Dash (-) represents zero or rounds to zero.

Vintage 2023 data products are associated with Data Management System projects P-6000042, P-7501659, and P-7527355. The U.S. Census Bureau reviewed these data products for unauthorized disclosure of confidential information and approved the disclosure avoidance practices applied to this release (CBDRB-FY24-0085).

Note: The estimates are based on the 2020 Census and reflect changes to the April 1, 2020 population due to the Count Question Resolution and Post-Census Group Quarters Review programs, geographic program revisions, and the application of disclosure avoidance to protect confidentiality. For population estimates methodology statements, see <https://www.census.gov/programs-surveys/popest/technical-documentation/methodology.html>. All geographic boundaries for the 2023 population estimates series are as of January 1, 2023. For updates on Legal Boundary Change/Annexation Data, see <https://www.census.gov/geographies/reference-files/time-series/geo/bas/annex.html>. Additional information on these localities can be found in the Geographic Boundary Change Notes (see <https://www.census.gov/programs-surveys/geography/technical-documentation/boundary-change-notes.html>).
