

Table 10.16-- NUCLEAR WEAPONS: 1985, 1992, AND 1998

Year	Number of weapons	Rank 1/
1985	345	14
1992	275	17
1998	-	15-50

1/ Rank is among the 50 states where 1 indicated the greatest number. In 1998, since only 14 states were identified as having nuclear weapons, the remainder were tied at 15-50.
