Dear Mr. Wilson:

Your letter stating that you would be on the mainland for awhile, was most welcome.

Mother and all the girls had such a delightful time in Hawaii, and especially enjoyed the visits with you and your family.

Now, John, be sure and plan on visiting us in Dixon as we all want to see you. If you are going to stop in Chicago, I would like very much to have you let me know when you will be there as we are often in on business and you could probably inform me where there is a good Hawaiian orchestra. So, if it is convenient, write me, or telephone my son, Douglas Shaw, at the Shaw Chicago Printing Plant, 3252 West Lake Street, phone Nevada 6242. But whatever comes or goes, please plan on stopping in Dixon.

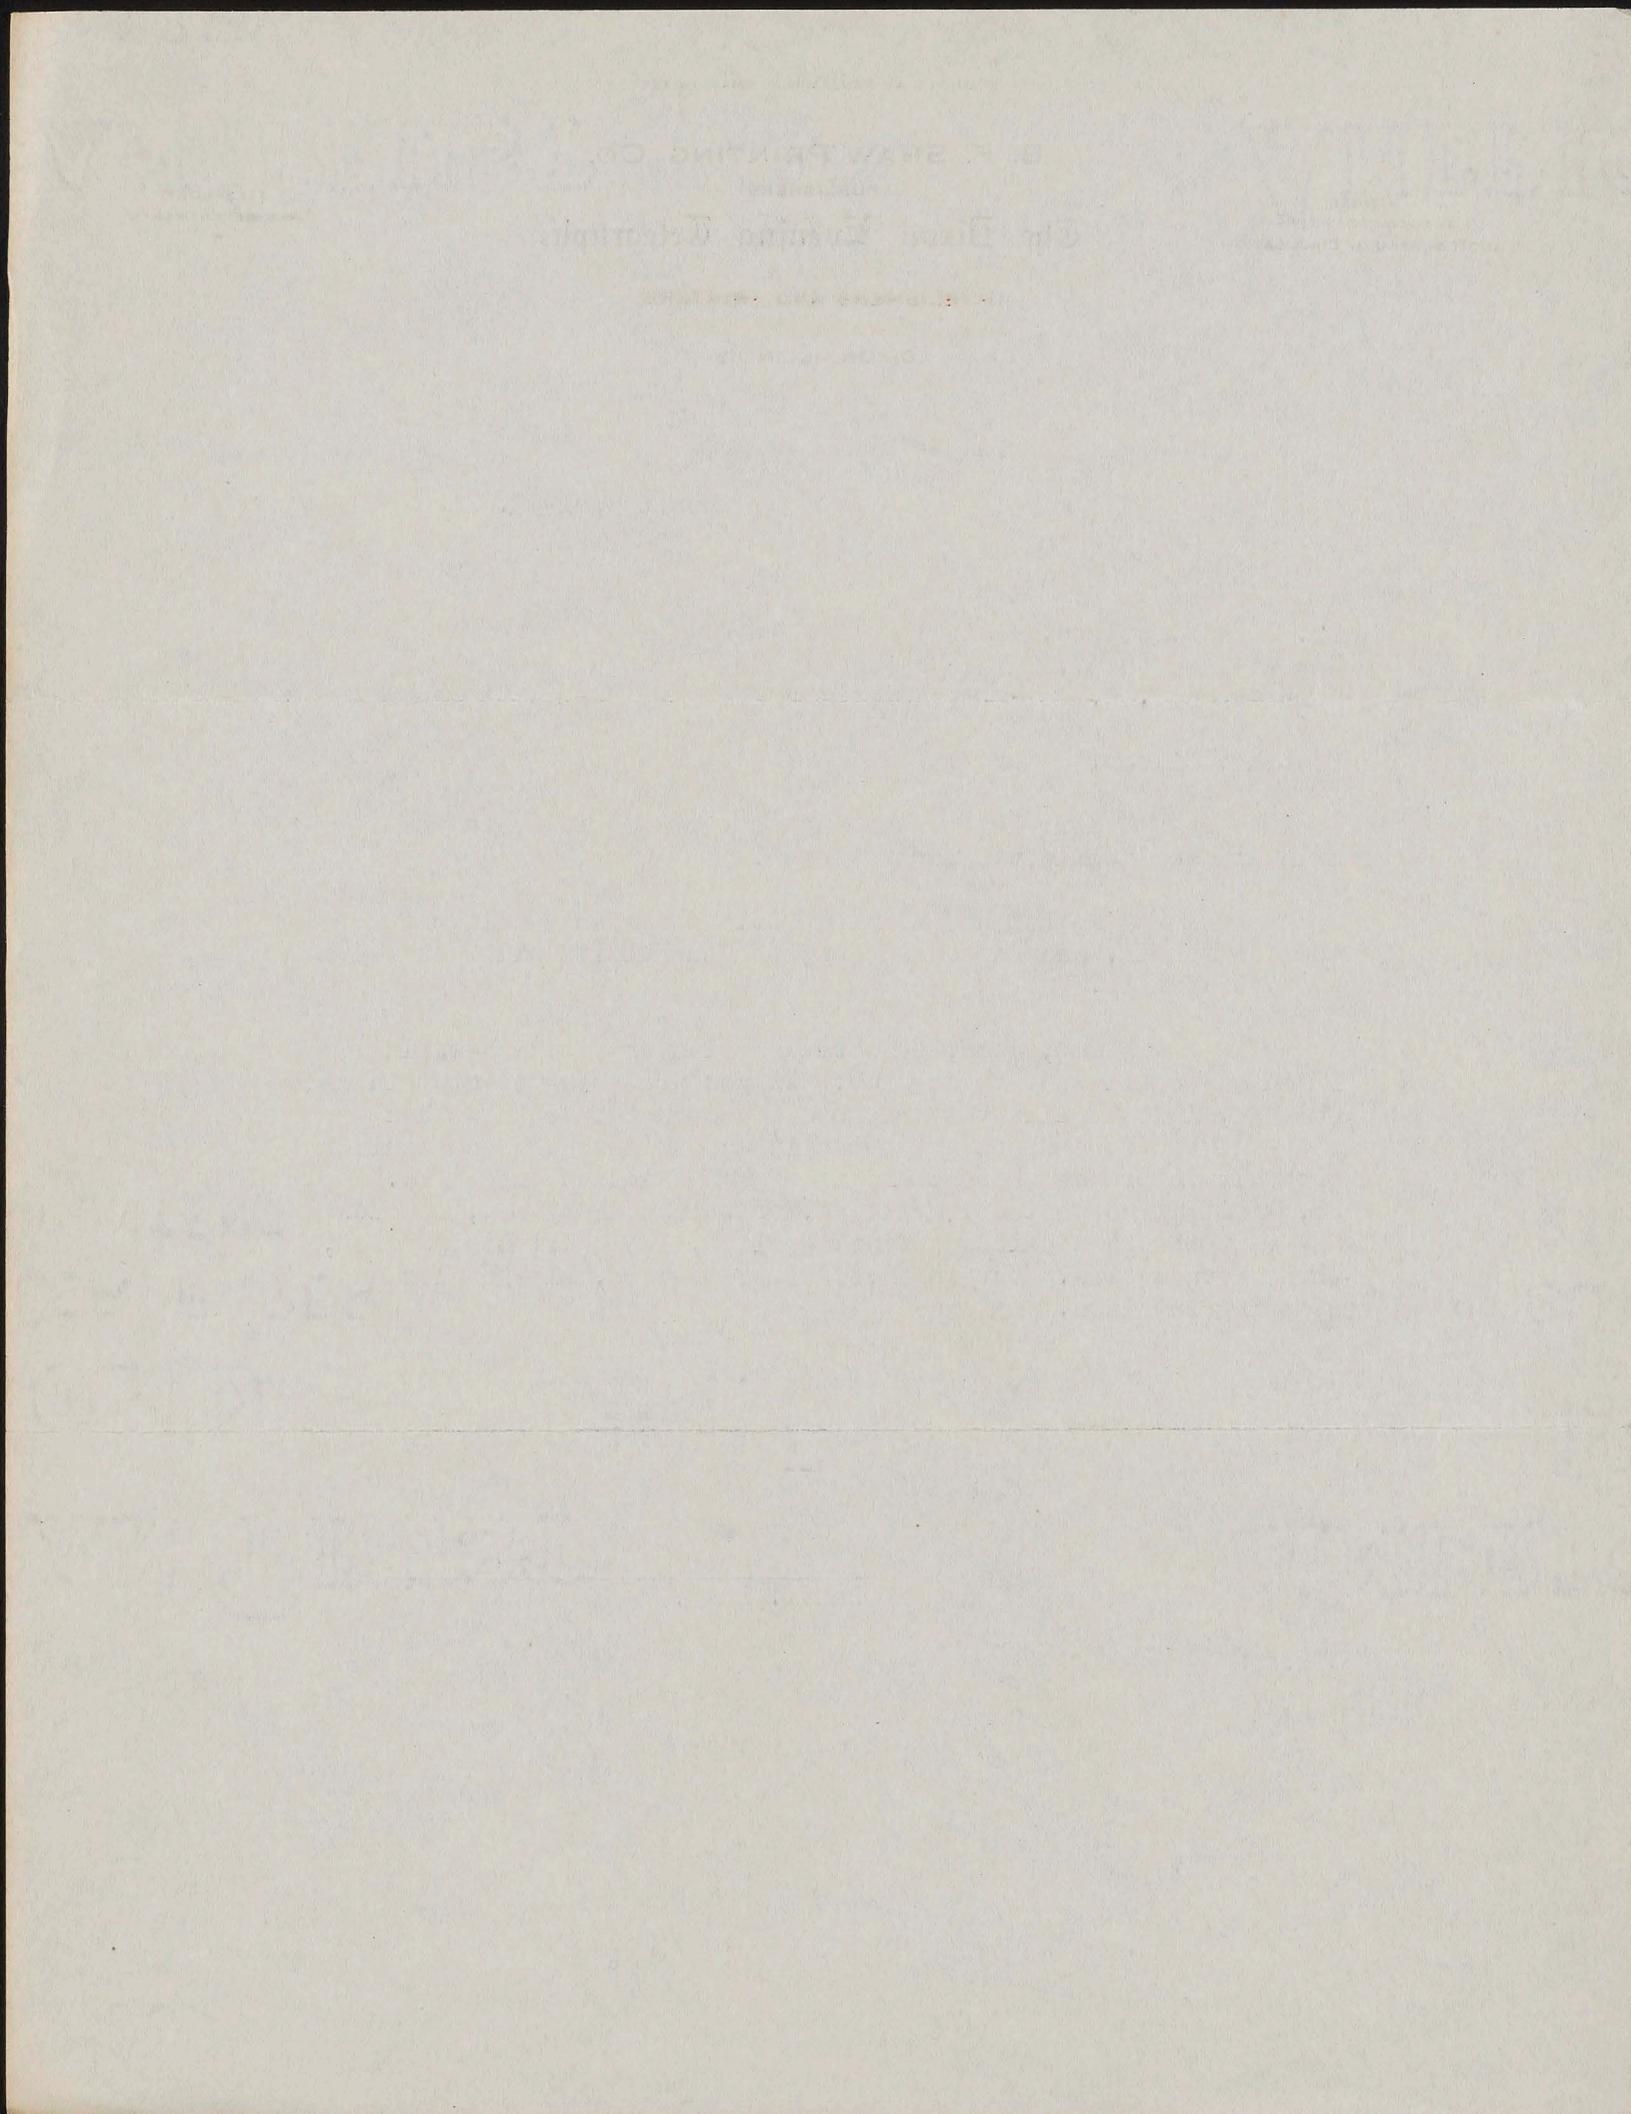

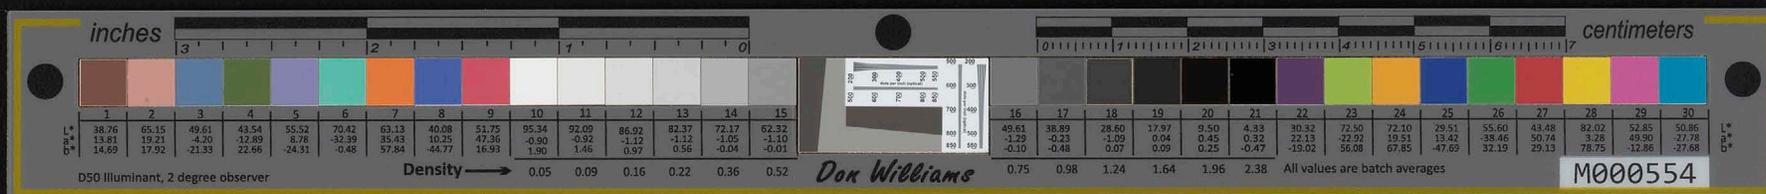

Hoping to see you soon, I remain

Yours sincerely,

Mr. John H. Wilson  
Hotel Willard

Dear Mr. Wilson:

**VIA AIR MAIL**

quoting from a letter received from Self-Locking Carton Co., Los Angeles, dated March 20, 1939.

"We have entered your order for John H. Wilson, Honolulu  
5M Honolulu Brand printed in green @ 13.00

The sample seals that Mr. Wilson would like to have quotations on have been investigated and for your information I offer the following:

5M Seals of each color----1.10 M, and a plate charge of \$7.00, if  
Mr. Wilson does not have his own plate.  
25M Seals of each color-- .68¢ M or .80¢ per M if Mr. Wilson has plates.

It is quite evident that unless Mr. Wilson buys seals in very large quantities, it would be cheaper to have them made in Honolulu.

Regarding the samples of seals which we sent you, and that we carry in our warehouse at all times, we are sorry but it is impossible for us to make any changes on these seals with regard to either color or printing matter. We purchase these seals in large quantities, and therefore, we are able to give our customers the best possible price, and, naturally, could not run up small quantities varying in color or printing matter at this 75¢ per thousand printing price."

One of my customers helped Mrs. Wilson setup the new type cartons so that she would get a good start with them. Last week she used up the one carton (250 boxes) and yesterday I suggested that perhaps she had better take two cartons so that she would have enough until the others arrive.

I trust this finds you in good health and enjoying your stay in Washington.

Very truly yours,

Mr. M.B.Henshaw,  
Honolulu, Hawaii.

Dear Kelly:-

Arrived in Washington Sunday morning and immediately got busy making connections so that by 2:00 P.M. I was in conference with the Senator. After a 2 hour talkfest I was ready to meet Mr. Shaughnessy.

I did not call on Mr. Shaughnessy yesterday, (Monday), as I had to report at the P.O. Dept. and I also had to give the Senator time to speak to Mr. Shaughnessy.first.

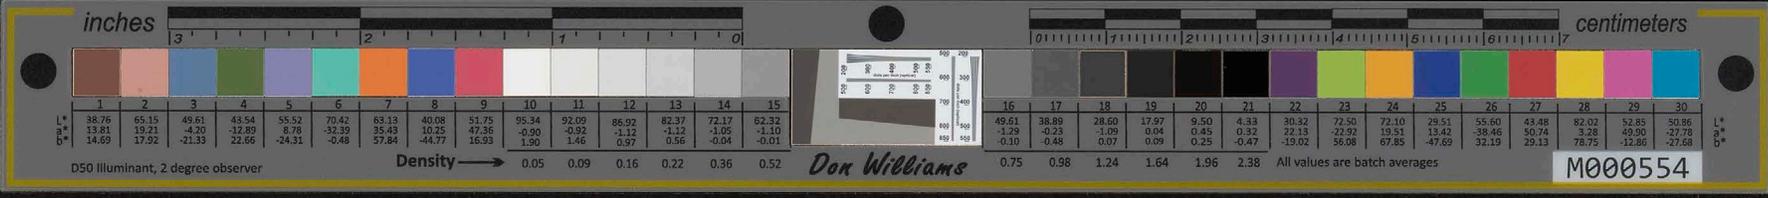

This morning, I called on Mr. Shaughnessy and of course, he, like all of you lawyers started to stall by saying the case had not yet reached them and that I had better wait until the case had been reported from Honolulu."

In answer I told him he should make allowances with me, as I was not a lawyer and therefore was not familiar with the regular procedure. But, was interested in seeing that public servants conducted themselves along honorable lines. I then named Sloan and Martin as the two Inspectors in Honolulu who were railroading innocent people out of the country. He took offence to my statement and wanted to know if I could substantiate my charges, I said, "yes" and would refer him to the records of the case, so I related the case.

I told him I had two interests in this matter, first, Mrs. Tagawa and her 7 children and as a politician, the democratic party had to defend the actions of the administration. Then I related that the two Inspectors, Sloan and Martin were under oath to observe the law and see that the laws of the nation were carried out and they were the first to violate their oaths and in the eyes of the Oriental population of Hawaii, which are endeavoring to Americanize are the first to violate their oaths. The Senator said, "if what I say is true, which he felt must be so otherwise, I would not make it, he would prefer charges against Sloan and Martin and any other Inspector who are their own stoil pigeon etc. I made special stress of this point, and by the time I left Shaughnessy he was not so cocky.

Before leaving Honolulu, I had Tagawa furnish me with

In answer I told him he should make allowances with me, as I was not a lawyer and therefore was not familiar with the regular procedure. But, was interested in seeing that public servants conducted themselves along honorable lines. I then named Sloan and Martin as the two inspectors in Honolulu who were raising income and people out of the country. He took offense to my statement and wanted to know if I could substantiate my charges. I said, "yes" and would refer him to the records of the case, as I related the case.

I told him I had two interests in this matter, first Mrs. Tagawa and her 7 children and as a politician, the democratic party had to defend the actions of the administration. photograph of himself and family. Upon leaving Shaughnessy, <sup>he</sup> asked if he could have the picture, which of course I was glad to accommodate him by leaving it with him.

A new thought has occurred to me and that is as follows:-

Call in Mr. Sam A. King, Attorney at Law, Bowen Bldg., 815-15th. N.W. Street, Washington. Sam is a brother to Senator King. I have not mentioned the matter to him nor have I suggested the idea to the senator that I had any intentions to engage his brother Sam.

Frank Thompson's man has not appeared upon the scene yet, and as this matter will be dragged out for many weeks and may be months I do not think it would be the correct thing for me to stay here while on the Federal Pay Roll. I can keep busy with the P.O. and also do what I can with the department of immigration for the next three or four weeks, but, not much longer, hence, I offer the King idea for your consideration.

I sent you a cablegram Sunday evening which read as follows:

"REPORTED SLOAN ON MAINLAND INQUIRE WHEREABOUTS"

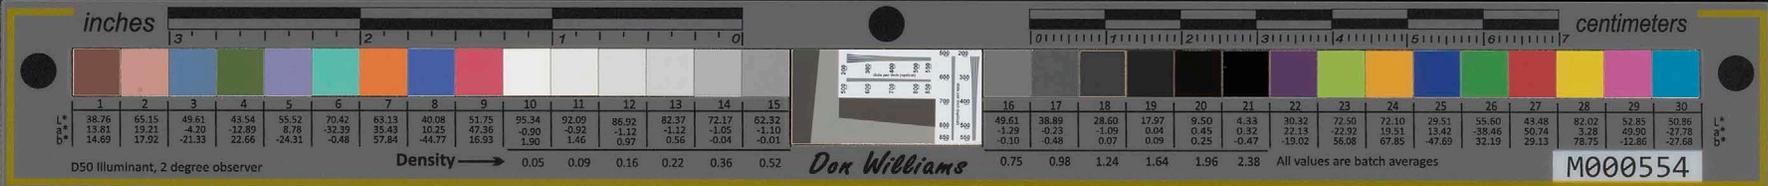

While in San Francisco, I met a person who said Sloan came over a few days before I arrived and was on vacation. I wanted to know whether he really was on the mainland or not, hence, the cablegram. If he is here, I wish you will let me know, as we may be able to put him on the carpet while I am here.

Yours with aloha,

## FRANCE BANS WARNERS PIX

### Government Refuses Permits On All Films For Two Months After Showing Of 'Island'

Paris.—The threatened ban of Warners pictures as a result of the partial American release of "Devil's Island" became a reality yesterday when orders were issued refusing all releasing permits to any Warners pictures for a period of two months. An official, high in the Government, who asked that his name not be linked with the story, stated, "We warned Warners not to make the picture, and after we found they had disregarded this warning, we told them that should the picture be given exhibition any place in the world we

### Disney 'Dwarf' Song Causes 250G Action

New York.—Modist Altschuler filed a \$250,000 plagiarism suit in supreme court yesterday against Walt Disney Productions, RKO, Irving Berlin and Frank Churchill. Plaintiff asks for an injunction and an accounting charging piracy of his song, "Russian Soldiers Song" in Churchill's tune, "Whistle While You Work" from the picture "Snow White." Answers filed denying the charges, claimed that the song is uncopyrighted and in public domain.

### MGM Gets Behind 'Chips' With Ad Splurge

MGM is planning to push forward the release date of "Goodbye Mr. Chips," which Sam Wood directed in Denham, following a projection room showing to execs. A heavier exploitation campaign than originally scheduled will be launched immediately.

### Republic Buys 'Command'

Republic has closed a deal with W. R. Burnett for screen rights to "Dark Command."

### Republic Announces Program Of Fifty Features, Four Serials

Republic will announce a program of 50 features and four serials at the opening session of the southern regional sales meet at the Rice Hotel in Houston tomorrow. The feature schedule will include 26 "A" pictures and 24 westerns. The lineup consists of four deluxe productions: "Seven Million Dollars," by Sinclair Lewis; "The Dark Command," by W. R. Burnett; "Two Orphans," by R. D'Enery and "Wagons Westward," by Armstrong Perry. There will be six anniversary specials: "Lady From New Orleans," by Russ Westover; "Storm Over India," by Achmed Abdullah; "Guilty of Treason" (Continued on Page 9)

### Loew's Divvy

New York.—Loew's Inc. yesterday declared its regular dividend of \$1.62½ on the \$6.50 cumulative preferred, payable May 15.

### 'Dodge City' Big In East Key Spots

New York.—It looks as if the Warners plug is doing the trick for "Dodge City." The picture opened in five eastern spots for Monday evening premieres, and each house did more business on the evening than they ordinarily do for the whole day. The take at New Haven was \$1003; Hartford, \$903; Bridgeport, \$740; Worcester, \$680, and Springfield, \$781. The picture opens in 600 theatres during the next two weeks, and the playdates have been limited during this period due to every available print being spotted.

### Goldwyn Borrows Sheridan For 'Gold'

Sam Goldwyn has borrowed Ann Sheridan for the femme lead in "Black Gold," which goes on the shooting stages early in May. The story is an original by Houston Branch and is now in script.

### Fenton Directs Robert Montgomery In 'Desire'

Robert Montgomery's next feature for MGM will be "Stronger Than Desire," which starts next week. John W. Considine Jr. will produce, and Leslie Fenton directs.

### Pan Leaving RKO

Hermes Pan, who was under a dance director's contract to RKO for seven years, checks off the contract roster following completion of "Little Mother."

### Goodwins Megs 'Wept'

Les Goodwins will direct RKO's "The Day the Bookmakers Wept," Joe Penner feature which Bob Sisk will produce.

### 'Midnight' \$8500 Bow

New York.—"Midnight" opened very strong at the Paramount yesterday, with a click \$8500.

### O'Brien, Garfield Paired

Pat O'Brien and John Garfield will feature in Warners' "Dust Be My Destiny." Jane Bryan draws a topline.

• UNIVERSAL has something in its sound department that gives better sound, particularly to songs and musical accompaniment, than the recording in any other studio. It may be the sound engineers; it may be a better recording generally; maybe a new gadget here or there, but whatever it is, most of the other studios should find out about it.

• Our attention was called to the fine U production again at the Bing Crosby preview Tuesday night. Bing never sounded better in his life. Both his low and high notes were as distinct and mellow as if he were standing next to you. The reproduction of all the dialog was excellent, reminding us that Universal has something there that the others have not been able to capture yet.

• And speaking of Crosby and Universal, reminds us that the preview audience at Glendale which sat through "East Side of Heaven" gave out with more enthusiasm than we have heard in a theatre in quite some time, particularly after the story introduced that baby. What a baby, and what a mess of film must have been exposed to get all his (or her) facial reactions. Those antics stole the picture, and will give almost any audience hysteria, which should result in Universal and Crosby (who financed part of the show) making quite a bit of money out of it.

• Universal IS looking up; it is getting out some of the best pictures the company has had for many a day. This fine quality coming from U right at this time, should shove the whole picture business a few notches higher in the boxoffice take, and that, boys and girls, is the answer to this business. The further the progress of Universal or any other company, the greater the progress of the whole picture business.

• It's doubly better to find that progress coming from a quarter you least expected a year ago. With all the trouble Nate Blumberg and his gang were having keeping Universal's feet on the floor, the best anyone could hope for at that time was that U would hold together. It has that, and is now grinding out some hit shows, and more will follow.

## RAMBLING REPORTER

That "venomous" article in the current Liberty titled "Hollywood Treated Me Like a Leper" and carrying Elaine Barrymore's by-line, was actually written by Mayme Ober Peak, Hollywood correspondent for the Boston Globe! . . . We hear Jack (Irish Thrush) Doyle, still pining in Mexico awaiting his American entry on the new quota, is SUCH a lonesome guy—He descended on Gloria Stuart in Tijuana last weekend like a voracious locust, he was that happy to see a friendly face! . . . Edna May Oliver is kicking up her heels with the youngest ones in that "back to back" dance routine on the "Second Fiddle" set and earning wild applause from the gang. . . . What talent exec of what major lot tried to pick up the WRONG girl on a street corner the other day?—Gal is an ex-topnotch film player in need of a job!

Mrs. Alice Hope (Bob's aunt) is president of El Segundo's Chamber of Commerce, and keeps her bouncing nephew SWAMPED with "official" requests for autographed star photos. . . . Maybe we're slow on the uptake, but we just learned that if a columnist prints the DATE and TIME of a studio preview in advance, exhibs can demand a cut price on the print, claiming it's a "second run" feature! . . . Incidentally, "Back Door to Heaven" previews Friday night at the Paramount. . . . Pat O'Brien back from Del Mar for script conferences on "Heaven on a Shoestring," his loanout job at Para. . . . On hand at "The Lady's From Kentucky" preview last night were George Raft and Virginia Pine, Ellen Drew, Al Hall and Lucille Ball, Zasu Pitts, Olympe Bradna and her parents, the Hugh Herberts, Martha Raye and Dave Rose.

Motion Picture Artists Committee takes over La Conga tonight with proceeds going to Spanish war orphans. On the committee are Gale Sondergaard, Lewis Milestone, Dorothy Peterson, Melvyn Douglas, Dudley Nichols and Donald Ogden Stewart—Guests will include Joan Blondell and Dick Powell, the Jimmy Cagneys, Karen Morley and Charles Vidor, the Ira Gershwins, Louis Hayward and Ida Lupino, Ella Logan, Milt and Mrs. Gross, Michael Uris and Dorothy Tree, Mr. and Mrs. Bernard Vorhaus, the Frank Tuttles and the Albert Hacketts. . . . Bob Taylor and Barbara Stanwyck huddling with architects on plans for their honeymoon house. . . . Pat Morison's brother, Alex, is beauing Judith Barrett everywhere. . . . Tonight, Larry and Everett Crosby host a crowd of film and music names at the Beverly Wilshire's Florentine Room toasting songs from Bing's new music comedy, "East Side of Heaven."

Mrs. Abe Lastfogel playing hostess to Nancy Kelly, Tommy Wonder and Nancy's parents—Also dining out, Harold and Mildred Lloyd, Bob Burns, Reggie Gardner, Phyllis Brooks, Cary Grant and the Rufus Lemaires. . . . Three chorus boys walked into a Sunset soda fountain. One asked the jerk for a strawberry ice cream soda. The second called for a vanilla ditto soda. The third said: "I'll take plain water, please. I have to drive these two boys home!" . . . Betty Borden and the Playboys open tonight at Victor Hugo's. . . . Helen Wood and Joe Graham a new twosome. . . . Adolphe Menjou and Sinclair Lewis talking volubly over lunch. . . . Warners is testing Bubbles Schinasi (Mrs. Wayne Morris) tomorrow.

The stuff's DEFINITELY off on the Dick Purcell - Vicki Lester domestic merger. . . . Lend an ear to the crooning of Muilana, dusky Hawaiian sister of Andy Kona, who sings with Andy's band at Hollywood Tropics. When she puts a whispering flair to "King's Serenade" you'll sell your valley rancho for a square yard of Waikiki beach! . . . Pardon an "I told you so" from us on the wow performance of tiny Sandy Henville in "East Side of Heaven"—Her name was the chief topic on every tongue after the Tuesday preview. . . . Swing Notes: Largest sale of advance reservations in L. A. history is for Artie Shaw's opening April 19 at the Palomar! . . . Buddy Rogers opens April 14 at Topsy's in Southgate. . . . Kay Kyser takes over the Catalina Island Casino May 26. . . . Pinky Tomlin's band bows at the Biltmore Bowl May 1. . . . You can bet all the tea in China that Benny Goodman will NOT open at the Coccoanut Grove!

After listening to the Rosalind Russell broadcast of "For Us the Living" last Sunday, Senator William E. Borah sent her a wire: "Your 'For Us the Living' was about the best thing I have heard on the radio." . . . Joe Schenck has postponed his trip east, which was to start Sunday. He remains here to greet "Nick," who is arriving a week from tomorrow. . . . Back in 1928 young Robert Kent was the leader of a pit orchestra in the RKO theatres. When the talkies finished those orchestras, Kent, out of a job, traded his fiddle for a typewriter, wrote three novels, then came to Hollywood to write scripts. He has been here since and his latest is "Charlie Chan in Reno." . . . After seeing "Love Affair," Sidney Lanfield wired Leo McCarey: "It's lice like you that make rats out of mice like us." . . . There was a tremendous turnout for the Thomas Mann dinner last night.

Norman Krasna has the formula; he invites the old love to dinner with the new love. . . . Garson Kanin is having a new thrill—he's six days behind schedule on the shooting of RKO's "Little Mother." . . . It's a shame the public could not hear the right story of the "smuggling" by George Burns and Jack Benny. The facts are that neither actually realized what he was doing at the time it was done. . . . When Heifetz finishes his present two weeks of additional takes on Goldwyn's "Angels Making Music" he will have been paid \$100,000 for the picture. He got \$75,000 for the original shooting, and gets \$25,000 for the two weeks of additional scenes.

Leeds will start directing as his third Withers picture on May 1. My dear Kini:-

Lino received my letter which left San Francisco by Clipper the same day I arrived in San Francisco, so I guess you received the letter I wrote to you by the same mail.

As stated in my letter written upon arrival in San Francisco, I left the same evening as we arrived that is Wednesday evening at 8:00 o'clock. I accompanied the Iaea girl to New York and turned her over to Ray Kenney and his wife who were waiting for us upon our arrival. I then continued on to Washington, waited only 30 minutes in New York, when my train left for Washington.

Upon arrival in Chicago, which was 9:00 O'clock Saturday morning, I telephoned to Beatrice Ross, who sent her husband for us and took us out to their home where we stayed and after lunch they returned us to the train which left for New York at 2:30 that same afternoon, so I hope you will believe me this time that I did not go somewhere else while in Chicago. When you see the Iaea girl she can tell you where we went.

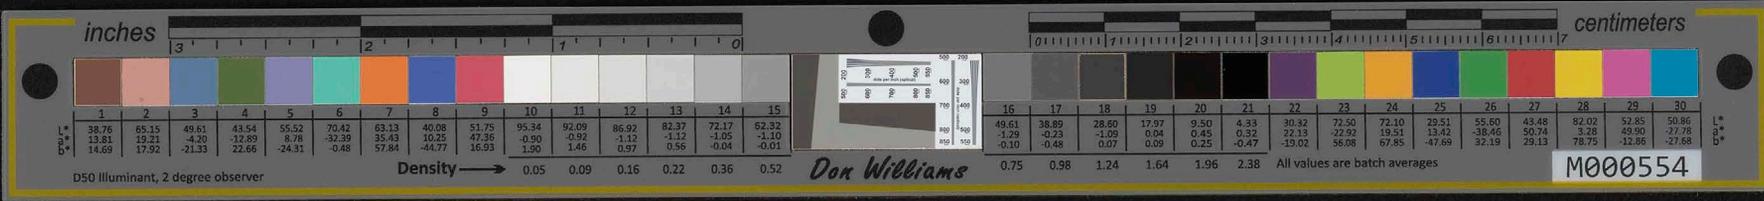

I arrived in Washington, Sunday about 1:15 P.M. and after getting settled and cleaned up at the hotel I telephoned Senator King who asked me to meet him at his office at 2:30 and it was not until 4:00 P.M. when I got through explaining to him all about Matsus trouble. He promised to do what he can. Infact, Monday he telephoned to Mr. Shagghnessy and while I was talking to him on Tuesday morning Senator King telephoned again.

I wrote to Henshaw that day as soon as I finished my talk with Mr. Shaughnessy as the Clipper mail was leaving that same afternoon and if the Clipper got away on time yesterday, Henshaw should have my letter by this time.

I suggested to Henshaw that I thought it would be best for them to let me engage a lawyer instead of me waiting here. I understand that this case may not come up for two or three months and if I am to stay here that long it would cost Tagawa too much money and again, I do not think the P.O. bosses would like to see me stay away from Honolulu that long.

Senator King has a brother who is a lawyer of good standing and I have known him for over 25n years. He was at one time the Democratic National Committeeman from Utah. If he was Tagawas laver

In my talk with Mr. Shaughnessey, he said, he could tell <sup>not</sup> me anything until he had received the papers from the Immigration Agents in Honolulu. He was glad to get the picture of Tagawa and the family as it gives them a good idea whether they are moelepos or not.

Senator King has one picture and he thinks it is a shame to have them treated the way they have. Senator King was wild alright and I think he going to raise some hell when the time comes.

One of the reasons I ask for King's brother to be appointed as the lawyer as he can watch for the case, otherwise, they may have the trial without the Senator knowing anything about it. If I am here aole pilikia loa as I can watch the case, but, as I am told by Mr. Shaughnessey that there are many cases before Tagawa, and they generally take up these cases in the order received, that is, first received will be the first attended to.

I am mailing you another check for Nakamura Feed store, but, don't give it to him until April 16th or any time after the 16th. Make sure that Mrs. Giles had deposited my pay check on the 16th before giving the check.

If the cartons arrive, you tell Mrs. Rubin to send the bill here to me or if the Los Angeles company send me a bill addressed to Honolulu Mrs. Giles will surely mail it to me here.

I forgot to mail a check to the telephone company. I kept the letter in my pocket and forgot to mail it until I arrived in San Francisco. I sent them \$13.85, which was in full to March 11th.

I had dinner with Sam King the first night here, Sunday, and they both want to be remembered to you.

Monday night I was with our old Inspector Mr. Aldrich. He looks well. Farley is sick in New York and is not expected to be here until next week.

Tuesday night I was with David Bent and Bill Heens son, Curtis who is attending school in Washington. I am now leaving to meet Mr. Reynolds, so will close, hoping everything is okay at home.

With best wishes and love,

Yours as ever,

JHW

Your letter dated the 1st was received a few days ago and as there was no mail leaving until this morning I did not answer until now.

The McDonalds wrote to me thanking me for the pictures as they received the picture a day after they had written the which you received.

Now regarding my car and the eggs. You should make Paul deliver the eggs every day (morning) in the Chev. He has a license and it don't take long to run to Kwai Yows. Kwai Yow will take two boxes every day at least, and you should not wait until he telephones for eggs.

The only one that you must wait for a telephone call is the Motor Coach Cafe. The pake on Kapahulu road, can and will take about 6 to 10 boxes per week, but, you must take it early in the morning around 8:30 and 9 o'clock before the Yee Hop man gets there, otherwise, we are too late.

I think you had better send my car down to Wong's Top Shop on Queen Street, next to the Brewery and have it repainted. Dang is partner with Wong. You know him. Tell him to have the car ready in two weeks. Tell him also to do whatever repairing that is needed to the cushions and inside of the car, but, do not touch the engine or any part of the machinery.

You are mixed up on Ernest Kaai's children. I did not say she was Ernest Kaai's daughter. You know the girl I mean, she is Amy's daughter before she married Ernest. The kuli that is a dress maker. Her name is Amy also.

If you get short of money do not forget to give Tom Lincoln a call. He owes about four months rent at least \$140. You should collect from Lee and Kwai Yow every Saturday, then you will have enough money to pay the boys.

I sent you a check a few days ago for Nakamura. I hope you received it.

I am going to dinner with the Reynolds tomorrow evening.

Your telegram which reads as follos:-

"RICHARD TRENT MAKE DICKER COKE PETERS KEMP APPOINT YOU BISHOP ESTATE TRUSTEE SUPREME COURT APPOINTIVE POWER GET BUSY."

was received by me last evening, but, I do not quite understand what you are trying to convey to me. I am sure you have some idea that would work to my benifit, especially if it was my luck to land a trusteeship on the Bishop Estate, but, some fellow must first die before there is a vacancy. As far as I know, no one has died.

As for filling the vacancy on the Supreme Bench, if I got out and worked for Kemp and Coke was reappointed or if I got out and worked for Kemp and Coke was reappointed I would have one of them on my back which ever way I worked, so I really do not understand what you want me to do.

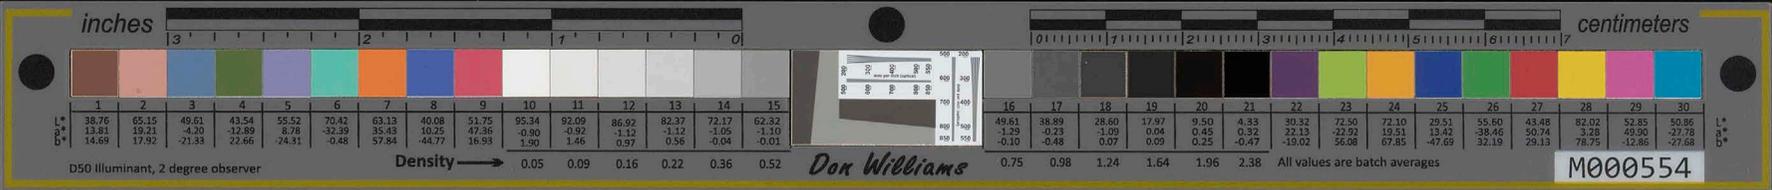

If someone has died or resigned from the Bishop Estate since my departure, the Supreme Court as now constituted can make the appointment to fill the vacancy. If you wish to inform me that something has happened to some member of the Bishop Estate, and that Trent is going to the bat for me, then I feel very grateful to the old boy and also to yourself for giving me the information.

I expect to be here for another week before I will be able to clean up my work. It has been quite cold except for a very few warm days, most of the time a fellow has to wear an overcoat. I have been pretty lucky since leaving home, that is I have been able to keep myself in the pink, no running of the nose. Most of the boys I call on I find them all hupe kole. Even Big Jim, was confined to his bed with the Flu the first week I was here.

I was surprised to learn from Bill Holt, that Margaret walked out on him and gone to someother town. Bill tells me the fight is over the kids. Bill has his little girl with him. From what I can learn from the Hawaiian boys that I meet here in Washington, they both have new partners. New age Bill.

I guess I have said enough for this time, so will close with best wishes and aloha to family and your good self. I am.

TERRITORY OF HAWAII  
HAWAII EQUAL RIGHTS COMMISSION  
HONOLULU  
U. S. A.

April 15, 1939

Honorable John H. Wilson  
Willard Hotel  
Washington, D. C.

Dear John:

I am very sorry that I was unable to get down to the boat to see you off, but as you perhaps realize, I was, have been, and am terribly busy, principally with this cock-eyed Legislature.

These clowns across the street seem to have gotten themselves all tangled up to such an extent that the Governor may have to extend the session after April 26th, which would do the Territory as a whole no good whatsoever. Civil Service has gone through both Houses, but the differences between the bill as passed by the Senate and the bill as passed by the House appear to be irreconcilable. A conference committee which tried to get it into the Governor's hands before last midnight, or the beginning of the period in which the Governor can pocket veto without giving the Legislature opportunity to override, failed lamentably, so that now the fate of whatever bill is passed finally is in the hands of the Governor alone. The Senate and the House also cannot agree on revenue measures and the suggestions for balancing the budget have included almost everything except tossing in the kitchen stove.

If you have any idle time while in Washington, I would appreciate it if you could check up on another one of these Federal Civil Service jobs for which I applied late last month. It is known as "Principal Information Representative, Wage and Hour Division, Department of Labor," and if there is to be established in Hawaii an office of this division, they might shift the job to that of assistant administrator in charge, judging from the qualifications, requirements, and duties. If possible, I wish you could find out from the Civil Service Commission how I came out and from the Wage and Hour Division what the prospects are of the establishment of an office of that division in Hawaii.

The Senate yesterday refused to confirm Dr. Slaton, Eklund of Hilo, Savage of Maui, as members of the Territorial Unemployment Compensation Board, principally because of the hot-water in which that board has been ever since its establishment. Perhaps, with a fair break, we might be able to obtain appointments to these three vacancies of some good Democrat and get a

strangle hold upon that outfit. Charlie Rosecrans and Caesar Jardin of Kauai apparently were confirmed as members.

Old <sup>M</sup>an Coll of the Advertiser has reached the conclusion that as a result of the monkey shines perpetrated by the Republican majorities in the Legislature, the Democrats should be able to elect majorities in both Houses in 1940. He is working on an editorial to that effect right now, and it will be interesting to see whether that editorial is ever printed in the Advertiser.

Louis tells me that he has wired the answers to the questions propounded in your airmail letter, and that Williams has written you regarding the paper. I have seen Williams only once since you left, and at that time he was rather discouraged. I tried to pep him up -- with what result I do not know.

With Aloha and best regards.

You may rest assured, I will accept your suggestion ~~to look up~~ <sup>phone</sup> your son upon arrival in Chicago for I will love to visit Dixon if only to see old friends, provided of course, I can spare the time.

My dear Bob:-

You no doubt will be surprised to receive this letter from Washington. I received a call for Washington on March 22nd and by the 24th I was aboard the S.S.Lurline and on my way.

I arrived here two weeks ago and hope to complete my work by Saturday this week, then I expect to visit New York for a few days visit before starting west.

Your letter dated March 22nd was forwarded to me here and only received a day or two ago. Yes, the pictures taken aboard the boat turned out fine and I am pleased to learn that they finally reached you.

I am enclosing a couple of snaps that were taken at the Mormon Temple at Laie, the day we took the trip around the island. They also turned out very good.

Mr. and Mrs. Jackson Reynolds was a ten day visitor in Honolulu after you left. Mrs. Reynolds was not in the best of health so Jack did not see much of Honolulu as he kept close to his wife the entire time. We were fellow passengers on the Lurline so I saw a great deal of him during the voyage.

If you happen to be here or in New York City, please look me up or tell me where you can be found.

I expect to locate Frank Andrade while in New York.

With kindest personal regards and best wishes to Mrs McDonnell and your good self, I am,

STATEMENT OF JOHN H. WILSON,

BEFORE THE BOARD OF REVIEW

*Tues. Apr. 18/59*

In connection with the proposed deportation of

one

Chas. (Kaichi) Tagawa

My name is John H. Wilson. I was born in Honolulu in 1871 and have continued to reside there ever since, having been educated in private and public schools there and in Stanford University. I am by occupation an engineer and contractor, which profession I followed for 25 years. I also served as City Engineer of Honolulu for four years, Mayor for ten years, and at present I have been Postmaster for four years. Since 1912 I have continuously served as Democratic National Committeeman for Hawaii.

I am grateful for this opportunity to appear in behalf of Charles (Kaichi) Tagawa, in whom and in whose family I am deeply interested. First, I have a personal interest in Mrs. Tagawa. She was raised by my wife and myself, as if she were our own. Mrs. Tagawa was born in Honolulu, a daughter of one of my oldest employees, and was one of the first Hawaii born girls of Japanese parents to register as a democrat. If I thought Mr. Tagawa was guilty, I would not be here making an appeal to save him. I feel he is a victim of circumstances. I have known him for at least 19 years. In fact, my wife and I attended his wedding while I was Mayor of the City of Honolulu. The wedding, as I remember, was attended by many persons of prominence. I have always known him to be a good citizen and he has the respect of all those knowing him. He has been successful in business and at no time has his reputation ever been questioned.

**START**

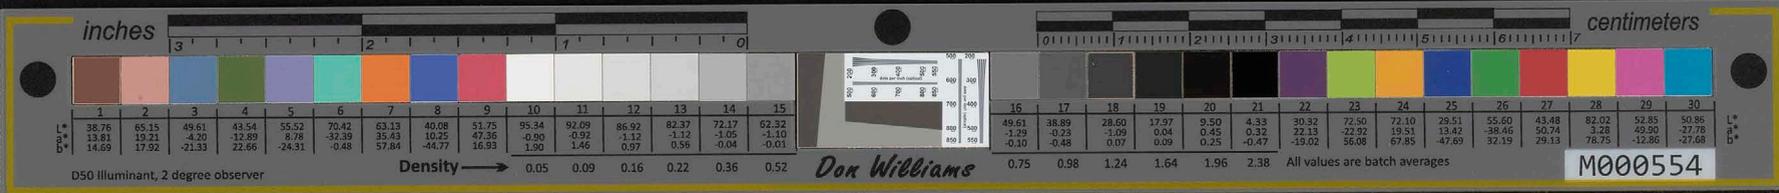

Let me give you briefly what I understand of his predicament.

Tagawa has a very large market on one corner of a street which runs into one of the principal thoroughfares in Honolulu that serves a rather densely populated area, as shown by the fact that his market does a gross business in excess of \$90,000 a year. On the only other corner stands the Hibiscus Apartments, an old residence that was for sale. To prevent a competitor from opening another market, Tagawa acquired the Hibiscus Apartments so he could control the site.

He continued their operation, but inasmuch as the gross income therefrom was extremely limited, less than \$3,000 a year, he made the probable mistake of choosing to manage them for him an elderly Japanese woman, with limited knowledge of English, but who was carefully instructed by Tagawa to see that the premises were run in an orderly manner. Although I feel quite confident that Tagawa did not personally know until the circumstances furnishing the basis of the instant case what was going on, it appears that the manager of the apartments by virtue of her limited knowledge of English, and perhaps of her position in life, may not have been able to have seen that the establishment was run in a manner that was above reproach. With her limited knowledge of English and being alien to the persons applying for quarters, it would appear that Mrs. Kuratsu perhaps did not do all that was expected of her or which, in the light of subsequent developments, should have been done. In any event, four or five instances where improper use was made of the premises have been called to our attention. Whether a more competent manager would have been able to have prevented these incidents is debatable because it is common knowledge that such incidents occur even in the best regulated and the most expensive hostelries.

[Faint, illegible text from a document scan, possibly bleed-through from the reverse side.]

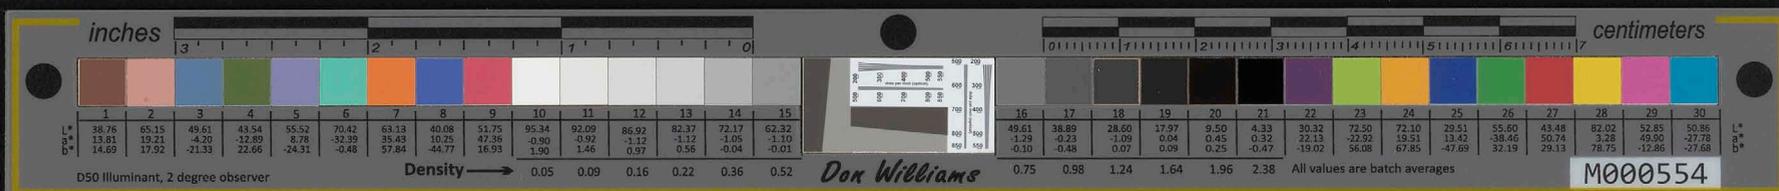

Tagawa, it must be remembered, had other interests which occupied all of his time. The regulations of the Liquor Commission demand that the owner or manager of a liquor license give such personal attention to the business as to insure that the regulations of the Liquor Board are observed to the letter. Until the incident in question, however, it is not believed that Tagawa had any notice whatever of the deficiencies, if any, of his manager or of the use to which his premises were being placed. I honestly believe that neither the laws nor good administration thereof in such a case should be permitted to work such a hardship upon a person, citizen or alien, without the matter having been brought to his knowledge and an opportunity given to correct it.

Honolulu has a very efficient police department and broad statutes regulating such offenses as that in connection with which Tagawa has become involved. *Arrests are made quite plain by the local police of people running a disorderly house,* Yet the local police department has never arrested Tagawa, raided the Hisbiscus Apartments, or apparently suspected that improper uses were made of the premises, and it seems difficult for me to believe that Tagawa should be charged with a knowledge of matters and things which it was the duty of the police department to prevent when they had no such knowledge.

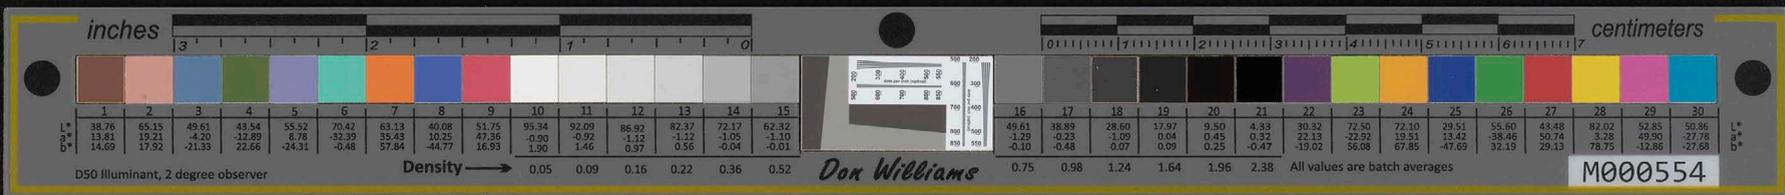

It has been suggested to me that Tagawa is supposed to have confessed a knowledge of the use to which his premises were being put. In my 45 years of experience with the Japanese people, I have always found them so polite that they would say yes to any question rather than disagree, particularly with those in authority, and particularly when their knowledge of the language was limited, and particularly further when after the present episode, Tagawa's recognition of the use to which his premises had been placed must have had reference thereto rather than to any realization of and previous utilization for such purposes.

I do not believe that in any sense Tagawa can be said to have been knowingly involved in a reprehensible enterprise or knowingly or otherwise have received any proceeds therefrom when I am assured that the only monies which he received directly or indirectly were the regular charge for the proper occupancy of rooms open to the public.

I think upon reflection the Board will agree that Tagawa would not knowingly have participated in the practices complained of to the prejudice of his right to remain in the United States with his wife and children, and it seems to me in the absence of specific knowledge upon his part the present incident should be regarded as putting him on notice of the possible use to which such premises might be put, so that perhaps more diligent efforts should be made to prevent it, and I can assure you that Mr. Tagawa has had the scare of his life and that in the future, the law enforcement authorities will have no more trouble with Mr. Tagawa than they did for the many years previous to this episode during which neither the Federal nor Territorial officials ever had any reason to question that he was an honest, law-abiding individual. Certainly whatever has been charged to Mr. Tagawa has been due more to lack of knowledge than any definite desire to violate any law, and I cannot believe that if this constitutes an offense, it is <sup>not</sup> an offense of such nature to cause a person who has resided in the United States since he was 16 years of age, who has built up a successful business, and who has a wife and seven American-born children, to be deprived of his business, and with or without his family, required to return to a country to which he is really more alien today than he is to the United States.

I do not believe that in any sense...

Honolulu - April 19-1939

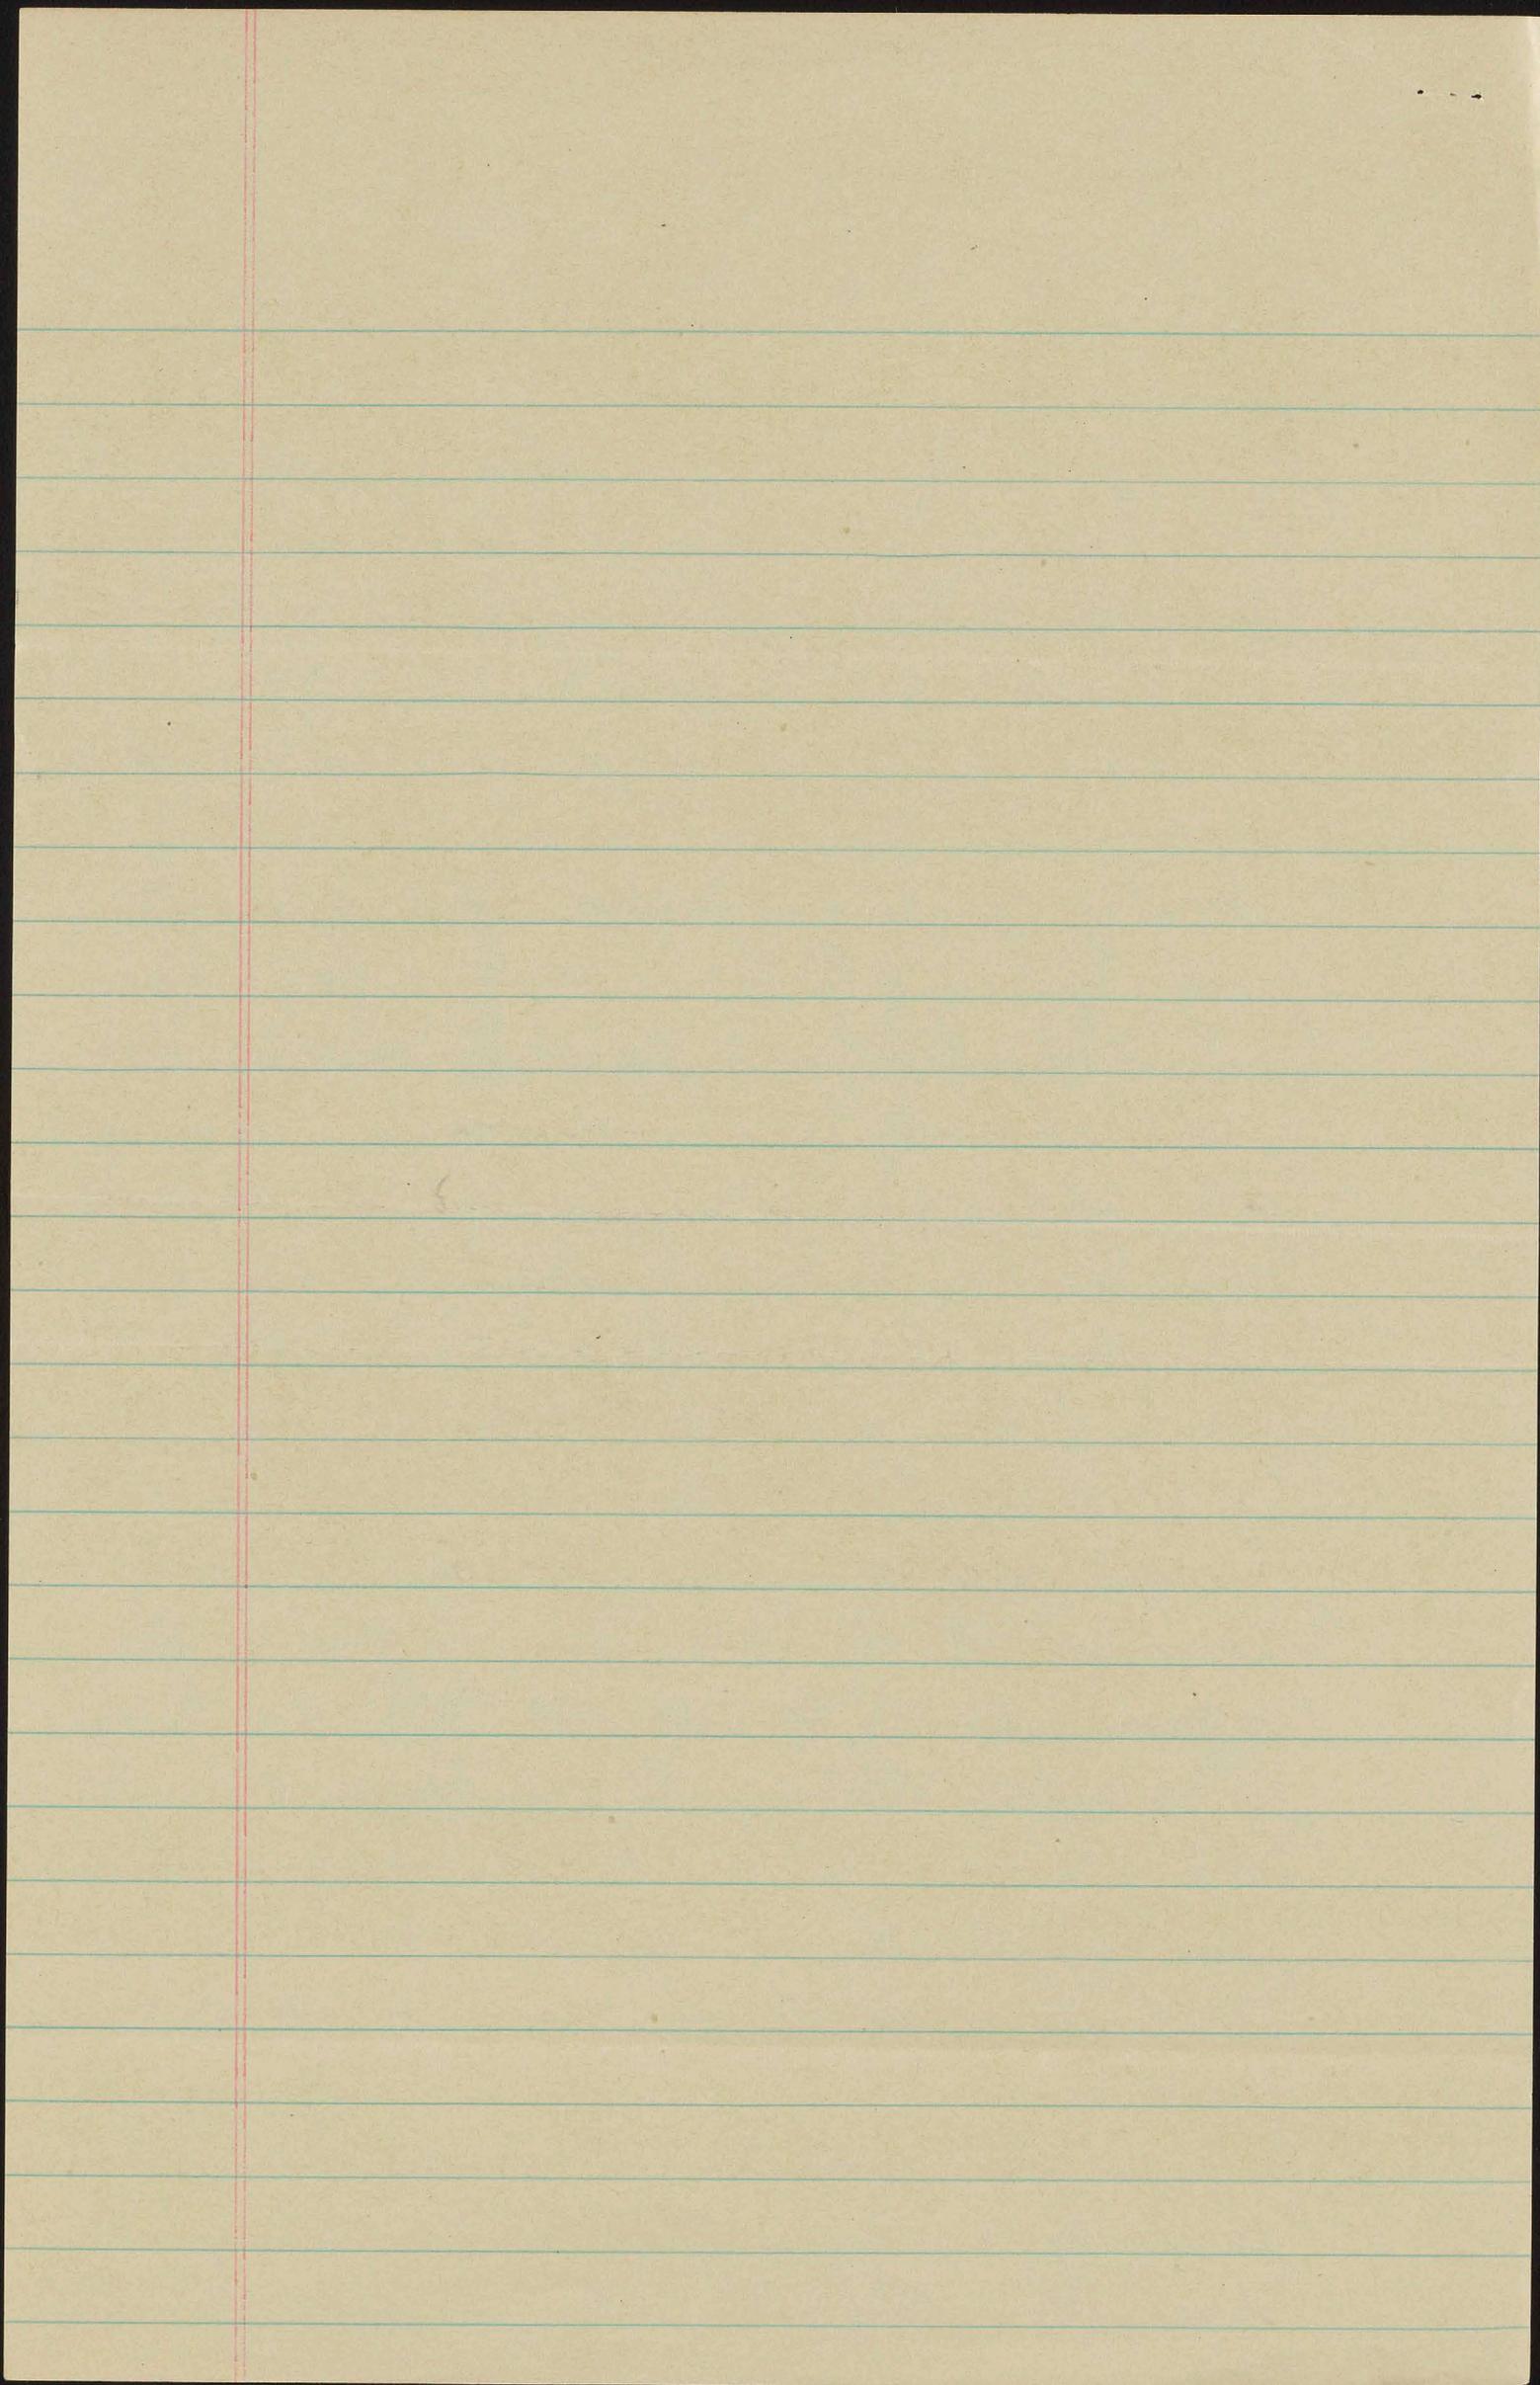

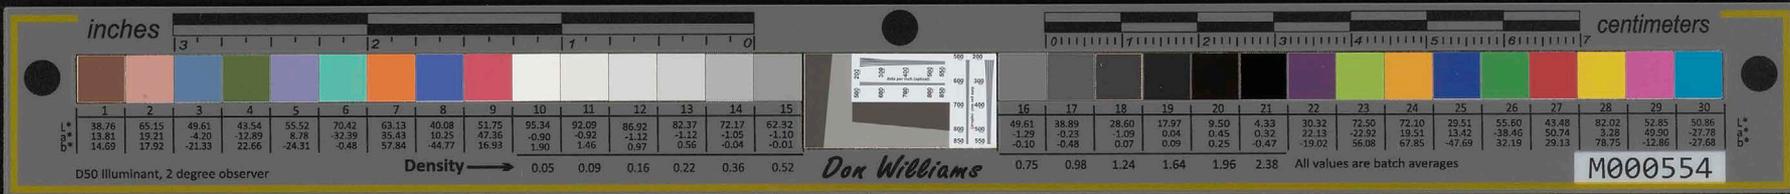

My dear Johnny:-

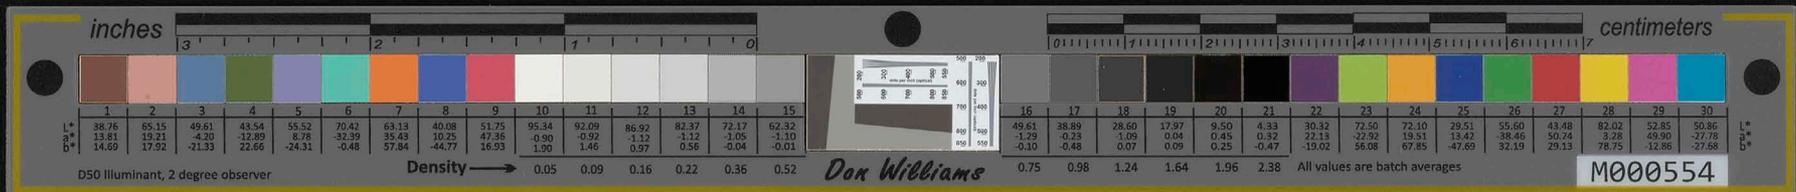

I am writing this by hand because I do not want to have the contents broadcast around the building.

As you know the death of Isaac Trent created a vacancy on the board of trustees of the B. P. Bishop Estate. This vacancy can only be filled by a majority vote of the Supreme Court of the Terr.

Several of my friends including Joe Hodgson and Ray O'Brien, both of whom have been associated with E. C. Peters in the past, urged me to put in an application for the job. Accordingly I called on Jim Coke and talked the matter over with him. He informed me that when the matter of the vacancy was officially brought to the attention of the court, that they would take the matter under advisement and in due time announce their decision. I learned that the manner in which this matter would be brought to the attention of the court would be by petition citing the authority under which the trustees of the estate functioned and called the court's attention to the vacancy and asking for the appointment of a

**START**

suitable person to the vacancy. They might recommend to the court the appointment of some certain person, or they might not. In any event, however, the court could follow their advice or not as they saw fit.

Judge Petus is now in the South Seas on a vacation and is expected back on May 10th, so nothing will be done in the matter until his return. Jim told me to file an application, so they could have my name among the lawyers that had already applied so they would not overlook me when the time came for them to take action on the matter. He also told me that I need not mention my record of activities since being in the Islands or my qualifications for the position, as all these matters were well known to all the judges.

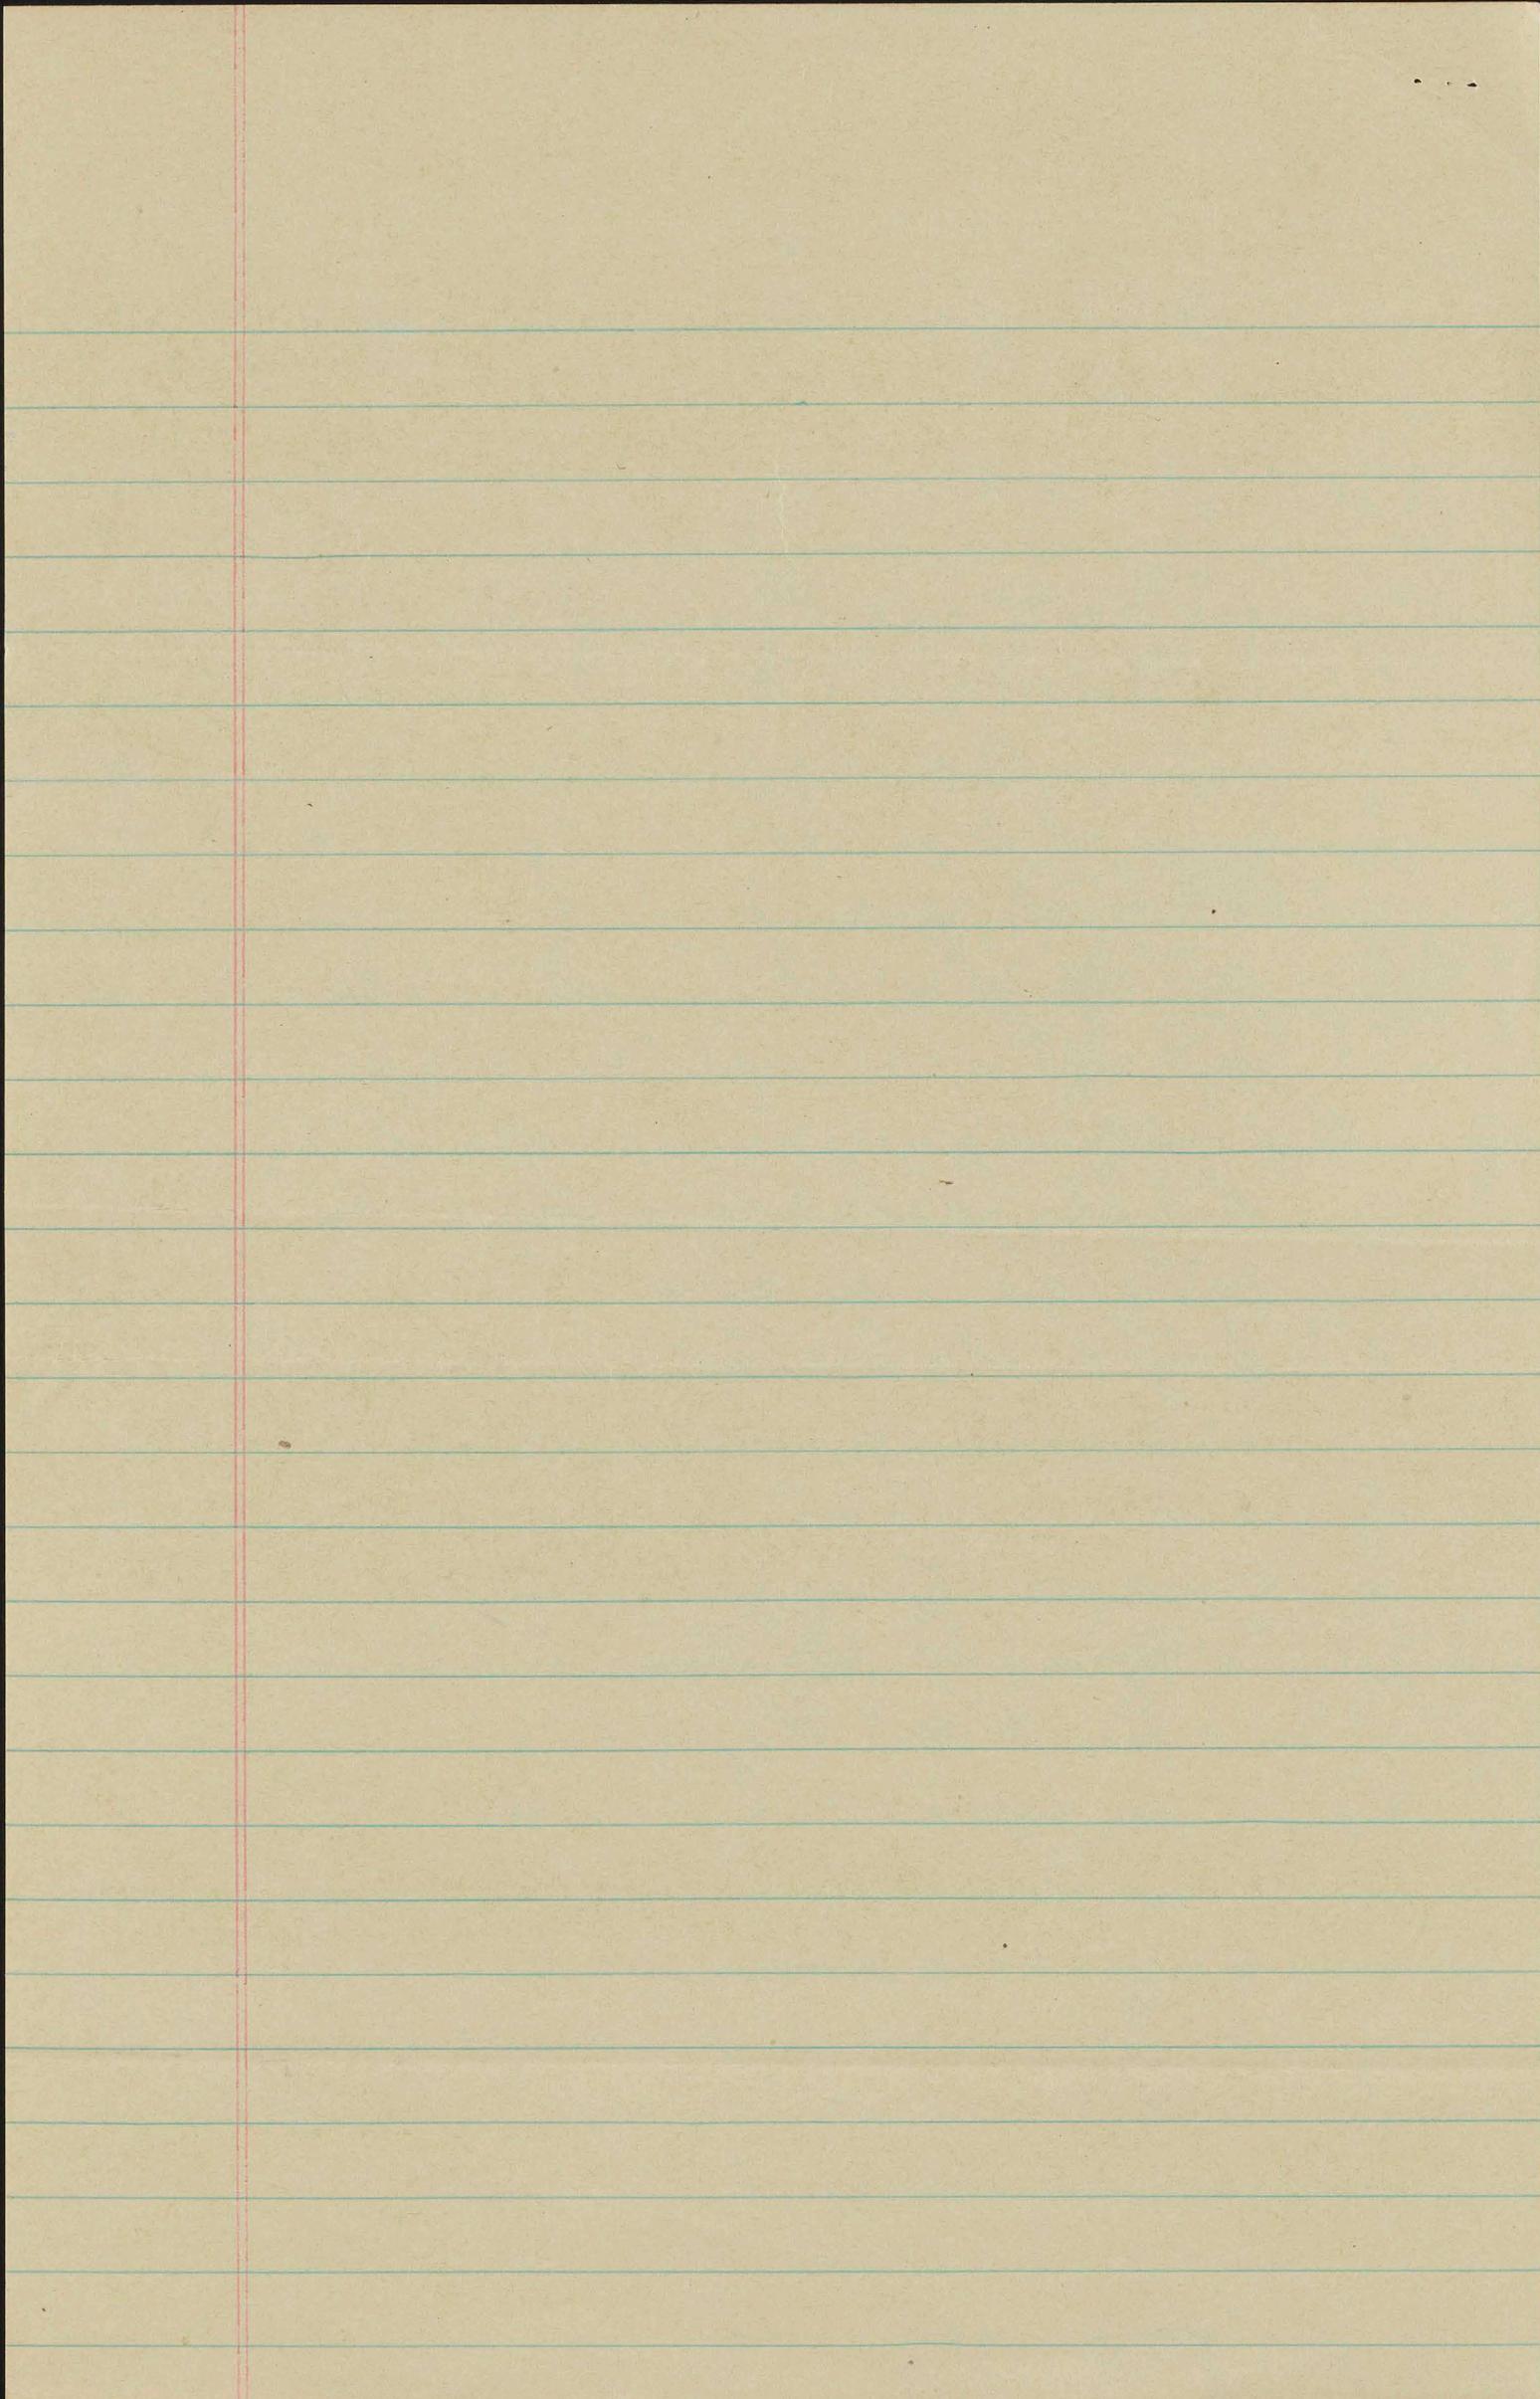

I followed his advice and the next day filed with Judge Kemp a formal application. I did this because Jim was not in when I called, so I talked the matter over with Kemp, who, by the way, was out when I first called on Jim, and Kemp said that he would put the application on Jim's desk.

Kemp told me that some time ago a certain party had called on the judges and informed them that he was authorized to come to them by Faxan Bishop and tell them that he, Bishop, would be willing to resign as trustee if the court would agree to appoint in his place, J. M. Stainback. When Pete heard this he blew up and said that this was bordering an contempt of court and that the court should not consider the proposition.

Kemp then informed me that he had agreed to vote for Stainback in the event that Bishop resigned. I do not know <sup>how</sup> he feels about Stainback for the present vacancy.

I took up Sam Walker after leaving Kemp and he told me that he had heard rumors about this proposition of Faxan's and had asked him, direct, about the matter. Faxan informed him that he had made no such proposition to any one, although he did think that Stainback had done some good work for the trustees in making reports on matters submitted to him for that purpose on several occasions.

Signifying up the situation, from all angles, it has occurred to me, that there is a pretty good chance for both you and I getting appointments on this board. As the matter now stands there is an vacancy at present, and from what Sam Walker has told me it would seem that there will soon be another, due to Fayon either resigning or passing on, as he is too ill to come down town, as has been in that condition for over a year now. Also Judd is in rather poor health, in fact he had a sort of stroke in Kana a short time ago and has not been in good health for some time. That only leaves Johnny Clarke and Geo Collins as active trustees and Johnny Clarke, I know is well disposed towards both of us. While I have not yet talked with Geo I feel sure that would have the same disposition towards us.

I sent you a cable on Sunday which you should have received on Monday A.M. at the Willard Hotel, asking you to wire Coke recommending me for the job, and have now set forth the situation as I see it for your information.

Jennie was up to our house for lunch yesterday and we talked over all these

matters just as I have written them above. She is of the opinion that if could get appointed first that this fact would help in getting you appointed later. This morning sum sound to me. If Jim and Pete could be persuaded to hold out for me, I feel that Kemp would swing around also.

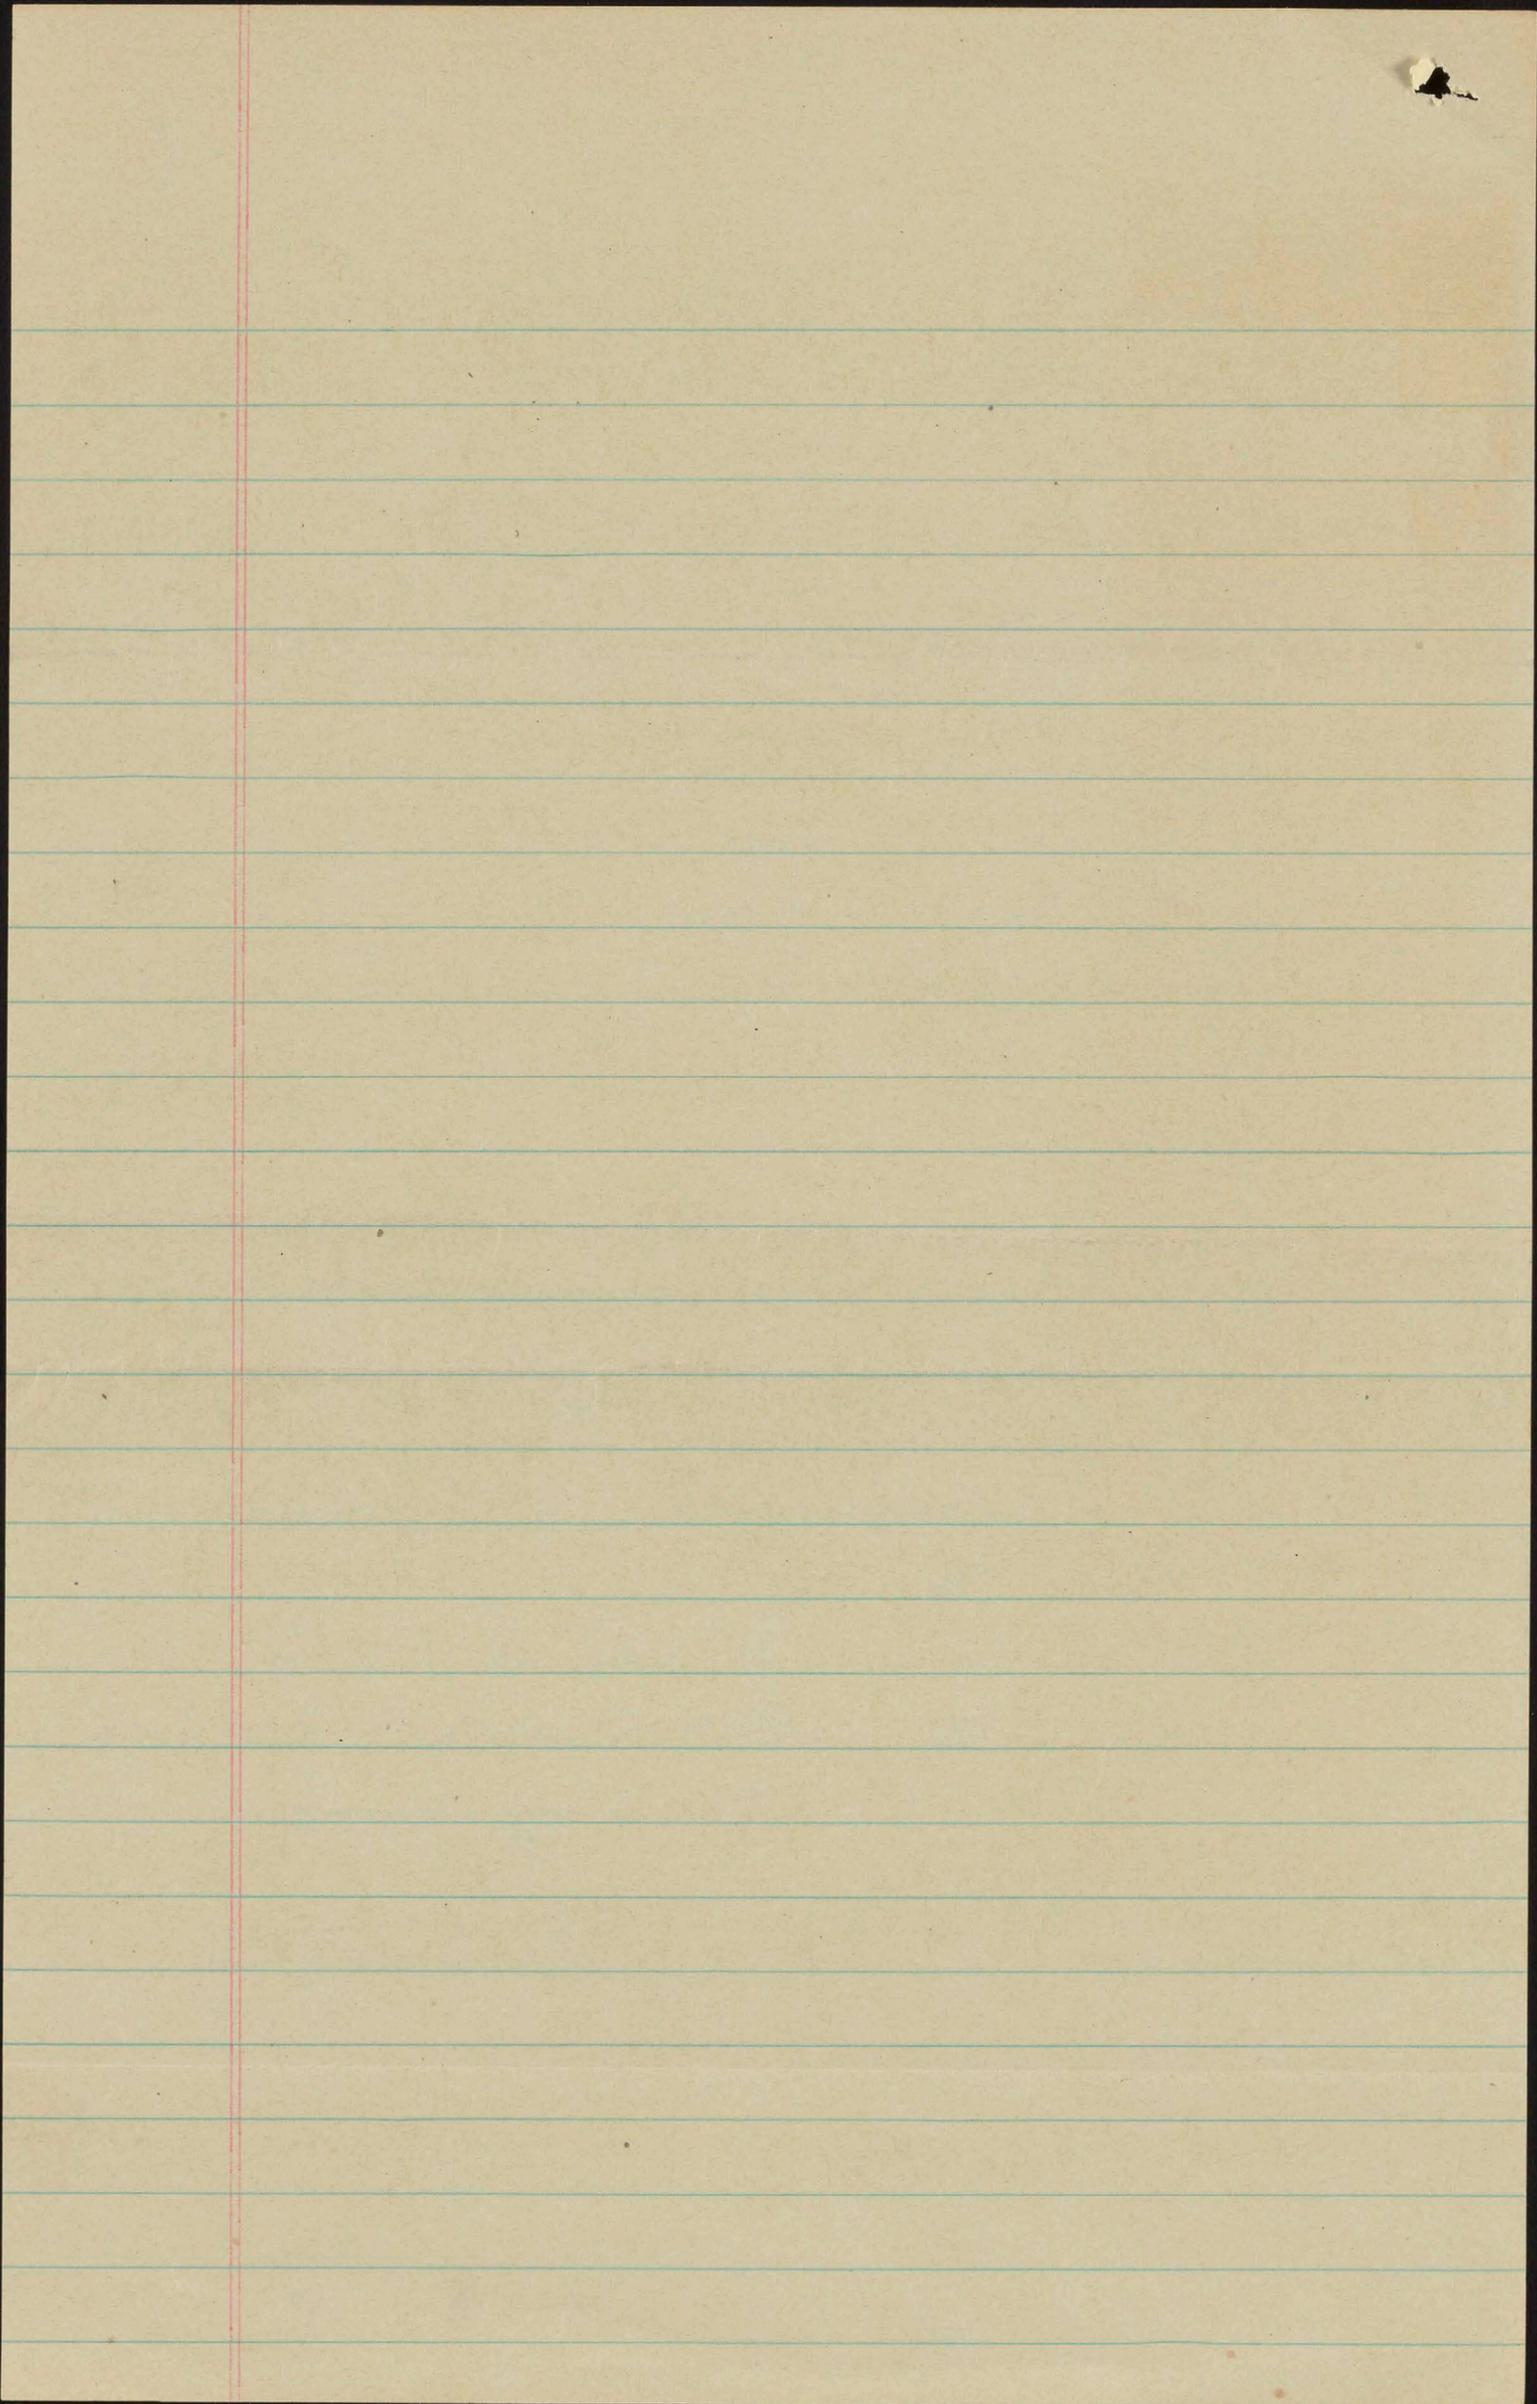

If we could land jobs like this we would not <sup>have</sup> the constant fear in the back of our head that some day we would be grabbed by the big black wolf, but would be fixed for life.

You know, of course, that Pete and I have been close friends for over 40 years and this should have some influence on him in arriving at a decision, because I do think that my qualifications for the job are ample.

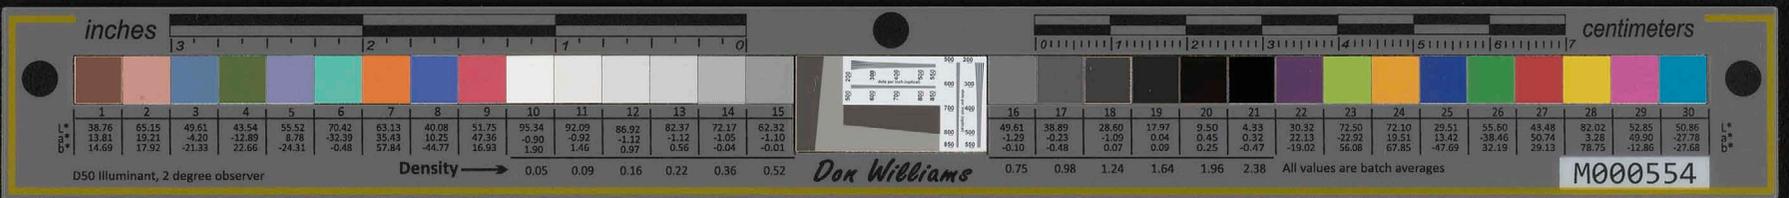

Think this over and do what seems best to you, and realize that whatever you decide to do will meet with my approval.

My dear Mr. Tsukamoto:-

Your letter dated March 20th passed me while I was on the water. I arrived in San Francisco on the 29th of March and I left that same evening for Washington, but, I stopped in Chicago for a few days and also in New York before coming here, so I did not receive your letter until a few days ago.

Unless your daughter called on Mrs. Wilson she would not know that your daughter was on the steamer.

I will not complete my work here for another week, then I will return by way of New York City so will not be in San Francisco until about the 4th or 5th of May. While in San Francisco I always stay at the Stewart Hotel, so if you drop me a line addressed to the Stewart about the 4th or 5th of May, giving me your telephone number, I will ring you up when I am in San Francisco.

I am sorry my wife did not see your letter. The girl in the office simply thought it was for me only, so she forwarded it here to me.

Your letters received this morning and many thanks for same. I will be glad to meet and make the acquaintance of both Mr. John Golden and Mr. MacIntyre.

I believe your right, they will no doubt adopt the Chicago plan of running two years. It does seem rather unbusiness-like to spend 150 million just for one season.

# LACK OF FUNDS MAY DOOM NEW CUSTOMS PIER

*S.B. April 18/39*  
Appropriation to  
Match U. S. Grant  
Lost in Legislature

Plans for a new customs terminal at Piers 6 and 7, which would require appropriation of territorial funds to match \$1,500,000 in federal funds tentatively earmarked for the project, appeared today to have little, if any, chance for favorable action by the current legislature.

J. Walter Doyle, collector of customs and one of the chief proponents of the Piers 6 and 7 project, was in communication with Postmaster John H. Wilson, who is now in Washington, in an attempt to spur legislative action in support of the plans.

Mr. Wilson's chief purpose in making the trip to Washington, Mr. Doyle said, was to be available for conferences with treasury department officials when the territorial legislature approved the customs terminal project.

Mr. Doyle said, however, that in time remaining there appears little possibility anything will be done this session.

### Aid May Be Lost

If this session of the legislature takes no action in support of the plans, Mr. Doyle said, it is possible that federal approval of the project and the possibility of federal assistance may be entirely lost.

The board of harbor commissioners views the customs terminal plan as secondary in importance to the proposal for developing a major passenger and freight terminal at Pier 15.

Neither of these plans is specifically provided for in pending bills. There is, however, a bill now in senate committee which provides for a \$2,500,000 territorial bond issue for harbor improvements.

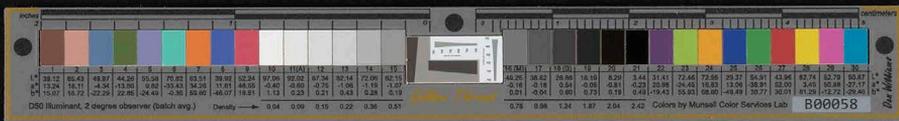

Money realized from this issue, if approved, could be used at the discretion of the harbor board and might be used for the customs terminal.

### Project Approved

W. E. Reynolds, chief of the treasury procurement division, visited Honolulu last September to check plans for the customs terminal and

was and how glad she was she had come over.

Crazy? Sure she was. But she stuck it through, and now she has a good job.

My own experience has been a more happy one. I expected an enforced vacation, prepared for it, and got it. It was three months before I landed a job. But I managed to enjoy myself, even though the budget was limited. I could always swim at Waikiki, or catch up on my reading at the library.

#### Easy to Make Friends

I found it amazingly easy to make friends. Many of the people I met went a good deal out of their way to be hospitable. It was a pleasant surprise, and I shall always remember it as one of Honolulu's most charming attributes.

Nor is my case unusual. All of the mainland people I know over here were able, after a period of original difficulty, to settle down without the unpleasantness that Mr. Stevens seems to have experienced.

#### Hurts Chances of Others

Of course, Mr. Stevens may say that it is none of my business. As a personal issue it isn't. But he's not only ruining his own chances of landing a permanent position in Hawaii.

He's hurting the chances of myself, and of every other mainlander down here trying to make a go of things. It seems only fair to make it clear that the mainlanders working down here resent his attitude equally as much as the kamaainas do.

Mr. Stevens is certainly privileged to his own opinion of Hawaii, and this opinion is obviously a rather low one. But I can not see what writing such dissertations which have been only half thought through, on his personal misfortunes is going to do anything except relieve his feelings a bit.

(This concludes Don Woodrum's comment on the Mason Stevens articles. Comments of others will appear during the next few days).

gave the project his tentative approval.

According to broad estimates, the federal government would be willing to appropriate approximately \$1,500,000 in PWA funds for construction of a customs building on the piers, if the territorial government would be responsible for improving the piers so that they could support the building.

# WILSON URGES CUSTOMS PIER CONSTRUCTION

*S.B. Apr. 19/39*  
**Lack of Territorial Ap-  
propriation Seen As  
Danger to Plan**

Star-Bulletin Bureau,  
Washington, April 19.

Despite the fact that the territorial board of harbor commissioners feels that enlargement and improvement of Pier 15, Honolulu harbor, should be pressed, Postmaster John H. Wilson said today that he still insists that any available federal funds be used for construction of the proposed Honolulu customs building.

He believes that the latter project is endangered due to failure of the territory to transfer the needed property to the federal government and to present architects' plans and proposed designs.

"Why can't Matson and others use the lower pier temporarily, which will be the largest in the territory, as the first part of the harbor program?" he asked.

He was informed that there are about three bills before the legislature, including one for a \$2,225,000 bond issue, but understands that Louis S. Cain, chairman of the harbor board, considers the Pier 15 project imperative.

Mr. Wilson, assuring treasury procurement officials that the territory will soon comply with its share of the customs building project, is expecting to bring out a department engineer to study the situation. He is hopeful the legislature will specifically authorize the customs pier development and that the harbor board will present its plans as soon as possible in order to arrange a harmonious building program.

Although not commenting, the postmaster apparently is concerned over the possibility that demands by shipping interests will destroy chances for erection of the customs building.

Construction of the proposed customs terminal at Piers 6 and 7 would first require matching of \$1,500,000 in federal funds with territorial funds. However, the board of harbor commissioners would prefer using the territorial funds, should they be made available, for developing a major passenger and freight terminal at Pier 15.

A bill pending in the legislature provides for a \$2,500,000 territorial bond issue for harbor improvements but makes no specific provision for either project.

## Case of Dismissed Garage Mechanic Is Referred to Cassidy

The case of Miki Morishige, me-  
 chanic at the municipal garage  
 whose dismissal was announced to  
 the board of supervisors late Tues-  
 day by City-County Engineer Ben  
 P. Rush, is in the hands of Public  
 Prosecutor Charles E. Cassidy, it  
 was disclosed this morning.

Mr. Rush said he had dismissed  
 Morishige in connection with an in-  
 vestigation at the municipal garage.

The dismissal is not, however, the  
 result of the reported city-county  
 gasoline shortages, which also are  
 being investigated, he explained.

Mr. Cassidy said this morning  
 that Morishige's case is among  
 those he is investigating.

Morishige is the second municipal  
 garage employe to be dismissed  
 within the past month. Mark Roeb-  
 uck, garage superintendent, was  
 discharged March 31 after a six  
 week suspension.

James Farr, assistant superin-  
 tendent, has been under suspension  
 since February 11.

Another city-county division su-  
 perintendent still under suspension  
 is Llewellyn H. L. (Sonny) Hart,  
 garbage division superintendent,  
 against whom a third degree con-  
 spiracy indictment was returned by  
 the grand jury.

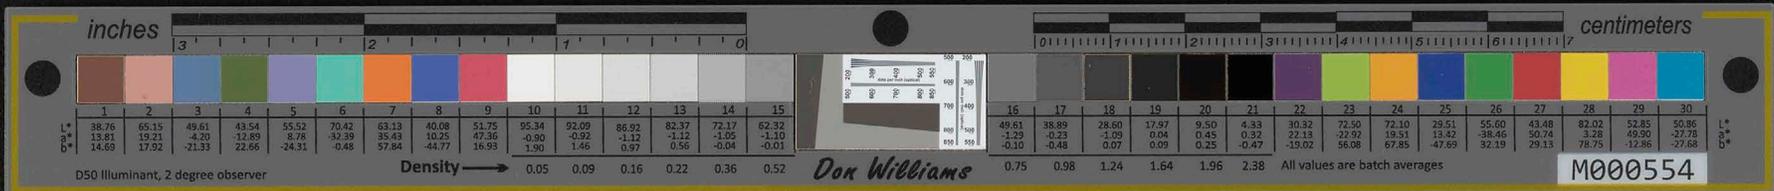

The case is still before the courts.  
 Mr. Rush has said he will take no  
 further action in Hart's case until  
 court action has been completed.

Mr. John H. Wilson,  
c/o Willard Hotel,  
Washington, D.C.

My dear Johnny:

I wired you on April 17th regarding the situation, as to the possibility of the Territorial Legislature issuing bonds for harbor improvements during the next two years, included therein, to be money for the construction of Piers 6 and 7 on which it was decided upon, as the site for the new Federal Building.

The whole fault of the present situation as outlined in my wire lies entirely upon the shoulders of our mutual friend Louie Cain. I was under the impression that Cain as Superintendent of Public Works and Chairman of the Board of Harbor Commissioners was handling this proposition in the Legislature thru its regular channels.

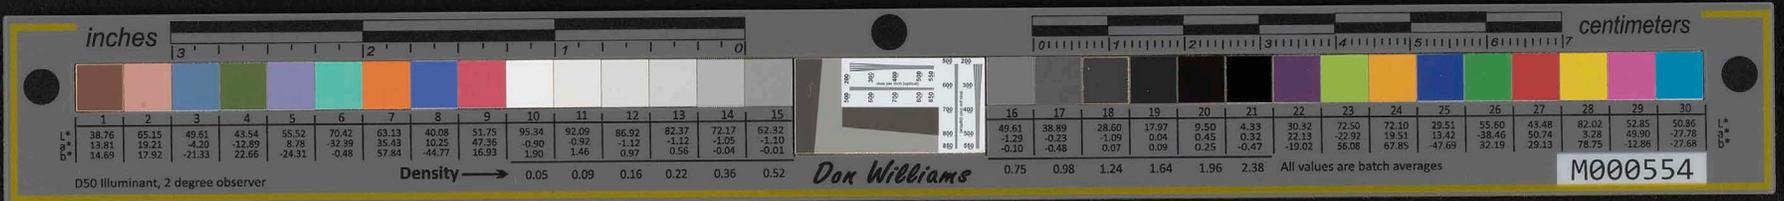

During the past fifty odd days of the session I have seen nothing in the local papers where this project had been brought up or discussed in the Legislature.

I then took it upon myself to interview Walter Engle, Chairman of the Finance Committee, to find out just exactly what the status of the waterfront appropriation was in. This was on Monday, April 10th; we discussed the matter at length and he urged me to appear before a Finance Committee meeting to be held on April 12th.

Shortly after this interview, I rang up Cain and asked him what, if anything, was being done about Piers 6 and 7 project and he informed me that nothing had been done up to this time, but that he would notify me when the Legislature would act.

The meeting was called at 4:00 P.M., an open meeting, by the way, attended by Stanley Kennedy, Walter Dillingham, Sherwood Lowrey, past President of the Chamber of Commerce, and other prominent shipping men, who have much to do with waterfront activities. Lowrey led off the meeting with charts showing the financial condition of the Territory; the hard times plantations were having meeting expenses, owing to the low price of sugar, and that the issuance of any further Territorial bonds was not advisable at this time.

He was followed by Louie Cain, who exhibited charts and maps showing the proposed terminal embracing Piers 13 and 14 and that area of the waterfront fronting on Queen Street. He stated, among other things in his swan song favoring this project, that Castle & Cooke, Ltd. the largest shippers in the Territory were favorable to this project and urged that bonds be issued to cover it.

AT NO TIME during this discussion of Cain's, did he mention the Customs Building project.

Walter Dillingham followed and at considerable length, explained the impracticability of the Queen Street project, owing to the fact, of the existing traffic congestion condition and the necessity of condemning land to widen Queen Street in the proposed area. He then gave a sound sensible argument as to the practicability of going ahead at this time to improve the waikiki end of the harbor, embracing Piers 6 and 7. He did not go into great detail on this project as he did not have the facts and figures at hand at the time.

This was my cue to get into the picture. I brought with me the complete file of all our correspondence with Washington on the proposed project of a Federal Building on Piers 6 and 7. I showed that the Federal Government was keenly interested in this project, inasmuch, as I was called to Washington to attend several conferences on this project; that you were later called to Washington to explain the engineering problems, regarding the building of these wharves and furthermore, that Mr. W. E. Reynolds took it upon himself to make a special visit to Hawaii and check up on the advisability of this project. I told the Committee that - off the record - from conversations I had had with Mr. Reynolds, that the Procurement Department was in favor of Piers 6 and 7.

The following day I called on Randolph Sevier, manager of the S/S Department of Castle & Cooke, Ltd., and asked him if Cain's statement was true that his firm was strongly in favor of Piers 13 and 14 project. He stated that it was and at great length went on to explain why this project was necessary for the proper handling of large amounts of domestic cargo that comes into this Territory.

Following this interview with Sevier, I took the matter up with Walter Dillingham and he expressed great surprise at Sevier's attitude in this matter, as he was told by Alex Budge, President of Castle & Cooke, Ltd., that the Matson interests were not interested in this project at this time.

The battle is now on. There are a few remaining days of the Legislature, but as to whether we will get any results from this session is a problem. However, I would suggest this, that in the event that no action is taken by the Legislature at this session - that speed be accomplished in getting this project underway - we then proceed on the plan of putting up a Federal Building on the old fish market site.

The objection you and I had toward this project - that the Quartermaster Department of the Army now has title to this land and that it would take an endless amount of red tape to have it transferred to the Treasury Department - I believe with my personal friend, Major General Henry Gibbons, Chief of the Quartermaster Department in Washington, that the transfer could be expedited, as Major General Gibbons was a resident here for several years, as Quartermaster Colonel in charge.

By this mail a certified copy of the transfer of the Hilo property is being forwarded to Mr. Reynolds. The reason for this delay was the usual mahape system that has been outstanding in the present Territorial administration.

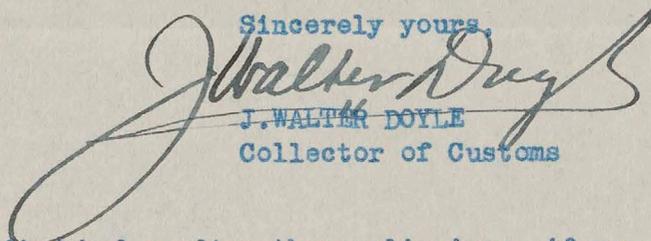

There is a quiet movement now being started in the Territory advocating your appointment as a Trustee of the Bishop Estate, made vacant by the death of Richard Trent. I sincerely hope that this will culminate in your appointment as I consider you well fitted in every way for this important position.

I am leaving here on or about May 1st on the "Montgomery City", arriving in New York on or about May 28th. I would appreciate it if you would leave a letter of introduction for me to your friend McConnell, in charge of the concessions at the New York Exposition. Leave it at the Lexington marked "will call".

Mrs. Wilson's jade bracelet arrived O.K. The charges were very small and I can say without exaggeration, it was one of the most beautiful jade bracelets I have ever seen.

awaited your clipper letter, but the clipper from S.F. must have turned back or delayed at S.F. so will try and touch on facts pertaining to Bishop Estate Trustee.

First sent Kinney to put your name before him (Coke) which was done, Kemp will be contacted by Kekipi, as he Kemp asked Kekipi to see you when Supreme Court judgeship was applied for by himself. E. You have helped everyone of the Supreme Court Judges its time for them to come then and this position would make you independent politically and socially.

My wire to you was to inform you of Trent's death and its opening of a trusteeship in the Bishop Estate which must be filled by a majority of the members of the Supreme Court of the Terr. of Hawaii and the

first get the lay of the land before taking it up with his office.

My curiosity was aroused upon learning of Sloans visit to

I did not call in the Senators brother as I feel Duffs office

It was not until Tuesday the 11th., when I was able to get in touch with Mr. Duff, who informed me that Mr. Hewitt the person he had assigned to the case was in New York City, and not expected to return to Washington until Friday the 14th.

After my conference with Mr. Hewitt, it was decided that I prepare a written statement, so by Monday morning I delivered a 1600 word statement, which I made as strong as I knew how and complying with your last words to me on the day of leaving, "make it plenty strong."

Hewitt thought my statement was rather too critical, so I suggested that he redraft it and make what changes he thought best. I am enclosing a copy of theh form for your information.

A hearing before the Board of Review was arranged for me to appear on Tuesday the 18th., where and when I made my statement. A copy of which is herewith enclosed.

Most of the objectionable portions had been eliminated by Mr. Hewitt as stated above, but, somehow or another it all was brought out in the cross examination of myself. I am of the opinion, Mr. Hewitt must have conveyed to the Chairman of the Board, Mr. Wixon, or to Mr. Shaghnnessy that I had more to say which he managed to have me eliminate from saying. The questions put to me by the chairman was too close to be considered as a coincident.

The Chairman did most of the questioning and seem quite friendly, infact, the entire Board was more than friendly.

Senator King is very much interested in the case and is following it very closely. He wants copies of my statement, both the original and the modified statement and ~~was surprised to~~ know if the records showed that Sloan and Martin acted as stool pigeons. I assured him that it did.

Mr. Strench did not get the papers here until the morning of the 18th. Mr. Hewitt is to have his brief ready Monday and I understand the case is set for some day this coming week. In view of the case will soon be up, I will stick around for another week or as long as I feel I can do some good.

Yours with aloha,

My dear Kini:-

After writing to you yesterday, I received a big bunch of letters which must have come by clipper and one letter from you which I am glad to receive.

I am sorry you went to see Coke. Whenever anyone go to you to go and see anyone, don't you do it unless it is some person you know real well like Lou, Cain, Harry Stewart and boys that belong to our gang, but, to go to those haoles mawaho, aole kupono loa.

Any way Coke cannot do anything alone. He has to have a meeting of the three judges. Kemp, Peters and himself, unless they are all together, they cannot do anything. I understand Peters is away so they will have to wait until he returns.

Should Orr or Kelii go to you about the paper, you tell them to go and see Louis Cain or Simeon Akaka as you have no nothing to do with it.

Now regarding the car. It is better to take it as soon as you can as the longer the pain is given a chance to dry before using the better. I will be home on the Lurline of May 17th. Sometime Wong is busy and I do not want him to do a rush job, which would be kapulu, that is why I wrote to you when I did to take it there then. I want it to be good and dry before I take and use it. Tell Wong to paint it the same color. I do not want any change. If they cannot paint it the same color then do not paint it at all.

Bill Welsh sent me a cable regarding Trent, but, I did not understand it. Poor Bill means well, but, is little hema-hema.

Tell Charlie Cash don't get discouraged. They may need him yet, if not, they will surely need him next year, as the fair will run two years and like Chicago, the second year will be the best as it takes time to build and have everything complete. My dear Kinit:-

After writing to you yesterday, I received a big bunch of letters which must have come by clipper and one letter from you which I am glad to receive.

I am sorry you want to see Coke. Whenever anyone goes to you to go and see anyone, don't you do it unless it is some person you know real well like Don, Cain, Harry Stewart and boys that belong to our gang, but, to go to those places mawaho, safe kapono loa.

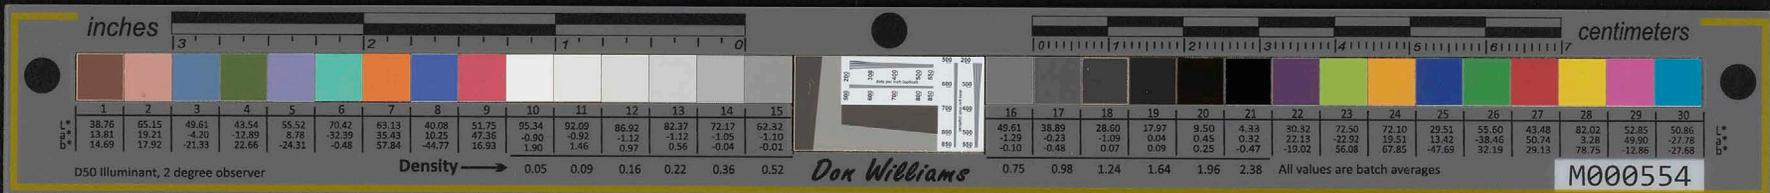

Any way Coke cannot do anything alone. He has to have a meeting of the three judges, Kemp, Peters and himself, unless they are all together, they cannot do anything. I understand Peters is away so they will have to wait until he returns.

Should Orr or Kinit go to you about the paper, you tell them to go and see Louis Cain or Simon Akaka as you have no nothing to do with it.

Now regarding the car. It is better to take it as soon as you can as the longer the pain is given a chance to dry before using the better. I will be home on the tail end of May 15th. Sometime Wong is busy and I do not want him to do a wash job, which would be kapuni, that is why I wrote to you when I did to take it there then. I want it to be good and dry before I take and use it. Tell Wong to paint it the same color. I do not want any change. If they cannot paint it the same color then do not paint it at all.

Bill Welsh sent me a cable regarding Trent, but I did not understand it. Poor Bill means well, but, is little hema-hema.

Tell Charlie Cash don't get discouraged. They may need him yet, if not, they will surely need him next year, as the fair will run two years and like Chicago, the second year will be the best as it takes time to build and have everything complete. I understand, and for a concession sole i makamaka on account of the strikes, the show people got make as they stopped building. He is right, I promised to write to him, but, in leaving I forgot to write his address so you take care to...

and tell him I am going to New York this coming week and I will meet with McConnell and his partners. McConnell wrote to me saying if the Fair looks good they would open on May 31st one month late, which would still give me time to get the Tahitians and the Honolulu crowd here on time.

You did not give me the size of kakini for Mrs. Giles yet. You mention kind of stockings but you do not give me the size. That is the most important. I do not want to buy stockings that she cannot use.

How is Harry Stewart? I hope he is improving. Telephone to Ellen and say I want to be remembered to Harry, and hope to see him out and back at work when I return.

John Waterhouse telephoned to me yesterday but I was not in. He did not stay here long. He left last night for home.

Don't you hoolohe those fellows when they come to you to go here and there makilo ai. Aole kupona kela hana ia oe. Anyway it does no good and it only hooluhi makahewa. Thoses boys are hupo.

P.S.

I am enclosing a clipping that I cut out of this mornings paper about Mrs. Walgrens daughter getting a divorce from Mrs. Darts son. Mrs. Dart is the old woman that had the camera and taking so many pictures.

I will probably see Mrs. Walgren and the old lady Mrs. Dart when I return to Chicago for they all live there except Mrs. Shaw, but she may come to Chicago when she knows I am there. It only takes two hours to go to Dixon from Chicago.

My dear Walter:-

Yours of the 19th inst received last evening and contents noted.

Like yourself I thought our friend Louis was keeping the Legislature informed as to the federal activities and interest in piers 5,6, and 7. Infact, when I learned I was to come on I called on Louis and told him what it was all about and asked him for more information which he furnished, and to learn nothing is being done is really heart breaking.

In his cablegram to me, he said there were three bills before the legislature and anyone passing would help our cause. It will take atb least a year to prepare the plans for the construction of the pier and the customs house and until the plans are made an estimate of cost cannot very accurately be made.

He also said, it may be possible to let a contract for the foundations or part of the pier before the next session of t the legislature and at which time he could go before the legislature and ask for sufficient funds to complete the project, but, if the present bills are passed by the legeislature a start can be made anyway.

You might put up the argument, that piers 5,6 and 7 if built as now planec would be sufficient to handle the foreign boats as well as the local freight and I believe there is more room at piers 5,6, and 7 thann there would be at pier 15 and 16 for trucks. Queen St. is rather narrow in that neighborhood. As you say traffic congestion is greater on Queen street than it can possibly be on Ala Moana.

this matter Floyd Williams will be returning with me to go into thi this matter more fully and also rush the improvements in the federal building that will give you more room so that you can care for Hiberly.

I finally got the department to give me a watchman, whose duty it wibl be to act as Traffic Cop and keep you d--load- ing pãatform to your warehouse free from parked cars. The trip was worth that alone.

I will leave here for New York next week and will stay at the Lexington so look for a letter addressed to you.

My dear Bill:-

Your letter dated the 20th. inst., received this morning and am glad to hear from you, but, Kini's letter arriving Saturday gave me the low down. Up to that time, I thought Bishop had died and Trent was boosting for me, so in my cablegram to Coke, I said, "I could work with Trent on the Board." I presume, Jim thinks I must have had one drink too much because it was peculiar for me to say I could work with a dead man. However, I have since written and by the time this letter reaches you it would all be straightened out. There is no real hurry about the matter as nothing can be done until Peters return, they must meet in full court and this can only be done when Peters return. In my letter to Coke I did not tell him who notified me. I just said one of the boys in his eagerness to get the news to me got his message mixed.

You see Bill, when I left Honolulu I knew that Faxon Bishop was low and not expected to live very long, so when I received your message, I immediately thought that Bishop had died and Trent was making the application for me. You used the word make for died or dead, which is alright if there were other Hawaiian words in the message. The Hawaiian word make made sense in English and as there was no other Hawaiian word in the message, I took for granted that the intent was to convey to me that Trent was making an application for me. When I left Honolulu old man Trent was in good health.

I would suggest that you get Metzger to speak to Coke, Kemp and <sup>then</sup> Peters. He <sup>has</sup> been packing water for all of them for the past 20 years and it was about time they were doing something <sup>remains that</sup> for me.

I campaigned for Coke and put up my own money away back when you were in Hana when he ran for the Senate in 1900 and again in 1904 and about 1906 or 1908 we elected him County Attorney of Maui.

I helped to put Kemp on the bench the first time under the Wilson administration and again this time I went to the bat to put him on the Supreme bench this time.

Now as to Judge Peters. I also fought his battle for him here in Washington. Some of our democratic friends wanted to clean out all of the Republicans and place all democrats on the Supreme Bench. I do not know whether my arguments had any weight or not, but, what I advocated was carried out.

I told the Attorney General that under Republican regime the democrats were always given representation on the Supreme bench and under the Wilson administration this same rule was carried out, that is, the minority party was given representation, and I recommended Alex Robertson as the Republican and this time I recommended E.C. Peters as the Republican. Link and I happened to agree on Peters, so the opposition could not stop his appointment.

I think Metzger and Judge Heen can do more than any one among our friends. You might feel them out in a quite way, and don't let on that I have written to you about it.

I expect to be leaving here in a few days, but, Lino will know my whereabouts as I will keep him posted. I am hoping I can catch the -urline which leaves San Francisco on May 11th and arriving in Honolulu on the 17th.

One of the Post Office engineers is suppose to go to Honolulu with me, but, he had to take a flying trip to Cuba first. He is expected back here by Wednesday of this week and we are suppose to leave here about Thursday or Friday for New York then on to Frisco.

The Civil Service Board here admitted their mistake in not allowing Alex to take the examination as somehow or another the clerk handling the case did not know that a licensed marine engineer has to serve his time in a shop before he receives his first papers.

I will try and look your son up when in New York, infact, I think I will drop him a line and ask him to come to my hotel as that would take less time. I only expect to be there not much over two days, and most of that time would be in the New York post office and the exposition grounds.

With kindest personal regards and best wishes to the family and your good self,

With kindest personal regards and best wishes, I

John H. Wilson,

STATEMENT OF JOHN H. WILSON

My name is John Henry Wilson.

Born in Honolulu, Hawaii, December 15, 1871 of Scotch, Irish and Polynesian parentage.

Educated in private and public schools in Hawaii and Stanford University, California.

Occupation---Engineer and Contractor	25 years
Public officer---City Eng. Honolulu	4 "
Mayor	10 "
At present U.S. Postmaster "	4 "

Politically a Democrat, and since 1912 a member of the Democratic National Committee representing Hawaii.

My interest in Mr. Chas. Tagawa, of Honolulu is twofold.

First, I have a personal interest in Mrs. Tagawa--she was raised by my wife and myself, as if she were our own. Second, I have given a great deal of my life to the work of making good loyal American citizens of our Oriental population. Mrs. Tagawa was born in Honolulu, a daughter of one of my oldest employees, and was one of the first Hawaii born girls of Japanese parents to register as a democrat. If I thought Mr. Tagawa was guilty, I would not be here making an appeal to save him. I feel he is a victim of circumstances. I have known him for at least 19 years. In fact, my wife and I attended his wedding while I was Mayor of the City of Honolulu. The wedding as I remember, was attended by many persons of prominence. I have always known him to be a good citizen and he has the respect of all those knowing him. He has been successful in business and at no time has his reputation ever been questioned.

That happened at the House could easily have happened to any land owner, in fact, I have knowledge where laws have been violated by tenants without the knowledge of the owner and just because the owner is a citizen he gets off with less punishment than an alien. In fact, it should be the reverse, we citizens should set the example, if we wish to make good citizens out of children of alien parents. Mr. Tagawa I am quite certain did not know what

was going on. The evidence does not show that he had any knowledge of what was going on. The evidence does not show that he had any knowledge of what was going on. The gross receipts of the market exceeds \$90,000 per year while the gross receipts at the Hibescus apartments during the same period is less than \$3000.

You or I would not have given much more of our personal time to the rooming house investment than he did, considering the volume of business done at the two places, especially so, if you had a manager that had your confidence and when the regulations of the liquor commission demands that the owner or manager of a liquor license give personal attention to the business and see that the regulations of the Liquor Board are observed to the letter, otherwise, they would forfeit their license.

Honolulu has a very efficient Police Department and there is no fixing of the Police, that is, their reputation is of the best, therefore, I am quite certain if they did not know that was going on, how would Tagawa have any knowledge that prostitution was being conducted in his house. The local police had never arrested Tagawa or even raided the place. The only evidence is the statement of two sailors, two soldiers and one prostitute which to me and to any jury in Hawaii would have no value. During prohibition days and even today in narcotic cases where the government has no more evidence than what is secured through their own stool pigeon, they do not get very far. The evidence shows that the prostitute was enticed and paid by the Agents of the Government to register at the Hibescus Apartments.

Isn't it possible, that the two sailors and two soldiers were also paid for their services, more especially since the Immigration Inspector connected with the Honolulu Office, are their own stool pigeons. The government did not give Tagawa warning that the law was being violated. If they did, and he paid no attention to such warning, then I would say, the Government would be justified in sending him out of the country, or if the City Police had made

It they did, and he paid no attention to such warning, then I would say, the government would be justified in sending him out of the country, or if the City Police had made

repeated raids thus showing it was a house of ill repute, but there is no such evidence, except the two sailors, two soldiers and one prostitute, previously mentioned. The Tagawa Market and Hibiscus Rooming House is not located in an out of the way place, as isolated from everybody. It is in a very respectable neighborhood, yet, there is not one witness for the government who is a resident of the district; except probably the two soldiers.

The only evidence they have was used against an old Japanese woman who really did not know what she was doing. She was honest enough to admit her offense. She was deported last October; now this same evidence is being used against Mr. Tagawa, because he admitted under cross-examination that the place was being conducted as a house of prostitution, a word which I doubt he knew the meaning of at the time.

In my 45 years experience with the Japanese people I have always found them so polite, that they would say "yes" to any question, rather than disagree with you. We have a large Oriental population in Hawaii, viz:

	Total	Citizens	Alien	%
Chinese	27,657	23,246	4,411	61.1
Japanese	151,141	113,289	37,852	9.5
All other	<u>217,917</u>	<u>197,667</u>	<u>47,507</u>	<u>12.</u>
Total	396,715	334,202	89,770	22.6%

The proportion of minors among Hawaii's population is still very great. Before this young group come of age, they will have gone through the Americanization process of the public schools and will have shared with the children of other racial ancestry the influences of classroom and fields of sports and athletic contests of the ROTC and other school activities. They will live in a community that places little stress on race, and in an environment that is fundamentally American. There are about 86,000 children in our schools and 99% of this number are American citizens and approximately 45% of this number are children of Oriental parentage. These people regard an oath to be something that is sacred and any person who violates an oath, especially an official of

the government, is regarded the lowest type of humanity, and this is my second interest in this case. This practice of government officials of acting as stool pigeons in violation of their oath of office, is not setting a good example in the minds of these first generation citizens and juries in Hawaii do not encourage this practice and during the prohibition days convictions with this class of evidence got no place. Government officials, especially those connected with the Federal government, are looked upon by aliens, and children of alien parents, as model men, who are expected to comply with their oath of office.

In view of the manner in which this case was handled in their eagerness to make a showing, decided to accept the devil as their partners, turned stool pigeons, violating their oath of office, and in so doing, the person actually committing this offense, Mrs Kuratsu, the landlady, admitted that she acted contrary to instructions given her by the owner Tagawa, pleaded guilty and was deported last October. To continue, and use the same evidence against the owner, I am afraid would be defeating the purpose of the law--we then become persecutors in the eyes of the alien and their children.

Republicans of Hawaii tell their Orientals when they have the opportunity, that the followers of the Democratic Party are race prejudiced, and whenever an error is made by a government official which is not to their best interest, the Republicans immediately take advantage of the situation and blame the Democrats for all that is wrong, stressing on the prejudice of the latter, which puts the Democrat politician forever on his toes to defend the administration.

I believe, Mr. Tagawa has the scare of his life and the news of the deportation of Mrs. Kuratsu, the House Manager, has spread to all corners of Hawaii and I believe the law has accomplished all that is expected. To continue to use the same evidence against the owner, can only be interpreted by the Oriental population of the Islands as a case of persecution, adding strength to the Republican propaganda that the Democrats are race prejudiced.

I am quite certain if Mr. Tagawa was given an opportunity, he will be

Dear Mr. Thompson:-

RE: DEPORTATION OF KAICHI TAGAWA

Mr. Booth reported to me that Mr. Booth had instructed him to withdraw from the above case, but after thinking it over, I considered that it might give the wrong impression for an attorney to withdraw from the case at this time, particularly inasmuch as the case involves moral grounds, so I requested Mr. Booth to continue to appear in the case with me, which he agreed to do. He is a capable lawyer and we have known him for a long time.

Today he and I argued the case before the Board of Review along the lines previously indicated. While, as you know, decisions are not rendered from the bench and ordinarily the questioning does not disclose very much, the only thing that might indicate anything was that one of the Board members during the argument inquired whether there was anything to indicate that Tagawa had ever received anything short of the regular price of lodgings and seemed to be impressed by the fact that we could assure him the record did not even hint at anything of the sort.

We took the position that the laws of the Territory contain about our conception of the law applicable to this case and to the fundamental concepts of justice upon which the case should be disposed of, namely, that there must be some closer participation in these objectionable pursuits than merely innocently furnishing lodgings, and also that it seemed elementary that one should have actual knowledge brought home to him of the improper use to which his premises were being placed before he should suffer such severe punishment as deportation.

Frankly, the original impression of this case is not so good. It was not to either Mr. Booth nor to myself, but when we get into it and begin to analyze it, its merits improve. Mr. Booth and I believe that our presentation to the Board today, following after Mr. Wilson's good presentation, removed the adverse first impression and gives us some basis for hoping that the warrant

## PASSING OF USEFUL CITIZENS

*May 2nd 1939*

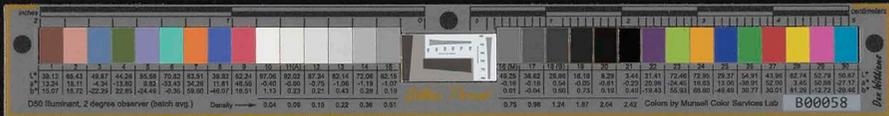

In the past few days, death's hand has been laid with unusual heaviness on many old friends and fellow citizens.

Within the space of three days, the news columns have chronicled the death of Harry K. Stewart, former city building inspector; Alexander Pratt, first superintendent of the Honolulu Rapid Transit Co.; William M. S. Lindsey, rancher of Wai-  
mea; and William Campsie, veteran sugar plantation man and manager of the Hawaiian Agricultural ranch at Pahala, Hawaii.

Each of these men had been a part of his community and the territory, and an active and useful contributor to civic and industrial progress.

VICE PRESIDENT AND  
MANAGING DIRECTOR

My dear Eddie:-

I am sorry, I will not be able to see you this week, as I am detained here longer than expected. I do think, I can leave here until Saturday or Sunday, and I must return to Washington for one day prior to heading for San Francisco.

If you are to remain in Chicago for a third week, I will see you, otherwise, I may not, unless you close in Chicago and have nothing special to do. I should be in Chicago at the very latest 9<sup>th</sup> or 10<sup>th</sup>.

I am interested in a fine well behaved young Hawaiian mezzo-soprano, who was educated in Europe. A number of young Hawaiians, myself included, started an organization called the Hawaiian Civic Club for the purpose of educating young worthy Hawaiians, and Miss Minstlan Nairi, was one of the first to receive an education through our club, so naturally, I want to see the young lady get ahead.

Her voice is of beautiful quality; and plenty personality. He is quite a linguist. Sings in five languages, Schubert, Brahms, and Strauss in German, No-randy and Pincini in Italian, Hungarian folk songs in Hungarian, and <sup>all of the popular</sup> English & Hawaiian songs.

I would like to see some reputable person take this girl

While here in N.Y. is there any one, you would recommend  
me to see about ~~booking~~ carrying for her bookings? The

I will not leave here before Saturday evening, so will expect  
to hear from you here.

Hope you are doing well in Chicago, and with kindest  
personal regards and best wishes to Mr. Cooke and to your

Yours truly

## HAWAIIAN GIRL CHARMS AUDIENCE AT WOMAN'S CLUB

A large and appreciative audience heard Miss Miulan A. Naiwi, Chinese Hawaiian concert singer, when she entertained with classical and Hawaiian folk songs at the Woman's Club Tuesday afternoon. Introduced by Mrs. C. A. Paulden, who ably provided the artist's piano accompaniment, Miss Naiwi's name was interpreted as Temple Orchid. She was gowned in white chiffon with black lace jacket and her unaffected stage manner had endeared her to her listeners before they were enthralled by her beautiful singing voice. With unusual range for a mezzo soprano, Miss Naiwi sings with ease, producing well modulated tones. Her phrasing is excellent, reflecting perfect training, and her natural dramatic ability expresses sincere emotion in her interpretation.

Miss Naiwi announced her own numbers, the first group including French, German and Spanish songs. Her second appearance was in native Hawaiian costume to sing folk songs, playing her own accompaniment on the ukelele.

During the short business meeting, Mrs. Fred Smith announced that the first regular meeting in November would be cancelled since the date falls on Armistice day.

Halloween decorations were used at the tea table where Mrs. A. Fraser and Mrs. J. T. Crowe presided. The lace cloth was centered with a bowl of red and bronze chrysanthemums and candelabra held yellow tapers. Pumpkin faces appeared in frosting on cup cakes and napkins were decorated in the Halloween motif. Huge baskets of Fall berries on either side of the stage and a bowl of marigolds on the piano contributed further to the seasonal atmosphere.

Mrs. Kenneth Bilingsley was chairman of the committee for the afternoon.

## CHINESE DINNER IS RECEPTION FOR VISITING ARTIST

Mr. and Mrs. George Gill and Mr. and Mrs. C. A. Paulden hosted a dinner party at the Rice Bowl Monday evening with Miss Miulan A. Naiwi, famous Chinese Hawaiian concert singer, as guest of honor.

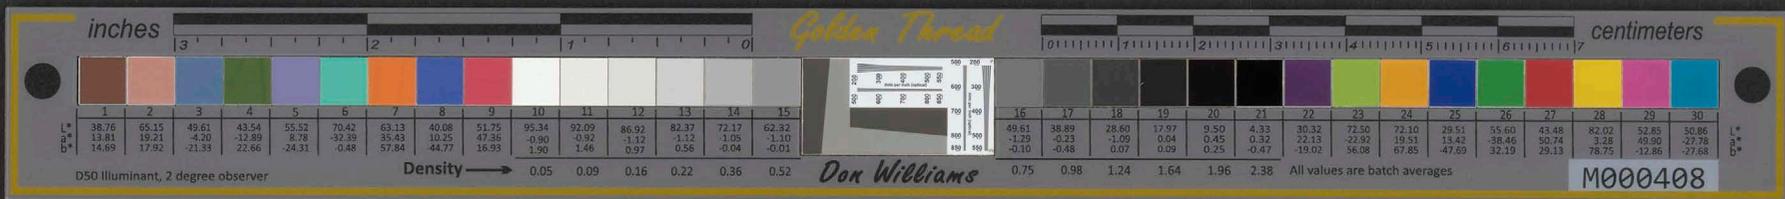

An Hawaiian grass hut, palm trees and shells arranged on a lahala mat provided a beach scene for the table centerpiece and two miniature leis decorated each plate card. Further suggestion of the tropical theme was at the punch bowl where a pillar of ice was topped by a pineapple and surrounded by grapes.

After the full-course Chinese dinner, the group went to the Gill home for bridge games. During the evening a number of

humorous prize awards transformed the reception into a delightfully informal party. Score prizes were won by Mrs. Fred Smith and Hamilton Peers and a guest prize was presented to Miss Naiwi. Concluding an enjoyable evening, guests were privileged to hear Miss Naiwi sing several numbers, including an Hawaiian folk song.

## Hawaiian Mezzo Contralto Charms Tulare Woman's Club Members with the Dramatic Quality of Her Voice

Her lovely mezzo-contralto voice bringing forth enthusiastic response from her audience, Miulan A. Naiwi, Hawaiian songstress, sang for members of the Tulare Woman's Club, Tuesday afternoon, at a tea meeting.

Arranging her program in three groups, classical, songs in English and an Hawaiian group, Miss Naiwi impressed her audience with her deep dramatic inflection and keen feeling. One felt that she were not only thoroughly in character, but enjoying herself immensely.

For her first two groups of songs, the artist, who is said to be the only feminine Hawaiian concert singer in the world, wore a white chiffon gown with a black lace bolero. Her long black hair was knotted low on her neck, and she wore long sparkling ear-rings. For her Hawaiian numbers, she wore a native costume of red and yellow flowered material. Her hair hung down her back and over her ear she wore a white blossom.

Mrs. C. A. Paulden, whose houseguest the artist is, accompanied her on the piano for her first two groups of numbers. Miss Naiwi accom-

panied herself on the ukelele in her native songs. On her last number, "Aloha", she asked the audience to join in the final chorus.

### Tea Served

At the close of the program, tea, arranged by Mrs. Kenneth Billingsley and her October committee, was served. Gold and red chrysanthemums graced the table, flanked on either side by gold candles. Mrs. A. Fraser and Mrs. J. T. Crowe poured.

Mrs. Fred Smith opened the meeting at 2:30 o'clock with routine ceremonies. It was voted that the meeting scheduled for Nov. 11 should be cancelled. Mrs. Howard Clark was named chairman to arrange a float for the Armistice Day celebration.

Mrs. George Sayre reported on a meeting of the county defense council and on a tentative cadet entertainment pro-

RE: POLICY #69146

Dear Sir:

Bills are a nuisance. But, unfortunately, they have to be paid.

This is especially true of insurance premiums. You see, when we issue a policy, we contract to give full protection immediately; that means, if you have a claim we are obliged to pay it in full, and promptly, even though the premium has not been paid.

For that reason we cannot permit premiums to remain unpaid indefinitely.

Take for example the premium of \$17.20 still due on your Fire Insurance Policy issued March 11th, 1939, almost three months ago. According to our underwriting rules it will be necessary for you to pay this \$17.20 by June 15th in order to keep the protection in force.

Please let us know at once, using the enclosed postage prepaid envelope, if this arrangement will be satisfactory.

Please be assured that we appreciate your business, and that we will do all we can to make a satisfactory arrangement for the payment of your insurance premiums.

Yours very truly,

I have mailed under separate cover a dozen photographs of yourself which I got from Post. He showed me about six different proofs and I selected what I thought were the best two and I hope you will approve of my choice. I also enclosed in the same package a set of the pictures which I took while with you. The extra ones are for the girls and if you need more please do not hesitate to ask for more.

I hope you received my letter dated the 30th wherein I asked you to send me a copy of the leaflet that you have of your press notices and any new ones you may have. I think it would be a good idea to get out a neat up to date folder about yourself, and I am willing to get this out for you, so please do not delay getting the clippings and leaflet to me.

I have been back home a week now and have gotten back to my regular weight for I weighed myself yesterday and was surprised to find that I had regained all that I lost in Washington.

Eben Low is too busy getting ready for the 11th of June celebration, so have not had the opportunity to see him. I will make it my busy to see him as soon as the 11th is over and will tell him how nicely you are getting along.

The photos went by the Matsonia this morning and this letter should reach you at least by Monday, as it will go by Clipper tomorrow or Sunday.

## *Mezzo Contralto*

COMPLETE CLASSICAL REPERTOIRE AS WELL AS  
HAWAIIAN FOLK SONGS

### *Newspaper Critics' Reviews*

Miss Naiwi is a slender Hawaiian girl with soulful brown eyes, magnetic personality and a wonderful voice. The audience fell in love with her Wednesday at the first seductive note and, by wildly demonstrative applause, confessed its complete infatuation when the last sweet diminuendo took passage on a sunbeam to the eternal haven of birdsongs and the chant of the sea. Not much imagination is required to hear in fancy those rich, vibrant tones borne on the great wings of a full orchestra. One yearns almost savagely for the throb of kettle drums, for some primal accompaniment with power to take the senses back to the heart of things, that they may drink with keener appreciation the melody of such a voice.

THE HONOLULU ADVERTISER, Honolulu, Hawaii.

# START

Miss Miulan Naiwi, a mezzo-soprano, her natural equipment is pure, silvery and absolutely free of the tremolo which is the bane of the amateur's musical life. The manner in which she rendered the national groups of songs on the program indicates not only correct voice production, but innate sense of the dramatic as well as the poetic. There was no attempt in any of Miss Naiwi's numbers to put the artist before the composer. Her aim seemed to be correct interpretation.

HONOLULU STAR BULLETIN, Honolulu, Hawaii.

Miss Naiwi, who is a Hawaiian-Chinese young lady, possesses a mezzo-soprano voice of rare quality and beauty. Her voice is well-rounded, her breath control excellent and her phrasing fine. She gave a splendid exhibition of her prowess both as a singer and as an actress. The ease with which she sings is remarkable. She feels her songs intensely; she depicts each mood with that vital something that gets across to her audience; and added to that, she has a most natural and engaging stage presence.

BORDER CITIES STAR, Windsor, Ontario, Canada.

Hawaiian singer is well received. Naiwi's voice has a mature quality and is emotional, though dignified. Her accent aided the beauty of her music, as it is melodious and liquid. Her linguistic capabilities excited much comment.

ANN ARBOR DAILY NEWS, Ann Arbor, Mich.

How great an impression I have received of Miss Naiwi's singing! Speaking as one who has wielded the pen of a musical critic both here and in London for many years, I feel justified in predicting a splendid future for her. She has everything that is needed to make her a great success, personality, unusual charm, a beautiful voice, perfect training, and a large and most varied repertoire. She has quite a note of her own, more particularly when she sings her native songs, but her English and German renditions are no less taking and convincing.

GUSTAV ERNEST, DOZENT DER MUSIKWISSENSCHAFT AN DER HUMBOLDT HOCHSCHULE, Berlin, Germany.

After hearing Miss Miulan Naiwi, I take great pleasure in stating that in my opinion, she is a most accomplished singer of first rank. Her voice is of a beautiful quality and her artistic delivery, personality and the charm of her stage appearance, make a perfect ensemble. I have no hesitation in saying that she would have undoubted success on any concert platform.

L. G. SHARPE, CONCERT AGENCY, London, England.

She has an excellent mezzo-soprano voice. She sang the difficult Brahms' decidedly well.

THE CHRONICLE, London, England.

Her beautiful mezzo-soprano, exceptionally round, fresh and true to pitch, was regulated to perfection in a Mozart aria, but it was a Brahms' selection that exhibited her attraction to the full. For instance, "Auf dem Kirchhofe" and "O Liebliche Wangen" just sufficiently tense in characterization, were very beautifully sung.

THE MORNING POST, London, England.

She sang with tone of a charmingly bland musical quality, and her expression was ingeniously appealing. She scored certain successes, for instance in Brahms' "Auf dem Kirchhofe" a piece which, it was truly remarkable, that a singer of non-European race from the far away Pacific, would render so tellingly.

THE DAILY TELEGRAPH, London, England.

Lieder, by Brahms, were interpreted by this Hawaiian singer on her first appearance in London with quite exceptional beauty and evenness of tone, finish of phrasing and lyric intensity. She is an artist most sensitive to the impulse that makes a song a definite entity.

THE SUNDAY TIMES, London, England.

Her voice is soft, pliable and expressive. She has a born talent for reciting. Her whole soul takes part in her interpretations, and the sweetness and warmth of her personality creates a friendly atmosphere almost at once. The singer showed a wonderful linguistic ability by singing in five languages, English, French, Italian, Hungarian and German, and of course, her own language, Hawaiian. She was a great success.

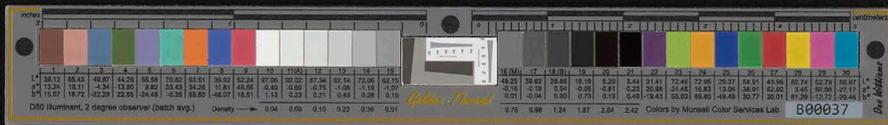

MAGYARSAG, Budapest, Hungary.

Miulan Naiwi's concert with a very varied program including Schubert, Brahms, Strauss and Bartok-Kodaly, Puccini and a long list of American composers, was not the first time she had been presented to the public in Budapest. This singer's voice is probably better adapted to the interpretations of exotic songs, but her musical learning and intelligence, make all her presentations, successes.

MAGYAR HIRLAP, Budapest, Hungary.

Miulan Naiwi, an exotic singer from Hawaii, whose voice is pleasant and reaches the heart. Her charm and natural personality made her presentations very sweet. She gave a highly intelligent rendition of the Bartok-Kodaly songs, and what was a pleasant surprise—she sang them in Hungarian.

BUDAPEST HIRLAP, Budapest, Hungary.

Her natural talent blends nicely with her knowledge of music, and with her wonderful ability of expression. We heard Schubert, Brahms, Strauss, several English composers, Puccini and three Hungarian songs from Bartok-Kodaly, and we were surprised at the clear pronunciations of the Hungarian verses.

PESTER LLOYD, Budapest, Hungary.

Miss Miulan Naiwi, Hawaiian singer, is already known to our public through a previous performance when she sang only exotic songs, but now she has taken up the work of European composers. She succeeded in giving an intelligent, artistic program, covering the works of Schubert, Brahms, Strauss and others.

AZ UJSAG, Budapest, Hungary.

Young Hawaiian singer makes debut in Los Angeles. Miss Naiwi has a charming stage manner, her voice is well rounded and her phrasing fine. She sings with intensity and depicts each mood with fine dramatic effect. Her French group, especially "Les Berceaux" by Faure, deserves mention. It was in the Brahms group that she exhibited her voice to its fullest measure.

THE EXAMINER, Los Angeles, Calif.

Miss Naiwi's personality is unique. Photographs fail to do the singer justice, nor is it easy to express in words the complete adequacy of her platform manner. Suffice it to say that she charmed her audience last night. She sang a Mozart aria with considerable spirit and skill. She later donned native dress and regaled her hearers with favorite songs of Hawaii, accompanied by three Hawaiian instrumentalists.

CITIZEN-NEWS, Hollywood, Calif.

Native geniuses from widely separated United States locales delighted two exacting audiences last night. One was Miulan Naiwi, a great Hawaiian-Chinese mezzo contralto, at the Wilshire-Ebell Club, presenting a recital which was of extraordinary interest, bringing the far-away islands and China into a new world of expression with all the culture of the strictly modern school.

The singer showed a wonderful linguistic ability by singing in five languages, English, French, Italian, Hungarian and German, and of course, her own language, Hawaiian. She was a great success.

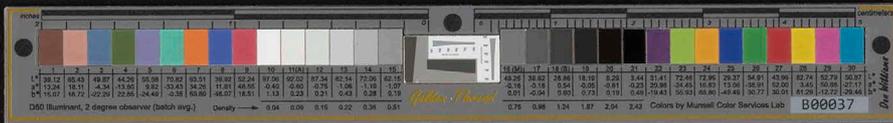

MAGYARSAG, Budapest, Hungary.

Miulan Naiwi's concert with a very varied program including Schubert, Brahms, Strauss and Bartok-Kodaly, Puccini and a long list of American composers, was not the first time she had been presented to the public in Budapest. This singer's voice is probably better adapted to the interpretations of exotic songs, but her musical learning and intelligence, make all her presentations, successes.

MAGYAR HIRLAP, Budapest, Hungary.

Miulan Naiwi, an exotic singer from Hawaii, whose voice is pleasant and reaches the heart. Her charm and natural personality made her presentations very sweet. She gave a highly intelligent rendition of the Bartok-Kodaly songs, and what was a pleasant surprise—she sang them in Hungarian.

BUDAPEST HIRLAP, Budapest, Hungary.

Her natural talent blends nicely with her knowledge of music, and with her wonderful ability of expression. We heard Schubert, Brahms, Strauss, several English composers, Puccini and three Hungarian songs from Bartok-Kodaly, and we were surprised at the clear pronunciations of the Hungarian verses.

PESTER LLOYD, Budapest, Hungary.

Miss Miulan Naiwi, Hawaiian singer, is already known to our public through a previous performance when she sang only exotic songs, but now she has taken up the work of European composers. She succeeded in giving an intelligent, artistic program, covering the works of Schubert, Brahms, Strauss and others.

AZ UJSAG, Budapest, Hungary.

Young Hawaiian singer makes debut in Los Angeles. Miss Naiwi has a charming stage manner, her voice is well rounded and her phrasing fine. She sings with intensity and depicts each mood with fine dramatic effect. Her French group, especially "Les Berceaux" by Faure, deserves mention. It was in the Brahms group that she exhibited her voice to its fullest measure.

THE EXAMINER, Los Angeles, Calif.

Miss Naiwi's personality is unique. Photographs fail to do the singer justice, nor is it easy to express in words the complete adequacy of her platform manner. Suffice it to say that she charmed her audience last night. She sang a Mozart aria with considerable spirit and skill. She later donned native dress and regaled her hearers with favorite songs of Hawaii, accompanied by three Hawaiian instrumentalists.

CITIZEN-NEWS, Hollywood, Calif.

Native geniuses from widely separated United States locales delighted two exacting audiences last night. One was Miulan Naiwi, a great Hawaiian-Chinese mezzo contralto, at the Wilshire-Ebell Club, presenting a recital which was of extraordinary interest, bringing the far-away islands and China into a new world of expression with all the culture of the strictly modern school.

Dear Sirs:-

Last year I received one dozen Scuppernong plants from you. Although planted as soon as received, three out of the dozen are doing well. I would like to place another order. Will you kindly let me know when you will have some to ship and whether there are more than one variety of scuppernongs.

While I was visiting in North Carolina a few years ago, I saw some scuppernongs growing there that were bearing and I found them so delicious, I feel I would like to have them here. Those that I saw in North Carolina were green in color when green, but, when ripe they seem to have a sort of a bronze or brassy color. In your catalogue of 1938, page 31, you state the color is whitish yellow, hence the reason I ask if there are more than one variety.

Is the scuppernong a Muscadine class?

Dear Sir:

Yours Respectfully,

The scuppernong is a muscadine class and we will have them in stock this fall. Our shipping season begins about Oct. 15th. We believe that the scuppernong grape that we have is the same as the ones which you saw in No. Carolina.

We, the undersigned members of a special committee appointed at the recent annual convention of the Order of Kamehameha to study the literary activities of Rear-Admiral Yates Stirling, Jr., U.S.N., Retired, as published in the February, 1939, issue of TRUE DETECTIVE MYSTERIES, the June 17, 1939, issue of LIBERTY magazine, and in the chapters entitled "Our Friends the Japanese" and "The Massie Case", have read these three articles in question, and have concluded that certain statements contained therein constitute outright libel and a grave insult to the Territory of Hawaii, certain of its officials, and of its citizens in general, as well as those of Hawaiian ancestry in particular.

Dear Mr. Wilson:

It is a far cry from 1922 to 1939. My family and I still recall very pleasantly the wholehearted hospitality which you and Mrs. Wilson extended to us in 1922 when we visited the Islands with Secretary Denby. From time to time since, we have cherished the hope that we might return and spend more time in your beautiful country, but we have not been fortunate enough to do so.

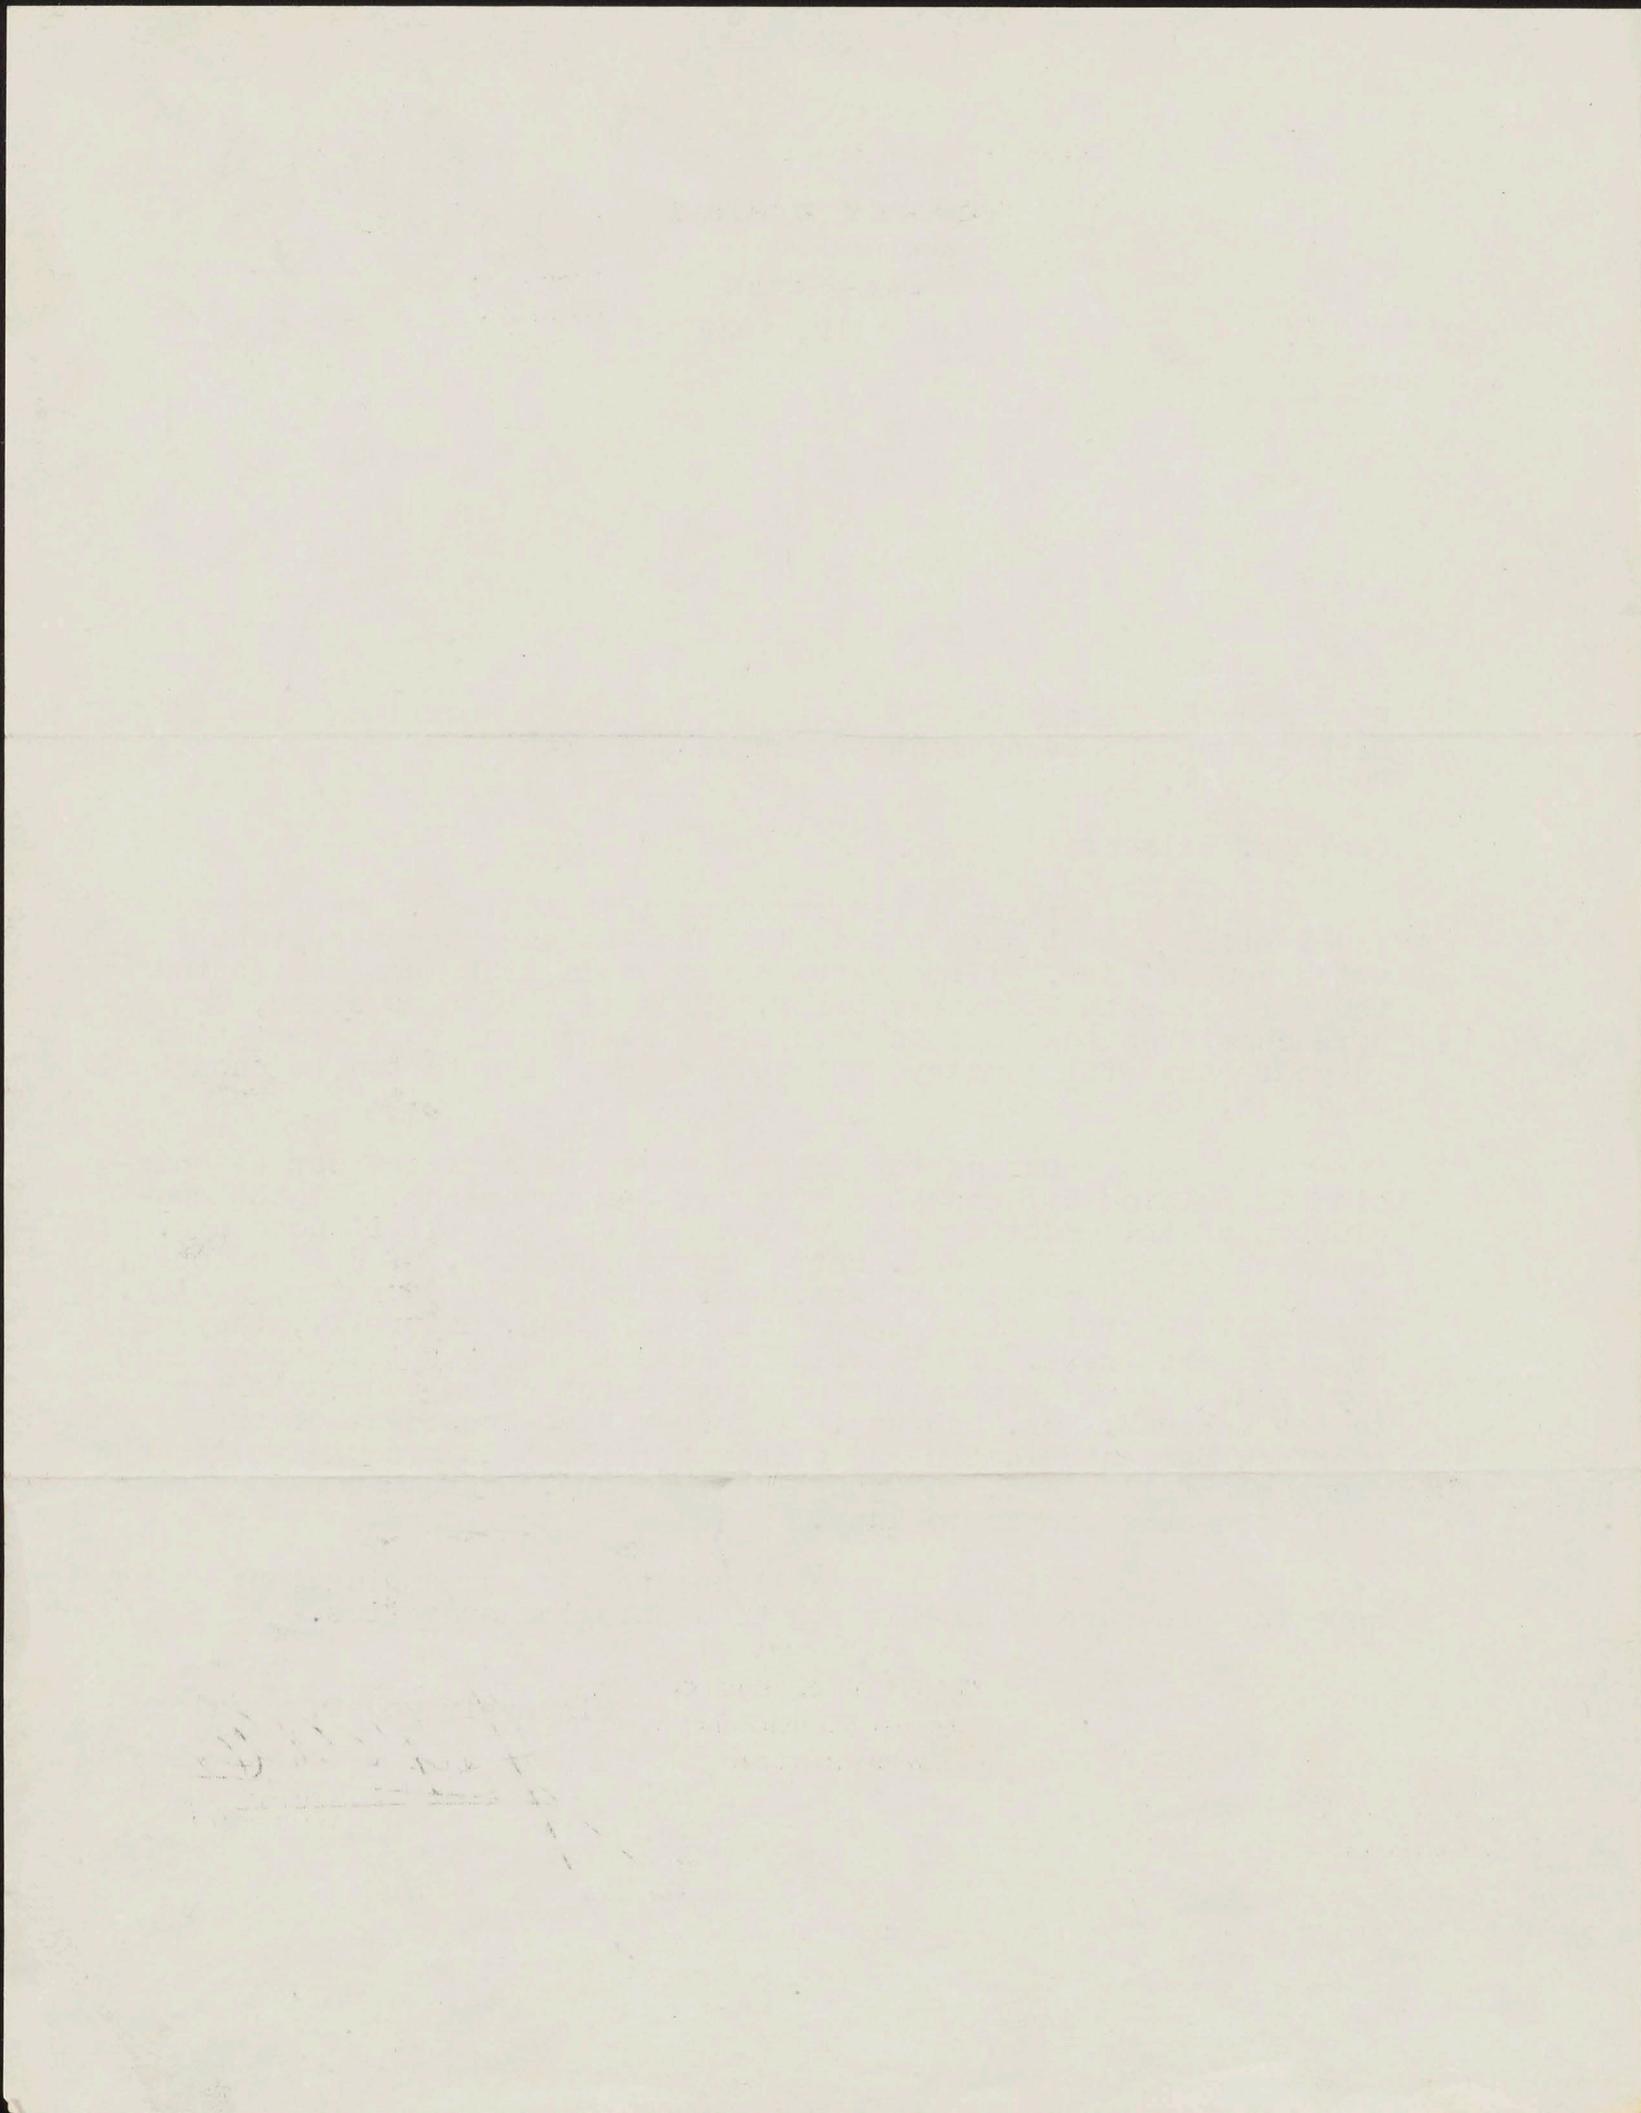

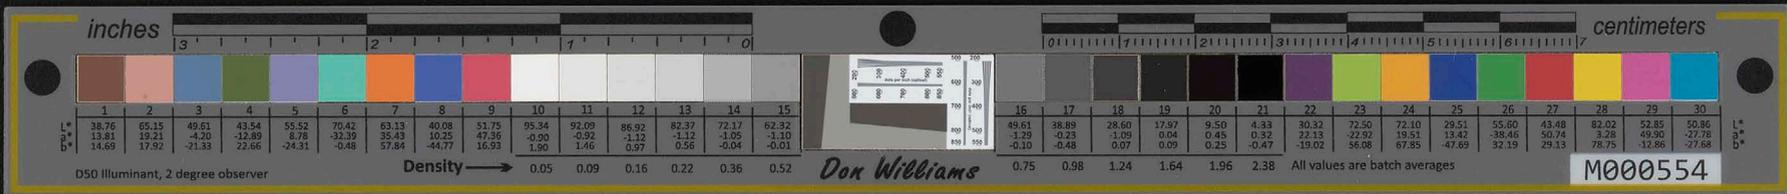

During the present week the American Bar Association is holding its annual meeting at San Francisco. At the conclusion of this meeting some of the members will visit Honolulu. Among the group will be J. Harry LaBrum, Esquire, of Philadelphia, who will be accompanied by Mrs. LaBrum and their daughter, Agatha. This will be their first trip to Honolulu and, naturally, they will be strangers there. If it will not impose any great inconvenience upon you, I would appreciate any courtesies which you may extend to the LaBrums. Mr. LaBrum is a former Vice-President of the American Bar Association and stands very high in his profession and among his fellow men, and you will find Mrs. LaBrum and Miss LaBrum very agreeable people to know.

With all good wishes to you and hoping that we may have the pleasure of seeing you in Washington some time.

Dear Johnnie Wilson -  
 Was delighted to learn that you may consent to run for Mayor of Honolulu at the next election. I firmly believe the investigation of the electric rates is a friendly one and not intended to do much except whitewash the Co. and they will probably give a little sop in the way of a small reduction in the hopes of satisfying the public. The company no doubt had a hand in the selection of Dittmer and the Atty. Dittmer is a good man but has been for years for the Illinois Commission who have been notoriously friendly with the private power interests. It was Smith a former Chairman of the Ill. com who was elected to the U.S. Senate then unseated because his election was financed by the power Companies. With best wishes to you and your good wife. We hope to see Mrs. Wilson this fall for she had expressed the wish to visit the mainland this fall. We sent you a comp. copy of our new issue of Role Book R.E.M. Danell

DIVISION OF STAMPS

IN YOUR REPLY REFER TO

Post Office Department  
THIRD ASSISTANT POSTMASTER GENERAL

Washington

July 19, 1939.

Mr. John H. Wilson,  
Postmaster, Honolulu, T.H.

My dear Mr. Wilson,

I waylaid a gentleman on the street this morning because he was wearing a hat band like yours and he informed me that his name was Bill Holt. He seemed to know everyone on the Island that I had met so we had a very pleasant chat together. He also informed me that you had paid a visit to our fair city this past Spring. I am so sorry that I did not see you but expect that you were quite busy seeing your many friends. It would have done me so much good to have had the opportunity of returning a measure of the hospitality shown me on my visit. Surely hope I will live long enough to get back to Honolulu once again. Living is so high here in Washington that we poor post office clerks have not much chance to save anything.

How are Lino and all the gang. I ask about you all when ever I hear of anyone returning from Hawaii. Every Saturday night I listen in to the radio program "Hawaii Calls" in the hope of hearing someone mentioned that I know. If they ever have a District of Columbia night, I wish one of you would say "Hello Herb". It would surely be a big thrill. Please tell any of the boys visiting the Mainland who expect to be in Washington to look me up because I do enjoy so hearing the news and occasionally bending the elbow with such good scouts.

I received the assignment to handle the first-day cover business at the San Francisco Fair and saw the Matson Line boats departing with the greatest longing and desire to stowaway. We had a good sale but nothing like the enthusiasm that prevailed at the occasion at Honolulu. How about using your influence to have another stamp issued for the Islands, and request that I be sent along with them.

Well Mr. Wilson, I will sign off now. Remember me to the gang and may you enjoy the best of everything,

Sincerely,

Herbert S. Chamberlin.

WASHINGTON

My dear Mr. Wilson:

Dr. and Mrs. Henry G. Holler, who are very good friends of mine, will arrive in Honolulu on the Lurline, leaving San Francisco on Wednesday, August 2nd.

I should be very happy to have you make their acquaintance. You will find them most interesting, and it will give you an opportunity to display the wares you brag so much about down in Honolulu.

They expect to stop at the Royal Hawaiian.

I shall appreciate anything you might do to make their stay interesting.

My very best regards,

Very truly yours,

With Andy Iona and His Orchestra

This magnificent release of two Hawaiian song favorites - Hawaii Across the Sea and Fair Hawaii - will get a warm welcome from the late record buying market that has been requesting more ballads from the South Seas. Especially noteworthy is the fact that Columbia here records MUILAN, unquestionably the finest Hawaiian singer in the country. She sings these colorful, nostalgic songs with genuine romantic feeling and rich style - the combination will have tremendous appeal for Hawaiian record fanciers. Andy Iona and His Orchestra provide distinctive rhythmic instrumental accompaniment on both sides. Here is a record that should sell big - its like is not to be duplicated among Hawaiian records today.

Dear John,

There must be something in telepaty. When I came into the office this morning I got out your letter to make a very belated reply and a few minutes later my young man came in from the Post office with a very beautiful christmas card. It was thoughtful of you and Mrs. Wilson to remember me.

I was glad to hear from you that Walter still has his job for that bum Carl told me he had been removed. I liked Walter and it made me feel very badly but I did not say anything about it in writing you the first time.

Nothing would have suited me better than to be practicing law in Honolulu but you know the age limit would have barred me from any judicial position. I was 70 on the 8th of September. The reason I came here was that things were pretty bad in New York and it required too much hard work to keep up with the younger members of the bar. I practised here in 1924, 25-26 and 27 having been admitted in the early part of 1924. When the boom busted there was little going on of a worthwhile nature and I skipped off to N.Y. The long illness I had in 1930-31 set me back a lot.

I do not know whether I mentioned it but Carl was convicted of perjury in California. That did not surprise me for he was the biggest liar I ever knew. But let us forget that.

You ask about a world's fair concession. John I dont think anybody can make anything out of those things the way it is set up. My son was interested in 2 or 3 matters and he wrote me that his friends lost money because of the way they were treated by the management. He had a good sitting. I wrote to my son to get me the low down and wrote me that I would be foolish to have anything to do with it.

I think you are right about the provision forbidding officials to be engaged in politics. I wonder what is to happen in 1940. I suppose you will be at the convention. Perhaps I will go, not as a delegate but unofficial observer.

I am sorry Mrs. Wilson did not come to Miami for it would have been a pleasure to show her about a bit. This is a great place, a fine climate and all that but if what everybody tells me is half true Hawaii is a paradise. Both Mrs. Hyde have long had a yen to go there but things have not broken right for such a trip. Perhaps before the curtain goes down we will manage it. Mrs. Hyde has not been well for about 3 months. She has had a very high blood pressure which keeps her quite close to bed. I had to have my daughter who lived in California come on to live with us. This, of course, has caused me a lot of anxiety.

This bally war is not hurting Miami. There never have been such crowds as are pouring in daily. All the large hotels are doing capacity business 3 weeks ahead of the usual seson top. This notwithstanding that 56 new hotels were built on Miami Beach the past summer.

Please give my best wishes to Mrs. Wilson and to you both A Happy and prosperous New Year.

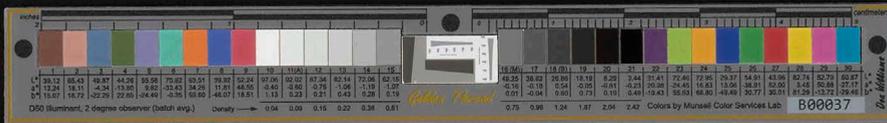

Sincerely yours,

My dear Ray:

This will introduce to you my friend, George Fernandes of Lihue, Kauai, who desires to matriculate in the Stanford Medical School next year. He is now attending St. Mary's College and at the completion of his courses there I understand that he will have sufficient credits to enter Stanford.

He comes from one of our prominent families on the island of Kauai. His father is a successful business man in mercantile and public utility enterprises; he has served several terms as a member of the County Board of Supervisors, as a member of the House of Representatives of the Territorial Legislature and at present is a member of the Senate of Hawaii from the island of Kauai.

His son has a good reputation in Hawaii. I understand that his record at St. Mary's has been commendable and of such a nature as to lead me to believe that he has the elements of making an ideal Stanford man. If his entrance to the Medical School is possible I am sure that he will add credit both to Hawaii and to Stanford.

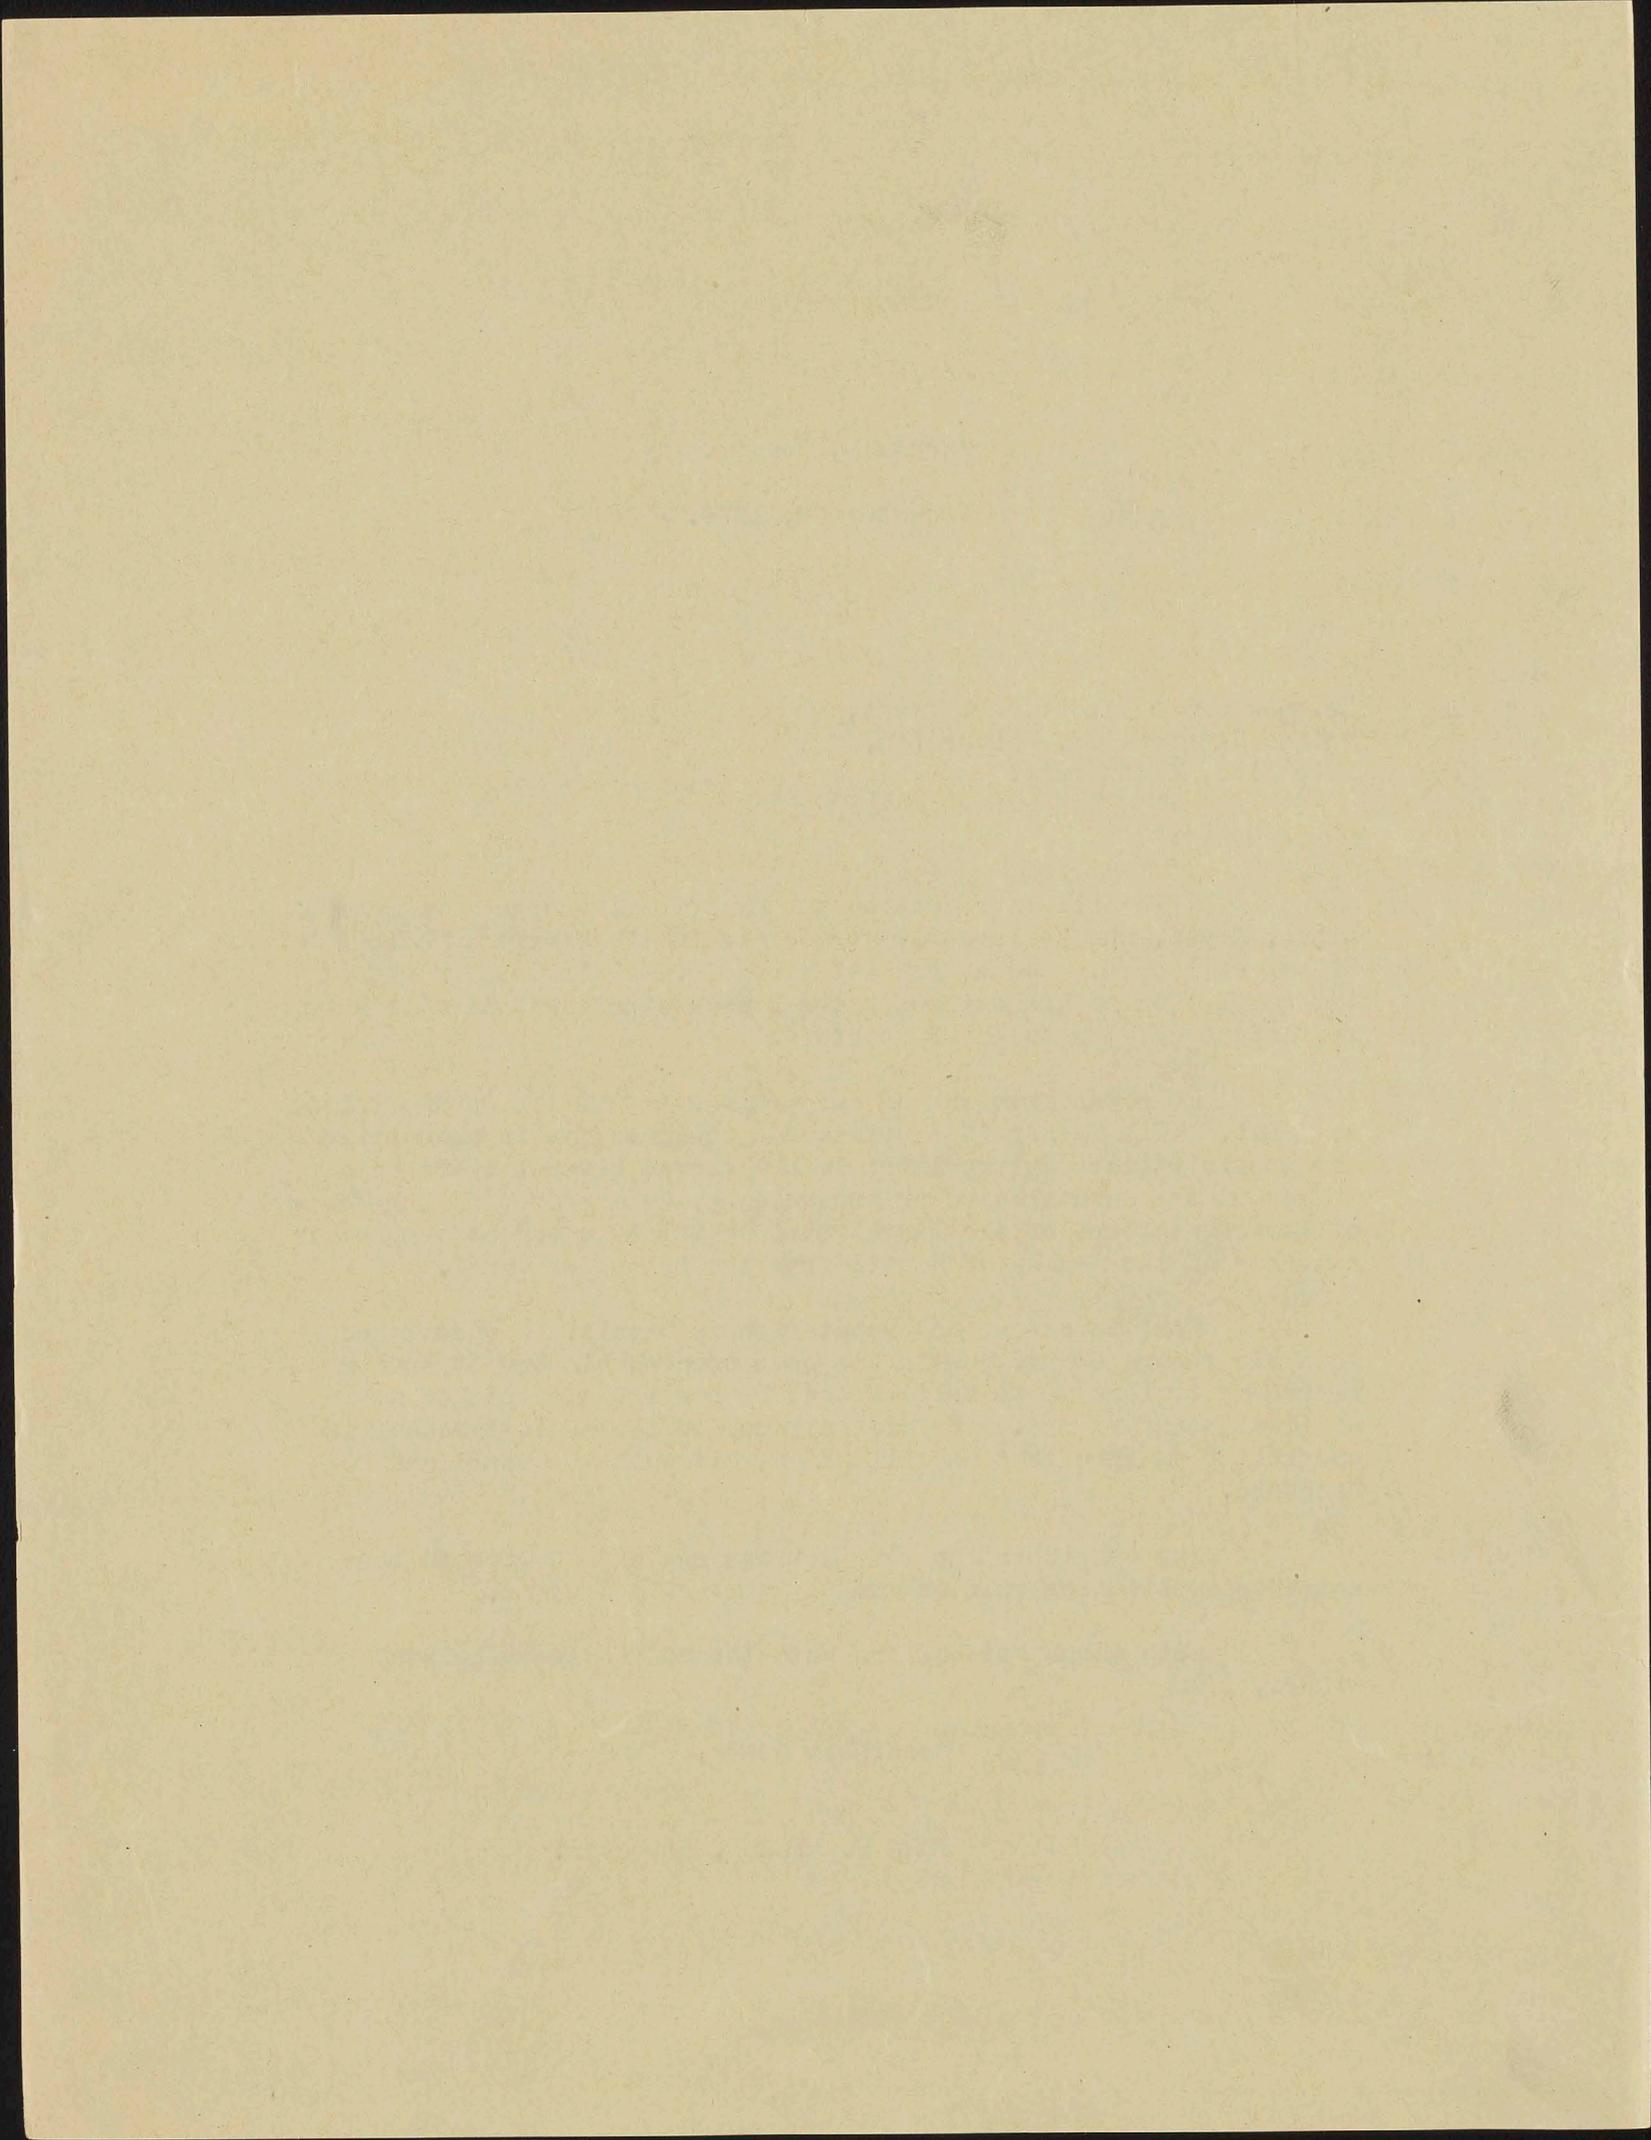

Any consideration that you may see fit to give to his entrance application will be greatly appreciated by me.

With Aloha Nui Loa and with the most sincere holiday wishes, I am

Cordially yours,

JOHN H. WILSON, Director.
