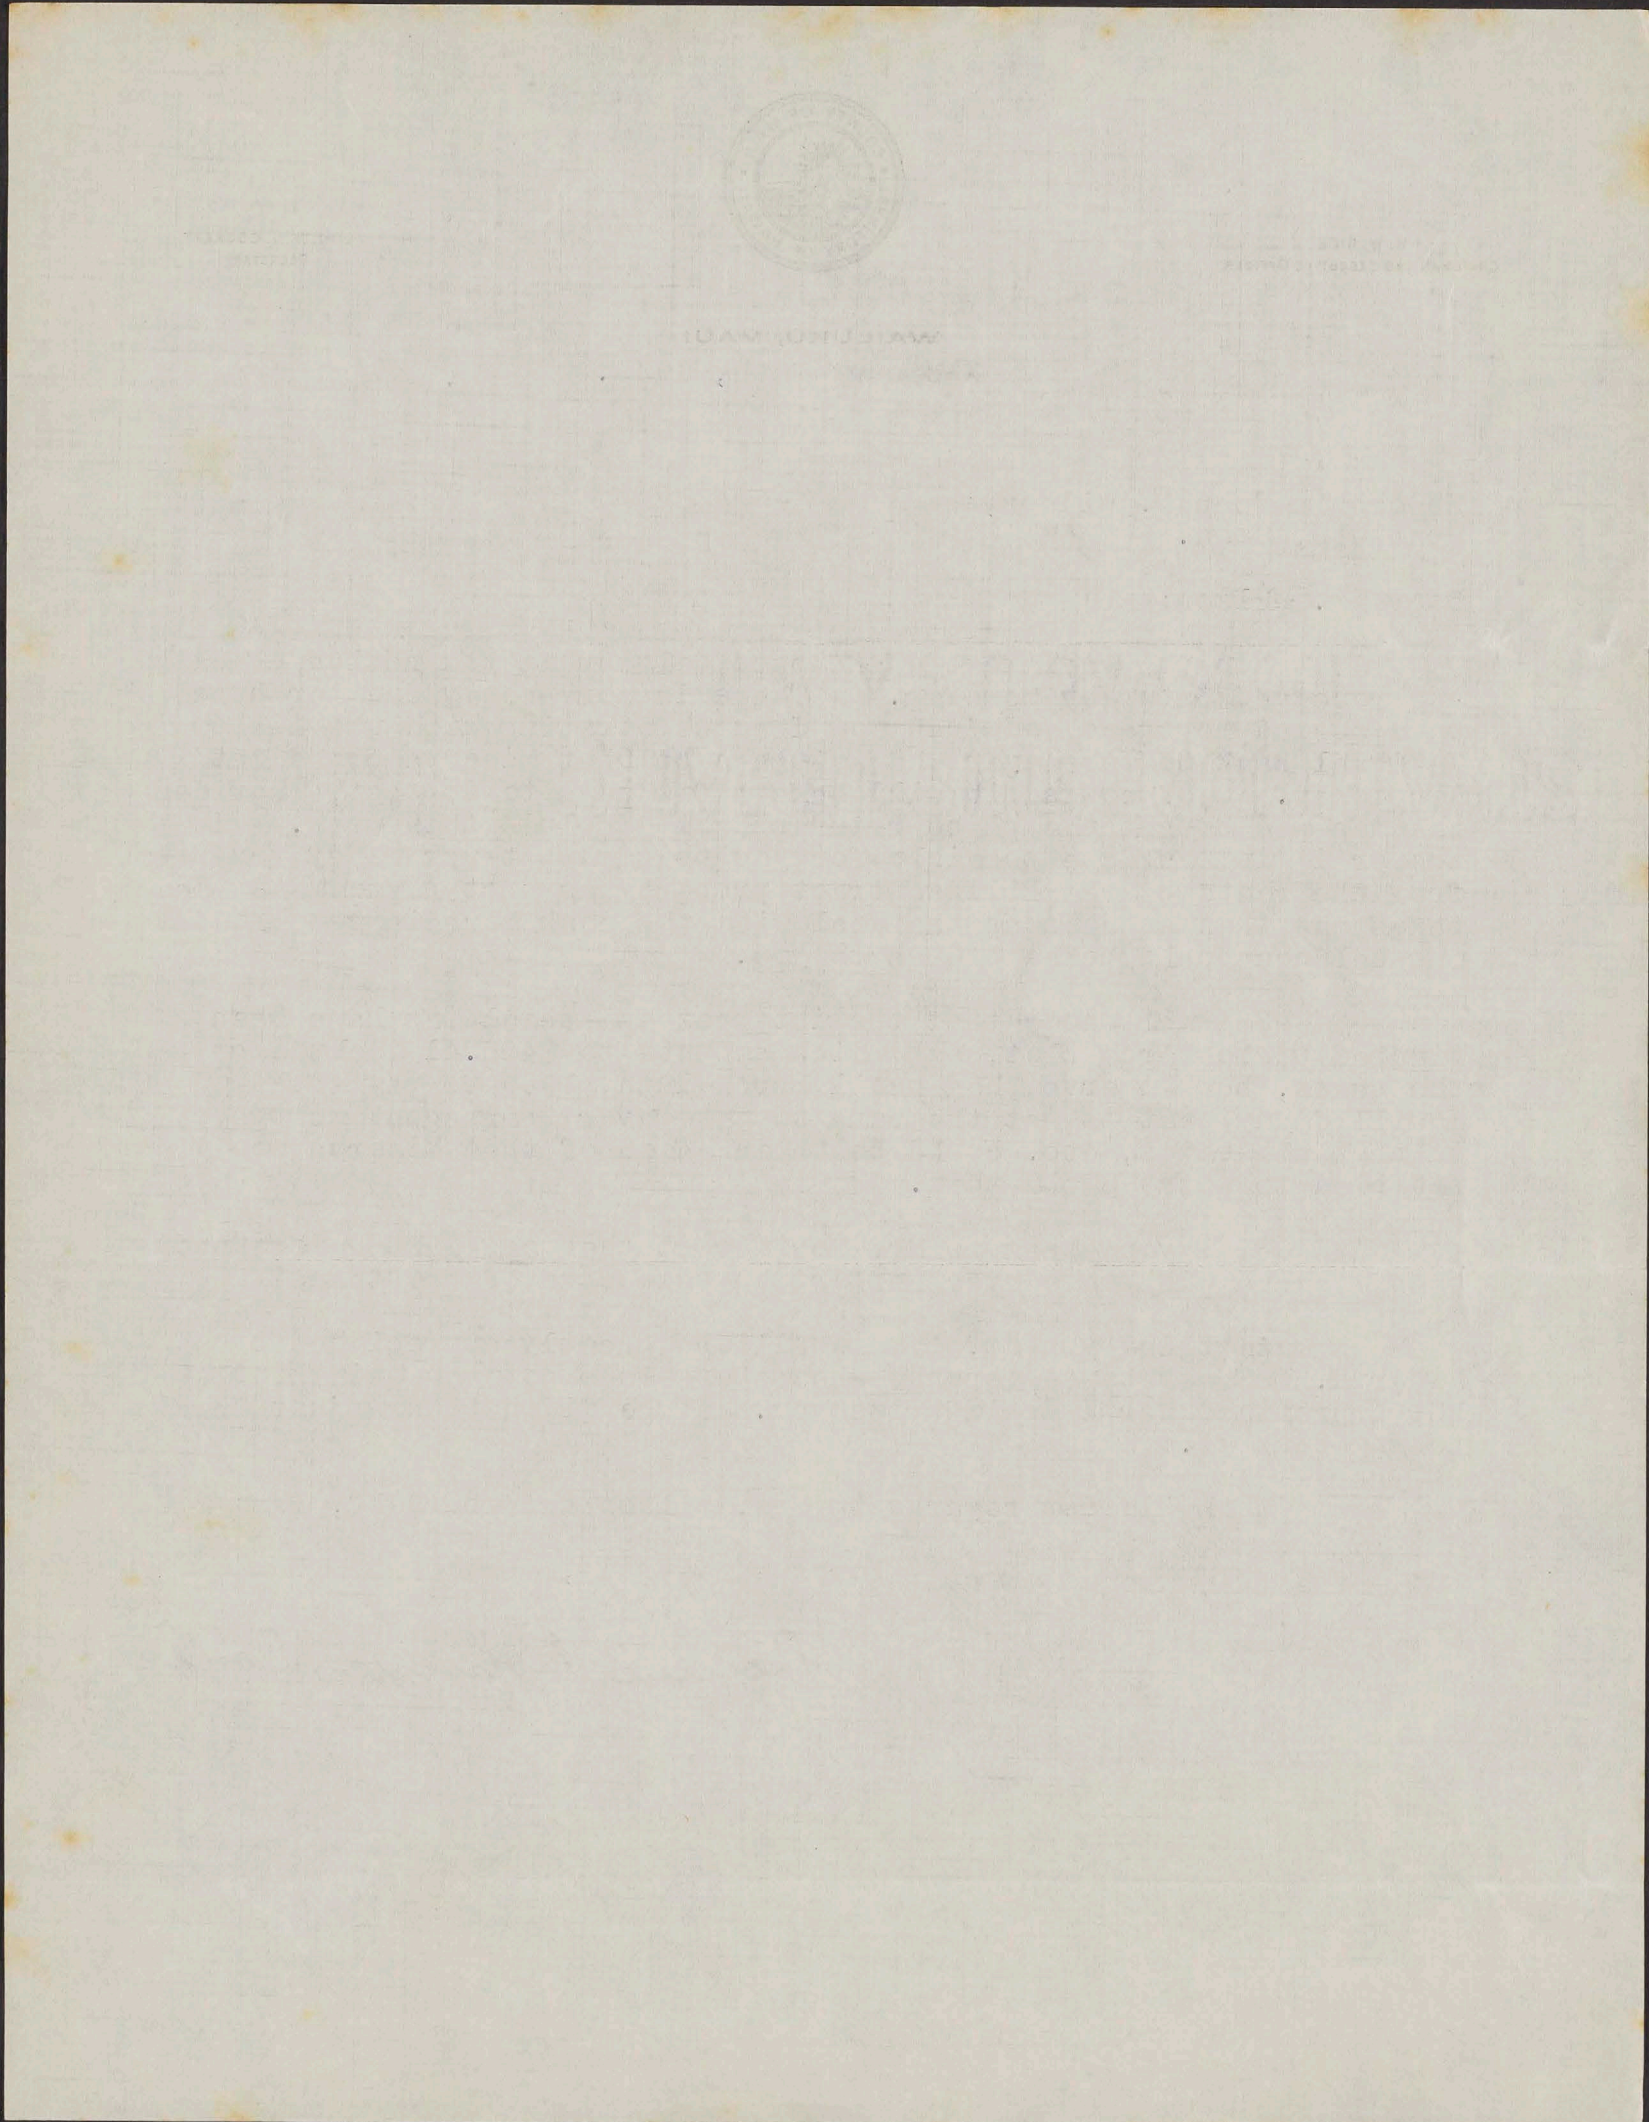

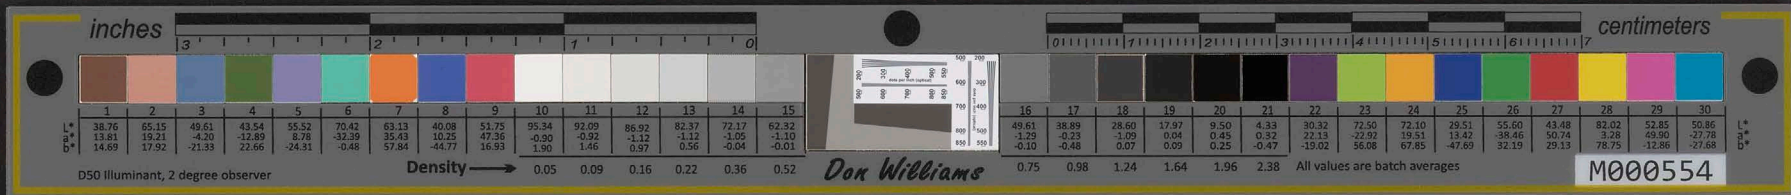

Anything you do, I know will be greatly appreciated by Minerva. She gets so nervous when she gets a note of this kind but I promised her I would write you, as she did not know just how to go about it.

My dear Mr. Wilson - As my father's good friend I know you will be sorry to learn that he passed away on the 18th of February, after a heart attack and three weeks of painful illness. His end was peaceful and two of his children were with him as well as both his sons-in-law. It is a source of sadness to me that I could not go to him and above all that he did not live to see his first grandchild, for which he had longed and which was born the day after he left us. My little girl would have brought him joy in his old age.

My sister Kay, to whom you were so kind, suffered a complete nervous collapse on reaching Tokyo and her husband brought her to me during papa's illness. She is in a sanatorium here in Washington and making some progress, although she does not yet know of papa's death. She had written me from Hawaii describing the pleasant time she had with you and Mrs. Wilson.

You can be sure we all appreciate
very much all you did for her. The

kindest regards.

Miss Cocket mailed me the tax bill for the Liliha St., property and I have an appointment with Mr. Jarrett for Monday. I will offer to pay what money I have and I feel quite sure they will wait for the balance until the property is sold.

I have dickered with several people for the sale of this property and for a while I thought I had a buyer at \$8,000. but that fell through. If you are in need of money I can get \$6,412.50 net. I have a standing offer of \$6,750. CASH less a 5 % commission to the real estate broker or a net amount of \$,412.50 to you.

Unless you need the money badly I would still wait for a better price, but, if you have borrowed money and depending on the sale of this property to pay it, probably it would be better to accept the \$1,000. to \$1,200. less amount, because eventually you would be out that amount after paying the interest on your loans, the taxes and the worry of your loans it may be best to accept the figure now offered.

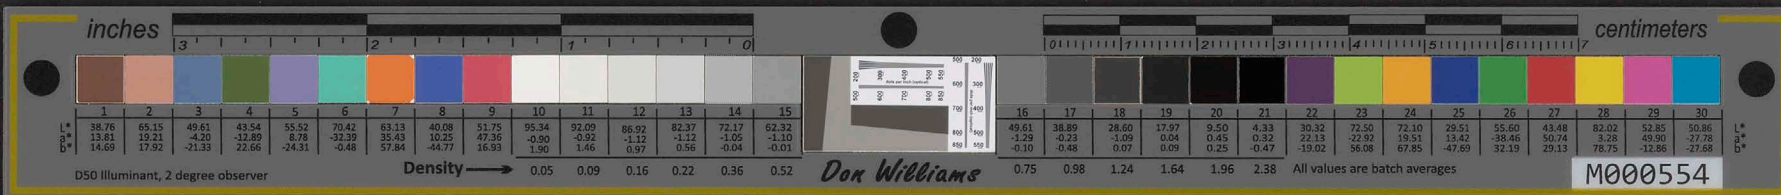

Let me know by return mail whether to accept the above offer or not.

Dear Mr. Wilson:

Minerva handed me your letter to her of the 5th instant to answer as she is at the Paia Hospital having being taken there on Sunday. However, she is better, and weather permitting, will return to Makawao this morning.

She does not have to borrow the money from the bank for her taxes, so probably it would be best to carry out your suggestion that she wait a little while and get a better price for her property on Liliha Street. You see, she holds a second mortgage on some property here and I am trying to get the bank to take it over so that she could get her money which is approximately \$1,500.00. I have just come back from the Bank and they are to get the man who mortgaged the property to Minerva as the Bank is willing to loan him the money. If this goes through, Minerva will be able to take care of all her taxes this year without any trouble. All the property at Makawao around the house lot is leased and this takes care of the taxes there, so really it is only the Honolulu property and when she gets her back taxes paid and everything up to date, the rents will help with those taxes there.

I think probably holding out for your price, therefore, would be better than selling at a sacrifice now and she is willing to wait awhile.

As soon as Minerva gets the money from the Bank, she will sent you a check for the amount due on her taxes.

She wants to be remembers to both you and Mrs. Wilson.

With aloha nui loa, I am

Yours very truly,

Dear Mr. Williams:

Kindly noted as your letter to me of the 5th instant to answer the letter the Board had received from you on 3/3/58. However, she is better, and we are waiting for her return to Hawaii this morning.

She does not have to borrow the money from the bank for her taxes, so probably it would be best to pay it out of her own pocket. She will have to pay a better price for the property on Liliuokalani Street. You see, she has a second mortgage on the property and I am trying to get the bank to release the first mortgage. I am sure that she will be able to get the bank to release the first mortgage on the property and pay the bank the money. The property to Kinross as the bank is willing to loan her the money. If this goes through, Kinross will be able to take care of all her taxes for the year without any trouble. All the property of Kinross around the house lot is leased and this lease covers the taxes there, so really it is only the Kinross property and when she pays her taxes paid and everything up to date, the taxes will help with her taxes there.

I would probably hold on to the property for a while longer, but would be better than selling at a small loss now and then waiting to wait until...

As soon as Kinross gets the money from the bank, she will send you a check for the amount of the taxes.

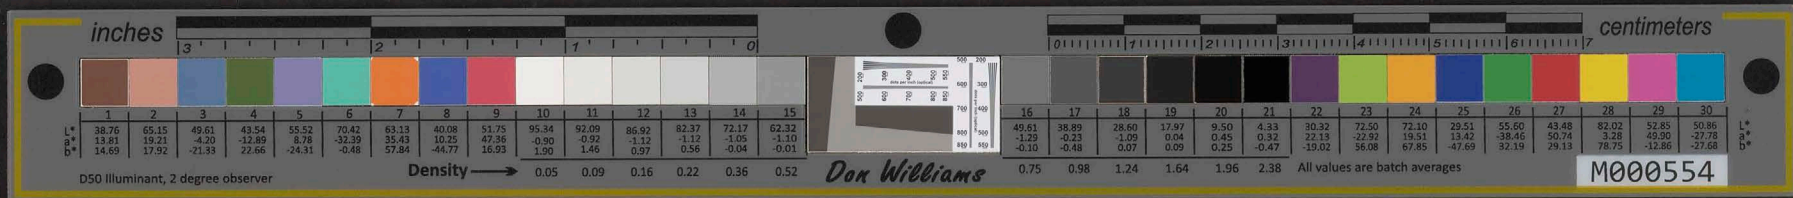

She wants to be remembered for all the good work she has done.

With affection and love, I am,

Yours very truly,

Louise H. Cockey

Word has just reached me that Dr. Joe Zeiler and his family, as well as his brother, Dr. A. H. Zeiler, sailed yesterday, March 11, on the MATSONIA for Honolulu.

These folks are friends of mine and also of my very good friend, Commissioner Ray Kleinberger of Los Angeles. This is their first trip to the Island and I shall be very happy if you will extend them every courtesy.

This morning I had my good friend, Secretary Steve Gibbons, cable to the Collector of Customs, Mr. Doyle, and I am confident he will also extend them every courtesy.

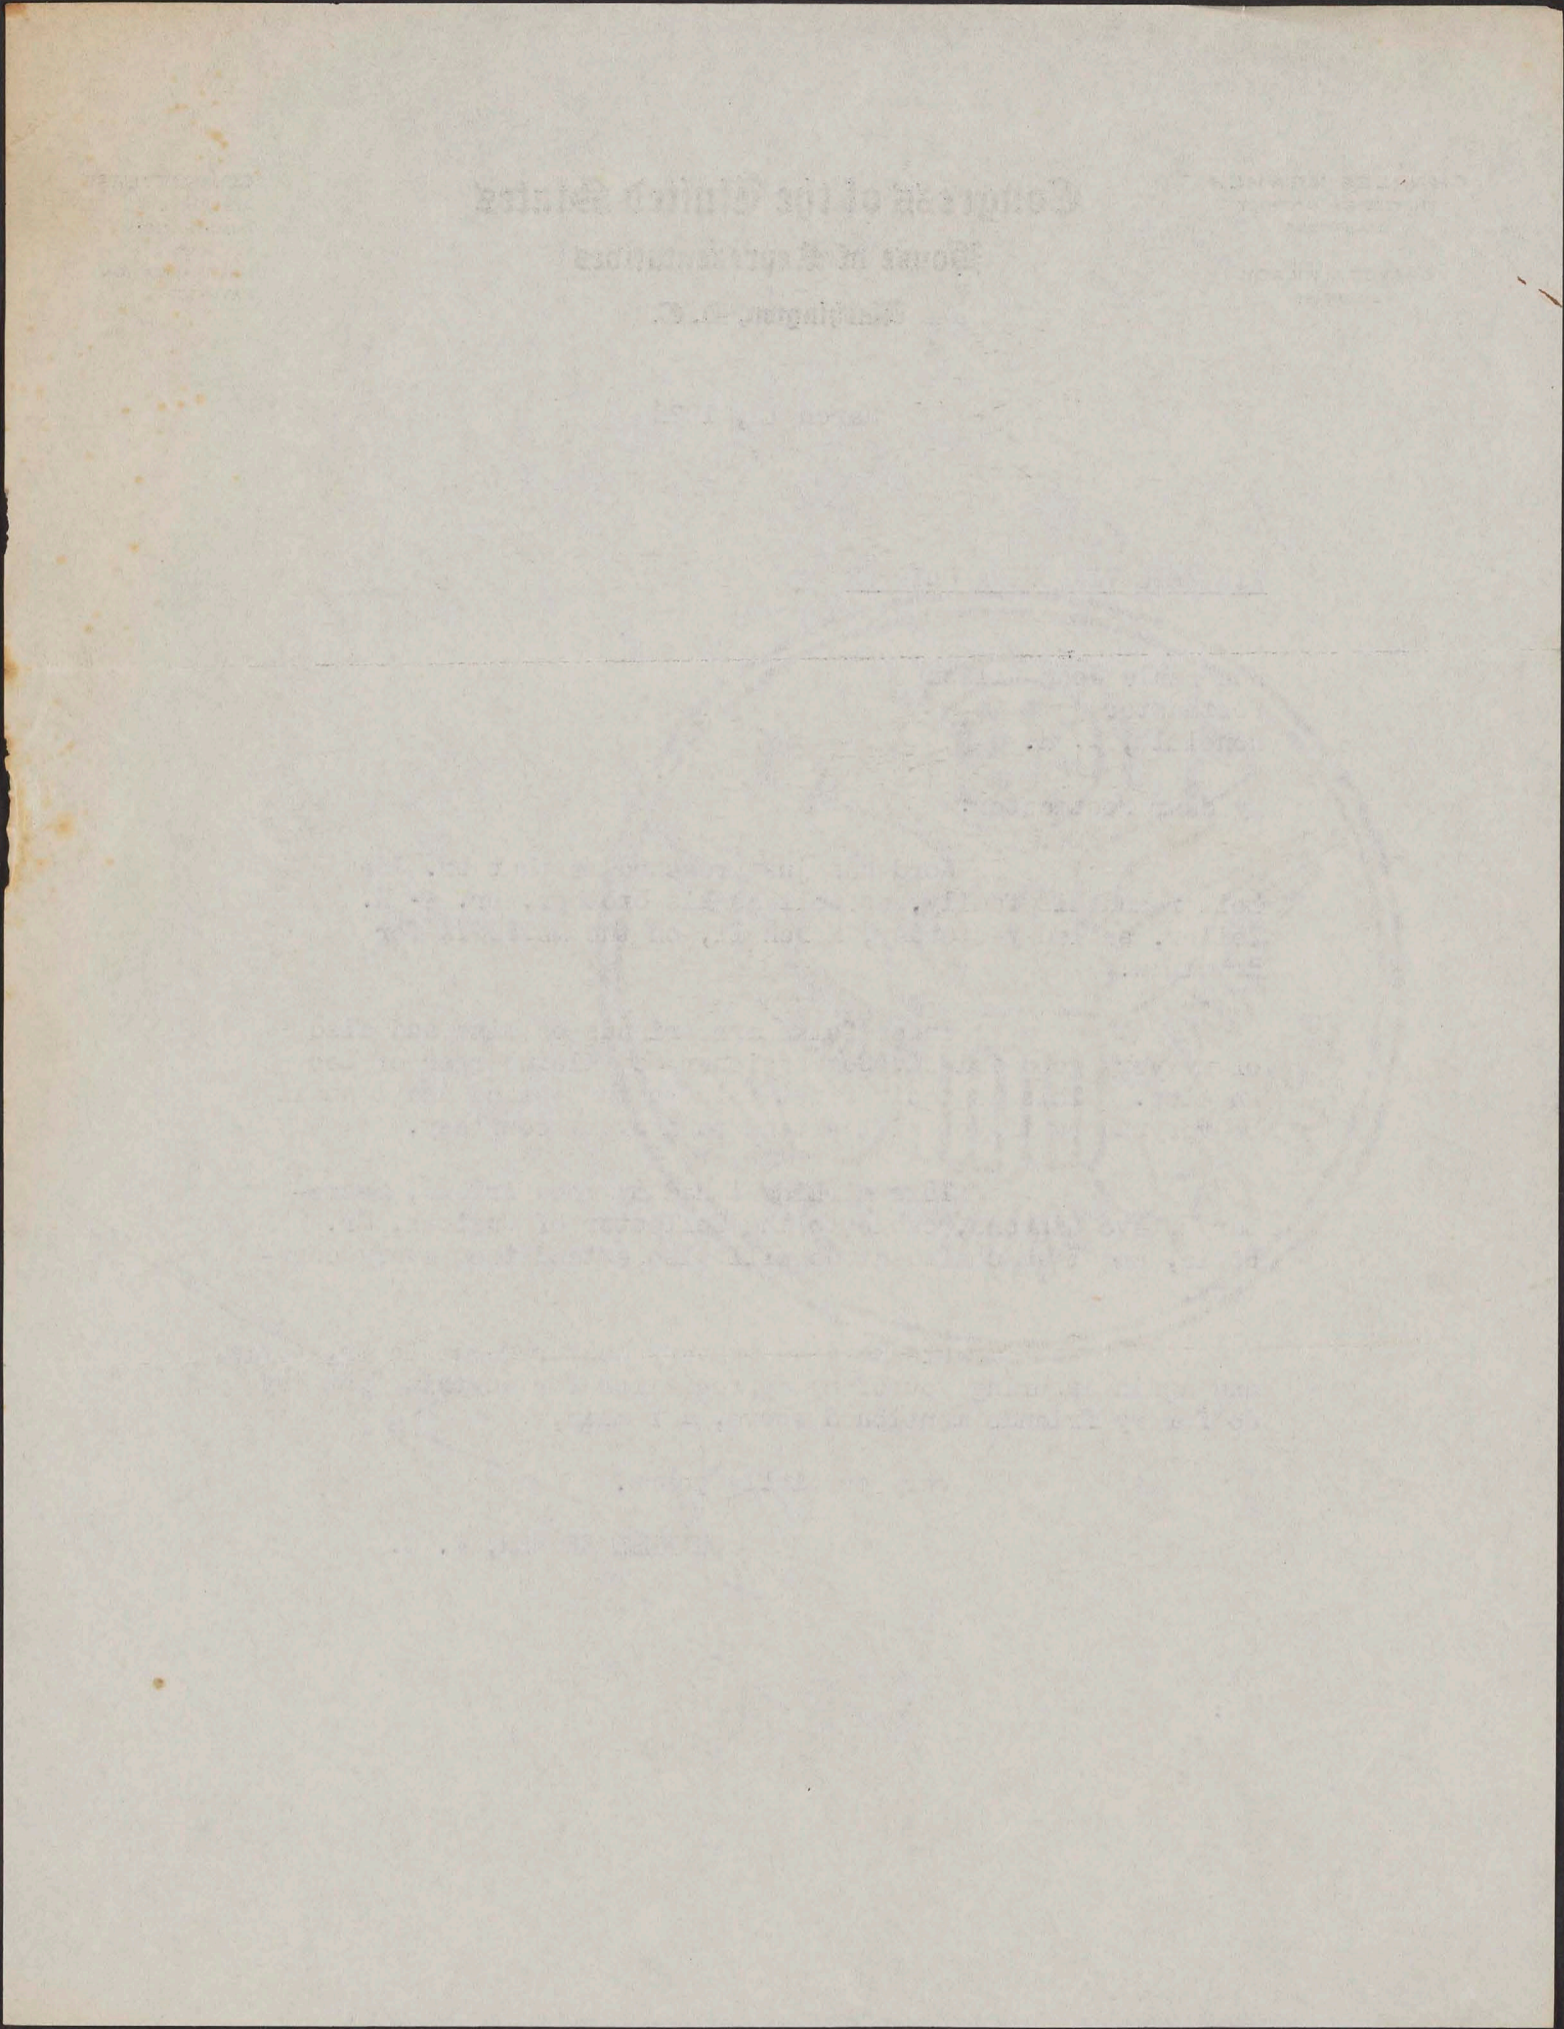

Please give my very best regards to Mr. Doyle, and again assuring you of my appreciation for anything you may do for my friends mentioned above, I remain,

Dear Sir:-

Your delinquent Tax Notice addressed to Mrs. Minerva L. Kalama, Makawao, Maui, regarding her delinquent taxes on property located on Liliha street, Honolulu, has been referred to me to take up with you.

Mrs Kalama as you may know is a widow, whose husband was the late Samuel Kalama, Chairman, Maui Board of Supervisors, who died quite suddenly about four years ago. She, not only inherited the property on Liliha St, but, an unpaid balance of \$700 due to the City & County for improvement taxes, which she was only able to pay off by depriving herself of certain personal necessities.

Until last year this property was nonrevenue producing. Mrs. Kalama has authorized me to either dispose by selling or rent the property and up to present writing the property is being rented at \$12.50 per month, which is the best I can do for the present. I have several offers for purchase, but, none so far are acceptable. In the meantime, I am enclosing One Hundred Dollars, (\$100), on account and I will endeavor to see that at least Twentyfive Dollars, (\$25.00) be paid to you each month until the account is fully paid or should a sale of the property be consummated a full settlement will be made at that time.

Since the property has been non-revenue producing for the past four or five years and the widow paid off the Improvement Taxes, which was quite a burden to do on a non-producing property and consequently made it impossible for her to pay the regular property tax, I respectfully request that all penalties and interest be waived, and that the plan as suggested for monthly payments be accepted and approved.

Yours Respectfully

Mr. John H. Wilson
Post Master
Honolulu, T. H.,

Dear Mr. Wilson:

I have information coming indirectly to me that there is approximately 200 miles of black top pavement on the island of Hawaii, some of which is very low grade asphalt, while part of it would probably stand planing. My information is that the roads are generally in need of such treatment.

I am enclosing a few folders which I recently had printed. They may be of use to you in attempting to promote planing in the islands.

On any work such as out in the country where they would not require 100% job, it can probably be done for 5¢ or 6¢ a yard and make a nice profit. This might be a big factor in promoting work because at this price it would run only \$500 or \$600 per mile, on a road 16' wide.

I would be pleased if you would keep us in mind and do what you can to promote this work.

I am,

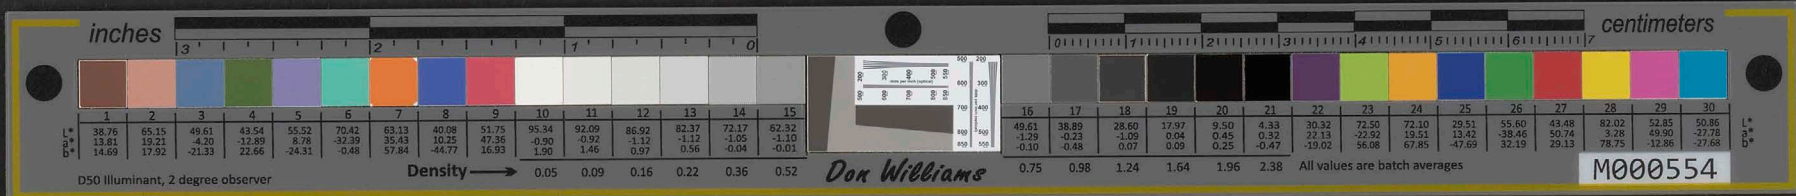

Yours very truly,

Honorable John H. Wilson,
Honolulu, Oahu.

Dear Mr. Wilson:

I enclose you herewith check for Two Hundred Seventy and 41/100 dollars (\$270.41) from Minerva to pay balance of her delinquent taxes. This was the balance due after you paid some from the money you had on hand and which was figured up to about the middle of March. There is, I think, some more money to pay for interest and penalty. If you will let me know the amount I will see that a check is sent you.

Have finally closed the deal with the bank here so Minerva will not have to worry about the taxes for the year when she gets the bill sometime in June.

Sorry to bother you so much but I know that Minerva appreciates everything you do for her.

She has not been so very well of late but has improved a lot the last week.

With kindest aloha to Mrs. Wilson and yourself, I
am

Yours very truly,

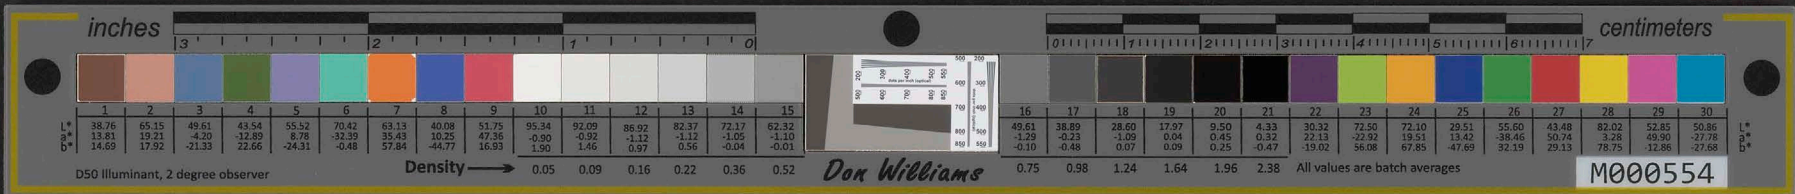

Louise N. Cockett.

My dear Katie:-

Harry's end came at a time when we least expected. I was quite confident he was good for a few months longer, although it was noticable, that he was growing weaker day by day, mainly, I think more from starvation rather than the ailment. He could not swallow anything hard so he was exist-on soft foods. For the past couple of months, poi cocktails was his favorite, I tried to get him to take some milk with a raw egg in it, but this did not suit his taste, so all the nurses could do was to give him that which he cared mostly for. He was cheerful to the last. Jennie and I was at his bedside up to within 30 minutes of his passing. We left the hospital at about 11:30 Sunday morning for home, seeing that he was asleep and resting easy, Just as we reached home and as I walked up the steps, I heard the telephone ring-ing and upon answering, I learned from the nurse that he had passed on to his maker.

He was conscious to the last, and was able to sit up without assistance up to a few hours of his passing.

The two last letters which came by clipper last week from either you or Charlie was delivered to him a day after arrival. I now learn from his nurse that the two letters were found with his effects still unopened. I will be calling for his things this afternoon and what shall I do with the letters? Shall I return them to you or Charlie as the case may be or shall I destroy them.?

The large envelope which contained printed matter happened to be torn and consequently exposed a portion of the prayer beads and fortunately so, it gave me a chance to learn the contents. The beads were placed in Harry's hand and buried with him. The larger cross and reading matter, I still have and will hold same subject to your instructions or will turn them over to Jennie, who is a Catholic if you have no objections.

About two weeks ago, I returned to him the receipt for the regis-tered letter which he wrote to Charlie. Up to that time he did not tell me that he had written to either of you. Why he should refrain from telling me I do not know. For years I kept asking him if he was writing to you or Charlie, but invariably would much prefer talking about something else, so I never pressed him. At this same time, he informed me had redeemed himself with his church and that the priest from the Palama district was making daily calls on him and other patients in the hospital.

He died on Sunday about noon, taken to Williams Mortuary the same day and open Monday evening to his friends. I did not rush his burial as quite a number of his old friends lived out in the country. He was very fond of Ernest Renken and Ernest was fond of Harry, and I know Ernest would have been very must disappointed if he was buried without his knowledge, so I had

He was very fond of Ernest Kenken and Ernest was fond of Harry, and I know Ernest would have been very much disappointed if he was buried without his knowledge, so I had

(2)

the funeral set for 3 Tuesday afternoon. After a short service at the undertaking parlors we proceeded to St Patricks church and from there to the Diamond Head Cemetery. Harry is buried in Lot r-56 Section E., which is in the Catholic section not very far from the cross.

The pall bearers were as follows: Reggie Auerback, Herold Nott, Henry Cooper, William Welch, Paul Jarrett and Ernest Renken.

I placed Bertie, Lizzie and Mr. Scanlon in the chief mourners car, with myself, Jennie, Annie Haunani and Mrs. Henry Cooper following in the second car. Mrs. Herold Nott followed in the third car and there was one more followed in the fourth car so I did not know.

We gave Harry a decent burial and feel quite relieved that we did all that was possible for him. Many of his friends who could not attend the funeral sent flowers, so I will be mailing you the cards which accompanied the flowers by tomorrows steamer.

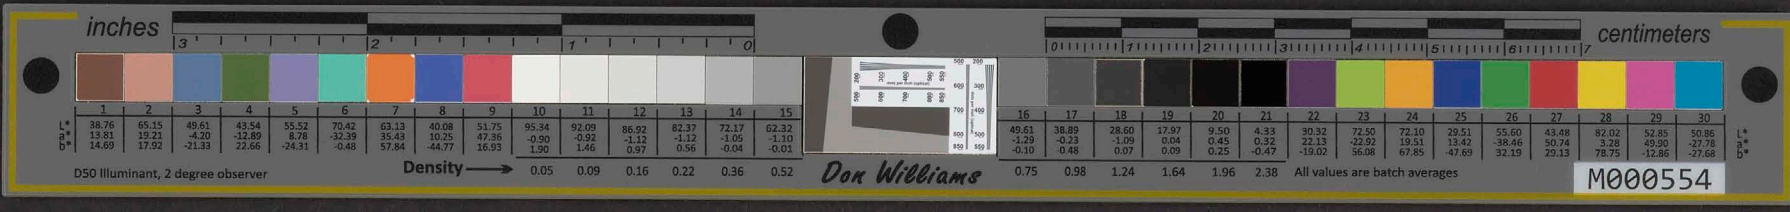

You have done your duty Katie as a sister, infact, both you and Charlie did all that was possible. There was nly one chance out of a million to save him and we took that one chance.

I want you to know that he did not suffer much. He was never in pain, if he was, he never complained. He received the best of attention, the nurses were all very nice to him and did everything within their power to comfort him. He was never in want of anything.

The undertakers bill ran a little over my estimate. I did not know the priest had to be paid nor did I think the digging of the grave was extra, and he had so many flowers sent him, we were obliged to have a truck convey the flowers to the grave, which cost an additional \$2.50 I sent the bill to the Hawaiian Trust okayed by myself for

If at any time I can be of service to you or Charlie, please do not hesitate to call on me. I have always felt, as if I was a member of the family, although, Harry, George and mother has passed, I hope our aloha for one another shall still remain.

Dear Madam:-

In reply to your letter dated the 30th. ult., I am pleased to give you the Hawaiian for "WE ARE FRIENDS."

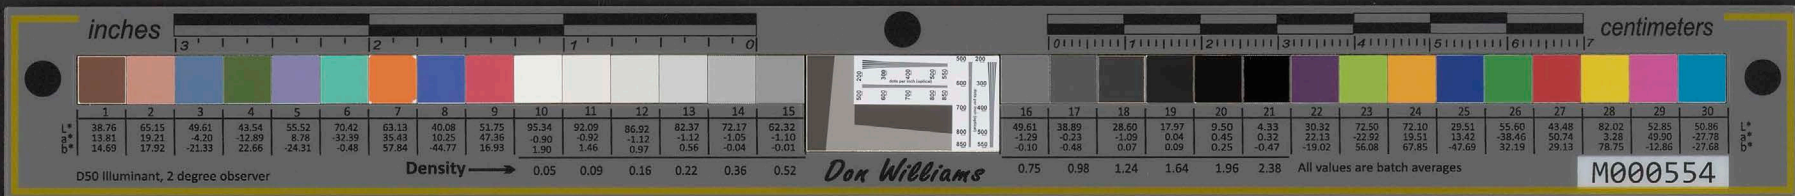

When the speaker is referring to two persons, the Hawaiian would be, "He mau hoaloha k~~au~~a." In this sentence the word we is k~~au~~a.

When you are addressing a crowd of people, the word we then becomes kakou, or the sentence would then be, "He mau hoaloha kakou."

Yours respectfully,

My dear Lorna:-

I am pleased to acknowledge receipt of your letter and you may rest assured your instructions will be carried out to the letter.

I could have the la-i shipped next Saturday the 28th., but, I am afraid it would arrive too soon and may be too dry for your purpose, so will ship as you suggest, by the boat leaving June 1st or 4th., whichever reaches San Francisco first. A Dollar line boat is scheduled to leave on the first.

Maud is leaving this morning, so will be leaving the office soon for the wharf to see her off. She is looking well and I think she enjoyed ever minute of her visit. I am sure your mother and father was glad to see her for it sort of gave them a new lease of life.

Your father had a slight stroke about two months ago, but, has recovered wonderfully well. To see him now, one would not think any thing had ever happened to him. He was convalescing when Maud arrived, but, with good nursing he came through fine. For a time, I was really worried, as I did not want to see anything happen to him before your mother.

Mother, considering her age is a wonder. Her mind is still as good as ever. Her only pilikia is her eyes, hearing and not too strong in the knees, otherwise, she is holding up fine.

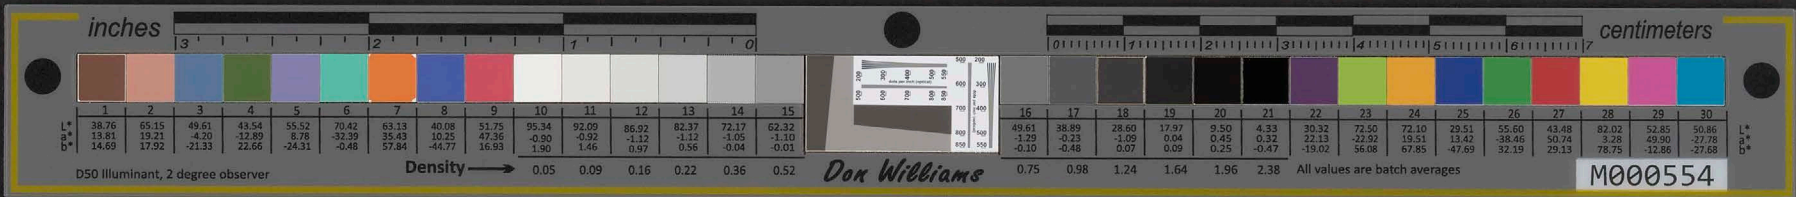

Kini joins me in wishing you aloha and best wishes,

This is to certify that I have known Mr. Chang Chau, the bearer of this letter, who was born in the Kohala District of the Island of Hawaii in the Kingdom of Hawaii, and hence is now a citizen of the United States of America, for more than forty years.

Throughout my long friendship with Mr. Chang he always has proved himself to be a man of sterling qualities; he has held several important government positions of great trust, including those of clerk and collector in the Honolulu Tax Office; Chinese interpreter in the District and Circuit Courts of the Territory of Hawaii, and also in the highly important position of Filing Clerk during several sessions of the Senate of Hawaii.

Mr.Chang is married and has a large family of children, born in Hawaii; the sons all have had the advantage of a college education and are now engaged in their practice of their professions; the daughters all are school teachers under the Territorial Department of Public Instruction, positions which require the possession of university degrees in education which are granted only on the completion of five full years of study at the University of Hawaii.

Throughout my many years of friendship with Mr. Chang I have always found him to be the soul of honor in all of his dealings and a man of sound character and high ideals.

I had no difficulty in collecting all the material you wanted and had no difficulty in getting the Board of Agriculture pass upon them, but, my biggest difficulty was in locating a box of proper strength and size. Your instructions were carried out to the letter, but, I am rather in doubt as to the strength of the paper box in making such a shipment.

Mr. Carey, my Chief, is very eager to complete his collection of the Associated Oil Company stamps, which are distributed free to all comers. He has all the stamps on this side, or will get them, but is wondering how he will get a block of the stamp No. 100, the Hawaii stamp, and the only stamp issued exclusively in Hawaii.

Since he is collecting blocks of four, and not single stamps, he is interested in getting a few blocks of four of the No. 100 stamp.

Mr. Carey says that if you get the bug and are interested in collecting the 100 stamps issued by the Associated Oil Company, he will be happy to fill out all the numbers for you which are available in the western states.

I understand that you can go to any Associated Oil Company station, which will deliver the stamps free on request.

PERSONAL

My dear Mr. Secretary:-

I am writing in behalf of an old personal friend, Mr. John A. Hughes of this city, former member of the Territorial Legislature, twice elected member of the Honolulu Board of Supervisors of which body I was its Mayor.

He has appealed to me for assistance and me in turn to you and if I am out of order, or in the wrong pew, please direct me to the proper department.

Mr. Hughes, is endeavoring to have a niece, Miss Annie Garrity, a trained nurse of Dublin, Ireland come to Hawaii. She has applied for a passport at Dublin and was denied by the United States officials at Dublin. Reasons given, re-unemployment situation in the United States did not warrant the issuance of a passport to her.

I have known Mr. Hughes since his first arrival in Hawaii about forty-nine years ago. We happened to be employed at the same company, the Oahu Railway and Land Company of which Mr. B.F. Dillingham was the then President. I have a very high regard for Mr. Hughes and know he is one of our most respectable citizens and financially responsible and there will be no danger that Miss Garrity will ever become a ward of the public, if permitted to come to Hawaii.

I made inquires of the Board of Registration of Nursing in this city and was informed, that there is always a shortage of trained nurses in Hawaii rather than a surplus.

I am enclosing a copy of a letter written by Mr Hughes to the Honorable John Cudy, the American Minister in Dublin, which speaks for itself and which I can vouch for as being correct.

Whatever you can do assist Miss. Garrity secure a passport from Dublin to Hawaii will certainly be appreciated. I believe the request is one of merit, hence the request.

We have had the pleasure of a visit by our President, the Attorney General, the Postmaster General, Secretary of the Navy and I am sure Hawaii will be more than pleased to have your good self as a visitor and guest. in the very near future. Infact, the present administration has given Hawaii more personal attention than any former administration.

She has applied for a passport at Dublin and was denied by the United States officials at Dublin. Reasons given, re-employment situation in the United States did not warrant the issuance of a passport to her.

I have known Mr. Hughes since his first arrival in Hawaii about forty years ago. We happened to be employed at the same company, the Oahu Railway and Company of which Mr. B.F. Dillingham was the then President. I have a very high regard for Mr. Hughes and know he is one of our most respectable citizens and financially responsible and there will be no danger that Miss Garity will ever become a ward of the public, if permitted to come to Hawaii.

I made inquiries of the Board of Registration of Nursing in this city and was informed, that there is always a shortage of trained nurses in Hawaii rather than a surplus.

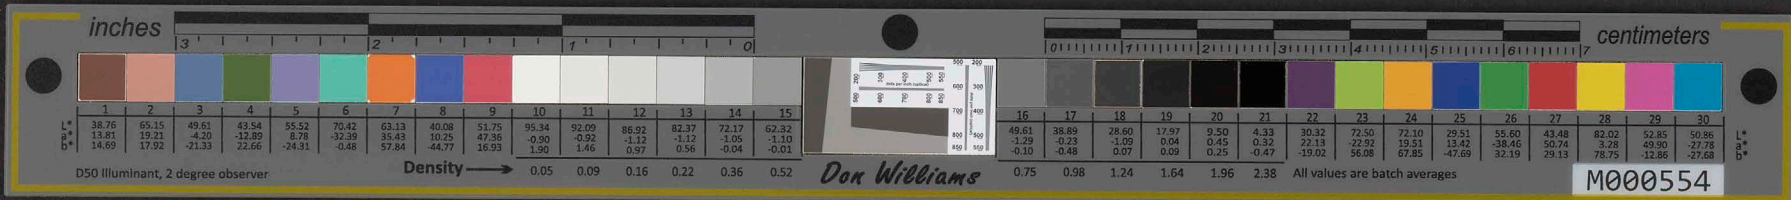

I am enclosing a copy of a letter written by Mr. Hughes to the Honorable John C. King, the American Minister in Dublin, which speaks for itself and which I can vouch for as being correct.

Whatever you can do assist Miss Garity secure a passport from Dublin to Hawaii will certainly be appreciated. I believe the request is one of merit, hence the request.

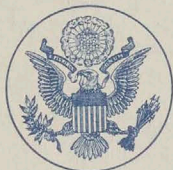

We have had the pleasure of a visit by our President, the Attorney General, the Postmaster General, Secretary of the Navy and I am sure Hawaii will be more than pleased to have your good self as a visitor and guest in the very near future. Indeed, the present administration has given Hawaii more personal attention than any former administration.

With kindest personal regards and best wishes, I am,

My dear Mr. Wilson:

I have your letter of August 23, 1938 concerning the desire of your friend, Mr. John A. Hughes, to have his niece, Miss Annie Garrity, come from Ireland to join him in Hawaii.

As I find that the Department does not have a file concerning Miss Garrity's case, a report is being obtained from our Consul General at Dublin regarding the difficulties which have arisen in connection with her application for a visa. I shall write to you again upon receipt of the report and at that time shall be better able to make suggestions in the case.

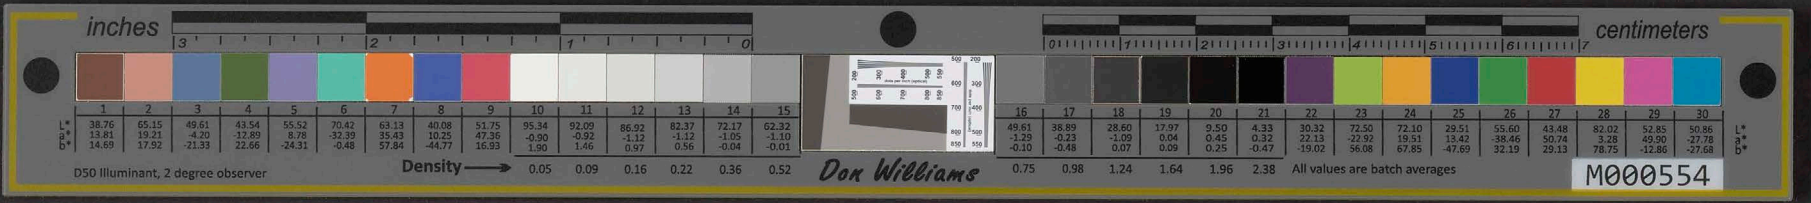

Sincerely yours,

Dear Mrs. Wilson:

It is over one year that I have not communicated with you. It is clearly a case of Force Majeur under the circumstance. Due to the unsettled conditions prevailing here last year, I left for my home town by the end of December last, and just came back to resume my business activity very recently.

For your information I am attaching our latest quotations on Chinese rugs. As the foreign exchange has turned out unprecedentedly in your favor, I have every reason to believe that you cannot afford to miss this golden opportunity to solicit business in your part of the world. The rate of gold has sprung up to such a level that you should only pay a little more than a half for the same amount of rugs last year this time. I am looking forward to your orders continuing to pour in from now on.

Looking up through our records I find that you still have a debit balance, say one hundred and two dollars and forty five cents (\$102.45) Everything having gone amiss since the hostilities have begun, I understand the difficult position you have been in in connection with the proposition of settlement with us. This letter may serve to tell your goodself where I am, and how I am getting along. It is hoped that a prompt payment will be made by return mail. Meanwhile I am very anxious to hear from you about your present situation as well. I wonder whether it is not correct for me to make a mention about the interest covering a small part of my untold loss in this connection. I have no settled idea on the matter however, and I may say it is entirely up to your goodself, Mrs. Wilson.

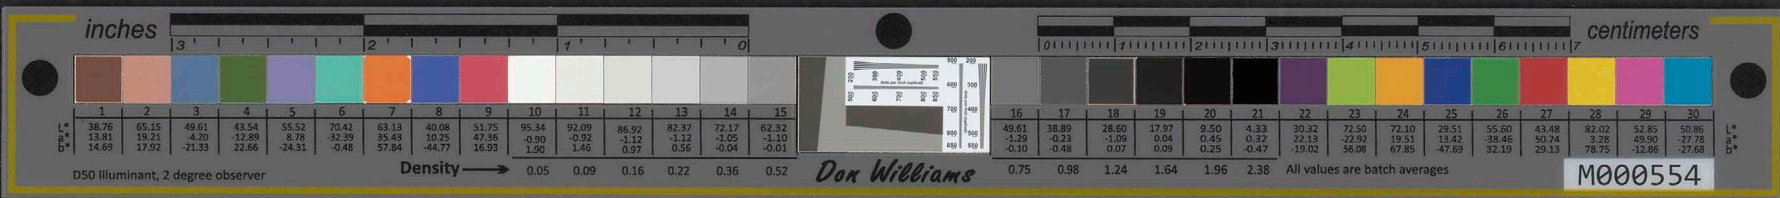

Wishing you all every success, and awaiting your prompt and favorable reply, I beg to remain,

Yours truly,

My dear Lorna:-

Your long looked for letter dated the 26th ultimo received a few days ago and unless I reply now, I am very apt to let it slide and become somewhat mahope myself, however, we were pleased to hear from you and learn in detail the condition of the lai upon arrival in Milton.

To be certain, that your instructions were carried out to the letter, I called in two of our janitors and supervised the packing myself. After it was all over, I noticed the defects, which then, was too late to correct.

I wanted to take advantage of every minute, so did not begin packing until about 30 minutes before closing time of the mails.

The Plantman wanted the lai and crotons at the laboratory on the afternoon before the day of sailing for inspection, so did not have the leaves returned to me until 9 A.M. or two hours prior to the closing of the mails.

The lai-i was tied in bunches and each bunch was tied to the end of the box as directed, but, I did not discover until too late, that the card board box would not stand the tension of the twine used. I did not squeeze all the water out of the moss, consequently, this moisture softened the card board so much so, that the twine used in tying the ends of the lai leaves were pulling through the card board.

If you will remember, the card board box was wrapped in a heavy carton or ribbed paper on the outside. Had it not been for this wrapping, we could not have accepted it for mailing, hence the reason, I suggested in my letter of June, to make two packages instead of one the next time.

I had quite a time finding a suitable box. People usually send their empty boxes to the garbage dumps immediately upon unpacking. A narrow long box is an unusual size, hence very difficult to find.

To do the job again, I believe the best method would be to use no box at all, but instead, use a heavy cardboard wrapper or ribbed paper, and make a roll, just as we roll matting, viz:-

- 1st. step, place the heavy paper upon the floor or table.
- 2nd. " , place a layer of moss upon this paper about 1½" thick.
- 3rd. " , " the lai-i and other leaves upon the moss.
- 4th. " , " another layer of moss upon the leaves.
- 5th.. " , starting at one end and roll the moss and leaves into a long bundle tying same with heavy twine.
- 6th. " , wrap the bundle with the card board paper and band

bend in the ends, which ends must first be slit with a knife to make a neat good tight end, then tie as usual with heavy twine. etc.

Jennie did the collecting while I did the packing and I want you to know we both were as much interested in the results as yourself. We both are of the inquisitive type always ready for experiments. Infact, while I was in Washington the year of 1933, these interested in the canning of poi, (friends of mine), decided to experiment on me by shipping me canned poi every month while I was in Washington and corrected their canning methods as they received reports from me.

I called on the old folks just before returning from work this afternoon and found them both well sitting beside the radio and amusing themselves with music and reading. I told them I had heard from you and would be writing to catch tomorrows clipper. Both seemed happy to know I was writing and wished to be remembered. Infact, your father said, he had just mailed a letter for the regular mail which would go by steamer leaving this evening.

Your mother just had another birthday and seem surprisingly spry and active for a person her age. Always cheerful and greets me with a kiss and a hug as I enter and before leaving. Father has had quite a siege of the asthma, then the dentist and now breaking in the new teeth, all enough to take ones weight a 100 pounds or more, yet, he does not seem much the worse. Many a man 50 years his junior hasn't hasn't his mental faculties and spirit.

You state, both your husband and yourself wish you could return to Hawaii with n the next ten years for the rest of your lives. In reply, I was just wondering why wait ten years? Conditions here in Honolulu is at its best today, and the malahini are pouring in fast, which would make competition much keener in all walks of life as time goes on.

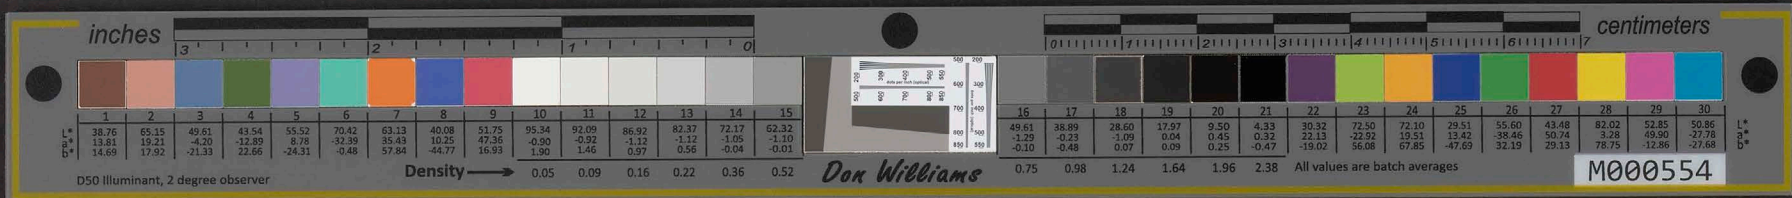

I am sure, you would make the old folks very happy, if you could be here during their last days. You well know how attached we Hawaiians are to grandchildren. They have not many days left, although, they may still surprise us.

I do not know what line of business your husband is in, but, I believe any man who is able to exist in Boston, would have a snap in Honolulu. I remember one of our old missionary friends, P. C. Jones, Mrs. Gartleys father, I was told he made large fortunes in Hawaii. Left Hawaii on two occasions never to return again, but, was relieved of his two fortunes in Boston trying to corner the wheat market. He finally returned and died in Honolulu but managed to make a start on the third stake before passing on.

If there is anything I can do at any time please do not hesitate to call on me. Jennie joins me in wishing you and the family warm aiona and best wishes.

Mr. John Wilson
Post-Master General
Honolulu, Hawaii

Dear John:
Aloha Nui Kakou:

I hope you and Jenny are enjoying good health and you, the prestige of Post, Master, I salute you John Wilson for this honor; if our parents could look down, and see your improvement in affairs of our Aina-hanau, they too, will be very proud of the responsibility you have assumed. My letter might seem a little strange coming to you at this time, forgive me for my intrusion but being that you are in a position to locate parties that are of great importance to me, thus this appeal to you.

I am very anxious to get in touch with my cousin Enoka Lovell, the last I heard of him he was living in Nawiliwili, at that time he was Deputy Sheriff of Kauai, and there is another party on that same island that I would like to get in touch with, and that is Esther Koki (this is Kanehiwa's daughter) (I believe that brother has passed away) so it is important that I get in touch with these two people.

I must let you in on this, John--I am having my mother's estate investigated and we find that the Trust Company have been shy in their bookkeeping, etc. This fault of the Trust Company has been going on for some time, and in order to go on, I must have information as to all the properties of my mother on the Island of Kauai, I find that if Kanehiwa is dead, Enoka would be the proper person to give me information as to the statement above.

I had expected a visit from you but being Post-Master I suppose has taken up a good deal of your time. Nice things have been said about you since you have been in office by some ohana of ours, I hope you will continue in office as long as Franklin Roosevelt is president of the United States.

I get so homesick for the islands and maybe through this plan now on hand I will be seeing you soon. My family are all well, my moopuna's are increasing and I am diminishing.

Strew my love to our Aina-Hanau, love to Jenny and thank you for your attention.

P. S. John. don't let the above leak out. Johnny Clarke must not suspect of our move.

*Sincerely
Your Hoahanau
Hoomalau.*

My Dearest Niece Esther:

This might seem strange to you as my first letter but since I cannot get word of any kind from your father thus I come to you.

What has become of your father? I fear the worst unless I hear from you so kindly give me all news of him.

You were I believe four or five years old when last I saw you. Since then not a word from either of you only through the reports of my mother's estate have I come across your name. So write, and tell me all about yourself, husband, and family.

Funny, but true, how we wander away from our home land each with their own problems to work out in this life by so doing we forget all those that are dear to us and thus I have treated my brother all these many years. I simply forget him. I have sent several letters in care of the Trust Company but I do not know whether they were forwarded to him or not and now when I am perhaps in need of him, I am too late. As I stated before, I fear the worst but I am holding back all my doubts until I hear from you.

There is so much I want to know. Very briefly I will *call* your attention to it later. Before we take care of the above favors, tell me, what is going on in that part of the world? I get so homesick for home sometimes I can hardly restrain myself from deserting my family and going back. There is just a certain breeze that I feel sometimes which reminds me of Niunalu and Haupu. You see, my dear, I still remember those old familiar places and aloha from my birthplace is always there. You can tell me of the old place as it was and as it is and this leads me to the favors I mentioned above. First, do you know of all properties in Kauai that is your Grand Aunts' Kaleipua? What I mean every property that belongs to the Kanoa estate. Get this straight, Esther. I want you to find out all properties belonging to the Kanoa estate. It is important that I have all these facts and further details will be discussed later. Whatever interest I take will be to your interest also and I want your cooperation when I further my my plans of going ahead.

I am starting work now and I advise you not to let this leak out. It is necessary that we keep quiet until such time as we make the move. I am not interested in Lukela and his sister, I have not approached them as yet as I understand they are just plain dumb and I think it's a waste of my efforts to get in touch with them so I am forgetting them for the present. Now I am depending on

you to give me all the information I asked for. Write and tell me news of the islands and all the relatives that are left.

My reason does not permit me to express too much on our relationship between my brother and I because looking over the last account of the Kanoa estate I didnot come across his name thus my misgivings is ahead of me. I will wait for all explanations from you in his interest. Somehow I hold a secred pleasure in sending you this message. I hope we will be in closer touch with oneanother after this.

I have quite a large family. My youngest is 16, the one writing (Lorna), eight grandchildren, I forgot to mention that we have grown men in this family and believe me when I say I am gradually fading out inch by inch.

So my dear niece, I wish I might hold you for just a minute but this is the best way we can express out feelings in love. I have never given up the hope of seeing my birth place again and who knows I might see all, very soon.

Try and remember all what I wrote you, I am doing this for our benefit and keep this very quiet. I hope you will give me an immediate answer as soon as you can as I am very anxious to get this totthe Attourney's attention.

I'maglad to have this little talk with you and I hope this will find you well, and mother of a large family so I will leave you, always with love for all of you and kindly remember me to all relatives.

*So I send my aloha from a ole to all
of you my people.*

*Sincerely yours Aunt
Norman.*

Mrs. Blanch Lucas,

My dear Mrs. Lucas:-

I am pleased to learn of your safe arrival in Ponca City and that you really enjoyed your trip.

I am enclosing the picture we took and if you want the negatives you can have them. They all turned out fairly well.

I have not missed a Democratic National Convention since 1912 and I want to keep going so long as I can get elected. The expense is so great, and so much time is needed to make these trips, that I have concluded, that I can only attend the party convention, so am obliged to eliminate all others.

Since your departure, we are enjoying a visit by Mr. and Mrs. W.E. Reynolds of the Procurement Division and Mr. Floyd Williams, Engineer with the Fourth Assistants Office. After a nine day visit, we are losing them this morning.

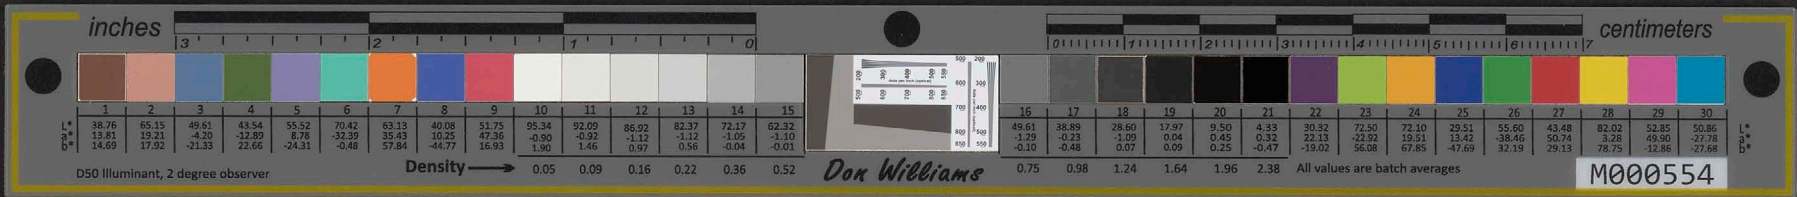

My only objections to having you folks calling on us, we no sooner become acquainted and get to know you real well, when you decide you must leave us. This is the most heartbreaking part of meeting you all.

With kindest personal regards and best wishes, I am,

Yours with aloha

September 26, 1938

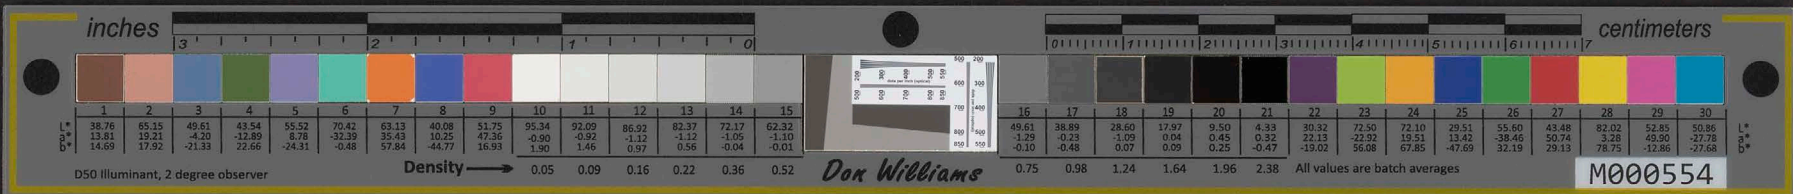

My dear Mr. Wilson:

I refer to my letter of August 27, 1938 concerning the immigration case of Miss Annie Garrity, a niece of your friend, Mr. John A. Hughes.

A report has now been received from our Consul General at Dublin, Ireland stating that a visa has not been refused Miss Garrity but that as the evidence presented on her behalf did not furnish sufficient information to establish that her support would be assured in this country, she was requested to obtain additional evidence. The Consul General has indicated that he desires to receive corroboratory evidence regarding the income and financial resources of Miss Garrity's uncles, Mr. John A. Hughes of Honolulu, Hawaii and Mr. Gerald Hughes of San Francisco, California, and, in view of their advanced age, also evidence as to the plans made for her support. The Consul General states that

My dear Friend:

I appreciate very much the many courtesies extended by you upon the occasion of our recent visit to the Territory. It was a great pleasure to see you and to visit with you and to confer concerning matters of interest to the Territory.

I value your judgment and your views upon matters relating to Hawaii and shall welcome any suggestions that you may care to make at any time.

I enjoyed very much my recent visit to the Islands and regretted that my time was so limited. Mrs. King and my daughter were also delighted with their visit and with the many kindnesses extended to them while there.

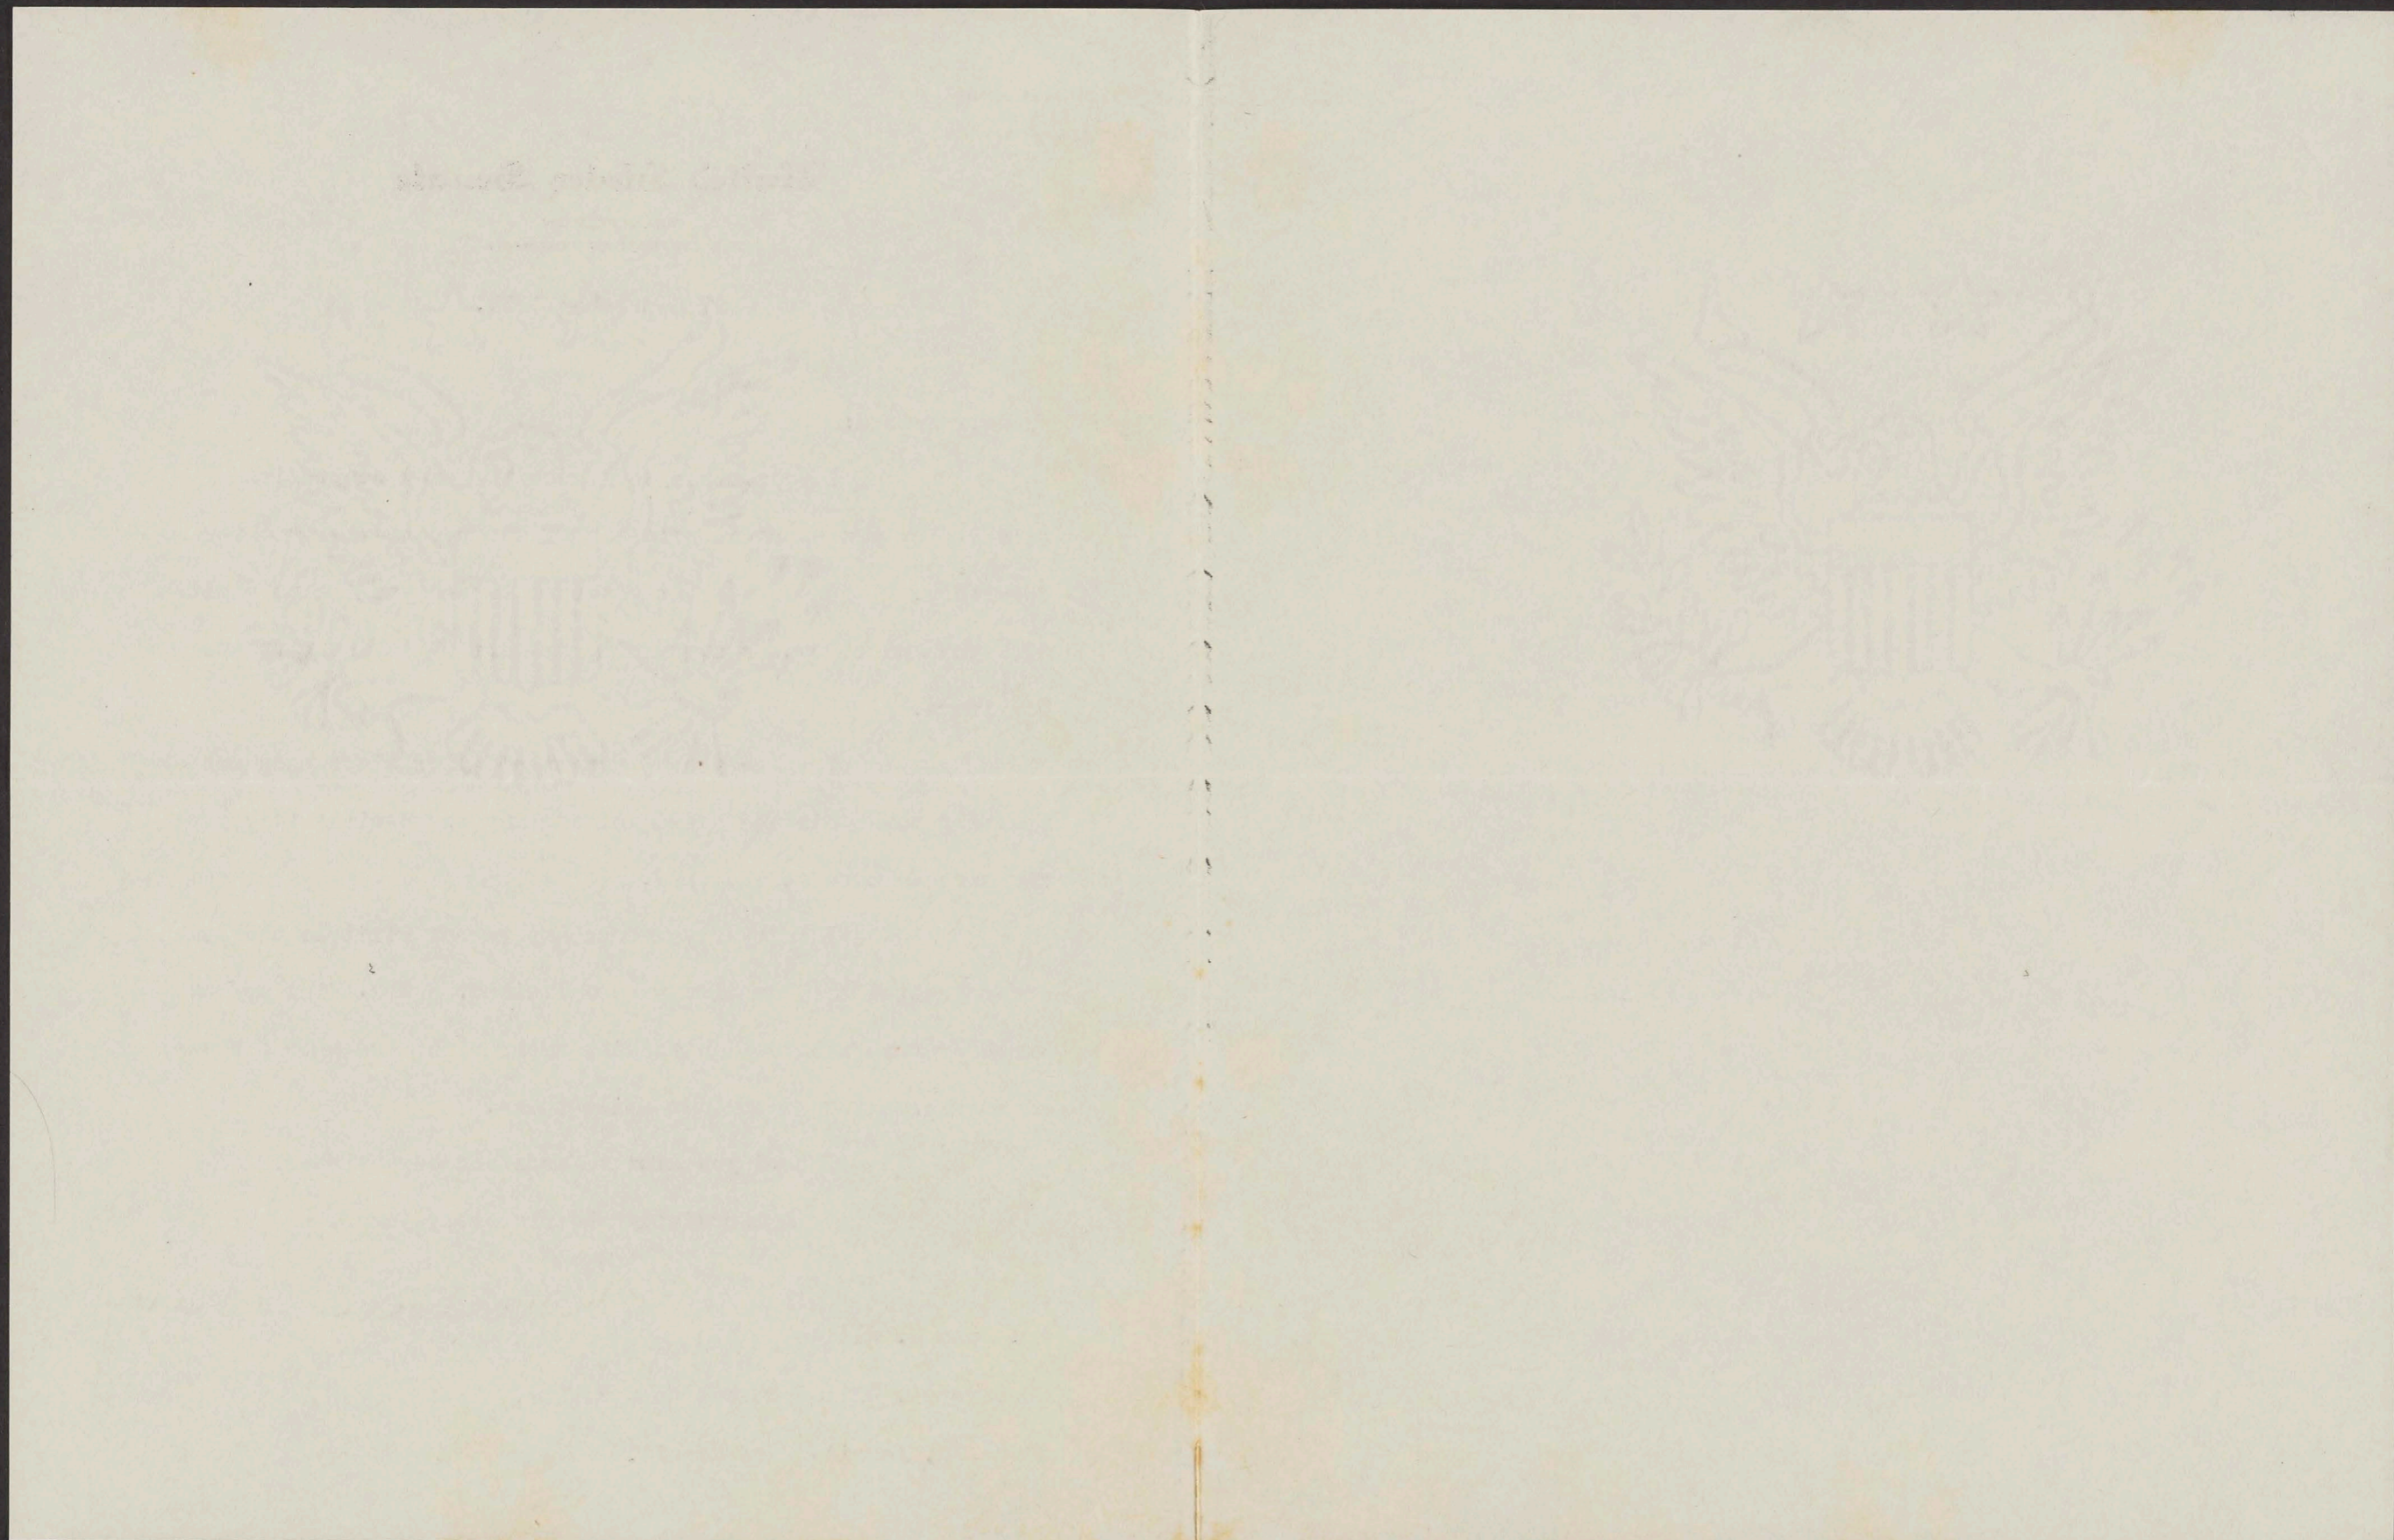

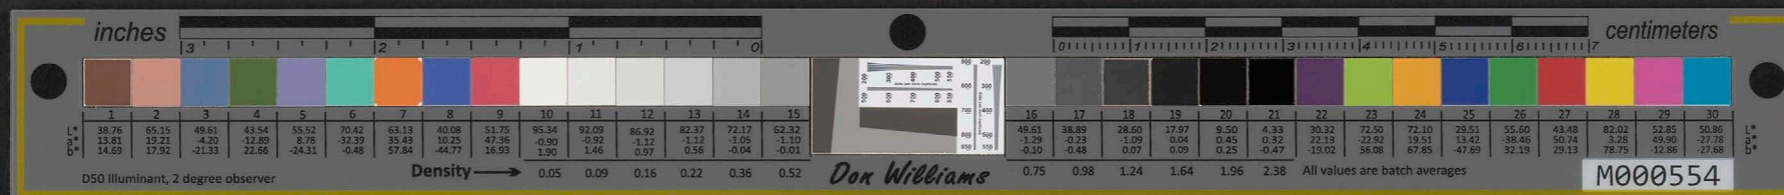

I send you kind regards and best wishes.

My dear Bill:- Achi?

I am sorry to see the way the voting went throughout the Territory. It goes to prove my contention, that to get elected to any office one must start his campaign early.

The party would have been much better off if the Governor and other leaders of the party would only do something. After the election of 1936, I endeavored to get the Governor interested in organizing a Roosevelt Club, which would keep the drum beating telling the good about our President, and expose the errors and wrong doings of the opposition.

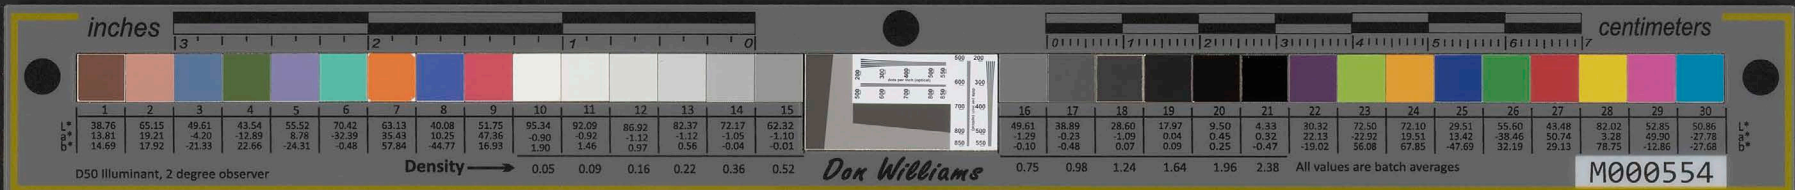

You well know how I endeavored to start a little paper. My object was to give our boys ammunition to talk on. If boys from each island would take enough interest in their party and watch the work of their respective board of supervisors and other public officials and keep The Weekly Democrat informed, so that it could write them up and keep the public informed as to their official duties, then when campaign time comes on, our candidates can meet a well informed public. It is useless to attempt to reform or endeavor to get the electorate to see things your way in a short time. The campaign must be kept up daily from one election to another, otherwise, we get no place. The results shown here in the Rumold C. Brown strength proves my theory, and I guess the vote Johnny Fernandes received on Kauai also shows what a continuous campaign can do for a person.

After I started to write to you I was interrupted by the sore democrats who are very much peeaved with the statements of Pacheco, so I could not continue until after lunch. Upon return from lunch I found your letter dated the 2nd on my desk.

A crusader must expect the pimps, prostitutes and gamblers to be against him. Pacheco learned this in the 1936 campaign. He had no reason to oppose the underworld as Chief Gabrilson was not a candidate for Mayor nor was he seeking the office of Chief of Police. Politics is a very interesting game and I know of no game where a man must watch his step every minute.

As stated above, a campaign for any office must start early and he or she must continue to hammer on facts and at all times be consistent. The Republicans as you well know are continually campaigning from one election to the next. This cannot be done off and on until a few weeks before an election. In the long run the only way to get ahead is to be consistent and probably by 1940 you will have better luck. It is impossible to educate people your way of thinking in a short space of time.

Now regarding the judgeships. The old governor is now in Washington and I presume will have a lot to say, which of course is wrong. However, I do not suppose there is anything we can do to offset his recommendations, except to continue to urge your appointment to fill any vacancy that may occur in the promotion of one of the circuit court judges.

My dear Minerva:-

Your letter received and in reply will say I think I can take care of the taxes, provided, our friend Khums comes in on time with his rent. He owes about 5 months rent, and I spoke to him the other day, reminding him of taxes and he promised to bring it in by the 15th. However, I will let you know before time if there is a shortage.

I no sooner received your letter when Bill Lee Kwai, a real estate dealer, who is an old friend of mine comes walking in with a buyer for the Lilina street property.

The buyer is a Japanese Temple. They are offering \$8,500. less 5 per cent for the Real Estate Agent, which would net \$8,075. Payments to be made as follows:-

Payment of \$1,000. now.
" " 3,000. 8 months from now.
Balance on a mortgage at 7 per cent interest for 5 years.

If the above is okay with you I will accept the \$1,000. payment until the final papers are drawn up.

I think this is about the best offer we can get. It is only a church that probably can afford to pay that price for such a large piece of property. The back is low they tell me and rather swampy in wet weather. However, use your own judgement.

Dear Sirs:-

I wish to acknowledge receipt of your circular and price list and after going over same very carefully, I fail to see how I can place an order at this time, not being able to make out a bill of material of what is actually required to fence in the property that I have in mind.

You show no detail sketch of a post with insulator, yet insulators are mentioned in your price list.

Your plan of a farm layed out with a number of pastures into several lots, leads me to believe that the regular barred wire is used, although, you do not state exactly the kind of wire used.

You also mention about putting on extra shock on the fence when the ground is dry, but, no mention is made regarding wet and rainy weather. We have as much as 6 to 10 inches of rain in a night and very dry during the summer months.

The pasture I wish to fence off is in rough hilly country covered with trees and thick underbrush and will need about 6,000 feet of fencing. The fence right-of way will be cleared about 10 feet wide, with posts 20 to 50 feet apart. Will use city current which is 110 volts.

There will be many angles in the fence, with at least 3 ninety degree angles, all other bends will be over 90 degrees and less than 140 degrees.

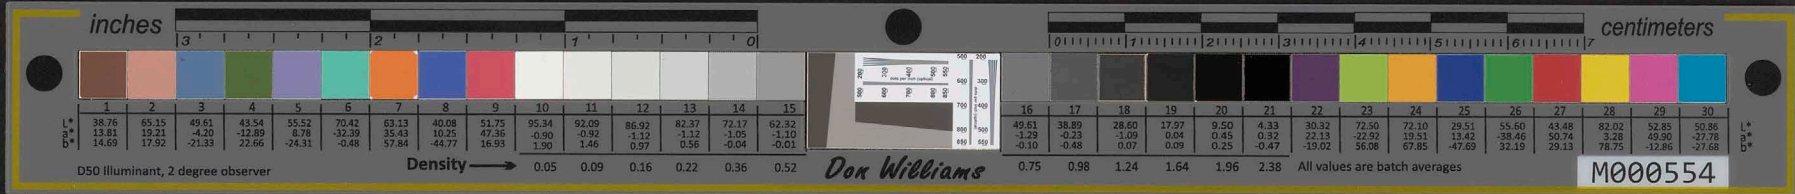

Will you kindly give me an idea what material is needed to for a fence through country as mentioned above and about 6,000 feet long? and the cost of same?

What effect will the fence have on human beings ?

Yours very truly,

John H. Wilson

Dear Mr. Wilson,

I was very much thrilled and pleased over the pictures you sent me. Yes, indeed, I should like to have the films. Thank you a lot for going to so much trouble.

This Fall, my duties, from every standpoint, seem to have increased innumerablely.

I had a letter from Mrs. Shaw a few days ago inclosing copy of a clipping she had found about me in some of her papers. I shall send you a copy.

This is Election day and I have never known such apathy as was shown this past week, before election. It would be very difficult to determine the cause. Much of it, I think, is due to the continuous change that is taking place in one's thinking, reading and hearing. Apparently nothing seems worth while any more.

Last Friday I went to the dedication of the Will Rogers memorial. There never has been and never will be again such feeling displayed as there was by the people who were there - some 40,000. The most orderly crowd I have ever seen. No traffic jams, no car accidents, no drinking, no hilarity. The statue is the most amazing likeness of Will Rogers in a slouching, quizzical frame of mind that one can imagine. It must have been as the sculptor Joe Davidson said "a work of love" else he could never have created such a wonderful likeness.

We are having our first touch of winter. Had a sprinkling of snow yesterday and some ice this morning.

It is about time for me to vote, so shall say Aloha.

Many times Aloha,

Blanche Lucas

Letter from Mrs. Mabel S. Shaw, Dixon, Illinois

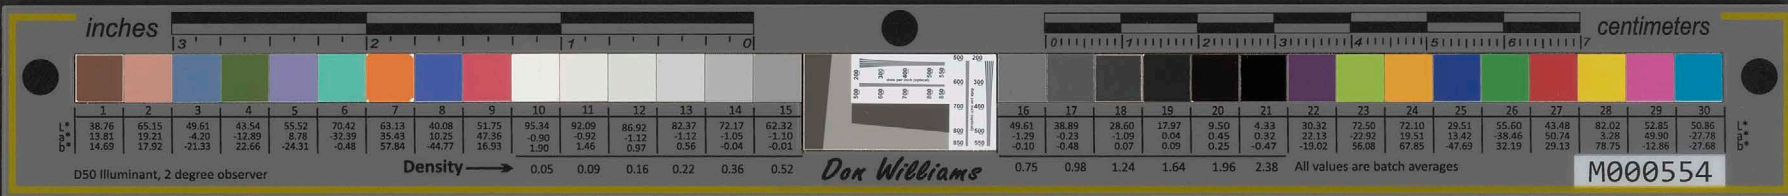

My dear Blanche,

In looking over some clippings I found this lovely one of you. I had it typed and herewith enclose it to you charming lady:

An Excerpt from Article by
ARTHUR BRISBANE
in
NEW YORK & JOURNAL
Wednesday, June 25, 1924, N. Y. C.

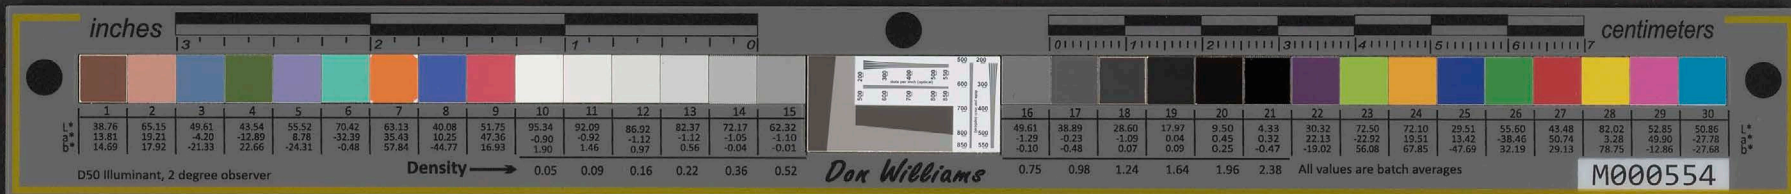

"A lady with beautiful wavy white hair sits under the Oklahoma sign, with the bright scorching sun beating down on her head. "Once but not twice", she says with Opper's hero. She stood there all day yesterday. Today she has a Japanese umbrella, made probably in Germany. The policeman, against his will, says she must put it down. She smiles a beautiful Oklahoma smile, with a deep dimple on each side of it. The policeman fades, the parasol stays up. She is Mrs. Frank B. Lucas, of Oklahoma. If you don't know her, you don't know much about Oklahoma. Next to her, sharing the parasol, is Mrs. C. A. Walsh, of Antlers, Oklahoma."

My dear Mr. Boyle -
You made me tremendously happy-

Thank you a million times for the nice hat, and for your kind thoughts.

The hat is beautiful and rare. I wore it on election day, and you cant imagine the compliments. Needless to say I needed one badly, and best of all it fits perfectly. Again I want to express my gratitude.

Fred is sending the new man back to Honolulu today- absolutely without office knowledge, although a mighty fine lad, and we are sorry to see him leave, We are getting a new one (a first class accountant) on Saturday to close the books etc. He will be temporarily engaged, and that will give Fred more time to either decide to keep this one or make a change.

My son Charles Storke and his wife are arriving in Honolulu for a couple of weeks stay, on the S.S. "Lurline" on November 16th.

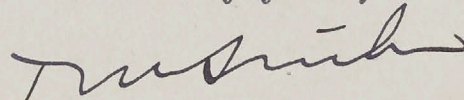

I have asked Charles to call on you and pay my personal respects. I would appreciate it if you would see that he meets Governor Poindexter. I have never met the Governor, but we have mutual friends.

I am sorry that I cannot, in this letter, address you as Governor. You will recall that when we last met in Washington your California friends joined me in trying to put it over for you.

My good friend, the Republican Governor of California, Frank Merriam, has appointed me U.S. Senator for the few weeks remaining of Senator McAdoo's term. Immediately following the opening of the next session I expect to be in Honolulu on my way to the Orient with Senator McAdoo, who will shortly assume the chairmanship of the American President Line - formerly the Dollar Line. At that time I hope to have a visit with you.

Dear Friends:

Please forgive me for my seeming neglect in writing to thank you for all the wonderful things you did to make my stay in Hawaii so enjoyable. I cannot tell you how much I appreciate it. I hope someday I can extend as much hospitality to you. Got back to Washington and left on 24 hours notice for New York and sailed for Puerto Rico and the Virgin Islands. Just got back. The last four months have been very hectic and I have scarcely had time to sleep.

Many thanks for the pictures. Will send you some that I took as soon as I get back to Washington.

Words fail to express my appreciation but it is heart felt. With every possible good wish to you both & all the Hawaiian friends.
Most Sincerely

Dear Sir,

Many thanks for the trouble taken in sending along the "gangster" photos. They are extremely well taken & reflects very well on the photographer.

We had a wonderful trip home & I reckon the trip has done us both good.

With regard to Tai Mitchell, when I came through Rotorua I tried to get on to him, but he was away. Since then I have tried to get him by phone, but without success.

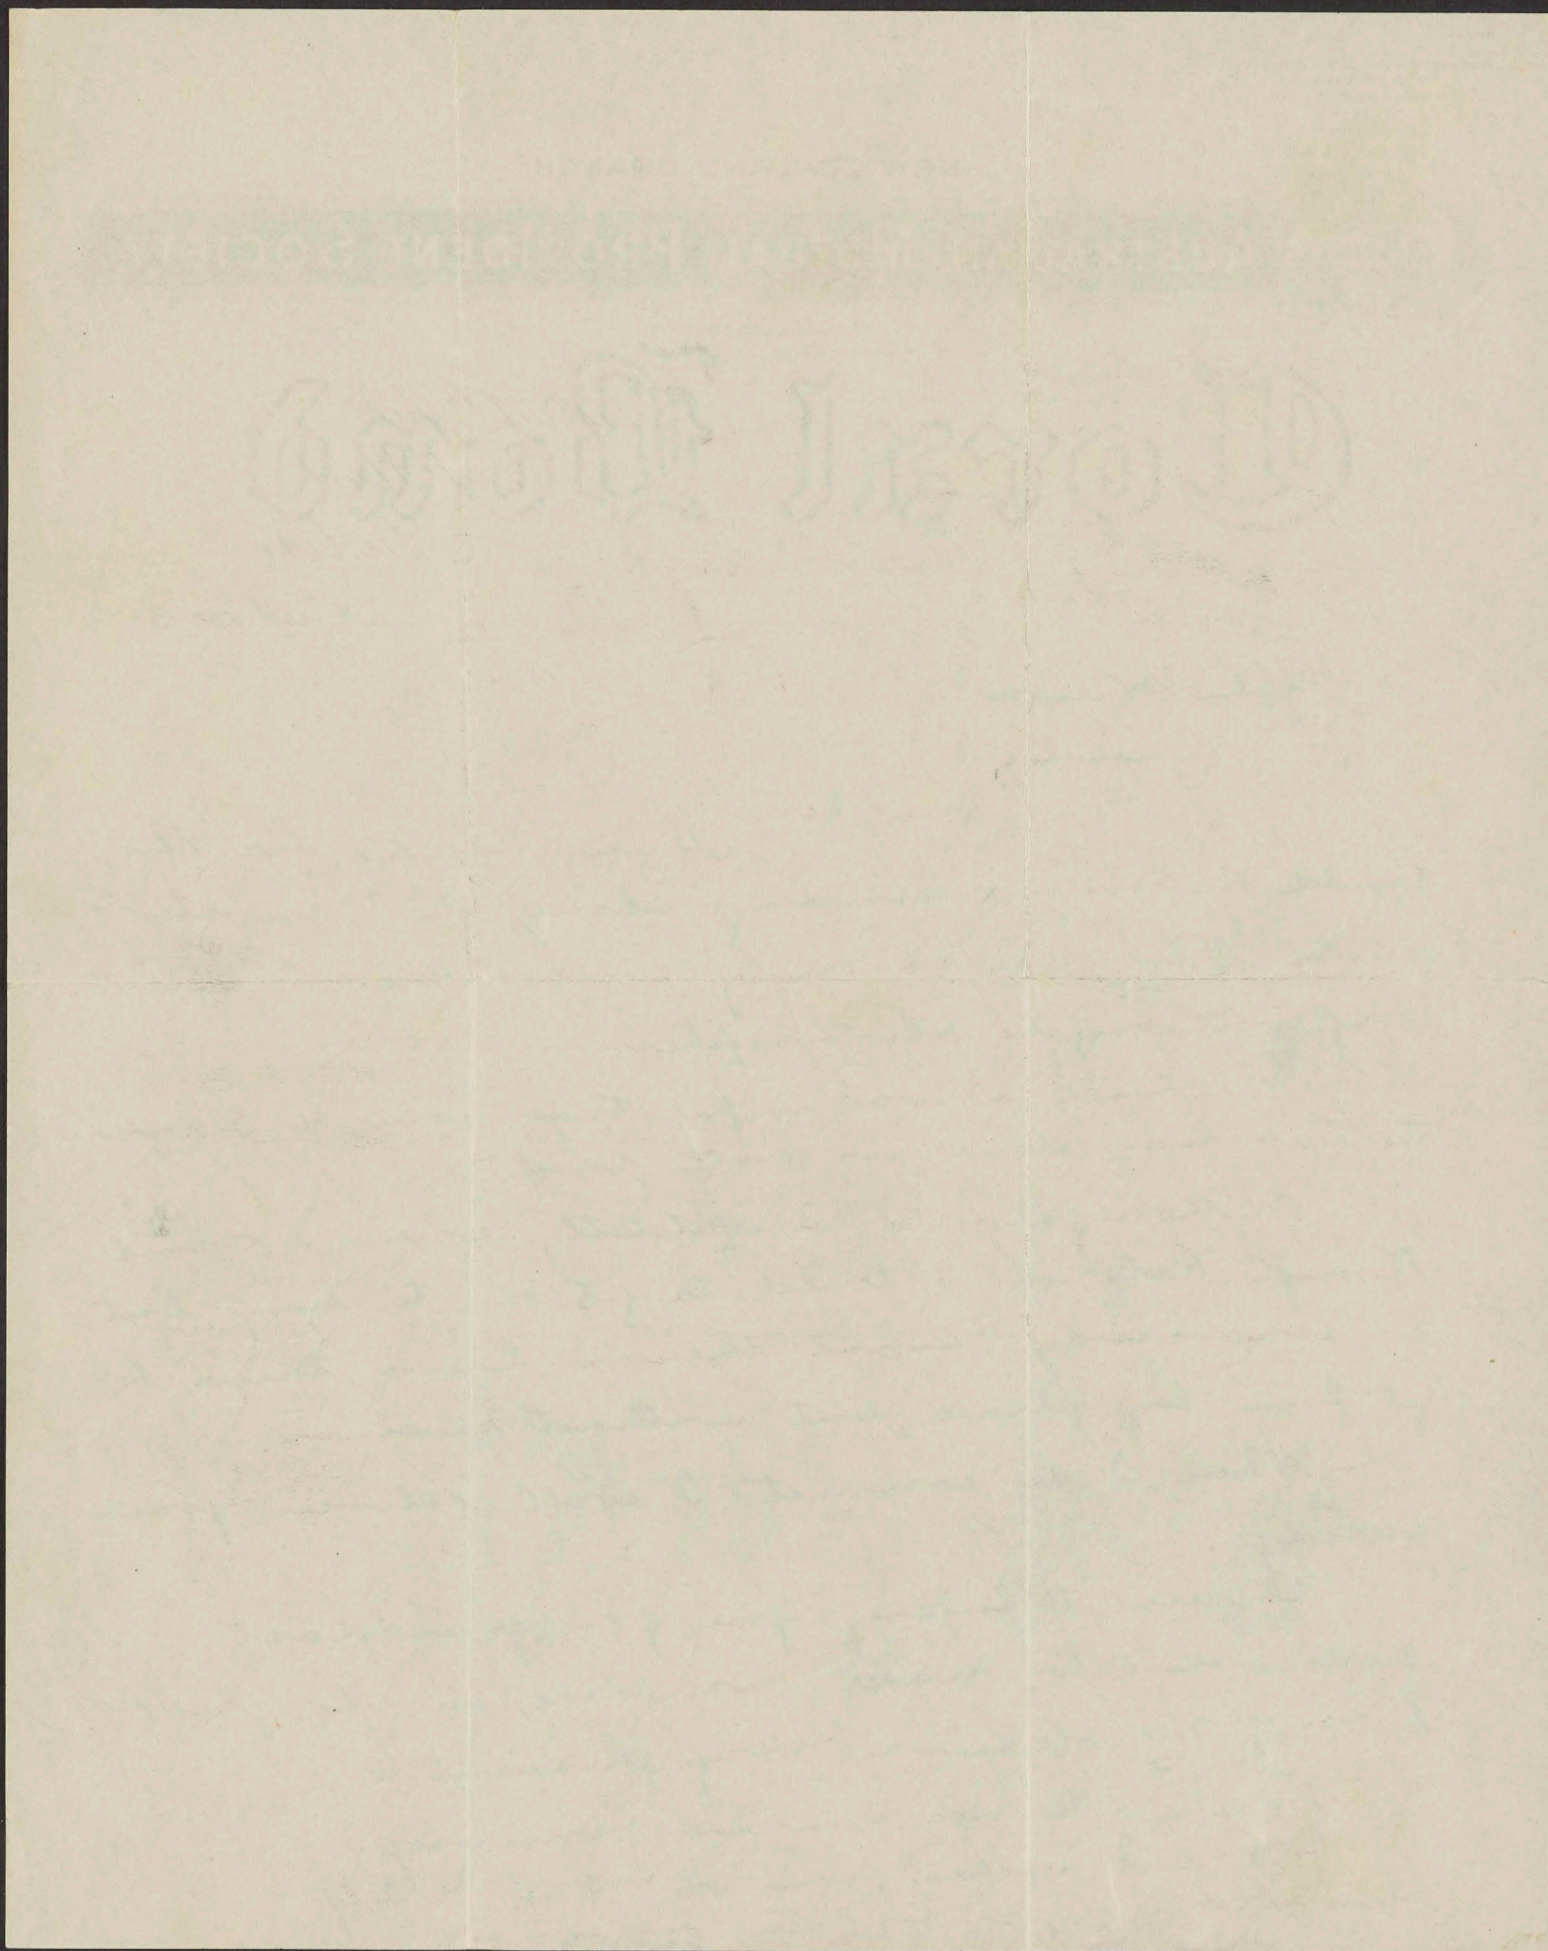

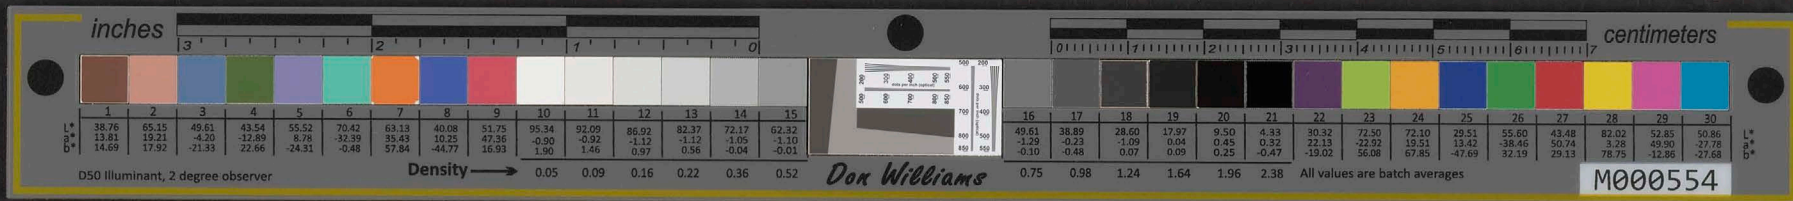

When I do connect I will deliver your message.

Again, thanking you for your past endeavours to make our stay in the great City of Honolulu a very pleasant one.

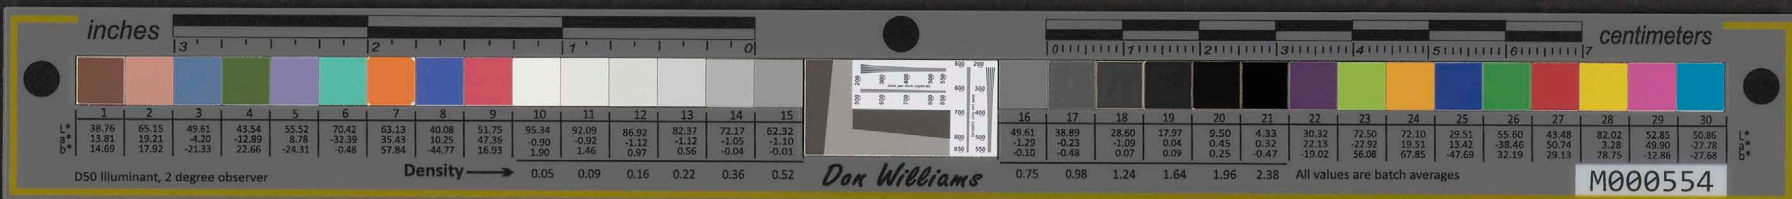

Trusting to see you in January.

Dear Johnnie:

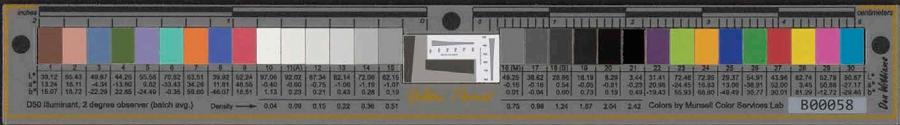

Thank you for your letter of Nov. 22nd and I shall look for the la-i on the 12th. It is on its way now.

I shall give Albert Lyman your aloha. I wish you could be here to hear him speak.

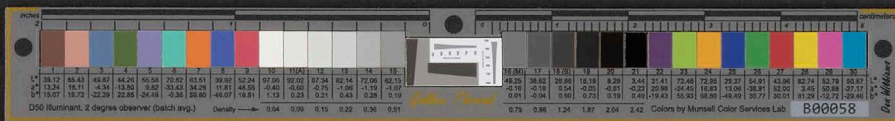

Thanks for the information about young Calvin McGregor's parents. I'm afraid I do not remember the old Captain. The only Captain I remember was Annie Clark's and Johnnie's, Louise's & Emily's father, Captain Clark. Calvin's mother's first name is very familiar to me. She may be the "Aoe" who was one of the older girls at St. Andrews Priory when I was there, and if she is, then she is a very lovely person. At least, I thought so when I was at school for she was always so very kind and sweet, quiet and calm.

I had occasion to run into young Calvin McGregor when I wrote the Harvard Employment Office to trace some of the students from Honolulu in hopes that I could get two or three of them to sing for my first talk on Dec. 13th. I met Calvin McGregor at the Office I refer to and told him what I wanted. He said he knew another student from Honolulu whom he was sure could do what I wanted and he would speak to him about it. After waiting a week, I telephoned the office again and after a day, the student McGregor referred to did call me. His name was Espósito, part Portuguese, and, of all the cocksure and mahaoi-sounding individuals I talked to over the telephone, he certainly was first on the 1 list! Naturally, I was most unfavorably impressed. He wanted to know how much I would pay. I said I could not decide that until we had had a meeting or conversation whereby I could tell whether he could supply the music I wanted. Perhaps his repertoire was a wide one, but I cared only HOW the songs were sung and the number I wanted were very few. Well, he said he would talk to the boys, and he called me the next night. My husband happened to answer the telephone, and when he asked to take the message,

START

741 CANTON AVENUE
MILTON, MASSACHUSETTS

this darn fresh Port-agee replied: "NO, you CAN'T! Then when Edward asked him if he would call in fifteen minutes and he answered: "NO, I CAN'T". I went to the telephone, and after he told me that the boys were so busy they could not give up the time to a meeting or rehearsal, I told him that I would not be willing to engage their services unless we did have a rehearsal and go over the songs that I wanted sung so that I could tell whether they could sing them the way I wanted them sung. He was still insistent about knowing what I would pay them, and when I asked him what he expected to be paid, he said \$5.00 a piece. But, I said that you are asking the same sum which professionals sang for me when they sang steadily from one until 3:00 and "you are going to sing three songs at the beginning of the lecture and for 15 minutes during the moving pictures, I think, you are asking too much." Then I added: "If you are unwilling to have a rehearsal, I would not pay you more than \$2.50 each ~~xxxxxxx~~ with your expenses." No, he wouldn't do it for that, so I said it was best to call it off.

It is too bad that we haven't a group of good Hawaiian singers. I wish I had money enough to start a HALE O HAWAII and have a group of good men & women to sing and entertain with the old hulas. Of course, New York is full of different groups and I hear that Ray Kinney is being paid a handsome sum for his work at the Hotel Lexington. I wish I had some capital to open such a HALE where I would have the native Hawaiian hand craft work for sale, perhaps serve a very simple but genuinely prepared Hawaiian menu --- only such things as lavalu fish, inamona, and salmon or chicken laulau, poi, and all very well and properly done. BUT, I would have to have four Hawaiians on whom I could count who could prepare the food, and do double duty by singing and entertaining with the hulas. Then I would import my la-i for the lavalu fish and laulau, cocoanuts we could get here. Well, I won't bore you, but if only I had the capital, I would certainly start it this spring, then trail the summer resorts with my Hawaiian caravan. Then, when I wanted to give any lectures on Hawaii, I would have my atmosphere and background right there. If you hear of anyone with more money in their pockets than they know what to do with, tell them of my ideas. It may all seem very visionary to one but I would not wish it to be so as I would be most concerned to have

the venture successful --- and I do not consider any venture successful unless it makes money, and when money is made, ~~xxxxxxxxxxxx~~ the interest on the capital involved should certainly be paid off.

It was nice of you to stop in to see Father. What I really mean to say is that it was nice to hear from you that Father was so much better that he was having a high-ball. My dear

Friends of mine, who are the stockholders and directors of Hawaiian Distilleries, Ltd., built and received a basic permit for a rum distillery--the only one of its kind in the Hawaiian Islands. They had ordered a continuous still from the Oscar Krenz Copper Works in San Francisco which was to produce about 750 proof gallons per 24 hours. It seems that this still actually is capable of a maximum production of 864 proof gallons per 24 hours. They, therefore, found that the bond would be \$29,160 and they posted a \$30,000 bond.

Now, it seems that some clerk in the Bureau calculated the capacity of the still at 3,000 proof gallons per 24 hours because he disregarded the fact that this still was constructed to distill a heavy bodied rum of the Jamaica type by slow fire. In the Hawaiian Islands, a penal bond like a distillery bond is practically a cash matter. Therefore, for a \$100,000 cooperation to furnish a \$100,000 bond is a great hardship.

Word has just been received that the Bureau has reconsidered and is approving the present bond subject to future check. I have convinced myself in reading the manufacturer's affidavit that the actual capacity of the still is 36 proof gallons per hour and I am fully convinced that at no time ever will this still produce more than 864 proof gallons per 24 hours. I am sure that in the inevitable check of the distillery's operations, the Bureau will find that such is the actual fact and case.

I will appreciate anything you can do to smoothen out matters.

Many thanks and aloha!

Dear Jack,

The last year has slipped past the post pretty fast. However, a few things happened during the recent election that marks the year as an exceptional one - the first Democratic Governor in about 100 years. Jim Budd, forty years ago, only masqueraded as a Democrat. Olson is the real article. Thus far he has announced only two appointments - bank commissioner, E. W. Wilson, a life-long democrat, and ardent New Deal supporter - and George G.

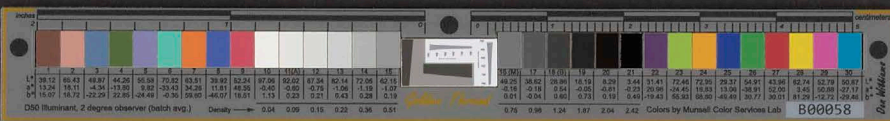

START

Kidwell, Director of Industrial Relations, likewise a thorough New Dealer, and for 20 years a square-shooter labor leader - he was on the labor committee of 5 that settled our retail stores clerks strike recently.

Besides these appointments, Olson has come out for many worth-while state measures, and is now in Washington consulting the Big Chief.

I have decided to retire from City service next July 1. We have bought a home in San Mateo. It is an old place, right in town, 50 ft west of main highway. You won't need a map to find it, as is needed to find most peninsula residents. It needs some work, which the boys and I are

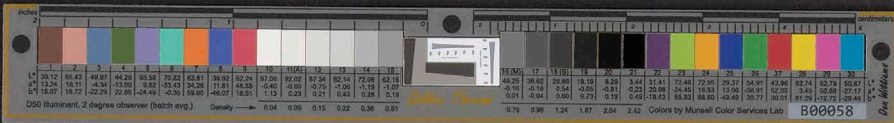

now doing. We won't move for a couple of months. We expect you there during our Fair.

Clarice and I attended a Knight Templar installation a few nights ago and met Jim Langford, who is one of the Big Moguls of that order. He is full of pep, as usual.

I think Walt Hyde has gone back to the family ranch near Sonoma, where his brother has run things for many years. Walt was doing construction work for the city, which is finished, for the time being.

I am a candidate for membership on Olson's new Fish & Game Com., 5 members, no pay, but a virgin field for worth-while accomplishment. This Com. spends \$1,500,000

annually to no purpose.
I have support of supervisor
Jim McShuby, vice chairman of
Olson's northern Cal. campaign
Comm., and Jim Shelley, our
now S.F. state Senator. Also,
I think I will get Wilson &
Kidwell, both of whom I have
known & worked with for
20 years. They are out of town
right now. Of course I will
get help from a score of others.

Clauce joins in hoping
you are succeeding in your
many endeavors, and in
wishing you and Mrs. W. a

56 RUSSELL STREET
MILTON, MASSACHUSETTS

Monday, Dec. 19th, 1938
741 Canton Avenue,
Milton, Mass.

Dear Johnie & Jennie:

The 2 bundles of lai arrived here at my door on Saturday morning, Dec. 10th--- 8 days in transit! Quite remarkable I think.

I can't tell you how much, not only I but all those who came to hear the first Talk on Hawaii by Alice Cooper Bailey last Tuesday, most of whom had been to Honolulu or were from Honolulu, enjoyed the lai.

The red stalks stood out beautifully against a background of blue hangings (old cotton sheets which I tinted to match the blue on the wrong side of some blue & brown Samoan tapa). In front of the blue hangings I had placed an oblong table which reached across the space, over which I had laid a piece of blue (right side up) tapa --- a deeper tone than the hangings --- and on one end of the table I had a vase in which were the stalks of red lai. At the base of the vase I put a fantastic rose made out of the loose leaves of red lai, 2 or 3 loose leaves laid out flat, and twisted around the rose & hanging over the edge of the table was a dubonnet carnation lei. This carnation is a new & beautiful color --- dubonnet with a pink edge --- which lends itself so well combined with a deep powder blue color. Added to this was a short white carnation lei. It was really quite lovely and served well as a background for Alice Bailey's dubonnet with ~~xxxx~~ white print hohoku and light reddish hair. Behind Alice I had hung a piece of Samoan tapa --- wrong side out, and the same on the other side as a companion piece. Then beside her was a vase containing the green & red lai stalks. On the dining room table for the centre piece I had a flat lauhala tray on which were one of the miniature lai stalks, two lai roses made out of the green lai, a ~~short~~ red carnation lei appearing out of a green lai puolo, a flat lei made out of some yellow small crysanthemum flowers --- all of which I arranged like a garden basket and which set upon my yellow damask table cloth (which originally came from Sproul's linen shop on Fort Street years ago).

In addition to all this indoor decoration, I made a puolo of the green leaves --- I am sending you and Jennie a photograph of it --- out of which hung a red carnation lei which ~~was~~ represented HAWAII'S HOOLAMALAMA over ~~thextwax~~ ~~xxxxkaikikaki~~ her kaikamahine.

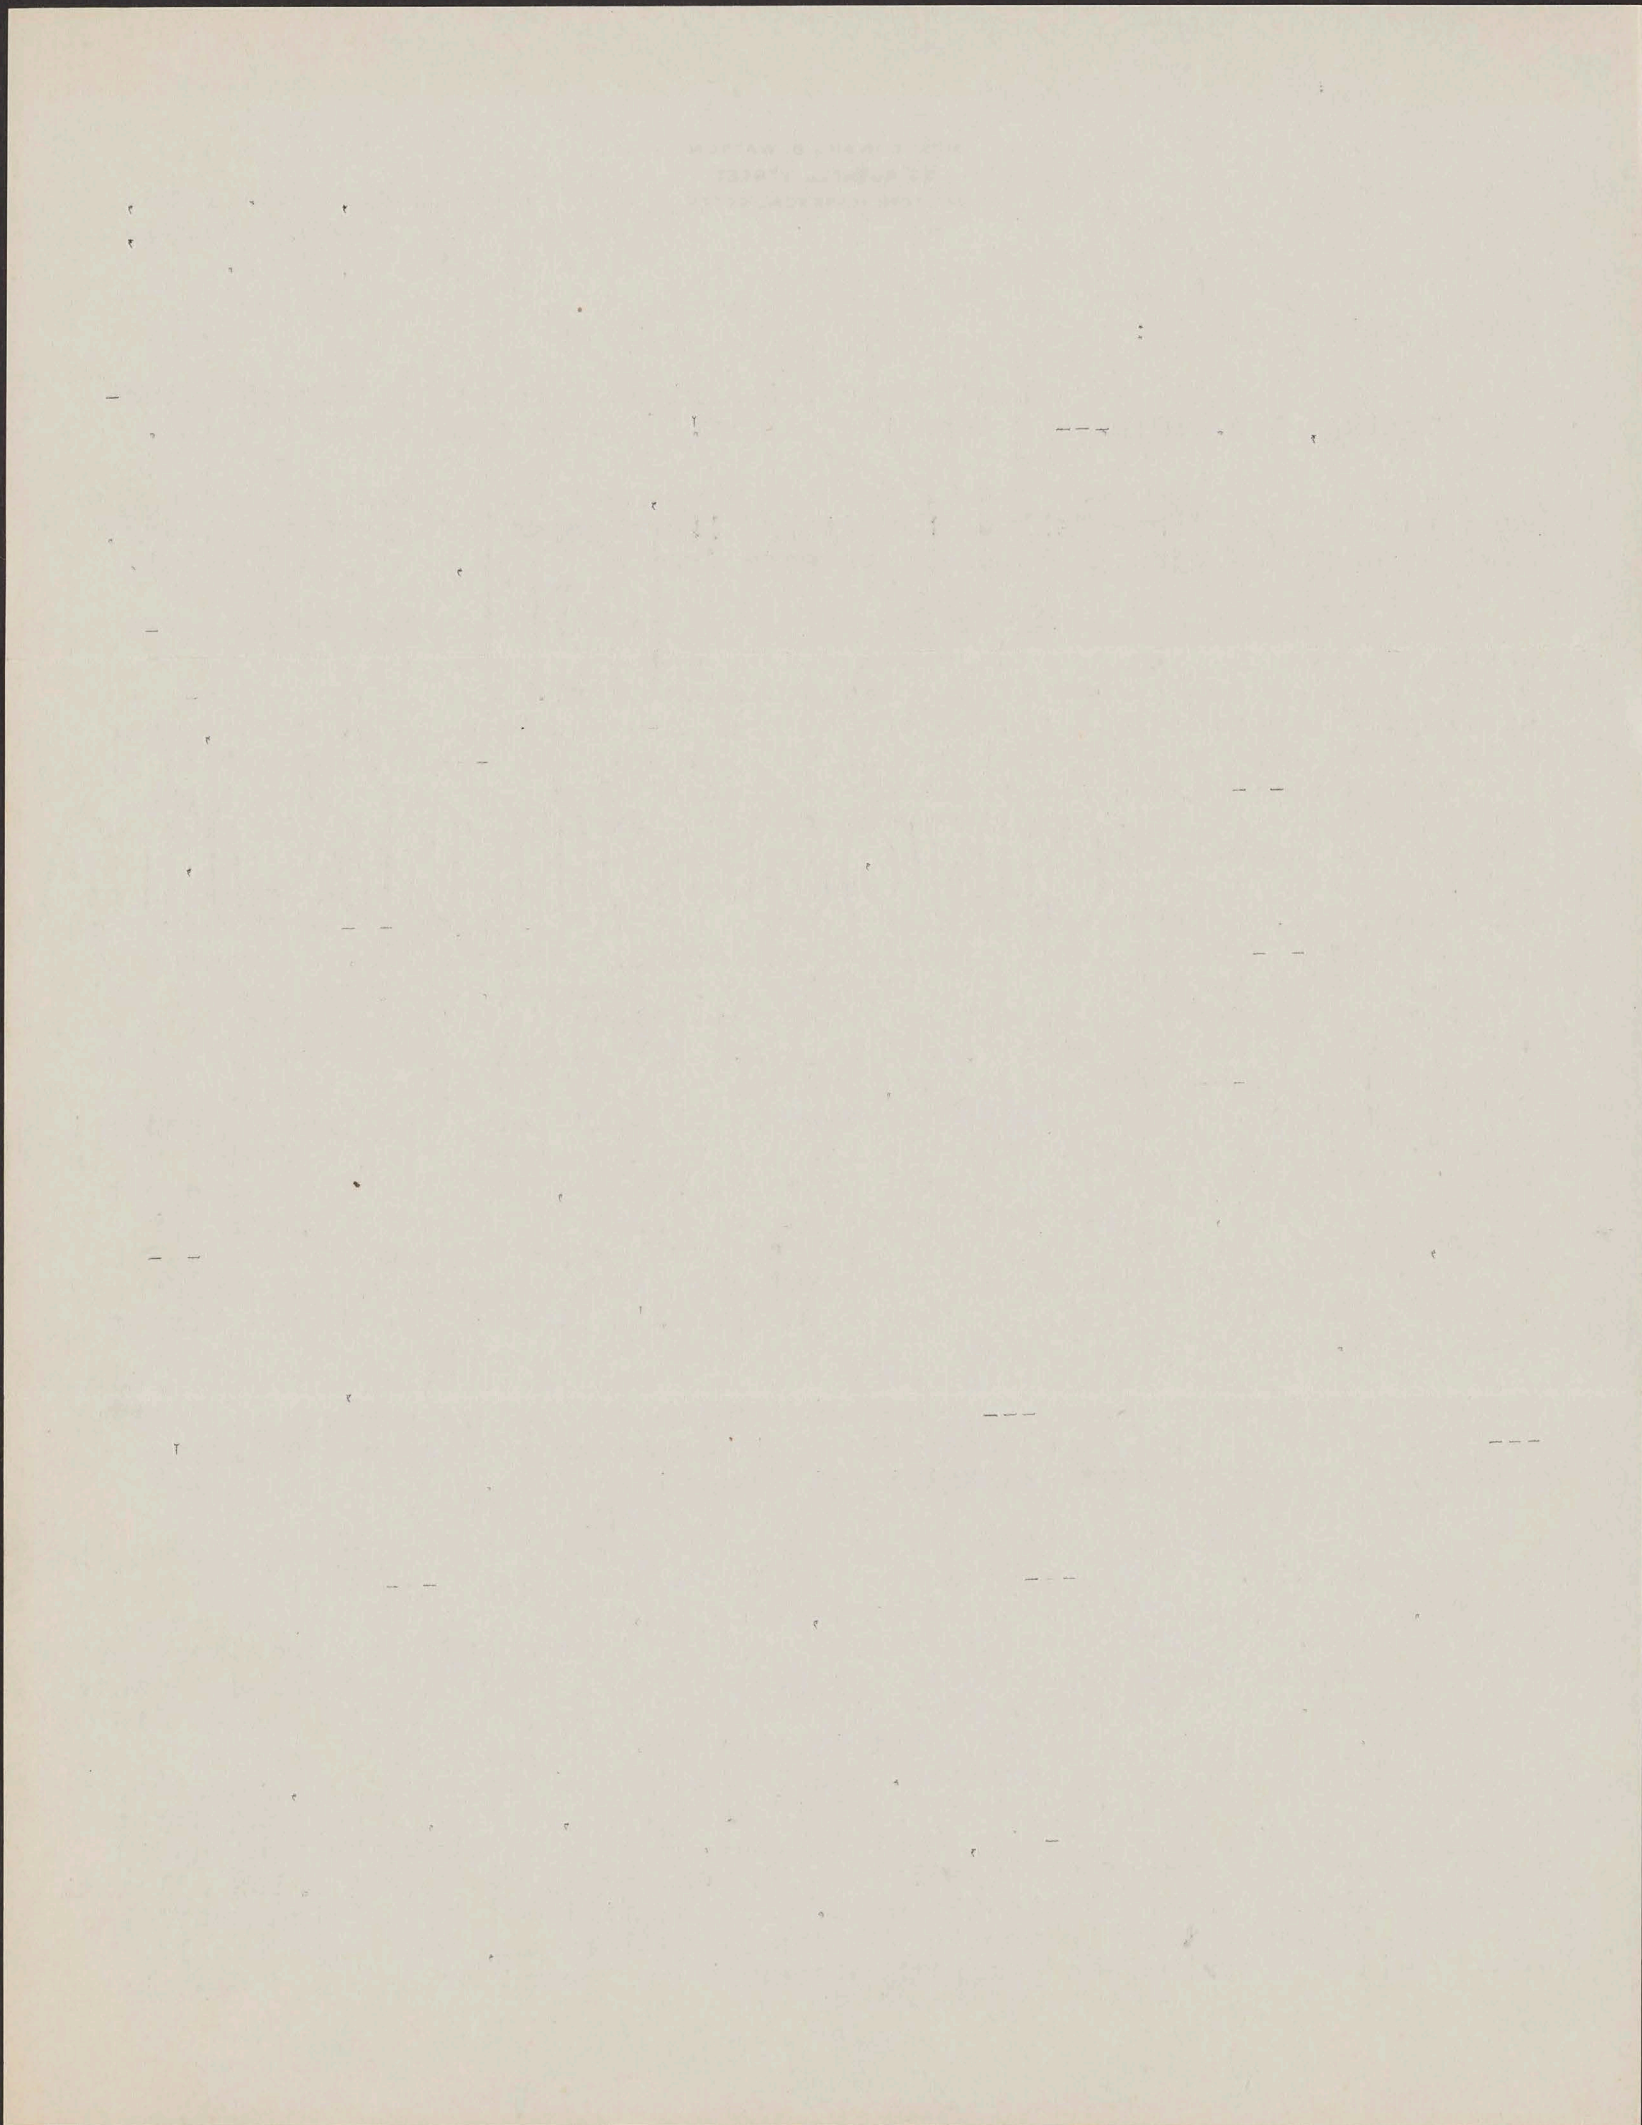

You will want to know how the lai came through packed in the way you did. Many --- and it is fair to say "most" --- of the red leaves, even the innermost young ones, were bent and crumbled at the very tipmost ends. I could not understand why the innermost young ones were so crushed because the young ones of the green stalks were NOT crumbled as were the red ones. On the whole they did not come through as well as they did last June. My manao on this point is that they DO NEED some moisture around them during transportation. All the leaves looked dryer, and they are drying up more quickly than they did last June, which, I have no doubt is also caused by the dry-air, heated house. I think that the stalks did slide toward one end of the byndles which were heavy enough to bring all ~~their~~ their weight on the delicate tip ends. I am still of the opinion that the only way to avoid this is to tie the stalks to the box, and next time I shall mail a container to you with pieces of cardboard between so that the

stalks can be separated from each other.
ABOUT PACKING: From our experiments thus far, I think the moss --- wet then all excess water squeezed thorough out --- acts as the best medium of moisture for transportation. IN ADDITION: I shall send you some **THESS SIDE UP** labels as a last resort to remind the handlers of what the bundles contain.

Johnnie, I notice that the postage on the packages amounted to \$5.80 --- counting stamps & special delivery charges. This would not leave you any payment for the lai stalks. I am sorry to say that in the excitement of opening the bundles and starting work on my fantastic roses & puolos, I did not count the number of stalks you sent. But, I certainly do not want you to be the loser on this order so am enclosing what I hope will cover the lai. Jennie, you mustn't let Johnnie put in the lai as a manuwhi. Perhaps I'm really making a lot of trouble for you both, and if I am, won't you please tell me: "Nui loa ka trouble!" Well, I'm not going to apologize any more because I feel that if I am giving you too much work & trouble with it all, you would not hesitate to tell me so --- family associations or not --- for the last thing I want to do is to impose on my friends.

How is Jennie? I hope you are both well and that 1939 will deliver bundles of happiness, good health, and the where-with-all to enjoy it to your utmost.

Hon. John H. Wilson,
Post Master,
Honolulu, Territory of Hawaii.

Dear John:

Mrs. McDonnell and I have hoped and wished for years that we might visit and spend a brief vacation in the Hawaiian Islands. It now appears that our hopes are going to be fulfilled, for we have made reservations on the steam ship Lur-line which arrives in Honolulu Wednesday, January 25. We are planning on a sixteen day stay on the Islands. I have made reservations for stopping at one of the Moana cottages.

During our stay, I hope to have the pleasure of a little visit with you. Incidentally, I hope to meet some of the municipal officials that are now in power, not that there is any immediate engineering prospect, but there might come a time when our services might be utilized by the city either in the utility rate investigation line or in improvements.

I am not mentioning these matters anticipating that you might meet us or entertain us, for we do not want you to put yourself out in the least, for we are the kind that do not seek or crave entertainment, and we have a good time wherever we are, but I just wanted you to know that we are coming, and shortly after arrival would like a little chat with you for I am sure that you could give us some valuable information as to the things we ought to see that would be of interest and not waste any large amount of time.

With kindest personal regards and hoping to see you shortly after we get settled,

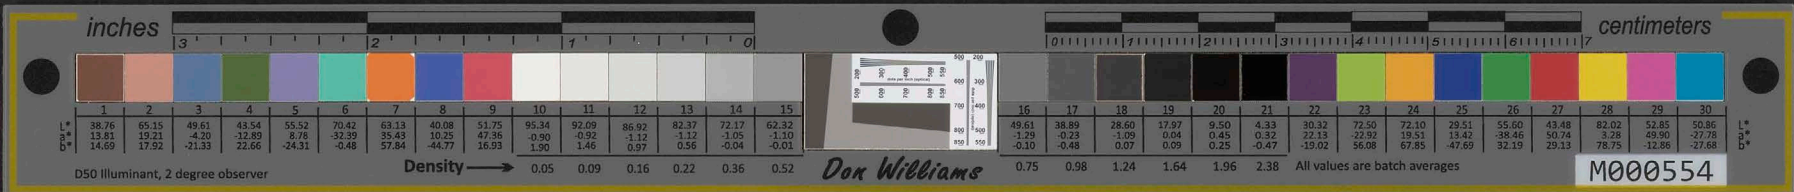

Sincerely yours,

R. E. McDonnell
