### Income, Poverty and Health Insurance Coverage

The U.S. Census Bureau announced that in 2012, real median household income and the poverty rate were not statistically different from the previous year, while the percentage of people without health insurance coverage decreased. These national findings come from the Current Population Survey's annual report, Income, Poverty, and Health Insurance Coverage in the United States: 2012.

**Income, Poverty and Health Insurance Coverage**  
The U.S. Census Bureau announced that in 2012, real median household income and the poverty rate were not statistically different from the previous year, while the percentage of people without health insurance coverage decreased. These national findings come from the Current Population Survey's annual report, Income, Poverty, and Health Insurance Coverage in the United States: 2012.

## Expand Geographies Select Name Tab Select City or Town

The screenshot shows the American FactFinder interface. At the top, there are navigation tabs: MAIN, COMMUNITY FACTS, GUIDED SEARCH, ADVANCED SEARCH, and DOWNLOAD OPTIONS. Below this is a search bar and a navigation menu. The left sidebar contains several filter categories: Topics, Geographies (highlighted with a red box), Race and Ethnic Groups, Industry Codes, and EEO Occupation Codes. The 'Geographies' filter is expanded, showing a list of geographic types: Nation (1), Region (4), Division (9), State (53), County (4,823), School District (13,871), Congressional District (2,294), State Legislative District (102), City or Town (37,078), Township/Census County Division (41,573), Census Tract (145,467), Metro/Micro Area (2,164), and Urban Area (3,626). A red arrow points to the 'City or Town' option. The main content area shows a 'Select Geographies' dialog box with tabs for List, Name, Address, and Map. The 'Name' tab is selected, and the 'Geography Filter Options' are set to 'City or Town'. The 'Select geographies to add to Your Selections' section shows a list of states with checkboxes, including United States, All States within United States, Alabama, Alaska, Arizona, Arkansas, and California.

## Expand Within State Select Hawaii

The screenshot shows the American FactFinder interface with the 'Geographies' filter expanded to 'Within State'. The left sidebar shows the 'Geographies' filter expanded to 'Within State', with a red box around it and a red arrow pointing to the 'Hawaii' option. The main content area shows the 'Select Geographies' dialog box with the 'Name' tab selected. The 'Geography Filter Options' are set to 'Within State'. The 'Select geographies to add to Your Selections' section shows a list of states with checkboxes, including All Places within United States, All Places within Alabama, All Places within Alaska, All Places within Arizona, All Places within Arkansas, All Places within California, All Places within Colorado, All Places within Connecticut, All Places within Delaware, All Places within District of Columbia, and All Places within Florida. The 'Hawaii' option is selected in the 'Within State' list.

**Click on Link or  
Check Box All Places fully within/partially within Honolulu County, Hawaii  
and click Add**

The screenshot shows a web interface for selecting geographies. On the left, there are navigation menus for 'Your Selections' and 'Search using the options below'. The main area is titled 'Select Geographies' and includes a search bar and filter options. A table of 'Geography Results' is displayed, with the entry 'All Places fully within/partially within Honolulu County, Hawaii' highlighted by a red box. A red arrow points to the checkbox next to this entry. Below the table, there are buttons for 'Add', 'Check All', and 'Clear All'.

Geography Name	Geography Type	About
<input type="checkbox"/> All Places within Hawaii	Place within State	
<input type="checkbox"/> All Places fully within/partially within Hawaii County, Hawaii	Place within State	
<input checked="" type="checkbox"/> All Places fully within/partially within Honolulu County, Hawaii	Place within State

### Explanation of Symbols:

An "m" entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.

An "-" entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.

Source: U.S. Census Bureau, 2007-2011 American Community Survey

### Explanation of Symbols:

An "" entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.

An "L" entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.

## Mapping Data

To map data, you must have a table containing at least two or more "like" geographies, ie..two cities, two counties, two states.

2011 ACS 5-year estimates

Recommendations (1)  
The 2007-2011 American Community Survey 5-year estimates provide detailed social, economic, demographic, and housing data for areas as small as census tracts. The ACS Summary File includes 5-year estimates for all areas. In addition, 5-year estimates are not available for health insurance coverage, disability, and other selected topics.

Although the American Community Survey (ACS) produces population, demographic, and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

**Recommendations (1)**

The 2007-2011 American Community Survey 5-year estimates provide detailed social, economic, demographic, and housing data for areas as small as census tracts. Block group estimates are available only in the ACS Summary File. In addition, 5-year estimates are not available for health insurance coverage, disability status, marital history, and field of bachelor's degree.

Although the American Community Survey (ACS) produces population, demographic, and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.
