

**Table 18.56-- SHIPMENT CHARACTERISTICS BY STATES OF ORIGIN AND  
DESTINATION: 2007**

| Characteristics  | Value<br>(million dollars) | Tons<br>(thousands) | Ton-miles<br>(millions) |
|--|----------------------------|---------------------|-------------------------|
| Total originating in Hawaii  | 22,043                     | 35,270              | 1,547                   |
| Destination  |                            |                     |                         |
| Hawaii   | 21,294                     | 35,089              | 967                     |
| California   | 390                        | 133                 | 352                     |
| Oregon   | 15                         | (1/)                | (1/)                    |
| Washington   | 35                         | (1/)                | (1/)                    |
| Mode of transportation   |                            |                     |                         |
| Single modes   | 19,373                     | 34,452              | 1,096                   |
| Truck  | 10,381                     | 18,576              | 242                     |
| Water  | 469                        | 785                 | 247                     |
| Air (includes truck and air)   | 721                        | (1/)                | 118                     |
| Pipeline 2/  | 7,801                      | 14,889              | (1/)                    |
| Multiple modes   | 2,098                      | 522                 | 444                     |
| Parcel, U.S. Postal Service<br>or courier  | 1,076                      | 16                  | 10                      |
| Truck and water  | 1,015                      | 500                 | 382                     |
| Other multiple modes   | (1/)                       | (1/)                | (1/)                    |
| Other and unknown modes  | 572                        | 297                 | 8                       |
| Distance shipped (miles)   |                            |                     |                         |
| Less than 50   | 17,890                     | 31,339              | 375                     |
| 50 to 99   | 946                        | 966                 | 120                     |
| 100 to 249   | 2,442                      | 2,777               | 469                     |
| 250 to 499   | 16                         | (1/)                | (1/)                    |
| 500 to 2,000   | -                          | -                   | -                       |
| More than 2,000  | 749                        | 180                 | 580                     |
| Commodity 3/   |                            |                     |                         |
| Meat, fish, seafood, and their preparations                                      | 875                        | 181                 | 33                      |
| Other prepared foodstuffs and fats and oils                                      | 1,437                      | 832                 | 148                     |
| Gasoline and aviation turbine fuel   | 5,397                      | 7,815               | 229                     |
| Fuel oils  | 3,682                      | 8,657               | 265                     |
| Pharmaceutical products  | 1,256                      | 6                   | (1/)                    |
| Printed products   | 229                        | 100                 | (1/)                    |
| Textiles, leather, and articles<br>of textiles or leather                        | 343                        | (1/)                | 4                       |
| Electronic and other electrical equipment<br>and components and office equipment | 650                        | 56                  | 3                       |

1/ Withheld because estimate did not meet publication standards.

2/ Estimates exclude shipments of crude petroleum.

3/ Based on the Standard Classification of Transported Goods (SCTG) coding system.
