

**INCOME AND POVERTY CHARACTERISTICS, FOR ISLANDS AND CENSUS TRACTS  
STATE OF HAWAII: 2000**

**WHITE POPULATION RACE ALONE OR IN COMBINATION**

[Includes persons selecting the White race alone or White race in combination with other races. Numbers may add to more than the total population and percents may sum to more than one hundred percent because counts are tallies and are not the actual number of people. Individuals may be of more than one race and are therefore counted under each race they specify. Data based on a sample]

STATE OF HAWAII: 2000**

**WHITE POPULATION RACE ALONE OR IN COMBINATION -- Con.**

T Minimum population threshold was not met for that area or components of that area. The population threshold on Summary File 4 is 100. In addition, there must be at least 50 or more unweighted cases of the population group.

X Not applicable.

1/ Data are based on the U.S. poverty thresholds and for population for whom poverty status is determined. Poverty status was determined for all people except institutionalized people, people in military group quarters and in college dormitories, and unrelated individuals under 15 years old. These groups also were excluded from the numerator and denominator when calculating poverty rates. They were considered neither "poor" nor "nonpoor". Poverty thresholds in Hawaii are about 15 percent higher; these statistics accordingly understate the prevalence of poverty in Hawaii.

2/ Census tract figures do not sum to the island and state totals.

3/ Maui County excluding Kalawao County contained 99.9% of this area's population while Kalawao County had the remaining 0.1% of the area's White race alone or in combination population according to the 100-percent data (SF1). For Maui County excluding Kalawao County, the median household income was \$48,543; the median family income was \$55,305; the per capita income was \$25,137; the percent below poverty for families was 7.4; and the percent below poverty for persons was 11.1.

4/ Although median income data for Kauai Island are not available, it should be noted that Kauai Island contained 99.9% of the county's White race alone and in combination population while Niihau Island had the remaining 0.1% of the county's population according to the 100-percent data (SF1). For Kauai County, the median household income was \$43,815 and the median family income was \$51,550.
